Earnings Release: 27 August 2024

BRISBANE BRONCOS LIMITED

and its controlled entities 30 June 2024 Half-Year Results

The Board of Brisbane Broncos Limited today announced the trading results for the half-year ended 30 June 2024. The consolidated entity achieved a profit from ordinary activities before income tax of \$6.30 million.

The comparison between the 2024 and 2023 half-year results is as follows:

	30 June 2024 \$	30 June 2023 \$
Profit from ordinary activities before tax	6,302,411	5,409,614
Profit from ordinary activities after tax	4,251,105	3,716,231

The net profit before tax for the half-year ended 30 June 2024 is \$6.30 million compared to \$5.41 million in 2023. Earnings before Interest, Tax and Depreciation is \$6.32 million for the half-year ended 30 June 2024 compared to \$5.64 million in 2023.

In the first half of 2024, seven NRL home games were played at the Brisbane Broncos home ground of Suncorp Stadium, compared to eight games in the prior corresponding period. Crowds for the first half of the 2024 season averaged 41,175 compared to 35,100 in 2023. Despite one less game played in the first half of FY24, the Group's consumer and commercial revenue increased with higher crowds and associated game day benefits delivered to members, fans, corporate partners and sponsors. Stadium operating costs increased with the increase in average crowds in 2024 as well as marketing and sponsorship expenses associated with the Round 1 USA fixture.

Total revenue for the period to 30 June 2024 increased to \$42.26 million (2023: \$39.15 million). Items of note include:

- The grant received from the NRL totalled \$9.29 million, representing a 0.3% increase on the comparative period, in line with the NRL club funding agreement and NRLW grant funding. Increase in other revenue from the NRL for 2024 preseason trial prizemoney and USA Round 1 funding and allowances;
- Membership, ticketing, corporate sales, game day and events revenue increased 16.8%, due to growth in membership numbers, gate taking revenue and corporate programs in the 2024 season;
- Brisbane Broncos average crowds for the period of 41,175 are up on the 2023 first half crowd of 35,100;
- In the period to 30 June 2024, season membership revenue and costs were recorded on a home game basis. Accordingly, season membership revenue was recognised for seven NRL home games played;
- Total memberships including ticketed and non-ticketed were 59,583 (2023: 42,162) as at 30 June 2024. Ticketed memberships of 49,646 (2023: 35,808) and non-ticketed memberships of 9,937 (2023: 6,354) were achieved as at 30 June 2024;
- Sponsorship revenue increased 11.5% compared to 2023, due to changes in partnership categories, USA Round 1 partnership revenue and new partners for the 2024 season;
- Merchandise trading revenue increased to \$2.62 million across online, in store and game day platforms, up from \$1.79 million in 2023. Contributing factors to the increase included increase in average crowds and improved supply chain conditions in 2024;

- Government funding (cost recovery revenue) decreased 19.7% during the period. Government funding is
 recognised over the period to match the costs that it is intended to recover. The decrease in funding compared to
 the prior period is due to the timing of costs incurred in the first half of 2024, relative to the first half of the prior
 period; and
- Interest income increased for the period to 30 June 2024, reflecting a higher investment amount and average interest rate

Total expenditure increased to \$35.96 million (2023: \$33.74 million). The increase is attributable to:

- Increase in stadium operation expenses with larger average crowds during the period to 41,175;
- Merchandise cost of sales increase in line with increased merchandise revenue to 30 June 2024;
- Increase in marketing, sponsorship and advertising expenses with 2024 season home games, game day activation and USA Round 1 sponsorship servicing costs;
- Increase in football operations expense due to player salary costs in line with higher NRL and NRLW player payments and USA Round 1 travel costs; and
- Offset by a corresponding decrease in community program expenses due to the timing of resource and program costs in the first half of 2024, in comparison to the prior period.

Based on current forecasts and all things remaining constant, it is projected that the full year financial result will increase compared to the prior period. However, given the developing nature of a number of items, the 2024 season NRL position relative to the corresponding 2023 position and taking into account the differing number of home games in the first half (seven) and second half (five), it is difficult to accurately predict the full-year result. Factors that may impact the reported result for the 2024 financial year include:

- Home crowd attendance for the remainder of the season:
- Operational and cost considerations as it relates to the remaining 2024 season NRL and NRLW games;
- Completion of the 2024 season and commercial opportunities as a result of team performance; and
- Other factors such as player medical costs, which are unable to be quantified in advance.

During the second half of the financial year, revenue for the remaining home games will be recognised and expenses accounted for, including player salaries. Accordingly, the first half cannot be taken as an indication of a full year trend.

REVIEW AND RESULTS OF OPERATIONS (continued)

 Interest income increased for the period to 30 June 2024, reflecting a higher investment amount and average interest rate.

