## **EM Solutions Secures New Contract**

**Valued at up to A\$202m**

**Canberra, 19 May 2023**

### **EOS Announces that its' EM Solutions Business has Secured a Contract with the Australian Defence Force, Valued at up to A\$202m**

#### **Australian Defence Force Project SEA1442-5**

The Australian Defence Force ("ADF") Project SEA1442-5 was established to modernise communications across the Royal Australian Navy fleet. Under this project, the ADF aims to acquire and support an enhanced wireless voice and data communications and information exchange capability for vessels in the Royal Australian Navy.

#### **Contract Awarded to EM Solutions**

As part of SEA1442-5, EM Solutions Pty Limited ("EM Solutions"), a wholly-owned subsidiary business of Electro Optic Systems Holdings Limited ("EOSH" or "the company"), has today been awarded, and signed, a contract to deliver and install upgraded communications systems to the Royal Australian Navy.

Under the contract, EM Solutions is expected to deliver and install systems on several Royal Australian Navy vessels, allowing legacy communications systems to be retired. The deliveries include terminals (including antenna), spares and related products and services.

The value of the agreed contract is A\$149.5m, with potential for further supply not to exceed an additional A\$52.7m, yielding a total contract value of up to A\$202.2m. The contract schedule extends for seven years from 2023 to scheduled final acceptance in 2030.

## **EM Solutions**

EM Solutions delivers world-leading Radio Frequency (RF) and optical space communications technology. Its core product range centres around the development and production of high-end, broadband radio transceivers for satellite communications as well as satellite communications-on-the-move terminals for defence and government customers.

The EM Solutions customer base is mainly sovereign naval fleets and includes key customers in Australia and a growing presence in the European market.

This announcement has been authorised for release to ASX by the Board of Directors of the Company.

## **ABOUT ELECTRO OPTIC SYSTEMS (ASX: EOS)**

### **EOS operates in two divisions: Defence Systems and Space Systems**

**Defence Systems** specialises in technology for weapon systems optimisation and integration, as well as ISR (Intelligence, Surveillance and Reconnaissance) and C4 systems for land warfare. Its key products include next-generation remote weapon systems, vehicle turrets, high-energy laser weapons (directed energy), as well as fully integrated and modular counter-UAS and C4 systems.

**Space Systems** includes all EOS space and communications businesses, and operates as two entities – Space Technologies and EM Solutions. Space Technologies specialises in applying EOS-developed optical sensors and effectors to detect, track and characterise objects in space. It includes capabilities in the domain of space control and space warfare. EM Solutions delivers world-leading RF and optical space communications technology. Its core product range centres around the development and production of high-end, broadband radio transceivers for satellite communications as well as satellite communications-on-the-move terminals for defence and government customers.

This announcement may contain certain "forward-looking statements" including statements regarding EOS' intent, belief or current expectations with respect to EOS' business and operations, market conditions, results of operations, financial condition, and risk management practices. The words "likely", "expect", "aim", "should", "could", "may", "anticipate", "predict", "believe", "plan" and other similar expressions are intended to identify forward-looking statements. Indications of, and guidance on, future earnings, financial position and performance, establishment costs and capital requirements are also forward-looking statements. Forward-looking statements including projections, guidance on future earnings and estimates are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance. This announcement may contain such statements that are subject to risk factors associated with an investment in EOS. Forward-looking statements involve known and unknown risks, uncertainties and assumptions and other important factors that could cause the actual results, performances or achievements of EOS to be materially different from future results, performances or achievements expressed or implied by such statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this announcement.
