**Cooper Energy Limited (ASX:COE)** is an exploration and production company which generates revenue from gas supply to Southeast Australia and low-cost Cooper Basin oil production. The company is an emerging player in the Southeast Australian energy sector holding a portfolio of gas supply contracts and one of the most extensive portfolios of gas-focused acreage and assets, including well located reserves and resources in the Otway and Gippsland basins. These include the Sole gas field in the Gippsland Basin which recently became the first new offshore gas development in Southeast Australia to commence production in several years, the Casino Henry operations in the offshore Otway Basin and undeveloped resources such as Manta and Annie.
