Message from the Chair

On behalf of the Board, I am pleased to present Elanor Commercial Property Fund's Annual Report, including its Financial Statements, for the year ended 30 June 2023.

50 Cavill Ave, Gold Coast

Elanor Commercial Property Fund (ASX: ECF) is an externally managed real estate investment trust that currently owns nine Australian commercial office assets with a portfolio valuation of \$557.5 million.

ECF's investment portfolio has continued to perform strongly during the financial year, generating Funds from Operations (FFO) of \$34.9 million, or 11.01 cents per security, in line with FY23 FFO guidance. The Fund distributed \$29.8 million or 9.40 cents per security, at a conservative payout ratio of 85%.

The Fund's management team achieved significant leasing results over the year, resulting in portfolio occupancy increasing to over 98% and FY24 lease expiries reducing to only 6% of income. These leasing outcomes strongly position the Fund for FY24 with secure income in the prevailing market conditions.

Strengthening the Fund's balance sheet has been a key focus, with agreements executed for the conditional sale of Nexus Centre and Limestone Street. The net sale proceeds are to be applied to reduce gearing, with proforma gearing post asset sales of 26.2% (35.1% as at 30 June 2023).

ECF's office assets performed strongly over the period. However, the valuation of the Fund's portfolio decreased by 8.5% since 30 June 2022 as a result of softening capitalisation rates in the commercial office sector due to

the prevailing rising interest rate environment and broader market conditions. The Fund's weighted average capitalisation rate was 6.95% at 30 June 2023 (91 basis points above the JLL national average).

ECF's key strategic objective is to provide strong risk-adjusted returns by investing in commercial office properties that have clearly differentiated and sustainable competitive advantages in their respective markets.

I wish to thank my fellow Board members, our executive leadership team and the Fund team led by David Burgess, ECF's Fund Manager, for their hard work and commitment to driving the performance of ECF's portfolio of commercial office properties.

Finally, I would like to thank all ECF Securityholders for their continued support.

Yours sincerely,

Paul Bedbrook
Independent Non-Executive
Director and Chair

CEO's Message

I am pleased to present Elanor Commercial Property Fund's Annual Report for the financial year ended 30 June 2023.

ECF continues to achieve its key strategic objective: to provide strong, risk-adjusted returns by investing in, and managing, a portfolio of high investment quality commercial office properties. As a result, ECF achieved its market guidance for FY23 by delivering a Funds from Operations (FFO) per security of 11.01 cents and distributions per security of 9.4 cents per security at a conservative payout ratio of 85%. The Fund's strong investment performance is a direct result of our disciplined, risk-first approach to investing in commercial office assets that have clear competitive advantages in their respective markets.

ECF has provided FY24 distribution guidance of 8.5 cents per security. This guidance reflects the security of the Fund's income (with less than 6% of leases expiring in FY24), its interest rate risk position (78.9% hedged), and its proforma gearing post the proposed sale of Nexus Centre and Limestone Street (26.2%¹). The Fund's properties have significant potential for income growth with market rents well below economic rents.

Strategy

The Fund's key strategic objective is to provide strong risk-adjusted returns by:

- investing in commercial office properties with strong competitive advantages; and

- actively managing the Fund's assets to grow the income and capital value of the properties.

Key Results

As noted above, the Fund performed strongly during the year, achieving FY23 Earnings Guidance.

A range of key leasing initiatives were successfully executed over the period with a total of 25,429m² being leased during the year (excluding short-term lease extensions). The Fund has achieved a 92% tenant retention rate from lease expiries during the period. ECF's portfolio occupancy was 98.4%² at 30 June 2023 (significantly above the average market occupancy of 85.1%), with a WALE of 3.1 years.

Despite the strong operating performance of ECF's investments, the valuation of the Fund's portfolio decreased by 8.5% over the year. This decline in valuation was the result of softening capitalisation rates in the commercial office sector due to the prevailing rising interest rate environment and broader market conditions.

The Fund's gearing was 35.1% at 30 June 2023 (26.2%¹ on a proforma basis post the proposed sale of Nexus Centre and Limestone Street).

Sustainability

We recognise the importance of managing environmental, social and governance factors in delivering value for our investors. A range of ESG initiatives have been successfully executed across the portfolio during the year, including the renewal of Carbon Neutral certifications at the 19 Harris St and WorkZone West properties.

All properties in the ECF portfolio have a targeted Sustainability Improvement Plan with comprehensive Net Zero roadmaps for Cavill Avenue, Garema Court and Mount Gravatt. 35% of ECF's portfolio is carbon neutral with a roadmap established to further reduce emissions. 47% of the portfolio has on-site solar power, enhancing property efficiency and reducing reliance on the electricity grid.

The ECF portfolio has a 5.1-Star NABERS energy rating, with WorkZone West maintaining its 6-Star NABERS energy rating. Garema Court and Cavill Avenue have a 5.5-Star NABERS energy rating while Nexus Centre and 19 Harris Street have a 5-Star NABERS energy rating.

1. Assumes net proceeds from the sale of Nexus and Limestone is applied to reduce debt (refer ASX Announcement on 17 August 2023)

2. Weighted by area, including Heads of Agreements

CEO's Message

Outlook

The Fund's strong earnings performance is a direct result of our disciplined, risk-first approach to investing in properties that deliver strong, sustainable income. With the Fund's properties invested in favourably positioned markets, there are significant opportunities to further enhance value for Securityholders.

ECF has provided FY24 distribution guidance of 8.5 cents per security. This guidance reflects the security of the Fund's income (with less than 6% of leases expiring in FY24), its interest rate risk position (78.9% hedged), and its proforma gearing post the proposed sale of Nexus Centre and Limestone Street (26.2%¹). The Fund's properties have significant potential for income growth with market rents well below economic rents.

Yours sincerely,

Glenn Willis

OVERVIEW AND STRATEGY

The Elanor Commercial Property Fund is an externally managed real estate investment fund that invests in high investment quality commercial office properties.

The Fund's objective is to provide strong, risk-adjusted returns through a combination of regular distributions and capital growth. To achieve this objective, the Fund's strategy is to:

- Invest in commercial office properties with differentiated competitive market positions that are located in major metropolitan areas or established commercial precincts;
- Execute leasing strategies and actively manage the properties to grow the income and capital value of the assets;
- Acquire additional high investment quality commercial office properties in line with the Fund's investment criteria; and
- Maintain a conservative capital structure with a target Gearing range between 30% and 40%.

