## **Half-year financial report**

**For the half-year ended  
31 December 2022**

## Appendix 4D

The following information sets out the requirements of the Appendix 4D of Megaport Limited ('the Company') and its controlled entities ('the Group') with the stipulated information either provided here or cross referenced to the report for the half-year ended 31 December 2022 ('half-year financial report').

This Appendix 4D covers the reporting period from 1 July 2022 to 31 December 2022. The previous corresponding period is 1 July 2021 to 31 December 2021.

The Group changed its presentation currency from Australian Dollars ('AUD' or 'A\$') to US Dollars ('USD' or '\$') in the current financial year. These changes are expected to reduce the impact of movements in exchange rates on reported results and provide shareholders with a more useful reflection of the Group's underlying performance, given the majority of revenue is generated in USD. Refer to Note 1(c) to the Condensed Consolidated Financial Statements for further information.

- the development of product features and API integration with key partners; and
- continuing to expand the geographic footprint of its Network and Marketplace.

### Review of operations

#### Group overview

Megaport's vision is to revolutionise global connectivity. The Group's mission is to be the global leading Network as a Service ('NaaS') provider and enable customers with an agile networking methodology through the Megaport Connected Edge Strategy.

Megaport's platform uses Software Defined Networking to enable customers to rapidly connect to more than 390 leading service providers in a flexible, on-demand, and cost-effective way. The first of its kind and the leader in the market, the Group's platform has changed the way businesses consume connectivity services by creating a model that mirrors cloud-buying capabilities and is therefore more intuitive and customer-centric than the offerings from traditional telecommunications companies.

In order to align its services closely with cloud compute and storage consumption models, the Group provides a self-serve environment for interconnection. Megaport enables customers to rapidly and flexibly connect to its partner data centres, cloud service providers, network service providers, and managed service providers, collectively known as the Ecosystem.

Customers connect to the Ecosystem by acquiring 'Megaport's' (Ports) and building Virtual Cross Connects ('VXCs') to their chosen destinations or services across the Megaport Network. Connectivity services can be directly controlled by customers via mobile devices and desktop environments through Megaport's portal, and its open Application Programming Interface ('API').

Megaport Cloud Router ('MCR') enables customers to instantly provision and control virtual routers through Megaport's web-based portal. Enterprises and service providers can unlock powerful use cases such as cloud-to-cloud networking and deploy Virtual Points of Presence ('VPOPs') without the need to purchase or maintain physical routing equipment. MCR enables customers to rapidly deploy services, granularly control traffic, and reduce total cost of ownership. Leading cloud service providers advocate MCR as a reference service for enabling connectivity between their cloud solutions and third-party cloud platforms.

Megaport Virtual Edge ('MVE') takes our platform beyond data centres and helps enterprises accelerate their journey into SD-WAN and Secure Access Service Edge ('SASE'). MVE enables customers to connect branch locations like office buildings, corporate campuses, and storefronts to the Megaport ecosystem of service providers. Since its launch in March 2021, Megaport has continued to accelerate the integration of MVE with many of the leading SD-WAN providers to deliver maximum flexibility for our customers.

Megaport's indirect sales channel, PartnerVantage, is Megaport's scale up, scale out program aimed at driving revenue and business growth via channel sales. PartnerVantage will enable indirect channel partners to sell and provision Megaport services on behalf of their customers, with all the requisite materials, commercial terms and conditions, co-marketing support, education, and billing information on one platform, to facilitate an easy process for the partners to grow their business.

Megaport partners with the world's top cloud service providers, including AWS, Microsoft Azure, and Google Cloud, as well as the largest data centre operators, systems integrators and managed service providers. Megaport is an ISO/IEC 27001-certified company.

The Group's extensive and scalable global footprint across North America, Asia Pacific and Europe offers customers a neutral platform that spans its 802 Enabled Data Centres<sup>1</sup> in key global locations.

