### Review of operations

A summary of IDP Education Limited's consolidated financial results for the half-year ended 31 December 2023 (H1 FY24) is set out below.

The financial performance of the Group was strong with record half-year revenue and earnings being delivered.

From an operational perspective the key dynamics in the business during the period were broadly as follows:

- Student Placement – Total Student Placement related revenue of \$287.5m grew 44% vs the same period in FY23. IDP's Total Student Placement revenue is made up of fees generated directly from advising and placing students with education institutions ("Placements") in addition to revenue from other services provided to educational institutions that support the marketing and recruitment of students ("Other Student Placement Services"). These other services include digital marketing, events, data services consultancy and peer to peer software. During H1 FY24 Placements recorded revenue of \$255.6m with both volumes and average price contributing to the 48% growth in revenue vs the same period in FY23.
- English Language Testing – Total IELTS revenue of \$270.3m declined by 5% vs the same period in FY23, with India revenue declining by 29% due both to a reduction in market size and increased competition, while IELTS revenue outside of India grew by 21%. Testing volumes declined by 12% with an average price increase of 7% vs the same period in FY23.
- English Language Teaching – The Group's English schools in Cambodia, Taiwan, and Vietnam, generated overall growth of 25% vs the same period in FY23. Cambodia grew strongly at 27%, Vietnam declined by 16% while the schools in Taiwan acquired as part of the Intake acquisition contributed 18% of the growth.

<b>EBIT/NPAT (Adjusted)</b>	<b>158.8</b>	<b>107.0</b>	<b>127.1</b>	<b>87.1</b>

The Group recorded strong growth in earnings for H1 FY24 with net profit after tax increasing 19% to \$97.4m compared to the half-year ended 31 December 2022 (H1 FY23) of \$82.1m.

The result was driven by a 15% increase in revenue primarily a result of the very strong student placement growth during the reporting period.

The increase in student placement revenue of 44% was a result of strong growth in all destinations with Australian student placement up by 43% vs the same period in FY23. Placements to Other Destinations was also strong with Canada revenue growing by 66%, UK revenue growing by 40% and USA revenue growing by 63% vs the same period in FY23. From a source country perspective, India revenue grew by 38%, and China revenue grew by 60% with the same period in FY23 constrained as China borders remained closed. The rest of Asia (excluding India and China) grew by 49%. The Rest of the World revenue was 54% higher than the same period in FY23.

Other student placement services revenue grew 20% to \$31.9m with Digital Marketing growing 6% and Student Placement Events growing 39%. The revenue from The Ambassador Platform (which was acquired in May 2023) contributed 22% of the growth of other student placement services.

English Language Testing revenue declined by 5% in the half with volume declining 11.5% partially offset by an increase in average price of 7%. A decline in the market size of English Language Testing in India for candidates heading to Canada and increased competition in India during the half, led to a decline in revenue in India of 29%. In the rest of the world excluding India revenue grew strongly at 21% vs the same period in FY23.

English Language Teaching revenue grew 25% driven by Cambodia growing by 27% a result of a 17% increase in courses taught and an 8.4% increase in average price. Vietnam revenue was lower by 16% primarily due to lower course volumes while the acquisition of Intake added 2 campuses in Taiwan contributing 18% of the total growth in English Language Teaching.

Gross profit margin at 64.6% increased from 62% in H1 FY23 with a larger proportion of Student Placement revenue at higher margins than other business lines the key driver of the margin increase.

The EBIT adjusted growth of 25% was a result of strong student placement revenue growth. Expenses growth was 20% but excluding the significant items (as presented in the reconciliation on the previous page), the like for like expense growth was 17.9%. Investments were made in capability and capacity in the student placement business as we continued to expand our footprint with 11 new student placement offices, while corporate expenses were restrained and additional IELTS investment was made in marketing to defend our market position in India and Canada.

Currency translation movements had a minor net impact on the reported results. In aggregate, currency movements had a small positive impact on revenue with constant currency revenue growth for H1 FY24 at 14% relative to the actual reported growth of 15% which added \$6.8m to revenue. Direct Costs and overhead lines were negatively impacted by currency movements with a net increase due to currency movements of \$6.6m. Constant currency NPAT growth for H1 FY24 was at 18.8% compared to the actual reported growth of 18.6%.

#### Revenue and EBIT by Geographic Segment (A\$m)

Six Months to 31 December	Half Year Actuals		Growth

<b>Total EBIT</b>	<b>145.3</b>	<b>120.1</b>	<b>25.2</b>	<b>21%</b>

From segment perspective all regions performed well with revenue growth of 13% in Asia and 25% in Rest of World providing the majority of that growth. All regional segments benefited from the growth in student placement across most source markets. While Rest of World and Australasia also recorded strong growth in IELTS revenue, Asia IELTS revenue declined as a result of the reduction of market size and increased competition in India.