Directors' Report

4. Operating and financial review

OVERVIEW AND STRATEGY (CONTINUED)

During the year ended 30 June 2023, the Fund completed and achieved the following key initiatives and results:

- Funds from Operations (FFO) for the period of \$34.9 million or 11.01 cents per security
- Distributions of \$29.8 million or 9.40 cents per security, at a payout ratio of 85%, the low end of the Fund's target payout ratio range (80% – 100%);
- Successfully executed a range of new leases and renewals over 25,429 m², further enhancing the Fund's income security and tenant quality (FY24 lease expiries reduced to 6% of gross income). Key leasing initiatives included:
 - Renewal by the Commonwealth Government over 10,873 m² at Garema Court, Canberra, through to June 2026 (representing 13% of the portfolio's gross annual income)
 - Accor renewing its lease over 2,792 m² at 50 Cavill Avenue, Gold Coast, through to July 2028
 - Multiple leases totalling 4,394 m² at Limestone Centre, Ipswich, including 2,707 m² to the Queensland State Government through to April 2028
 - A new 2,000 m² lease with ITV Studios Australia at 19 Harris Street, Pyrmont until August 2027
- Maintained strong occupancy levels at 98%, consistent with 30 June 2022 and significantly above national office occupancy levels.
- Achieved a 5.5 NABERS rating at 50 Cavill Avenue and achieved a NABERS Climate Active Carbon Neutral certification at the Fund's WorkZone West and 19 Harris Street properties.

The Fund's portfolio of commercial office assets:

- Comprises nine high investment quality properties located in established commercial office precincts in Brisbane, Gold Coast, Perth, Canberra, Adelaide and Sydney, with a combined value of \$507.2 million (including 19 Harris Street);
- Generates approximately 73% of its income from Federal and State Governments (17%), Multinationals (44%, including ITV, Abacus dx, Accor) and ASX-listed tenants (12%, including CIMIC, NAB, Coles and Wesfarmers).
- Had a gearing ratio of 35.1% at balance date (40.7% on a look through basis).

4. Operating and financial review (continued)

INVESTMENT PORTFOLIO

The valuation of the Fund's portfolio of investment properties at 30 June 2023 has decreased by \$41.1 million (7.95%) since 30 June 2022 (a \$0.2 million or 4.16% decrease since 31 December 2022). The valuation of the equity accounted investment in the 19 Harris Street property at 30 June 2023 decreased by \$12.4 million (28.17%) since 30 June 2022.

This decrease in portfolio valuation is primarily due to rising capitalisation and discount rates driven by the prevailing interest rate environment and broader market conditions. These impacts have been partially offset by increasing portfolio rents for the Fund. The Fund's portfolio valuation decrease is consistent with reduced asset valuations across the Australian commercial office market. The Sydney City commercial office market has been more severely impacted by rising capitalisation rates based on recent commercial property transactions, and this is reflected in the Fund's 49.9% interest in the 19 Harris Street property.

The resilience of the Fund's property portfolio is a result of its tenant quality, occupancy of 98%, and WALE of 3.1 years. Strong tenant demand has driven 11% positive leasing spreads and 6.8% like-for-like income growth, reflecting the strength of the leasing outcomes achieved during the year. This is a direct result of the Fund's strategy to invest in commercial office properties with differentiated competitive market positions.

The following table shows a summary of ECF's investment portfolio as at balance date:

FINANCIAL RESULTS

The Fund recorded a statutory loss after tax of \$32.2 million for the year ended 30 June 2023 (2022: profit after tax of \$43.9 million).

Funds from Operations (FFO) were \$34.9 million (2022: \$30.1 million) or 11.01 cents (2022: 10.94 cents) per weighted average security. FFO is the Directors' measure of the periodic amount available for distributions and has been determined in accordance with the definition outlined in the Property Council of Australia's white paper "Voluntary best practice guidelines for disclosing FFO and AFFO" and adjusted for amortisation amounts relating to borrowing costs and the manager contribution.

The Fund's balance sheet remains strong at 30 June 2023, with Net Assets of \$317.8 million, and cash on hand of \$8.0 million. The Fund also has \$9.8 million in undrawn debt facilities.

A summary of the Fund's results for the year is set out below:

	Consolidated Group 30 June 2023	ECPF II 30 June 2023

<i>Adjustments for non profit / (loss) item:</i>		
Share of FFO from equity accounted investments	2,069	–
Funds from Operations (FFO)¹	34,858	1,744

Note 1: Funds from Operations (FFO) has been determined in accordance with the Property Council Guidelines and adjusted for amortisation of borrowing cost and manager contribution which is excluded from FFO and represents the Directors' view of underlying earnings from ongoing operating activities, being statutory profit / (loss) (under IFRS), adjusted for non-cash and other items such as property revaluations, derivative mark-to-market impacts, amortisation of tenant incentives, gains/losses on sale of investment properties, straight-line rental adjustments, non-FFO tax expenses/benefits and other unrealised one-off items. This includes the group's proportional ownership of 19 Harris Street's FFO, which is held as an equity accounted investment.

Note 2: Includes amortisation of the manager contribution of \$0.93m.

Note 3: Straight lining of rental income is a non-cash accounting adjustment recognised in rental income in the Consolidated Statement of Profit or Loss.

Note 4: Amortisation expense includes the amortisation of capitalised leasing costs and rental abatements, and debt establishment costs recognised in the Consolidated Statement of Profit or Loss.

CLIMATE-RELATED RISKS AND OPPORTUNITIES

Elanor, as the Manager of a portfolio of commercial office properties across Australia, recognises the impact that climate change is having on the environment and the importance of its contribution to climate change mitigation initiatives.

As part of Elanor's commitment to sustainability and responsible business practices, it continues to progress disclosure on monitoring, measuring and reporting of climate related risks and opportunities in line with the recommendations of the Task Force on Climate-related Financial Disclosure (TCFD) and in anticipation of an Australian equivalent of the recently released International Sustainability Standards.

Set out below is an outline of the measures undertaken on climate change initiatives in line with the TCFD framework covering governance, strategy, risk management and targets and metrics.

Governance

The Board takes responsibility for overseeing the sustainability strategy and policies, which includes managing climate change risks. Elanor Investors Group's ESG Committee plays a pivotal role in assessing and overseeing the implementation of impactful ESG initiatives, with a particular focus on sustainability matters, including climate-related risks and opportunities.

Chaired by Elanor's CEO, the ESG Committee ensures the Fund identifies, assesses, and manages material risks, including those related to climate change and sustainability, following Elanor's Risk Management Framework.

Strategy

The Manager has identified short, medium and long-term goals against 5 key areas of focus in the environmental space, including energy and carbon management, ecological impacts, water management, waste impacts, climate change vulnerability. Currently, for ECF portfolio-wide energy and water usage data capture, carbon emission measurement are the priorities of focus.

Risk management

To ensure that climate risks are managed in a coordinated manner, sustainability and climate related risks are integrated into Elanor's Risk Management Framework and Risk Appetite Statement along with broader ESG, business-related and macro-economic matters. The Elanor Board and ESG Committee are responsible for monitoring and managing climate-related risk.

This year, to address climate-related issues more effectively, the Manager has integrated a climate change vulnerability assessment into due diligence procedures for all new asset acquisitions. This process includes scenario analysis to identify and assess climate-related risks and opportunities.

In the coming year, the Manager will extend this analysis to evaluate climate-related risks and opportunities thoroughly from both a physical risk and transition risk perspective.

