About Adacel:

Established in 1987, Adacel is a publicly traded company listed on the ASX. The company plays a significant role in global air space safety. A world-leader in its industry, Adacel applies cutting-edge technologies to develop advanced air traffic control simulation and training systems and state-of-the-art air traffic management solutions. Adacel's customers include international air navigation service providers (ANSPs), military, defense & security organizations, universities, and airport authorities.

More than 20% of the world's airspace is managed with Adacel's Aurora Air Traffic Management (ATM) software. Adacel's MaxSim Tower Simulator and Training systems lead the industry with the highest number of installations worldwide. MaxSim is also the first Air Traffic Control (ATC) simulation system in the world to deliver Virtual and Mixed Reality training capabilities into the classroom. Adacel's latest flagship system, REVAL, a digital ATC tower system delivers a wide spectrum of digital tower operational solutions, from consulting services to system design, development, deployment, and support.
