

24 August 2023

On-Market Share Buy-Back

humm group limited (ASX: HUM) ("**humm**group" or "Company") today announced its intention to undertake an on-market share buy-back of up to \$10m of ordinary shares.

The buy-back is being conducted as part of **humm**group's capital management strategy as further described in the Company's annual results lodged with the ASX today.

The buy-back will commence on or about 13 September 2023 and will end no later than 23 August 2024.

The buy-back will be conducted in the ordinary course of trading and at the Company's discretion. The timing of any trades will depend on **humm**group's prevailing share price, market conditions, trading volumes and other relevant factors. There is no guarantee that the Company will acquire any or all of the up to \$10m worth of ordinary shares and the Company reserves the right to suspend or terminate the share buy-back at any time or buy-back less ordinary shares than \$10m worth in total.

Under the Corporations Act, a company may undertake an on-market buy-back of its shares without shareholder approval if the buy-back does not exceed the "10/12" limit, being 10% of the smallest number, at any time during the last 12 months, of votes attaching to voting shares of the company. The on-market buy-back by **humm**group will fall within the "10/12" limit permitted under the Corporations Act and therefore shareholder approval is not required.

An Appendix 3C in respect of the on-market share buy-back has been released today.
