ASX RELEASE

About Intelligent Monitoring Group Limited

Intelligent Monitoring Group provides monitored security, fire and IOT solutions that ensure the safety and protection of Australian businesses, homes and individuals 24 hours a day, 365 days a year.

The Company operates with the highest security accreditation from three monitoring centres in Australia and one in NZ.

GROWTH STRATEGY

Security services are increasingly in demand, with technology providing more and cheaper ways to provide better solutions for customers.

As the largest Australian-owned and operated monitoring partner, IMG is well positioned to be a partner of choice to those looking for professional-grade solutions (be they independent security companies, needing monitoring services [via IMS], or enterprise customers looking for complex security solutions [via ADT]).

As a fragmented industry, with no clear industry leader IMG is in a good position to partner and lead consolidation with commercial organisations looking for long-term solutions for their businesses.