Directors' Report

4. Operating and financial review (continued)

Metrics and targets

In the last year, the Manager has collected energy usage data and scope 1 and 2 carbon emissions for all ECF assets for financial years 2022 and 2023. This data will help establish energy consumption and carbon emission targets for the Fund's portfolio.

The Manager is evaluating the impact of its business operations on the environment and exploring ways to minimise its carbon footprint. These efforts include:

- Energy efficiency improvements across the portfolio
- On-site renewable energy generation
- Power purchase agreements for renewable energy

By adhering to the TCFD recommendations and enhancing ECF's focus on climate-related risks and opportunities. The Manager aims to foster sustainable and responsible business practices that benefit both ECF stakeholders and the environment.

Elanor Investors Group's ESG report, scheduled to be available later in 2023, will provide comprehensive details on energy and carbon management initiatives, achievements and future plans across its managed fund portfolio.

RISK MANAGEMENT

Earnings variability and potential capital value impacts due to the prevailing interest rate environment and economic conditions are the primary risk to the fund in the coming period. Potential capital value movements are related to higher return hurdles for real estate investments as interest rates rise, driven by volatility and uncertainty in respect of short- and long-term interest rates.

Further, risks may also relate to increased operating expenses, a softening of rental growth, an increase in required incentives or longer letting up periods and possible weather-related events. While general market uncertainty may impact the availability of capital for acquisition opportunities, demand for quality assets is expected to remain positive.

These risks to the Fund are mitigated through hedging of interest rates and active management of the Fund's portfolio. Regular and active engagement with tenants across the portfolio and ongoing assessments of tenant rental risks contribute strongly to the performance of the Fund. Further risk mitigants include the broadening of the Fund's tenant mix and actively managing the Fund's cash position and capital structure.

4. Operating and financial review (continued)

SUMMARY AND OUTLOOK

The Fund's core strategy will remain focused on actively managing and growing earnings from its investment portfolio, realising value-add opportunities across the existing portfolio, and acquiring additional high investment quality commercial office properties.

The resilience of the Fund's property portfolio in the current economic environment reflects its tenant quality, occupancy of 98%, and WALE of 3.0 years. Strong tenant demand has driven 16% positive leasing spreads and 6.8% like-for-like income growth, reflecting the strength of the leasing outcomes achieved during the year. This is a direct result of the Fund's strategy to invest in commercial office properties with differentiated competitive market positions.

Looking ahead, risks to the Fund in the coming year include demand variability associated with uncertain economic market conditions. This has been mitigated by management by successfully renewing and extending leasing agreements with existing tenants and actively marketing any remaining vacant space to secure the portfolio's future income.

The Fund is well positioned to grow value for Securityholders. The active asset management of the Fund's portfolio is generating improved operational performance.

The Manager continues to progress strategic initiatives to grow and realise the capital value of the Fund.

5. Interests in the Group

Note 1: During the year, the Board met 12 times including special purpose meetings for various funds management initiatives throughout the year. Victor Rodriguez was appointed on 7 July 2023.

10. Company Secretary

Symon Simmons held the position of Company Secretary of the Responsible Entity during the year. Symon is the Chief Financial Officer of the Group and holds a Bachelor of Economics with majors in Economics and Accounting, and has extensive experience as a company secretary, is a Justice of the Peace in NSW and is a Responsible Manager on the Australian Financial Services Licence held by the Responsible Entity.

11. Indemnification and insurance of officers and auditors

During the financial year, the Responsible Entity paid a premium in respect of a contract insuring the Directors of the Responsible Entity (as named above), the Company Secretary, and all executive officers of the Responsible Entity and of any related body corporate against a liability incurred in their capacity as Directors and officers of the Responsible Entity to the extent permitted by the *Corporations Act 2001* (Cth). The contract of insurance prohibits disclosure of the nature of the liability and the amount of the premium.

The Responsible Entity has not otherwise, during or since the end of the financial year, except to the extent permitted by law, indemnified or agreed to indemnify an officer of the Responsible Entity or of any related body corporate against a liability incurred in their capacity as an officer.

The Group indemnifies the auditor (PricewaterhouseCoopers Australia) against any liability (including legal costs) for third party claims arising from a breach by the Group of the auditor's engagement terms, except where prohibited by the *Corporations Act 2001* (Cth).

12. Environmental regulation

To the best of their knowledge and belief after making due enquiry, the Directors have determined that the Group has complied with all significant environmental regulations applicable to its operations in the jurisdictions in which it operates.

13. Significant changes in state of affairs

There was no significant change in the state of affairs of the Fund during the year.

14. Auditor's independence declaration

A copy of the auditor's independence declaration, as required under section 307C of the *Corporations Act 2001* (Cth), is included on the page following the Directors' Report.

15. Non audit services

Details of amounts paid or payable to the auditor for non-audit services provided during the year by the auditor are outlined in Note 17 to the consolidated financial statements.

Directors' Report

16. Likely developments and expected results of operations

The consolidated financial statements have been prepared on the basis of the current known market conditions. The extent of any potential deterioration in either the capital or physical property markets on the future results of the Fund is unknown. Such results could include property market valuations, the ability of the Fund to raise or refinance debt, and the cost of such debt and the ability to raise equity.

The economic and market uncertainty are difficult to forecast. The Fund will continue to engage regularly with all tenants across the Fund's portfolio.

At the date of this report and to the best of the Directors' knowledge and belief, other than matters disclosed under Events occurring after reporting date, there are no other anticipated changes in the operations of the Fund which would have a material impact on the future results of the Fund.

17. Going concern

As at 30 June 2023, the Fund has a net current asset deficiency of \$82.0 million and net assets of \$317.8 million. ECPF II has a net current asset deficiency of \$7.2 million and net assets of \$17.6 million.

The net current asset deficiency for the Fund and ECPF II is attributable to two debt facilities totalling \$80.2 million (ECPF II: \$7.4 million) maturing on 28 February 2024 and a current payable of \$7.4 million (ECPF II: \$0.6 million) in relation to the Fund's June quarter distribution. Subsequent to balance date, the Fund has executed a credit approved term sheet for the extension of the debt facilities, with a maturity date of 31 August 2026.

Accordingly, as of the date of this report, the Directors believe the Fund will be able to continue to successfully meet its covenant obligations and to refinance its facilities to ensure the Fund's ability to realise its assets and discharge its liabilities in the ordinary course of business.

These consolidated financial statements have been prepared on a going concern basis.

18. Events occurring after reporting date

Subsequent to balance date, on 17 August 2023, the Fund entered into conditional put and call option arrangements for the sale of Nexus Centre and Limestone Street. The expected net sale price under the contract for Nexus Centre is \$35.0 million and for Limestone Street is \$29.6 million. The values under the put and call arrangement for the sale of the two assets are considered to be an indicator of fair value of these assets and entry into these arrangements post balance date is considered an adjusting subsequent event under Accounting Standard AASB 110 *Events after the Reporting Period*. Therefore, the adopted 30 June 2023 valuations for Nexus Centre and Limestone Street reflect the net sales proceeds under the contractual arrangements.

