ASX RELEASE

20 December 2023

EXTENSION TO LONG-TERM MAINTENANCE SERVICES AGREEMENT WITH WOODSIDE

Engineering company Monadelphous Group Limited (ASX: MND) (“Monadelphous” or “the Company”) today announced it has secured an extension to the Company’s long-term maintenance and shutdown services agreement with Woodside Energy Ltd (“Woodside”).

The Company’s existing agreement with Woodside has been extended for a further three-year period, with the additional option for the agreement to be extended for a further two years thereafter. The value of the extension is estimated at approximately \$180 million per annum (subject to the final work scope required each year).

The scope of work under the agreement includes maintenance, shutdown and brownfields project services at the Woodside-operated onshore and offshore gas production facilities located in the north-west of Western Australia, including Karratha Gas Plant, Pluto LNG, North Rankin Complex, Goodwyn A platform and Angel platform.

Monadelphous’ Managing Director Zoran Bebic said the agreement extension was a testament to the strength of the Company’s relationship with Woodside, and Monadelphous’ safe and reliable delivery of services.

“We are extremely proud of the relationship we have developed with Woodside over more than 20 years and are delighted to continue supporting their operations well into the future”.
