ERNEST HENRY RESUMES MINING ACTIVITIES

Evolution Mining Limited (ASX:EVN) (“Evolution”) is pleased to advise that the Ernest Henry operation has safely resumed mining activities and will continue to safely ramp up activities to reach normal production levels by the end of the June quarter 2023.

The resumption of mining activities is within the previously announced six-week timeframe¹.

As previously noted in the ASX release dated 11 April 2023, the weather impact at Ernest Henry will result in lower gold and copper production of approximately 17,000 ounces and 10,000 tonnes respectively in FY2023 whilst gold and copper production in the March quarter was reduced by ~6,400 ounces and ~4,100 tonnes respectively.

Approval

This announcement is authorised by Executive Chair, Jake Klein.