Subsequent to balance date, the Fund has executed a credit approved term sheet for the extension of the debt facilities, with a maturity date of 31 August 2026.

In addition, on 16 August 2023, the Fund entered into a new hedge arrangement which terminates the current \$70 million interest rate swap arrangement with a maturity date of 28 Feb 2025 and replaces this with a \$110 million interest rate swap maturing in August 2026. The new hedge arrangement will be effective from 31/8/23 with a fixed rate of 3.04%.

The Directors of the Responsible Entity are not aware of any other matter since the end of the period that has or may significantly affect the operations of the Fund, the result of those operations, or the state of the Fund's affairs in future financial periods that are not otherwise referred to in this Directors' Report.

19. Rounding of amounts to the nearest thousand dollars

In accordance with *ASIC Corporations (Rounding in Financials/Directors' Reports) Instrument 2022/519*, amounts in the financial statements have been rounded to the nearest thousand dollar, unless otherwise indicated.

This report is made in accordance with a resolution of the Board of Directors of the Responsible Entity. The Financial Statements were authorised for issue by the Directors on 22 August 2023.

Signed in accordance with a resolution of the Directors pursuant to section 298(2) of the *Corporations Act 2001 (Cth)*. The Directors have the power to amend and re-issue the Financial Statements.

About this Report

Elanor Commercial Property Fund (the Fund, Group or Consolidated Group) is a 'stapled' entity comprising Elanor Commercial Property Fund I (ECPF I) and its controlled entities, including Elanor Commercial Property Fund II (ECPF II). The units in ECPF I are stapled to units in ECPF II. The stapled securities cannot be traded or dealt with separately.

For the purposes of the consolidated financial report, ECPF I has been deemed the parent entity of ECPF II in the stapled structure. The Directors applied judgement in the determination of the parent entity of the Fund and considered various factors including asset size and capital structure. The financial report of the Fund comprises the consolidated financial report of Elanor Commercial Property Fund I and its controlled entities, including Elanor Commercial Property Fund II. As permitted by *ASIC Corporations (Stapled Group Reports) instrument 2015/838*, this report is a combined report that presents the consolidated financial statements and accompanying notes of both the Fund and ECPF II.

These general purpose financial statements have been prepared in accordance with the *Corporations Act 2001*, the Scheme Constitutions and Australian Accounting Standards. Compliance with Australian Accounting Standards ensures compliance with International Financial Reporting Standards ('IFRS').

Comparative figures have been restated where appropriate to ensure consistency of presentation throughout the financial report.

The accounting policies adopted in the preparation of the financial report are consistent with those of the previous financial year, and the adoption of new and amended standards as set out below.

New accounting standards and interpretations

(a) New and amended standards adopted by the Fund

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 July 2022 that have a material impact on the amounts recognised in prior periods or will affect the current or future periods.

(b) New accounting standards and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 July 2023 and have not been adopted early in preparing these financial statements. None of these are expected to have a material effect on the financial statements to the Fund.

Basis of Consolidation

The consolidated financial report of the Fund incorporates the assets and liabilities of ECPF I (the Parent) and all of its subsidiaries, including ECPF II as at 30 June 2023. ECPF I is the parent entity in relation to the stapling. The results and equity of ECPF II (which is not directly owned by ECPF I) have been treated and disclosed as a non-controlling interest. Whilst the results and equity of ECPF II are disclosed as a non-controlling interest, the stapled securityholders of ECPF II are the same as the stapled securityholders of ECPF I.

This consolidated financial report also includes a separate column representing the financial report of ECPF II, incorporating the assets and liabilities of ECPF II as at 30 June 2023.

For the purpose of preparing the financial statements, the Fund is a for-profit entity. The financial report is presented in Australian Dollars.

Notes to the Consolidated Financial Statements For the year ended 30 June 2023

Basis of Consolidation (continued)

Going concern

As at 30 June 2023, the Fund has a net current asset deficiency of \$82.0 million and net assets of \$317.8 million. ECPF II has a net current asset deficiency of \$7.2 million.

The net current asset deficiency for the Fund and ECPF II is attributable to two debt facilities totalling \$80.2 million (ECPF II: \$7.4 million) maturing on 28 February 2024 and a current payable of \$7.4 million (ECPF II: \$0.6 million) in relation to the Fund's June quarter distribution. Subsequent to balance date, the Fund has executed a credit approved term sheet for the extension of the debt facilities, with a maturity date of 31 August 2026.

Accordingly, as of the date of this report, the Directors believe the Fund will be able to continue to successfully meet its covenant obligations and to refinance its facilities to ensure the Fund's ability to realise its assets and discharge its liabilities in the ordinary course of business.

The Consolidated Financial Statements have been prepared on a going concern basis using historical cost conventions, except for investment properties, investment properties within the equity accounted investments, derivative financial instruments, and other financial assets or liabilities which are stated at their fair value.

Rounding of amounts to the nearest thousand dollars

In accordance with *ASIC Corporations (Rounding in Financials/Directors' Reports) Instrument 2022/519*, amounts in the financial statements have been rounded to the nearest thousand dollars, unless otherwise indicated.

Critical accounting judgements and key sources of estimation uncertainty

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

In preparing the consolidated financial statements for the year ended 30 June 2023, significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amount recognised in the financial statements are consistent with those disclosed in the financial report of the previous financial year.

The changing market conditions (high inflation pressure and increased cash rate by the Reserve Bank of Australia) result in a higher than usual degree of uncertainty associated with the preparation of the financial statements.

Enhanced disclosures have been incorporated throughout the consolidated financial statements to enable users to understand the basis for the estimates and judgments utilised. The estimates or assumptions which are material to the financial statements are discussed in the following notes:

- Investment Properties - assumptions underlying fair value - Note 6
- Derivative financial instruments - assumptions underlying fair value – Note 10

The notes to the consolidated Financial Statements have been organised into the following sections:

¹ Funds from Operations (FFO) has been determined in accordance with the Property Council Guidelines and adjusted for amortisation of borrowing cost and contribution from manager which is excluded from FFO and represents the Directors' view of underlying earnings from ongoing operating activities, being statutory profit / (loss) (under IFRS), adjusted for non-cash and other items such as property revaluations, derivative mark-to-market impacts, amortisation of tenant incentives and contribution from manager, gains/losses on sale of investment properties, straight-line rental adjustments, non-FFO tax expenses/benefits and other unrealised one-off items. This includes the group's proportional ownership of 19 Harris Street's FFO, which is held as an equity accounted investment.

² Fair value (gain)/loss included in share of profit from equity accounted investment includes amortisation of manager contribution of \$0.93m.

³ Straight lining of rental income is a non-cash accounting adjustment recognised in rental income in the Consolidated Statement of Profit or Loss.

⁴ Amortisation expense includes the amortisation of capitalised leasing costs and rental abatements, and debt establishment costs recognised in the Consolidated Statement of Profit or Loss.