1 Change in the 6-month performance at 31 December 2022 to the prior corresponding period ended 30 June 2022.

2 Change in the 12-month performance at 31 December 2022 to the prior corresponding period ended 31 December 2021.

3 Enabled Data Centres represents Installed Data Centres plus External Data Centres. Extended Data Centres are data centres that can be connected directly to Megaport networking hardware within Installed Data Centres by means of interconnection services offered directly by the data centre campus / facility operator of an Installed Data Centre.

4 Installed Data Centres are data centres in which Megaport has a Point of Presence with physical infrastructure.

5 Total Services comprises of Ports, Virtual Cross Connect (VXCs), Megaport Cloud Router (MCR), Megaport Virtual Edge (MVE) and Internet Exchange (IX).

6 Monthly Recurring Revenue (MRR) is revenue (excluding one-off and non-recurring revenue) for the last month of the relevant period.

In December 2022, Megaport reached 2,739 customers across 802 Enabled Data Centres in 150 cities (2021: 138 cities) and generated monthly recurring revenue ('MRR') of USD 8.3 million. Of these data centres, 435 were located in North America, 144 in Asia Pacific and 223 in Europe.

During the half-year ended 31 December 2022:

- Megaport announced a new strategic partnership with Zenlayer which gives Megaport customer access to new and emerging markets, as well as transforming the coverage extended to Zenlayer customers on Megaport's global network.
- Megaport delivered two commercial deployments of MegaportONE, with one deployment focussed on cloud architecture orchestration and management, and the other deployment focussed on activation of core software defined networking capabilities, demonstrating how the broad capabilities afforded by MegaportONE can address a wide range of customer requirements across service provider segments.
- Megaport signed a deal to provide the fabric and underlying connectivity to data centre operator, Databank, which is expected to be serviced through a MegaportONE white label solution.
- Megaport continued to expand its Network footprint to new cities while deepening its reach within existing metros, reaching 423 installed locations and 802 enabled locations globally.
- Megaport furthered its leadership position in cloud networking by enabling 4 new cloud on-ramps globally.

# Restated due to change in presentation currency. Refer to Note 1(c) for further details.

The Group changed its presentation currency from Australian Dollars ('AUD' or 'A\$') to US Dollars ('USD' or '\$') in the current financial year. These changes will reduce the impact of movements in exchange rates on reported results and provide shareholders with a more useful reflection of the Group's underlying performance, given a large majority of its revenue is generated in USD. Refer to Note 1(c) to the Condensed Consolidated Financial Statements for further information.

During the half-year ended 31 December 2022, Megaport drove consistent growth across key metrics including the number of Installed Data Centres, Customers, Ports, Services, MVE and MRR. The Group's revenue for the period was \$47.4 million (31 December 2021: \$37.4 million), an increase of 27%. North America grew by 36%, Asia Pacific by 18%, and Europe by 13%.

The profit after direct network costs and partner commissions for the half-year ended 31 December 2022 was \$31.1 million (31 December 2021: \$22.6 million), an increase of 38%. The Group has reported a gross margin of 66% for the period ended 31 December 2022 (31 December 2021: 60%). All operating segments generated a profit after direct network costs and partner commissions for the period.

<sup>7</sup> Direct network costs comprise data centre power and space costs, physical cross connect fees, bandwidth and dark fibre, network operation and maintenance fees, and channel commissions, which are directly related to generating the service revenue of the Group.

<sup>8</sup> Normalised Earnings Before Interest Tax Depreciation and Amortisation ('Normalised EBITDA') represents operating results excluding equity-settled employee benefits, foreign exchange gains/(losses) and non-operating income/(expenses). Including these amounts, EBITDA would be \$3.3m for the half-year ended on 31 December 2022 and (\$3.9m) for the half-year ended 31 December 2021. Refer Note 2 in the Financial Report for the reconciliation from Normalised EBITDA to the net loss for the half year.

Reported revenue by operating segment for the half-year ended 31 December 2022 ('H1 FY23') and the last four reporting periods is set out below. For the comparative periods, the amounts have been restated due to the change in presentation currency. Refer to Note 1(c) for further details.

