

ASX RELEASE

22 November 2023

Change of Chief Financial Officer

Acusensus Limited (ASX:ACE) (**Acusensus**) announces that Anita Chow will join Acusensus as its Chief Financial Officer on 23 November 2023.

The appointment follows the resignation of current Chief Financial Officer, Mark Lawrence. Mr Lawrence will remain in the business until 22 December 2023, supporting a smooth transition. Following the initial public offering and listing of Acusensus on the ASX in January this year and its first full year reporting as a listed entity, Mr Lawrence has decided that the timing is right for him to transition out of Acusensus and focus on his other interests.

Mrs Chow brings over 20 years of finance experience in Australia and internationally. She joins from Iress Limited where she held various roles including Interim Chief Financial Officer and Group Financial Controller. Prior to this, Mrs Chow was Head of Investor Relations and Treasury at Ansell Limited and EMEA Finance Director at Level 3 Communications. She commenced her career in investment banking, advising companies on strategy, M&A and capital raisings.

Mrs Chow holds a Bachelor of Commerce (Honours) and a Bachelor of Science from The University of Melbourne. She is a Fellow Certified Practising Accountant (FCPA) and a graduate of the Australian Institute of Company Directors.

Acusensus Managing Director, Alexander Jannink, said, "Mark has been an important member of the Executive Leadership Team and has steered us through our early growth, crucial transactions and milestones. The Board and management team thank Mark for his significant contributions to Acusensus and wish him all the best in his future endeavours.

"I am pleased to welcome Anita to Acusensus. She comes well credentialled, with strong experience in the technology and finance sectors. Her skills will be of great help to our team as we continue to execute on our global growth ambitions and new product development initiatives."

About Acusensus

Acusensus is a technology company that was founded in 2018 with a mission to design and develop artificial intelligence enabled road safety solutions. Collaborating with governments and commercial stakeholders to tackle distracted driving globally is Acusensus' first priority.

Acusensus has pioneered intelligent solutions that provide anywhere, anytime digital evidence that can be used in conjunction with law enforcement to drive behavioural change and improve road safety. Acusensus technology is used to detect and provide prosecutable evidence of distracted driving (mobile phone use), seatbelt compliance, speeding, railway crossing compliance and the monitoring of vehicles of interest.

Acusensus listed on the Australian Securities Exchange in January 2023. Acusensus is headquartered in Melbourne, Australia, with offices also in Sydney, Brisbane, London (UK) and Las Vegas (United States).