2. Revenue

OVERVIEW

The Fund's main source of revenue is rental income from its investment in commercial properties.

Total revenue from operating activities	42,318	39,960	2,525	2,648

ACCOUNTING POLICY

Rental income

The Fund is the lessor of operating leases. Rental income arising from operating leases is recognised as revenue on a straight-line basis over the lease term.

Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised as an expense over the term of the lease on the same basis as the lease income.

Rental abatements

Where a rental abatement is granted retrospectively on uncollected past due rent, the abatement is expensed as an impairment of trade receivables. Where an agreement on past due receivables has not been reached by 30 June 2023, an estimate of the expected abatement on the outstanding balance is made and incorporated into the expected credit loss calculation.

Rental abatements or other lease modification accompanied by extensions of lease terms or other changes in lease scope, are accounted for as a lease modification. The abated portion will be capitalised as a lease incentive and amortised on a straight-line basis over the remaining life of the lease.

Lease incentives

Lease incentives (including rent free periods, fit out and other payments) are accounted for on a straight-line basis over the lease term and offset against rental income in the consolidated statement of profit or loss. The lease term is the non-cancellable period of the lease together with any further term for which the tenant has the option to continue the lease, where, at the commencement date of the lease, it is reasonably certain that the tenant will exercise that option.

3. Distributions (continued)

ACCOUNTING POLICY

Distributions are recognised as a liability when declared or at the record date (if earlier). Distributions paid and payable are recognised as distributions within equity. Distributions paid are included in cash flows from financing activities in the consolidated statement of cash flows.

4. Earnings per stapled security

OVERVIEW

Basic earnings per stapled security is calculated as net profit or loss attributable to securityholders divided by the weighted average number of ordinary stapled securities issued.

Diluted earnings per stapled security is calculated as profit or loss attributable to securityholders adjusted for any profit or loss recognised in the year in relation to dilutive potential stapled securities divided by the weighted average number of stapled securities and dilutive stapled securities.

Earnings used in the calculation of basic and diluted earnings per stapled security reconciles to the net profit or loss in the consolidated statements of comprehensive income as follows:

	Consolidated Group 30 June 2023 \$'000	Consolidated Group 30 June 2022 \$'000	ECPF II 30 June 2023 \$'000	ECPF II 30 June 2022 \$'000

Operating Assets and Liabilities

This section includes information about the assets used by the Fund to generate profits and revenue, specifically information relating to its investment properties and liabilities.

6. Investment properties

OVERVIEW

Investment Properties are held solely for the purpose of earning rental income and/or for capital appreciation. At balance date, the Fund's investment property portfolio comprised eight commercial properties in Australia. A range of independent and internal valuations were performed as at 30 June 2023.

Fair value hierarchy and valuation techniques

The fair value measurement for investment properties has been categorised as Level 3 fair value based on the key inputs to the valuation techniques used below:

Valuation Techniques	Significant unobservable inputs	Range FY23	Range FY22	Weighted average FY23	Weighted average FY22
<i>Discounted cash flows</i> – involves the projection of a series of inflows and outflows to which a market-derived discount rate is applied to establish an indication of the present value of the income stream associated with the property.	Adopted discount rate ¹	6.25% - 8.25%	5.75% - 7.00%	7.23%	6.75%
	Adopted terminal yield ²	6.50% - 8.00%	5.63% - 7.25%	7.22%	6.58%
	Net property income (per sqm) ³	\$434 - \$860	\$360 - \$865	\$629	\$580
<i>Capitalisation method</i> – involves determining the net market income of the investment property. This net market income is then capitalised at the adopted capitalisation rate to derive a core value.	Adopted capitalisation rate ⁴	5.75% - 7.75%	5.13% - 7.00%	6.90%	6.24%

¹ Adopted discount rate: The rate of return used to convert cash flows, payable or receivable in the future, into present value. It reflects the opportunity cost of capital, that is the rate of return the cash can earn if put to other uses having similar risk. The rate is determined with regard to market evidence.

² Adopted terminal yield: The capitalisation rate used to convert the future net market rental revenue into an indication of the anticipated value of the property at the end of the holding period when carrying out a discounted cash flow calculation. The rate is determined with regard to market evidence.

³ Net property income (per sqm): The forecast annual net rental income per sqm reflecting leased occupancy and likely to be leased space based on commitments and estimates. Resulting WALE and occupancy rate from existing tenancies will impact the forecast cash flow from net property income. The rate is determined with regard to existing lease terms and other market evidence.

⁴ Adopted capitalisation rate: The rate at which net market rental revenue is capitalised to determine the value of a property. The rate is determined with regard to market evidence.

ACCOUNTING POLICY

Recognition and measurement

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at fair value. Gains and losses arising from changes in the fair value of investment properties are included in the consolidated statement of profit or loss in the year in which they arise.

Fair value is defined as the price at which an asset or liability could be exchanged in an arm's length transaction between knowledgeable, willing parties, other than in a forced or liquidation sale.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the asset. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of profit or loss in the year in which the property is derecognised.

Notes to the Consolidated Financial Statements For the year ended 30 June 2023

ACCOUNTING POLICY (continued)

Valuation process

In reaching estimates of fair value, management judgment needs to be exercised. The aim of the valuation process is to ensure that assets are held at fair value and that the Fund is compliant with applicable Australian Accounting Standards, regulations, and the Fund's Constitutions. All properties are required to be internally valued every six months with the exception of those independently valued during that six-month period.

The internal valuations are performed by utilising the information from a combination of asset plans and forecasting tools prepared by the asset management team. Appropriate capitalisation rate, terminal yield and discount rates based on comparable market evidence and recent external valuation parameters are used to produce a capitalisation-based valuation and a discounted cash flow valuation. Both valuations are considered to determine the final valuation.

The Fund's valuation policy requires that each property in the portfolio is valued by an independent valuer at least every three years. In practice, properties may be valued more frequently than every three years primarily where there may have been a material movement in the market and where there is a significant variation between the carrying value and the internal valuation.

Independent valuations are performed by independent and external valuers who hold a recognised relevant professional qualification and have specialised expertise and experience in the location and types of investment properties valued.

Valuation technique

Capitalisation method

Capitalisation rate is an approximation of the ratio between the net operating income produced by an investment property and its fair value. This excludes consideration of costs of acquisition or disposal. The net income is capitalised in perpetuity from the valuation date at an appropriate investment yield. The adopted percentage rate investment yield reflects the capitalisation rate and includes consideration of the property type, location and comparable sales.

Discounted cash flows (DCF)

Under the DCF method, a property's fair value is estimated using explicit assumptions regarding the benefits and liabilities of ownership over the asset's life including an exit or terminal value. The DCF method involves the projection of a series of cash flows on a real property interest. The cash flow projections reflect tenants currently in occupation or are contracted to meet lease commitments or are likely to be in occupation based on the market's general perception and relevant available market evidence. To this projected cash flow series, an appropriate discount rate is applied to establish the present value of the income stream associated with the property. The discount rate is the rate of return used to convert a monetary sum, payable or receivable in the future, into present value. The rate is determined based on market evidence.