## Notes to the Condensed Consolidated Financial Statements

### 1 Significant accounting policies

#### (a) Statement of compliance

The half-year Condensed Consolidated Financial Statements ('half-year financial statements') are general purpose financial statements prepared in accordance with the Corporations Act 2001 and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

#### (b) Basis of preparation

The half-year financial statements do not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report.

The accounting policies and methods of computation adopted in the preparation of the half-year financial statements are consistent with those adopted and disclosed in the Group's annual financial report for the year ended 30 June 2022, unless otherwise indicated. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

In the current half-year, the Group has applied the below amendments to Australian Accounting Standards issued by the Australian Accounting Standards Board that are effective for the Group's annual reporting period that began on 1 July 2022.

- AASB 2020-3 *Amendments to Australian Accounting Standards – Annual Improvements 2018-2020 and Other Amendments*

The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

The Company is a company of the kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, dated 24 March 2016, and in accordance with that Corporations Instrument amounts in the financial report are rounded off to the nearest thousand dollars (\$'000), unless otherwise indicated.

#### (c) Change in presentation currency

The Group changed its presentation currency from Australian Dollars ('AUD' or 'A\$') to US Dollars ('USD' or '\$') effective from 1 July 2022. The Condensed Consolidated Financial Statements for the half year ended 31 December 2022 are the first half-year financial statements with results in USD. These changes are expected to reduce the impact of movements in exchange rates on reported results and provide shareholders with a more useful reflection of the Group's underlying performance, given the majority of its revenue is generated in USD. The change in reporting currency is a voluntary change in accounting policy that is accounted for retrospectively.

To satisfy the requirements of AASB 121 *The Effects of Changes in Foreign Exchange Rates*, with respect to a change in presentation currency, the statutory financial information included in the financial statements for the half-year ended 31 December 2021 and as at 30 June 2022, previously reported in AUD has been retrospectively restated into USD using the procedures outlined below:

- Assets and liabilities denominated in non-USD currencies were translated into USD at the closing rates of exchange on the relevant balance sheet date;
- Non-USD income and expenditure were translated at the average rates of exchange prevailing for the relevant period;
- Equity accounts were translated at the historical rates of exchange prevailing on the date of the transaction;
- Earnings per share has also been translated to reflect the change in presentation currency; and
- All exchange rates used were extracted from an external exchange rate data provider.

All amounts are presented in US Dollars, unless otherwise noted. The functional currency (i.e. the main currency in which an entity primarily transacts, generates and expends cash) of the parent entity and each subsidiary remains unchanged.

## (d) Change in accounting policy

In the current year financial statements, interest received and interest paid have been classified as cash flows from operating activities and cash flows used in financing activities respectively in the Condensed Consolidated Statement of Cash Flows in order to show greater transparency while in line with the requirements of AASB 107 *Statement of Cash Flows*. In previous periods, interest received and interest paid were presented as cash flows from investing activities and cash flows used in operating activities respectively. Historical financial information has been restated to account for the impact of the change in accounting policy, as below.

In \$'000 Financial statement item	31 December 2021 Inflow/(Outflow)	
	Interest paid	Interest received
<b>Condensed Consolidated Statement of Cash Flows</b>		
Net cash flows from operating activities	589	26
Net cash flows used in investing activities	-	(26)
Net cash flows used in financing activities	(589)	-

The restatement did not have an impact on the Condensed Consolidated Statement of Profit or Loss and Other Comprehensive Income, the Condensed Consolidated Statement of Financial Position, or the Condensed Consolidated Statement of Changes in Equity.

## (e) Going concern

Determining whether the Group is a going concern has been evaluated through detailed budgets and cash flow forecasts which include key assumptions around future cash flows including consideration of forecast results and margins from operations. The Group has sufficient cash reserves and monitors reserves through these budgets and cash flow forecasts to ensure there are sufficient available funds for its operations and any planned expansion. The Group also has a debt facility of A\$25 million which can be drawn down once certain EBITDA conditions are met. As a result, the Directors are satisfied that the Group is able to maintain sufficient resources to continue in operation for the foreseeable future. Accordingly, they have adopted the going concern basis in preparing the half-year financial statements.

