Your Directors present their report together with the financial report of Accent Resources NL ("the Company" or "Accent" or "ACS") for the half-year ended 31 December 2022.

Directors

The Directors in office at the date of this report and at any time during the half-year are as follows:

Yuzi (Albert) Zhou – Executive Chairman Dianzhou He – Non-Executive Director and Deputy Chairman Jun Sheng Liang – Non-Executive Director Jie You – Non-Executive Director

Directors were in office for the entire period unless otherwise stated.

Principal Activities

The principal activities of the Company during the period was the exploration and evaluation of mineral deposits.

Results of Operations

The net loss of the Company after income tax for the six months ended 31 December 2022 amounted to \$1,523,593 (2021: \$980,533).

Accent has two projects in Western Australia, the Magnetite Range Iron Ore project located in the Midwest region of WA and the Norseman Gold project. Accent Resources NL (ASX: ACS) is pleased to provide the following report on its activities for the half-ended 31 December 2022.

Highlights for the half-year ended 31 December 2022

Magnetite Range Project (MRP)

- RCP drilling (61) was completed over the Julia Prospect M59/764 for a total of 6,732m;
- Metallurgical and Resource Davis Tube Recovery (DTR) test work (2021 RCP) Program 1 and 2 have been submitted; program 1 results have been received, program 2 is pending;
- Tenement applications granted during the reporting period include E59/2666, E59/2686, E59/2423, E59/2719; L59/0197 and L59/0210;
- Tenement applications submitted during the reporting period include E59/2756, E59/2757, E59/2758 and E59/2759;
- Tenement applications withdrawn during the reporting period include E59/2756, E59/2758, E59/2758 and E59/2759;
- MRP mapping, heritage and environmental surveys over highlighted exploration target areas are in planning stage for 2023;
- An updated geological model and resource model over Julia is due to commence upon receipt of all submitted assays over the Julia Prospect;

Norseman Project (NSP)

- Infill 2022 RCP drilling (14) has been completed between Surprise and Iron Duke Prospects for a total of 2066m;
- A QAQC exercise on 2020 and 2022 RCP has taken place and will be used in the updated resource model due to commence next reporting period;
- A Wamex review of historical reports is pending completion; validation and prioritisation of significant data entry will be required during the next phase of data collection;
- 2023 drill priorities have been identified and will be reviewed in line with updated modelling next reporting period;

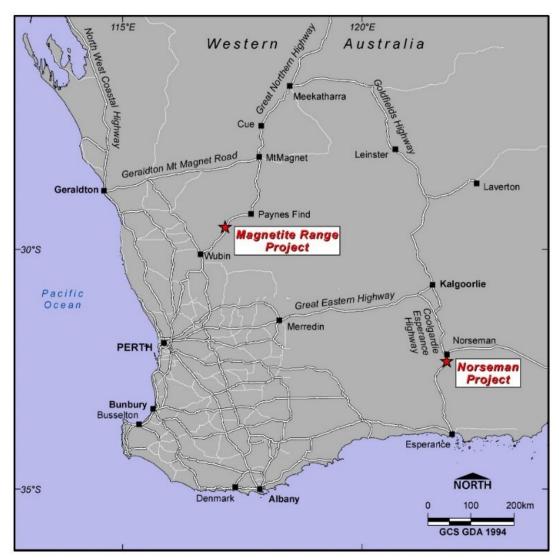

Figure 1 – Accent Resources Project Location Map

Magnetite Range Iron Ore Project (ACS 100%)

The Company's wholly owned Magnetite Range Project is located in the Midwest region of Western Australia, immediately adjacent to the Extension Hill iron ore mine, and contains a total JORC resource of 434.5 Mt at 31.4% Fe at 15% weight recovery cut off, as announced to the ASX on 28 November 2012.

An RCP infill drill program commenced on 16th September 2022 and concluded on 16th October 2022 over the Magnetite Range Project Julia Prospect. A total of 61 RCP infill drill holes for a total of 6732m (MGRC0153 – MGRC0213) were completed, four batches of assays were dispatched to the labs for XRF analysis between 5th October and 2nd November 2022. Final assays for the 2022 RCP drill program are pending and will be reported in the next reporting period.

The RCP drill holes are designed to:

- infill 2021 RC drilling;
- examine potential for depth continuity below existing drilling along strike;
- test any lateral extension drilling further NW and along strike;
- increase confidence in geological grade modelling and
- support an updated Mineral Resource Estimate 'MRE' of the Julia deposit

An update to the geology model and current resource estimate over the Julia deposit will commence next reporting period.

Two Metallurgical programs of work have been submitted to Nagrom Laboratories for Davis Tube Recovery test work. DTR composites have been selected from the Upper and Lower BIF zones within oxide, transitional and fresh zones in the main Julia deposit area.