All property investments are categorized as level 3 in the fair value hierarchy. There were no transfers between the hierarchies during the year.

Sensitivity Information

The key unobservable inputs to measure the fair value of investment properties are disclosed below along with sensitivity to a significant increase or decrease set out in the following table:

	Fair value measurement sensitivity to increase in input	Fair value measurement sensitivity to decrease in input
Discount rate (%)	Decrease	Increase
Terminal yield (%)	Decrease	Increase
Capitalisation rate (%)	Decrease	Increase

Sensitivity Analysis

When calculating the income capitalisation approach, the net property income has a strong inter-relationship with the adopted capitalisation rate given the methodology involves assessing the total income receivable from the property and capitalising this in perpetuity to derive a capital value. In theory, an increase in the income and an increase (softening) in the adopted capitalisation rate could potentially offset the impact to the fair value. The same can be said for a decrease in the income and a decrease (tightening) in the adopted capitalisation rate. A directionally opposite change in the income and the adopted capitalisation rate could potentially magnify the impact to the fair value.

When assessing a discounted cash flow, the adopted discount rate and adopted terminal yield have a strong interrelationship in deriving a fair value given the discount rate will determine the rate at which the terminal value is discounted to the present value. The impact on the fair value of an increase (softening) in the adopted discount rate could potentially offset the impact of a decrease (tightening) in the adopted terminal yield. The same can be said for a decrease (tightening) in the adopted discount rate and an increase (softening) in the adopted terminal yield. A directionally similar change in the adopted discount rate and adopted terminal yield could potentially magnify the impact to the fair value.

The adopted forecast net property income in the discounted cash flow is reflective of existing lease terms and other market data. Assets with higher WALE and occupancy rates improve net property income resulting in higher cash flow forecasts. The increased forecasted cash flow increases the fair value of the property.

ACCOUNTING POLICY

Investment in associates and joint ventures

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policy decisions.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

Management of the Group reviewed and assessed the classification of the Group's investment in the associated entities in accordance with AASB 128 on the basis that the Group has significant influence over the financial and operating policy decisions of the investee.

The results, and assets and liabilities of associates or joint ventures are incorporated in these financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with AASB 5. Under the equity method, an investment in an associate or a joint venture is initially recognised in the statement of financial position at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate or joint venture. When the Group's share of losses of an associate or a joint venture exceeds the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture.

Investments in associates and joint ventures are assessed for impairment when indicators of impairment are present. When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with AASB 136 *Impairment of Assets* as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs to sell) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with AASB 136 to the extent that the recoverable amount of the investment subsequently increases.

An assessment has been performed for Harris Property Trust to ensure the underlying property asset has been recognised at fair value, in accordance with the Group's accounting policy and methodology for fair value measurement of Investment Properties as described in Note 6 above.

Furthermore, the forecast cash flows of the underlying asset have been assessed. The recoverability risks have been assessed through detailed tenant specific reviews of the financial position of certain tenants in addition to maintaining active tenant engagement and observation of relevant market conditions and factored into the cash flow forecast of this associate.

At balance date, no impairment loss has been recognised with respect to the Group's associate.

When an entity transacts with an associate or a joint venture of the Group, profits and losses resulting from the transactions with the associate or joint venture are recognised in the Group's financial statements only to the extent of interests in the associate or joint venture that are not related to the Group.

8. Trade and other payables

¹ On 24 May 2022, the Elanor Investors Group made an \$8.4m contribution to the Fund as part of the 19 Harris Street acquisition. Under the Australian Accounting Standards, this contribution was recognised as a contract liability upon initial recognition and \$3.8m of the liability was utilised to offset transaction costs. The remaining balance is released to Consolidated Statement of Profit or Loss over a 5-year period.

ACCOUNTING POLICY

Trade and other payables represent liabilities and accrued expenses owing by the Fund at year end which are unpaid. The amounts are unsecured and usually paid within 30 days of recognition. Trade and other payables are recognised at amortised cost and normal commercial terms and conditions apply to payables.

Finance and Capital Structure

This section provides further information on the Fund's debt structure and financial risk management in respect of its exposure to credit, liquidity and market risks.

9. Interest bearing liabilities

OVERVIEW

The Fund has access to debt facilities totalling \$199.7 million, which comprise of three secured debt facilities of \$80.0 million, \$70.0 million and \$39.7 million which will mature on 28 February 2024, 28 February 2025 and 31 August 2026 respectively, and also a \$10.0 million capex facility which will mature on 28 February 2024.

The total drawn amount at 30 June 2023 is \$189.9 million. The weighted average debt facility maturity at year end is 1.56 years with an average all-in cost of debt of 3.63% p.a. At 30 June 2023, the interest rate risk of drawn facilities is hedged to 57.8%. The fair value of the debt facilities is \$189.8 million which is calculated by discounted cash flows using each facility's current borrowing rate.

Total interest bearing liabilities	189,433	184,324	14,112	13,436

During the year, the Fund has complied with all debt covenants as required by its loan agreements.

ACCOUNTING POLICY

Interest bearing liabilities are recognised initially at cost, being the fair value of the consideration received net of transaction costs associated with the borrowing. Subsequent to initial recognition, interest bearing liabilities are recognised at amortised cost using the effective interest method. Under the effective interest method, any transaction fees, costs, discounts and premiums directly related to the borrowings are recognised in the consolidated statement of profit or loss over the expected life of the borrowings.

Interest bearing liabilities are classified as current liabilities where the liability has been drawn under a financing facility which expires within one year. Amounts drawn under financial facilities which expire after one year are classified as non-current where the Fund has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

10. Derivative financial instruments

OVERVIEW

The Fund's derivative financial instruments consist of interest rate swap contracts to hedge its exposure to movements in variable interest rates. The interest rate swap agreements allow the Fund to raise long term borrowings at a floating rate and effectively swap them into a fixed rate.

	Consolidated Group 30 June 2023 \$'000	Consolidated Group 30 June 2022 \$'000	ECPF II 30 June 2023 \$'000	ECPF II 30 June 2022 \$'000
Current assets				
Interest rate swaps	3,984	3,908	257	274
Non-current assets				
Interest rate swaps	4,562	6,480	172	306
Total derivative financial instruments	8,546	10,388	429	580

(a) Valuation

The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves (level 2). The interest rate swap hedges interest rate risk on the Fund's debt facilities.

All of the resulting fair value estimates are included in Level 2. The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

The fair value of derivatives has been determined with reference to market observable inputs for contracts with similar maturity profiles. The valuation is a present value calculation which incorporates fixed rate and forward interest rate curves.

(b) Hedging

Instruments used by the Group

Interest rate swaps are currently in place to hedge 57.8% of the variable loan principal outstanding. The fixed interest rate of the swaps range between 0.76% to 0.87% (2022: 0.66% to 0.87%) and variable rates of the loans range between 4.00% and 4.01% (90-day bank bill rate and excluding unhedged facility 1 and Capex facility) (2022: 1.22% to 1.24%) in addition to a fixed line fee of 1.45%.

