About COSOL

COSOL is a global asset management platform that optimises operations in asset-intensive industries such as natural resources, energy and water utilities, public infrastructure and defence.

COSOL continuously invests in its ecosystem of software and services to help large-scale asset owners get more from their networks and to capture quantifiable business improvements measured in sustainability, efficiencies and profitability.

Our mission is to help our customers achieve zero waste in their operations and supply chains using COSOL’s creative leadership and passion for asset management innovation.

Since listing in January 2020, COSOL has delivered profitable growth, strong operating cashflows and successful strategic acquisitions.