Program 1 consists of 10 composites made from 2021 RCP drill samples, assays have been received and are currently under review by Neomet; The ten samples are outlined in Table 1. The purpose of this program was to perform a confirmation test on the targeted grind size for these works.

ACCENT RESOURCES NL DIRECTORS REPORT

Program 2 is an RCP sample DTR program consisting of 332 individual composites. The composites are made up of contiguous 2m RC drill chip samples from 19 drill holes from the 2021 RC program. (Refer Table 2)

The results of this work will be factored into the resource for resource definition and mine planning. Samples have been submitted to Nagrom Metallurgical laboratory and are currently pending for Program 2.

- Tenement applications E59/2756 (E59/2719), E59/2757 (E59/2686), E59/2758 (E59/2423) and E59/2759 (E59/2719) were all withdrawn upon grant of their original applications being granted;

Tenement applications E59/2756-E59/2759 were first in line applications for E59/2666, E59/2686, E59/2423 and E59/2719. The applications were triggered by the PANTORO vs TRUEFELLA precedent. (Refer [2022] WAMW19 https://www.dmp.wa.gov.au/Documents/Wardens-Court/2022WAMW19.pdf All applications have subsequently been withdrawn upon grant of original applications during the reporting period.

Several field programs including geological mapping, heritage and environmental clearance surveys are been finalized over Hematite Hill resource area, field activities are scheduled to commence early 2023;

Further work planned for the next reporting period includes project wide logistics and strategic studies, 2022 RC data review and validation, DTR selection and submission of 2022 RCP intervals, commencement of geology and resource model updates, field mapping area selection and hydrogeological desktop and proposed field studies.

Norseman Gold Project (ACS 100%)

The Norseman Gold Project occurs within a strongly mineralized portion of the southern Norseman-Wiluna greenstone belt and is located 5km south of the Norseman town site. A JORC 2004 Code Mineral Resource for Iron Duke and Surprise deposits of 1,039,400 tonnes @ 1.8 g/t Au for 59,500 ounces (99 percentile upper cut, 1.0 g/t Au lower cut off) was announced to the ASX on 26 November 2012. Over 70-80% of the resource is shallow, within 50m of surface.

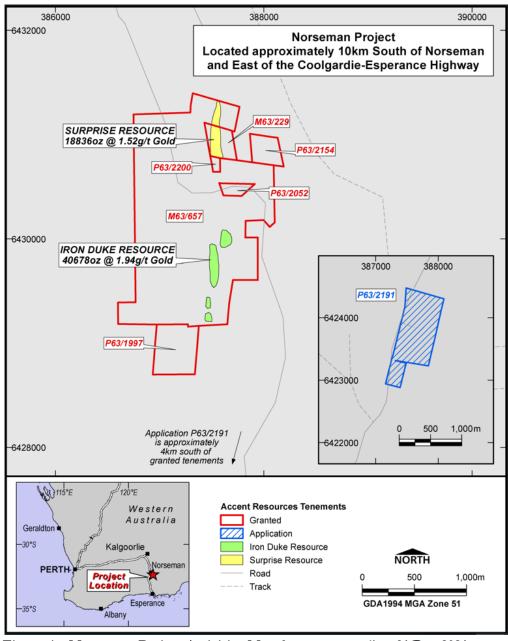

Figure 4 – Norseman Project Activities Map for quarter ending 31 Dec 2021

ACCENT RESOURCES NL DIRECTORS REPORT

A total of 14 RCP drill holes were completed for 2,066m over the Norseman gold Project in August 2022 over tenements M63/657 and P63/2052. (Refer Table 3) Samples were submitted for gold analysis by fire assay (FA50/OE04) to Intertek analytical laboratories in Kalgoorlie, all results were received during the reporting period. 2020 and 2022 drilling are currently undergoing QAQC analysis and multielement selection.

The drill holes were designed to:

- Test any lateral extension drilling between the Surprise and Iron Duke resources;
- Examine potential for depth continuity below the Surprise Mineral Resource, and;
- Identify the source of the geophysical magnetic low to the west of Surprise and targeting northern extensions to the mineralisation at Lady Mary.

The drilling intersected a sequence of banded iron formation (BIF), basalt, gabbro, chert +/- black shale and ultramafics +/- massive sulphides and quartz veining. The data collected from the 14 RCP holes will improve the current geological model underpinning the Mineral Resource and increase our subsurface geological understanding along strike across the project.

Upon QAQC review of recent RCP assays, an update of the geological model will commence which will assist a planned mineral resource estimate 'MRE' update due to commence next reporting period. Rehabilitation on drill pads has commenced, plugging of all holes, disposal of green bags and backfill of sumps has taken place, the remaining rehab will be completed next reporting period upon completion of drill hole collar DGPS pickups and DH surveys.