EBIT in Asia increased by 18% during the period with strong contributions from India and China, with the India business delivering good growth from the student placement business.

Rest of World EBIT increased by 14% with strong contributions from Nigeria and Ghana in Student Placement while Pakistan delivered good growth in both IELTS and Student Placement. Australasia EBIT grew by 96%, as Australian onshore Student Placement and IELTS direct testing delivered strong volume and revenue growth.

## 13. Contingent liabilities

The Group operates in many countries across the world, each with separate taxation laws/regulations and authorities. Whilst the Group's most significant tax jurisdictions are Australia and India, the global nature of the Group's operations result in significant complexity in managing the Group's tax affairs.

From time to time, the Group is subject to both formal and informal reviews by various tax authorities. The outcome of any tax review or audit cannot be determined in advance with an acceptable degree of certainty. As at 31 December 2023, the Consolidated Statement of Financial Position reflects the Group's best estimate of all known taxation liabilities arising from completed and ongoing reviews. The Group is taking reasonable steps to progress and conclude all open reviews with the relevant tax authorities.

The Group has historically been party to an Indian Service Tax matter and currently has open Indian GST matters which are subject to legal proceedings and reviews by Indian tax authorities in the ordinary course of business.

In relation to the Indian Service Tax matter, the matter related to the application of Indian Service Tax for the period 1 April 2014 to 30 June 2017 (the date Service Tax ceased in India). In October 2021, the Indian Federal Customs, Excise & Service Tax Appellate Tribunal adjudicated on this matter for the period 1 April 2014 to 30 September 2015 in IDP's favour and the formal appeal deadline for the tax authority has passed. No review activities have been undertaken by the Indian tax authorities in relation to the remaining period 1 October 2015 to 30 June 2017 since receiving this favourable outcome. As a result, the Group has concluded that a cash outflow for the remaining period is remote and not considered as a contingent liability.

In relation to the Indian GST matters, the matters in dispute relate to the application of GST from the date of its introduction in India on 1 July 2017 to the current balance date. The matters are similar in nature to the matter adjudicated for Indian Service Tax, as discussed above. The GST matters are at various stages of review by State-based tax authorities, pending the establishment and commencement of relevant State-based GST Tribunals intended to adjudicate on such matters. During the current period the Group also received an 'Intimation of Tax' notice in relation to this matter from the Directorate General of GST Intelligence (DGGI), India's central board for indirect taxes and customs, covering the period 1 July 2017 to 31 December 2022.

As at 31 December 2023, the Group expects to achieve a favourable outcome in relation to the GST matters, with reference to advice from external tax advisors and legal counsel in India, guidance issued by the Indian Central Tax Authority and the favourable adjudication received from the Federal Indian Customs, Excise & Service Tax Appellate Tribunal for Indian Service Tax. Whilst the GST matters remain in dispute, the Group has concluded that it is not probable that a cash outflow will be required. As a result, the GST matters are considered to be contingent liabilities, with no provision recognised as at 31 December 2023.

The Group's best estimate of potential exposure, in the event that IDP were to be unsuccessful in relation to the GST matters in all States, including potential interest and penalties, is estimated at \$60.1m (June 2023: \$41.0m).

The increase of \$19.1m since June 2023 is due to the continuation of ordinary business operations, including an additional six months of potential interest (\$6.8m) and, as a result of the notice issued by the DGGI, the inclusion of amounts related to States who have previously accepted IDP's position on the application of GST (\$12.3m).

As at 31 December 2023, the Group holds tax deposits of \$20.2m (June 2023: \$21.3m) which are held as a non-current asset in the Statement of Financial Position. The Group expects to receive these amounts as a refund from relevant State tax authorities or, in the event IDP is unsuccessful, use these amounts to satisfy any possible future obligation applied by relevant tax authorities.

## **14. Subsequent events**

There have been no matters or circumstances occurring subsequent to the end of the period half year that have significantly affected or may significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in future years.

## Independent Auditor's Review Report to the members of IDP Education Limited

### *Conclusion*

We have reviewed the half-year financial report of IDP Education Limited (the "Company") and its subsidiaries (the "Group"), which comprises the condensed consolidated statement of financial position as at 31 December 2023, and the condensed consolidated statement of profit and loss, the condensed consolidated statement of other comprehensive income, the condensed consolidated statement of cash flows and the condensed consolidated statement of changes in equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

### *Basis for Conclusion*

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report. We are independent of the Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

### *Directors' Responsibilities for the Half-year Financial Report*

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibilities for the Review of the Half-year Financial Report*

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
