

ASX Announcement

19 June 2023

Declan Sherman - PeopleiN

PeopleiN Limited (PeopleiN, ASX:PPE) today announces that PeopleiN co-founder, Declan Sherman, will further step back from the business following the Annual General Meeting in November to pursue other commercial ventures.

Declan, in partnership with Tom Reardon, founded PeopleiN in 2016 and has over the past 8 years grown it to be one of the leading talent solutions providers in Australia. Over the past 18 months Declan has supported the successful transition of new CEO, Ross Thompson, as well as provided strategic support to the executive team.

“It’s been a pleasure to work with Declan over the years. His commercial focus and leadership were instrumental in taking PeopleiN from a small business to a powerhouse in the industry,” said Chairman Glen Richards. “Declan leaves the business in a strong position, with the business generating record revenue and earnings this year and all at PeopleiN wish him the very best with his future ventures.”

The Board is currently conducting a search for a Non-Executive Director to replace Declan in the coming months. Declan continues to have a significant shareholding in PeopleiN.
