NET CASH FLOW FROM OPERATING ACTIVITIES

Net cashflows from operating activities

In Q2 FY23 the Company generated cash inflow from operating activities of \$3.1m, which was exclusive of the impacts of capitalisation of employee, contractor and other expenditure attributable to software development.

Net cash increased during the quarter primarily due to:

- Collection of outstanding annual renewals across EMEA and North America
- Approximately \$1.1m in upfront payments for capital works received in December

The Company delivered 1H FY23 positive operating cash flow of \$2.2m (inclusive of upfront payments for capital works). Even when the impact of one-off upfront payments are excluded, the Company still delivered positive operating cash flow for the half, reflecting the growing leverage and improved profitability of our business.

Key contract wins

McDonald's

During the quarter the Company announced it had signed an initial three-year contract with McDonald's with Total Contract Value of **\$2 million**

Utilising its LiDAR and thermal imaging technology, Skyfii will provide McDonald's with an industry first real-time whole of restaurant monitoring and analysis solution focused on improving restaurant operations, service efficiency, food freshness and customer satisfaction

Solution is currently live in four McDonald's stores with a further four stores and advanced plans for deployment to a further four stores in H2 FY23

Continued growth in Airport vertical

Skyfii continues to experience very strong demand for the Company's queue management product for ticketing and security checkpoints through our LiDAR based solutions within the airport and mass transit hub verticals

During 1H FY23 the Company signed several key contracts in the global airports vertical with a combined total contract value of **\$2.8 million** including with Phoenix Sky Harbour International Airport, Newark Liberty International Airport and Miami International Airport

FUTURE OUTLOOK

\$26m IN ADVANCED STAGE DEAL PIPELINE

- 59% of sales opportunities in the pipeline are outside of APAC
- >20% of pipeline has been generated in the last 3 months
- \$15.6m in TCV converted from pipeline to contracts in past 12 months
- Retail property and airports continue to represent the majority of the pipeline with 53%

12-Month Rolling Pipeline

¹ Client Evaluation - a proof of concept, the customer understands the value proposition of the offering and is expressing interest to proceed but requires more time to evaluate or requires internal budget approval on the proposal before proceeding any further.

² Contract Negotiation - sales have firmed up pricing and issued it to the customer, the customer has provided an indication that they wish to proceed and we are in the process of negotiating the final commercial terms.

³ Committed - the customer has committed to the commercial terms in writing but is not ready to be invoiced yet.

OUTLOOK & STRATEGY

The Company expects to deliver another year of strong revenue growth and expects ARR to grow to >\$20m during FY23

Achieved positive cash flow in 1H FY23 and will maintain sustainable cash flow breakeven position during 2H FY23

Deliver positive EBITDA in 2H FY23

Focus on revenue conversion in the rapidly growing North America and EMEA region

Continued cash management and efficiency initiatives, including offshoring of talent to deliver material cost savings and maintain marins

On-going business development focussed on key verticals including airports, stadiums, retail properties and also quick service restaurants
