Alliance Renews Contract with Glencore Coal Assets Australia

Alliance is pleased to announce it has renewed its FIFO contract with Glencore Coal Assets Australia (Glencore), with a three-year contract, with options to extend. Alliance has been providing exceptional services to Glencore for nine years on a continuous basis.

Operating via Sunshine Coast Airport to Emerald, Alliance stands as the only FIFO provider of any substantial scale to do so, solidifying its position as a leader in the industry.

The retention of the contract with Glencore serves as a testament to several key factors:

- Alliance has consistently demonstrated its capacity to respond swiftly and effectively to the needs of Glencore. Alliance’s ability to offer aircraft and assistance when required ensures uninterrupted service delivery, maintaining operational continuity for Glencore.

Mr Scott McMillan, Alliance’s Managing Director said, “We are very proud of the long-standing partnership with Glencore and remain committed to upholding the highest standards of service excellence.”

“This contract retention reaffirms our position as a trusted provider in the aviation industry and underscores the confidence placed in Alliance by our valued clients.”, said Mr McMillan.