The swaps contracts require settlement of net interest receivable or payable every 90 days. The settlement dates coincide with the dates on which interest is payable on the underlying debt.

In prior year the Fund applied cash flow hedge accounting, which has been discontinued effective 30 June 2022 as hedge accounting no longer meet the risk management objective of the Fund.

As result any fair value movement of the interest rate swaps are recognised in the profit and loss.

Notes to the Consolidated Financial Statements For the year ended 30 June 2023

10. Derivative financial instruments (continued)

ACCOUNTING POLICY

Derivatives are initially recognised at fair value at the date the derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately.

11. Contributed equity

OVERVIEW

The Fund is a 'stapled' entity comprising of ECPF I and its controlled entities, including ECPF II. The units in ECPF II are stapled to units in ECPF I. The stapled securities cannot be traded or dealt with separately.

12. Financial Risk Management

OVERVIEW

The Fund's principal financial instruments comprise cash, receivables, interest bearing loans, derivatives, payables and distribution payables. The Fund's activities are exposed to a variety of financial risks: market risk (including interest rate risk); credit risk; and liquidity risk.

This note presents information about the Fund's exposure to each of the above risks, the Fund's objectives, policies and processes for measuring and managing risk and the Fund's management of capital. Further quantitative disclosures are included through these consolidated financial statements.

The Board of Directors (Board) of the Responsible Entity of the Fund has overall responsibility for the establishment and oversight of the Fund's risk management framework. The Board is responsible for monitoring the identification and management of key risks to the business.

The Board has established Treasury Guidelines outlining principles for overall risk management and policies covering specific areas, such as mitigating foreign exchange, interest rate and liquidity risks. The Fund's Treasury Guidelines provide a framework for managing the financial risks of the Fund with a key philosophy of risk mitigation. Derivatives are exclusively used for hedging purposes, not as trading or other speculative instruments. The Fund uses derivative financial instruments such as interest rate swaps where possible to hedge certain risk exposures.

The Fund uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis in the case of interest rate risk, ageing analysis for credit risk and cash flow forecasting for liquidity risk.

There have been no other significant changes in the types of financial risks or the Fund's risk management program (including methods used to measure the risks).

(a) Market risk

Market risk refers to the potential for changes in the value of the Fund's financial instruments or revenue streams from changes in market prices, being interest rate risk.

(b) Interest rate risk

Interest rate risk refers to the potential fluctuations in the fair value or future cash flows of a financial instrument because of changes in market interest rates.

As at reporting date, the Fund had the following undiscounted (including future interest payable) interest bearing assets and liabilities:

12. Financial Risk Management (continued)

(d) Credit risk

Credit risk represents the loss that would be recognised if counterparties failed to perform as contracted. The Fund manages credit risk on receivables by performing credit reviews of prospective debtors, obtaining collateral where appropriate and performing detailed reviews on any debtor arrears. Credit risk on derivatives is managed through limiting transactions to investment grade counterparties.

The group applied the AASB9 *Financial Instruments* simplified approach using the provision matrix for measuring the expected credit losses (ECL) which uses a lifetime expected loss allowance. The ECL calculation is based on assumptions about risk of default and expected loss rates. The group has considered the following in assessing the expected credit loss: ageing of the debtor's balances, tenant payment history, assessment of the tenant's financial position, existing market conditions and forward-looking estimates.

At balance date, the Fund has recognised a provision for expected credit losses of \$0.12 million. This provision reflects the amount of tenant rental arrears at balance date that is likely to be waived in respect of past occupancy and also includes any additional amount relating to arrears at balance date that has been assessed to have credit risk in respect of the financial position of the tenant.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

Where entities have a right of set-off and intend to settle on a net basis under netting arrangements, this set-off has been recognised in the consolidated financial statements on a net basis. Details of the Fund's contingent liabilities are disclosed in Note 15.

Notes to the Consolidated Financial Statements For the year ended 30 June 2023

12. Financial Risk Management (continued)

(d) Credit risk (continued)

At balance date there were no other significant concentrations of credit risk. No allowance has been recognised for the GST from the taxation authorities. Based on historical experience, there is no evidence of default from these counterparties which would indicate that an allowance was necessary.

(e) Capital risk management

The Fund maintains its capital structure with the objective to safeguard its ability to continue as a going concern, to increase the returns for securityholders and to maintain an optimal capital structure. The capital structure of the Fund consists of equity as listed in Note 11.

The Fund assesses its capital management approach as a key part of the Fund's overall strategy and it is continuously reviewed by management and the Directors of the Responsible Entity.

To achieve the optimal capital structure, the Board may use the following strategies: amend the distribution policy of the Fund; issue new units through a private placement; conduct a buyback of units; acquire debt; or dispose of investment properties.

12. Financial Risk Management (continued)

(f) Liquidity risk

Cross-Staple Loan

The Fund has applied the ECL model under AASB 9 *Financial Instruments* to its unsecured intercompany loan receivable with ECPF II. An impairment provision as the 12-month ECL has been assessed at balance date. Despite the current economic environment, there has been no history of defaults and management has determined that there has not been a significant increase in credit risk on the intercompany loan since its inception as ECPR I. ECPF I maintains a strong capital position and forecasts sufficient cash flows to repay the loan to ECPF II on expiry. There is no impact on the Fund as this loan eliminates on consolidation.

ACCOUNTING POLICY

With the exception of consolidation, the financial information of the parent entities of Elanor Commercial Property Fund has been prepared on the same basis as the consolidated financial statements.

Notes to the Consolidated Financial Statements For the year ended 30 June 2023

17. Auditor's remuneration

OVERVIEW

PricewaterhouseCoopers are the independent auditors of the Fund and have provided audit and other assurance related services as well as other non-assurance related services to the Group and the Trust during the year.

During the year, the following fees were paid or payable for services provided by the auditor of the Fund:

	Consolidated Group 30 June 2023 \$	Consolidated Group 30 June 2022 \$
Audit services		
Audit and review of financial reports	226,800	185,000
Other services		
Consulting services	–	50,000
Total services provided by PwC	226,800	235,000

18. Subsequent events

Subsequent to balance date, on 17 August 2023, the Fund entered into conditional put and call option arrangements for the sale of Nexus Centre and Limestone Street. The expected net sale price under the contract for Nexus Centre is \$35.0 million and for Limestone Street is \$29.6 million. The values under the put and call arrangement for the sale of the two assets are considered to be an indicator of fair value of these assets and entry into these arrangements post balance date is considered an adjusting subsequent event under Accounting Standard AASB 110 *Events after the Reporting Period*. Therefore, the adopted 30 June 2023 valuations for Nexus Centre and Limestone Street reflect the net sales proceeds under the contractual arrangements.

Subsequent to balance date, the Fund has executed a credit approved term sheet for the extension of the debt facilities, with a maturity date of 31 August 2026.