Exploration results have been reported in a separate ASX announcement titled "Drilling confirms extensions to Gold Mineralisation at the Norseman Project" dated 26 October 2022.

ACCENT RESOURCES NL DIRECTORS REPORT

Competent Persons Statement

The information in this report that relates to Exploration Results, Mineral Resource and Ore Reserves is based on information compiled by Ms George Morton, a Competent Person who is a Member of the Australian Institute of Geoscientists. Ms Morton is a fulltime employee of Accent Resources NL. Ms Morton has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Ms Morton consents to the inclusion in the report of the matters based on her information in the form and context in which it appears.

Subsequent Events

The Company signed a new loan agreement with Rich Mark Development (Group) Pty Ltd on 15 February 2023 for \$3,000,000. The loan is available for drawdown in 3 tranches through to 30 September 2023. The loan is unsecured and subject to interest of 3%, which accrues six monthly and is payable along with the principal at maturity and matures on 19 June 2028.

There were no other significant events after the balance date.

Declaration

The auditor's independence declaration has been received and is included with this half-year report.

Signed in accordance with a resolution of the Board of Directors made pursuant to s.306(3)(a) of the Corporations Act 2001.

1. GENERAL INFORMATION

Accent Resources NL (the Company) is a Company limited by shares incorporated and registered in Australia. The address of the Company's registered office is shown on page 1.

The principal activities of the Company and the nature of the Company's operations are explained on page 2.

The functional currency and presentation currency of Accent Resources NL is Australian dollars.

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

These general purpose financial statements for the interim half-year reporting period ended 31 December 2022 have been prepared in accordance with the *Corporations Act 2001* and AASB 134 Interim Financial Reporting. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 Interim Financial Reporting. The half-year report does not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent financial report.

The financial statements have been prepared on the basis of historical cost, except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Company's 2022 annual financial report for the financial year ended 30 June 2022, except for the impact of the Standards and Interpretations described below. The accounting policies are consistent with Australian Accounting Standards and International Financial Reporting Standards.

The financial statements were authorised for issue on 16 March 2023.

Going Concern

The half-year financial report has been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and the settlement of liabilities in the normal course of business.

The Company incurred a net loss of \$1,523,593 and had net cash outflows from operating and investing activities of \$412,388 and \$1,883,710 respectively, for the half-year ended 31 December 2022. As at 31 December 2022, the Company had a cash balance of \$4,187,274, a net current asset position of \$3,776,867 and a net asset position of \$2,148,691.

The Directors believe that it is reasonably foreseeable that the Company will continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report after consideration of the following factors:

- The Directors have prepared a cash flow forecast up to the period ending 31 March 2024 which indicates current cash resources will meet expected cash outflows in relation to the Company's planned exploration and evaluation program and working capital requirements;
- As disclosed in Note 15, the Company signed a new loan agreement with Rich Mark Development (Group) Pty Ltd maturing on 19 June 2028, amounting to \$3,000,000, of which \$1,500,000 will be drawn on 20 June 2023, with a further \$1,500,000 drawdown on 30 September 2023;
- Progressively receiving the remaining tranche drawdowns totalling \$3,500,000 under its current loan and convertible note agreement both with Rich Mark Development (Group) Pty Ltd as detailed in Notes 13 and 14 respectively; and
- Managing and deferring costs where applicable to coincide with the funding to be received outlined above to ensure all obligations can be met.

The directors are satisfied that they will achieve the matters set out above and therefore the going concern basis of preparation is appropriate.

Adoption of new and revised Accounting Standards

The Company has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board that are relevant to their operations and are effective for the current financial reporting period, being the half-year end 31 December 2022.

The adoption of the amendments and interpretation have not resulted in any changes to the Company's accounting policies and has no effect on the amounts reported for the current or prior periods.

Standards and Interpretations issued but not yet effective

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet effective and have not been adopted by the Company for the year ending 31 December 2022. Management is in the process of assessing the impact of the adoption of these standards and interpretations on the Company.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF ACCENT RESOURCES NL

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of Accent Resources NL which comprises the statement of financial position as at 31 December 2022, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Accent Resources NL is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Company's financial position as at 31 December 2022 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations* 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of Accent Resources NL in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Accent Resources NL, would be in the same terms if given to the directors as at the time of this auditor's review report.

THE POWER OF BEING UNDERSTOOD

AUDIT | TAX | CONSULTING

Directors' Responsibility for the Half-Year Financial Report

The directors of Accent Resources NL are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Company's financial position as at 31 December 2022 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
