¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

Role of the Board and Management

The respective roles and responsibilities of the Board and Management are detailed in the Board Policy, which is included in the Corporate Governance Charter available on the Company’s [website](#).

The Board Policy also sets out the matters expressly reserved to the Board and those delegated to Management.

Company Secretary

Under the Board Policy, the Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board.

Appointment, Induction and Training

When selecting new Directors, the Board ensures that the candidate has the appropriate range of skills, experience and expertise to ensure the Board’s effectiveness.

The Company ensures that appropriate background checks are undertaken regarding any potential new Director or Senior Executive’s character, experience, education, criminal record and bankruptcy history before appointing a Director or Senior Executive, or putting forward a Director to shareholders for election as a Director.

The Company also provides its shareholders with all material information in its possession that is relevant to a decision on whether or not to elect or re-elect a Director through the Notice of Meeting, Director resumes and other information contained in Urbanise’s Annual Reports.

Upon appointment, each Director (and senior executive) receives a written agreement which sets out the terms of their appointment and undergoes an induction program.

Directors are also provided with regular professional development opportunities to develop and maintain the skills and knowledge needed to perform their role as Directors effectively. Periodic review of the need for professional development is undertaken in conjunction with the annual evaluation of the performance of the Board, individual directors and executives.

The Company believes it is important that the Board reviews its own performance together with the performance of the Chief Executive Officer to ensure continued high performance. Under the Board Policy, the Board must conduct an annual performance review of its practices together with a review of the Chief Executive Officer which is undertaken by the Remuneration and Nominations Committee. The Board Policy and the Remuneration & Nomination Committee Charter sets out the process for these reviews.

The criteria used to review individual Directors may include assessment of relevant skills and characteristics, tenure, diversity, industry knowledge, experience and expertise. The criteria used to assess the Chief Executive Officer may include underlying profit and customer retention, as well as development of organizational capability, business sustainability and shareholder value creation.

The Board of Directors has completed these reviews during the reporting period.

The Charters of the Board, Audit and Risk Committee, and the Remuneration Committee are available on the Company's [website](#).