### Notes:

- (a) Represents the outstanding balance for support and maintenance costs that have been prepaid on behalf of the Group via vendor financing agreements. The balance does not carry interest and is repayable via equal instalments over 36 months. Due to the nature and timing of the services being received as well as the repayment life cycle of these agreements, this arrangement is considered part of the working capital used in the Group's normal operating cycle. The Group has therefore classified these costs under trade and other payables. The associated cash inflows and outflows of the arrangement have been included in operating cash flows.

## 6 Borrowings (continued)

### Notes:

- (a) Represents the outstanding lease commitments within the scope of AASB 16 *Leases*.
- (b) Represents the outstanding balance of the drawn vendor financing to fund the purchase of network equipment and payment of software licences. This is governed by a number of Instalment Payment Agreements, (IPAs). These agreements do not carry interest and are separately repayable via equal instalments over 36 months from each drawdown date. The borrowing is secured by a bank guarantee charged over \$3.9 million in cash and cash equivalents. At inception the fair value of the loan is recognised using an estimate of a market borrowing rate. Arrangements relating to maintenance and support contracts are not included in this balance and are classified as trade and other payables, refer to Note 5 for further information.

## 8 Foreign exchange differences

### (a) Exchange differences on monetary items recognised in profit or loss

The Group operates internationally and is subject to foreign exchange risk arising from exposure to foreign currencies. The Group's earnings and cash flows are influenced by a wide variety of currencies due to the geographic diversity of the countries in which the Group operates. The US Dollar ('USD'), Australian Dollar ('AUD'), Euro ('EUR') and Pound Sterling ('GBP') are the main currencies in which the majority of the Group's sales and costs are denominated. In any particular year, currency fluctuations may have a significant impact on the Group's financial results.

The individual financial statements of each group entity are presented in the currency of the primary economic environment in which the entity operates (its functional currency). Certain cash reserves, other financial assets and liabilities, including intercompany balances, are held in currencies other than the functional currency of the

## 8 Foreign exchange differences (continued)

relevant subsidiary. This results in an accounting exposure to exchange gains and losses as the financial assets and liabilities are translated into the functional currency of the subsidiary that holds those assets and liabilities. These exchange gains or losses are recorded on the Condensed Consolidated Statement of Profit or Loss and Other Comprehensive Income.

The table below summarises the Group's foreign exchange gain/(loss), the fluctuation during the period is mainly attributed to the strengthening of the USD against the AUD and results from the revaluation of the AUD denominated cash and intercompany balances.

	31 December 2022 \$'000	Restated# 31 December 2021 \$'000

#Restated due to change in presentation currency. Refer to Note 1(c) for further details.

### (b) Foreign currency translation reserve movement

For the purpose of presenting these Condensed Consolidated Financial Statements, the assets and liabilities of the Group's operations are translated into US Dollars using exchange rates prevailing at the end of the reporting period. Income and expense items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity. The table below summarises the movement of the foreign currency translation reserve during the period.

## 9 Equity-settled employee costs and related tax costs

### Employee share option plan (ESOP General)

The Company has a share option scheme for executives and employees of the Company and its subsidiaries. In accordance with the terms of the plan, as approved by the Directors on 2 November 2015, executives and employees of the Group may be granted options to purchase ordinary shares at the Board's discretion.

During the half-year, the Company issued 25,000 ordinary shares for \$46,411 on exercise of 25,000 share options issued under its executive share option plan (31 December 2021: 1,173,333 ordinary shares for \$3.8 million on exercise of 1,173,333 options). As a result of this share issue, \$32,535 was transferred from the equity-settled employee benefits reserve to issued capital (31 December 2021: \$2.4 million).

## **9 Equity-settled employee costs and related tax costs (continued)**

The Company issued no share options (31 December 2021: 25,000 share options) over ordinary shares under its employee share option plan throughout the half-year. The share options granted during the half-year ended 31 December 2021 had a fair value at grant date of between \$2.70 and \$4.32 per share option.