Total expenditure increased to \$35.96 million (2023: \$33.74 million). The increase is attributable to:

- Increase in stadium operation expenses with larger average crowds during the period to 41,175;
- Merchandise cost of sales increase in line with increased merchandise revenue to 30 June 2024;
- Increase in marketing, sponsorship and advertising expenses with 2024 season home games, game day activation and USA Round 1 sponsorship servicing costs;

Based on current forecasts and all things remaining constant, it is projected that the full-year financial result will increase compared to the prior period. However, given the developing nature of a number of items, the 2024 season NRL position relative to the corresponding 2023 position and taking into account the differing number of home games in the first half (seven) and second half (five), it is difficult to accurately predict the full-year result. Factors that may impact the reported result for the 2024 financial year include:

- Home crowd attendance for the remainder of the season;

- Completion of the 2024 season and commercial opportunities as a result of team performance; and
- Other factors such as player medical costs, which are unable to be quantified in advance.

During the second half of the financial year, revenue for the remaining home games will be recognised and expenses accounted for, including player salaries. Accordingly, the first half cannot be taken as an indication of a full-year trend.

NOTES TO THE HALF-YEAR FINANCIAL STATEMENTS

for the half-year ended 30 June 2024

1. BASIS OF PREPARATION AND ACCOUNTING POLICIES

Basis of Preparation

This general purpose condensed financial report for the half-year ended 30 June 2024 has been prepared in accordance with AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position, and financing and investing activities of the consolidated entity as the annual financial report.

It is recommended that the half-year financial report be read in conjunction with the annual financial report for the year ended 31 December 2023 and considered together with any public announcements made by Brisbane Broncos Limited during the half-year ended 30 June 2024 in accordance with the continuous disclosure obligations of the ASX listing rules.

The accounting policies and methods of computation are consistent with those adopted in the most recent annual financial report.

Change in Accounting Policies, Accounting standards and interpretations

The accounting policies adopted in the preparation of the interim financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2023, except for the adoption of new standards effective as of 1 January 2024. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

There are other amendments and interpretations which apply for the first time in 2024, but do not have an impact on the half-year financial report.

Comparative Information

Australian Accounting Standard AASB 101 *Presentation of Financial Statements* allows an entity to change the presentation or classification of items in its financial statements, if the change in presentation provides information that is reliable and more relevant to the users of the financial statements and the revised structure is likely to continue, so that comparability is not impaired. There have been no changes to the presentation or classification of items in the financial statements in the period to 30 June 2024.

2. SEGMENT REPORTING

The consolidated entity operates solely in the business of sports management and entertainment and operates in Australia only.

Accordingly, the half-year result is impacted by the number of Brisbane Broncos home games scheduled during each six-month period, as well as crowd attendance. Seven home games were played at the Brisbane Broncos home ground of Suncorp Stadium during the half-year ended 30 June 2024, whilst in the comparative 2023 period eight home games were played.

6. CASH AND CASH EQUIVALENTS Reconciliation of Cash	30 June 2024 \$	Consolidated 31 December 2023 \$	30 June 2023 \$	
For the purpose of the half-year cash flow statement, cash and cash equivalents are comprised of the following:

7. TRADE AND OTHER RECEIVABLES		
Trade receivables Allowance for expected credit losses	2,647,305	1,375,055 -

	3,638,099	3,027,295

Other receivables for the Group include GST receivable of \$319,615 (2023: \$400,140) and corporate partnership receivables of \$18,131 (2023: \$923,207).

(a) Fair value and credit risk

Due to the short-term nature of these receivables, their carrying value is assumed to approximate their fair value. The maximum exposure to credit risk is the fair value of receivables. Collateral is not held as security, nor is it the Group's policy to transfer (on-sell) receivables to special purpose entities.

8. CONTINGENCIES

Since the last annual reporting date, there has been no material change to any contingent liabilities or contingent assets. From time to time, the Group is subject to various claims and litigation from third parties during the ordinary course of business. The Directors have given consideration to such matters which are or may be subject to claims or litigation at 30 June 2024 and, unless specific provisions have been made, are of the opinion that no material contingent liability for such claims or litigation exists.

9. PROPERTY, PLANT AND EQUIPMENT

During the period ended 30 June 2024, the Group expanded office and community facilities at the Clive Berghofer Centre, for a total value of \$473,155. There were no other individually significant additions made in the reporting period.

10. UNEARNED INCOME

During the period ended 30 June 2024, the Group's unearned income liability increased. This is as a result of advance receipt of funding for the Broncos community programs, offset by the delivery of milestones and recognition of revenue across the Group's season membership, corporate sales, sponsorship and community operations.

Independent auditor's review report to the members of Brisbane Broncos Limited

Conclusion

We have reviewed the accompanying condensed half-year financial report of Brisbane Broncos Limited (the Company) and its subsidiaries (collectively the Group), which comprises the statement of financial position as at 30 June 2024, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the condensed half-year financial report of the Group does not comply with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the consolidated financial position of the Group as at 30 June 2024 and of its consolidated financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity (ASRE 2410). Our responsibilities are further described in the Auditor's responsibilities for the review of the half-year financial report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' responsibilities for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 30 June 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