In addition, on 16 August 2023, the Fund entered into a new hedge arrangement which terminates the current \$70 million interest rate swap arrangement with a maturity date of 28 Feb 2025 and replaces this with a \$110 million interest rate swap maturing in August 2026. The new hedge arrangement will be effective from 31/8/23 with a fixed rate of 3.04%.

Other than the events disclosed above, the directors are not aware of any other matters or circumstances not otherwise dealt with in the financial reports or the Directors' Report that has significantly affected or may significantly affect the operations of the Fund, the results of those operations or the state of affairs of the Fund in the financial year subsequent to the year ended 30 June 2023.

19. Accounting policies

OVERVIEW

This note provides an overview of the Fund's accounting policies that relate to the preparation of the financial report as a whole and do not relate to specific items. Accounting policies for specific items in the balance sheet or statement of comprehensive income have been included in the respective note.

(a) Interest Income

Interest income is recognised as it accrues using the effective interest rate method.

(b) Expenses

All expenses, including the responsible entity's fees and custodian fees, are recognised in profit or loss on an accruals basis.

(c) Income Taxation

Under current legislation, the Fund is not subject to income tax as securityholders are presently entitled to the income of the Fund.

Directors' Declaration to Stapled Securityholders

In accordance with a resolution of the Directors of Elanor Funds Management Limited, the Trustee for Elanor Commercial Property Fund, we declare that in the opinion of the Directors:

- a) the financial statements and notes set out on pages 27 to 65 are in accordance with the *Corporations Act 2001* (Cth) including:
 - i. complying with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
 - ii. giving a true and fair view of the entity's financial position as at 30 June 2023 and of its performance, for the year ended 30 June 2023; and
- b) there are reasonable grounds to believe that the Consolidated Group and the ECPF II will be able to pay their debts as and when they become due and payable.
- c) the financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board; and
- d) The Directors have been given the declarations by the Chief Executive Officer and Chief Financial Officer required by Section 295A of the *Corporations Act 2001* (Cth).

This declaration is made in accordance with a resolution of the Boards of Directors in accordance with Section 295(5) of the *Corporations Act 2001* (Cth).

Independent auditor's report

To the stapled securityholders of Elanor Commercial Property Fund

Report on the audit of the financial reports

Our opinion

In our opinion:

The accompanying financial reports of Elanor Commercial Property Fund and its controlled entities (the Group) and Elanor Commercial Property Fund II and its controlled entities (ECPF II Group) is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group's and ECPF II Group's financial position as at 30 June 2023 and of its financial performance for the year then ended
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

What we have audited

The Group and ECPF II Group financial reports comprise:

- the consolidated statements of financial position as at 30 June 2023
- the consolidated statements of comprehensive income for the year then ended
- the consolidated statements of profit or loss for the year then ended
- the consolidated statements of changes in equity for the year then ended
- the consolidated statements of cash flows for the year then ended
- the notes to the consolidated financial statements, which include significant accounting policies and other explanatory information
- the directors' declaration to stapled securityholders.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group and ECPF II Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Our audit approach

An audit is designed to provide reasonable assurance about whether the financial report is free from material misstatement. Misstatements may arise due to fraud or error. They are considered material if individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

We tailored the scope of our audit to ensure that we performed enough work to be able to give an opinion on the financial reports as a whole, taking into account the geographic and management structure of the Group, its accounting processes and controls and the industry in which it operates.

Materiality	Audit scope
<ul style="list-style-type: none"> • For the purpose of our audit we used overall materiality of \$1,742,900 for the Consolidated Group and \$87,200 for ECPF II Group which represents approximately 5% of their respective Funds from Operations (FFO). FFO is defined in Note 1 to the financial statements. • We applied this threshold, together with qualitative considerations, to determine the scope of our audit and the nature, timing and extent of our audit procedures and to evaluate the effect of misstatements on the financial report as a whole. • We chose FFO because, in our view, it is the benchmark against which the performance of the Group is most commonly measured. • We utilised a 5% threshold based on our professional judgement, noting it is within the range of commonly acceptable thresholds. 	<ul style="list-style-type: none"> • Our audit focused on where the Group and ECPF II Group made subjective judgements; for example, significant accounting estimates involving assumptions and inherently uncertain future events. • The audit team consisted of individuals with the appropriate skills and competencies needed for the audits.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial reports for the current period. The key audit matters were addressed in the context of our audit of the financial reports as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Further, any commentary on the outcomes of a particular audit procedure is made in that context. We communicated the key audit matters to the Audit and Risk Committee.

Key audit matter	How our audit addressed the key audit matter
<p>Valuation of investment property (Refer to Note 6) \$475,617,000</p> <p>The Group's property portfolio consists of commercial office investment properties at 30 June 2023.</p> <p>This was a key audit matter because of the:</p> <ul style="list-style-type: none"> relative size of the investment property portfolio to net assets and related valuation movements, and inherent subjectivity of the key assumptions that underpin the valuations. 	<p>We assessed the design and implementation relevant controls over the investment property valuation process.</p> <p>We evaluated the appropriateness of the valuation methodologies used against the requirements of Australian Accounting Standards.</p> <p>We agreed the adopted fair values of all properties to the independent valuation report or internal valuation model (together, the 'valuations') and assessed the competency, capability and objectivity of the relevant independent or internal valuer.</p> <p>We met with management to discuss the specifics of the property portfolio including, amongst other things, any significant leasing activity, capital expenditure and vacancies impacting the portfolio.</p> <p>We assessed the appropriateness of significant assumptions used in the valuations with reference to evidence in independent valuation reports and external market data where available.</p> <p>For a sample of valuations, we traced the rental income used in the valuation to the tenancy schedule and in turn agreed the tenancy schedule to the underlying lease agreements.</p> <p>We considered the reasonableness of the disclosures made in relation to the significant assumptions in light of the requirements of Australian Accounting Standards.</p>

Other information

The directors of the Responsible Entity are responsible for the other information. The other information comprises the information included in the annual report for the year ended 30 June 2023, but does not include the financial reports and our auditor's report thereon. Prior to the date of this auditor's report, the other information we obtained included the director's report. We expect the remaining other information to be made available to us after the date of this auditor's report.

Our opinion on the financial reports does not cover the other information and accordingly we do not express any form of assurance conclusion thereon through our opinion on the financial reports.

In connection with our audit of the financial reports, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial reports or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the other information not yet received, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the directors and use our professional judgement to determine the action to take.

Responsibilities of the directors of the Responsible Entity for the financial reports

The directors of the Responsible Entity are responsible for the preparation of the financial reports that give a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors of the Responsible Entity determines is necessary to enable the preparation of the financial reports that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial reports, the directors of the Responsible Entity are responsible for assessing the ability of the Group and ECPF II Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Responsible Entity either intends to liquidate the Group and ECPF II Group or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial reports

Our objectives are to obtain reasonable assurance about whether the financial reports as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial reports.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at:

https://www.auasb.gov.au/admin/file/content102/c3/ar1_2020.pdf. This description forms part of our auditor's report.