Once vested, the options remain exercisable for 12 months. When exercisable, each option is convertible into one ordinary share. The exercise price is set at the share option grant date.

### **Employee share plan (ESP)**

The Company has a share scheme for employees of the Company and its subsidiaries. Under the ESP, eligible employees on 1 June 2022 were granted A\$1,000 in Megaport shares for no consideration. In September 2022, 29,866 shares were issued to the eligible employees who were still employed and had not tendered their resignation on the issuance date.

On 23 November 2022, resolutions were passed by the shareholders in the FY22 Annual General Meeting to issue, transfer or allocate 6,027 Megaport shares to each non-executive director in three tranches under the ESP for no consideration. The first tranche of shares will be issued on 23 November 2023. This grant of shares forms part of their remuneration for services provided as members of the Board.

Shares are issued under the ESP carry the same dividend and voting rights as existing shares. However, the ESP shares are subject to a holding lock until the earlier of three years from the date of issue and the date on which the participant ceases to be employed by the Group.

### **Restricted stock units (RSU)**

The Company has a restricted stock units plan for executives and employees of the Company and its subsidiaries. The number of RSUs granted is specific to that executive and employee's RSU plan agreement and is granted at the Board's discretion. The RSUs reward executives and employees subject to meeting agreed service conditions or performance conditions specific to the individual's agreement.

The RSUs are equity settled and are settled in full on the vesting date.

#### **a) Restricted stock units general plan (RSU General)**

During the half-year, the Company granted RSUs to employees under the plan with a fair value of \$1,254,933. The number of shares granted in the future will equal a fixed monetary amount.

#### **b) Restricted stock units executive plan (RSU Executive)**

The Company issued 825,415 RSUs over ordinary shares under its plan throughout the half-year. The number of shares granted in the future will equal a fixed number of RSUs.

## 10 Related party transactions

### (a) Key management personnel

Remuneration arrangements of key management personnel are disclosed in the Group annual financial report.

### (b) Transactions with other related parties

During the half-year, group entities entered into the following transactions with related parties that are not members of the Group:

	31 December 2022 \$	Restated <sup>#</sup> 31 December 2021 \$
<i>Sales and purchases of goods and services</i>		
Purchase of shared services from entities controlled by key management personnel	30,483	90,815

<sup>#</sup> Restated due to change in presentation currency. Refer to Note 1(c) for further details.

Arrangements with related parties are on similar arm's length terms as other customers and suppliers.

## 11 Events occurring after the reporting period

The Group is not aware of any matters or circumstances that have arisen since the end of the half year which have significantly affected or may significantly affect the operations and results of the Group.

## Directors' Declaration

In the directors' opinion:

- a. the Condensed Consolidated Financial Statements and notes set out on pages 8 to 21 of Megaport Limited ('the Company') and its controlled entities ('the Group') are in accordance with the Corporations Act 2001, including:
  - i. complying with Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements, and
  - ii. giving a true and fair view of the Group's financial position as at 31 December 2022 and its performance for the half-year ended on that date and
- b. At the date of this declaration, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Note 1(a) confirms that the Condensed Consolidated Financial Statements also comply with the relevant International Financial Reporting Standards applicable for interim reporting as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the Directors made pursuant to s303(5) of the *Corporations Act 2001*.

# Independent Auditor's Review Report to the Members of Megaport Limited

## Report on the Half-Year Financial Report

### *Conclusion*

We have reviewed the half-year financial report of Megaport Limited (the "Company") and its subsidiaries ("the Group"), which comprises the condensed consolidated statement of financial position as at 31 December 2022, and the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of cash flows and the condensed consolidated statement of changes in equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Megaport Limited is not in accordance with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Group's financial position as at 31 December 2022 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134 Interim Financial Reporting and the *Corporations Regulations 2001*.

### *Basis for Conclusion*

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report. We are independent of the Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors' as at the time of this auditor's review report.

### *Directors' Responsibilities for the Half-year Financial Report*

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibilities for the Review of the Half-year Financial Report*

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Group's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
