2 SEGMENTS OF USD630bn
GLOBAL, DISRUPTING DIGITAL
MEDIA MARKET**

ADSLOT - FOCUSED ON 2 SEGMENTS (US\$100bn) OF THE US\$630bn GLOBAL MARKET.

THE DIGITAL MEDIA INDUSTRY IS INEFFICIENT, LACKS TRANSPARENCY AND IS BEING DISRUPTED.

Digital media industry economics are high cost and opaque.

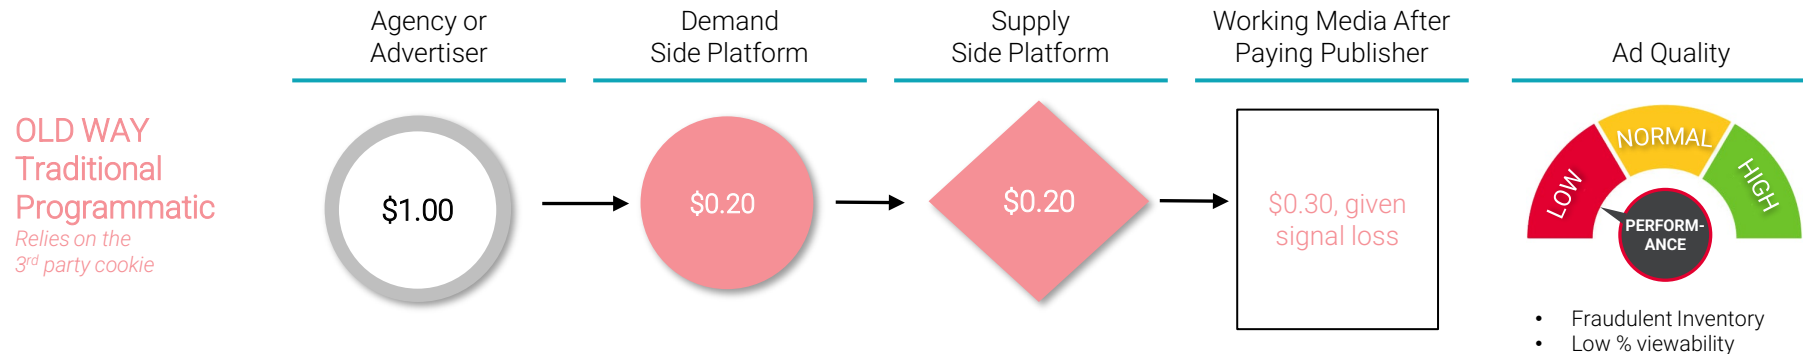

50 -70% of ads do not reach their target audiences – what is known as the “missing audience”.

Google’s “consumer choice solution” (rather than outright deprecation), will further reduce advertisers' ability to target, frequency manage, and measure ad campaigns.

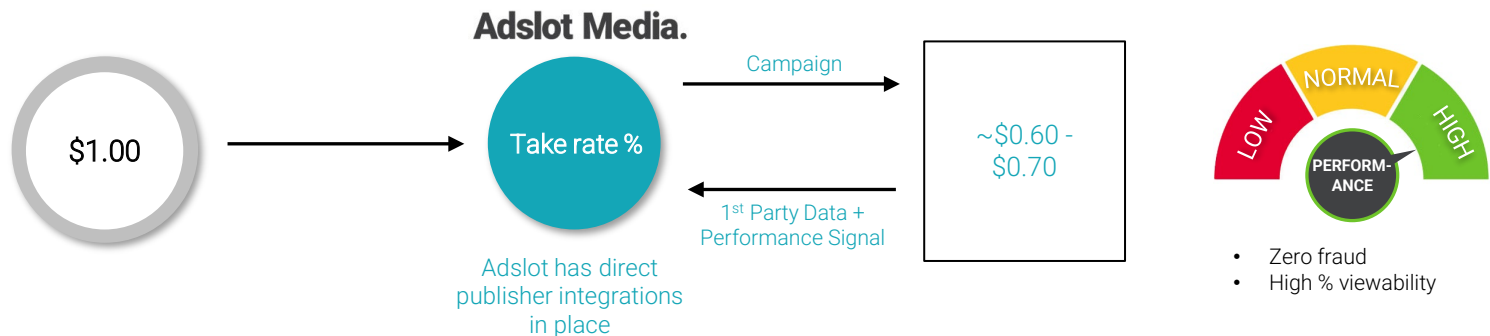

Publisher first-party data and signals become the only means to target 100% of audiences.

Adslot is **the only** audience focused digital media trading solution that is not consumer ID based.

ADSLOT SOLVES FOR OPACITY, THE MISSING AUDIENCE AND COST.
