

6 October 2023

### Update on gynecological research portfolio

Ecofibre Limited (Ecofibre, Company) (ASX:EOF) will provide an update on its gynecological research portfolio at an event to be held at Parliament House, Sydney, on Wednesday 18 October 2023 between 5:30pm – 7:00pm.

The event will include presentations by Dr Alex Capano, Ecofibre's Chief Science Officer, and Professor Pradeep Tanwar, NHMRC RD Wright Biomedical Fellow within the School of Biomedical Science at the University of Newcastle.

Investors and other interested parties can register their attendance by emailing [events@ecofibre.com](mailto:events@ecofibre.com). Capacity for the event is limited to 100 attendees.

A recording of the event will also be made available on [www.ecofibre.com](http://www.ecofibre.com).

## About Ecofibre

Ecofibre owns a portfolio of high-quality advanced manufacturing businesses in the United States and Australia.

We operate three vertically integrated businesses focused on sustainable polymers and natural materials, natural health care, plant-based foods and genetics. In addition, we own a majority interest in a pharmaceutical business that is developing treatments for malignant and non-malignant gynecological diseases.

Hemp Black is an advanced manufacturing business with specialist capabilities in performance yarn extrusion and polymer compounding, sustainable materials and bioplastics. See [hempblack.com](http://hempblack.com).

Ananda Health is a leading US manufacturer of cannabinoid based health products for human and pet consumption. Our focus is on providing high-quality, research-backed products in Australia and the USA, targeting conditions including sleep, pain, anxiety, endometriosis, and other gynecological diseases. See [anandaprofessional.com](http://anandaprofessional.com) and [anandahemp.com.au](http://anandahemp.com.au).

EOF Bio LLC owns the rights to commercialise a number of patents for the treatment of gynecological diseases, and continues to grow its portfolio of intellectual property through an active research partnership with the University of Newcastle in Australia.

Ananda Food owns one of the world's largest collections of hemp seed genetics. It is a leading, low-cost manufacturer of high-quality hemp food products in Australia, including oil, seed, and proteins. The business is also a leading supplier of genetics to the hemp fibre industry in the US and Australia. See [anandafood.com](http://anandafood.com).
