Mr. Patrick Holywell
Company Secretary

Ms. Mart-Marie Derman
Chief Financial Officer

About Pentanet

Pentanet is a Perth-based, growth-focused telco delivering high-speed internet to a growing number of subscribers by providing next-generation internet speeds. This is achieved through Pentanet's market-leading private wireless network, the largest in Perth, as well as reselling fixed-line services such as nbn® and Opticomm.

The Company's flagship wireless network has benefits for both customers and investors, offering an outstanding customer experience and a fixed wireless product that is technically superior to most of the nbn with attractive margins for investors. This sets Pentanet apart from most broadband providers, which typically only resell the nbn.

Pentanet is also part of the rollout of the next wave of subscription-based entertainment services – cloud gaming. The Company's Alliance Partner Agreement with NVIDIA allowed Pentanet to be the first to bring their GeForce NOW technology to Australia in 2021. Since launch, the platform has amassed over 589,000 users.

Pentanet invites existing and prospective shareholders to join the conversation within the Company's interactive Investor Hub at investorhub.pentanet.com.au/
