Ms Melanie Laing, who was appointed as a Director since the last AGM, will retire at the AGM in accordance with Article 6.3 of the Constitution and offer herself for election.

With the assistance of the Nomination Committee, the Board has:

- assessed the skills and experience of current Directors against the Board skills matrix, to ensure that the Board has the necessary skills and experience to effectively discharge its responsibilities, appropriately monitor risk management and add value to the Company;
- conducted an annual performance evaluation of the Board and Committees, including a review of each individual Director, and considered the outcomes in determining whether to support a director standing for re-election or election; and
- considered whether the current Directors standing for re-election and election are independent.

The Board considers Mr Harmer, Ms Rogers and Ms Laing to be independent Non-Executive Directors.

Before appointing a new Director, the Company conducts appropriate checks of their background and experience. These checks were carried out in respect of Ms Laing, and did not reveal any information of concern.

Directors' recommendation

The Directors (with Melanie Laing abstaining) recommend that shareholders vote **FOR** this Resolution.

Resolution 2d – Election of non-Board endorsed Director candidate Stephen Mayne

Mr Stephen Mayne, a non-Board endorsed candidate, has nominated himself for election as a Director of the Company.

The Board has assessed Mr Mayne's skills and experience against the skills matrix in the 2024 Corporate Governance Statement. The Board has considered Mr Mayne's nomination in the context of the composition of the Board, including gender diversity, and the skills required to support the execution of AUB's strategic priorities to drive long-term sustained shareholder growth and value.

Having regard to the nature and scale of AUB Group's businesses, the Board considers that Mr Mayne lacks the skills and experience required of a Non-Executive Director, and has determined not to support his nomination. The Board also considers that Mr Mayne's concerns about the treatment of retail shareholders are not justified.

Mr Mayne requested the following information be included in this Notice of Meeting. The information has not been verified by the Company.

"Stephen Mayne, 55. BCom (Melb). GAICD.

Stephen is a Walkley Award-winning business journalist, successful internet entrepreneur, experienced local government councillor, former banking and insurance writer for The Age newspaper and Australia's leading retail shareholder advocate.

He founded the digital business www.crikey.com.au, Australia's best known independent journalism ezine, in 2000 before selling it in 2005 and remains a contributor. He publishes the corporate governance ezine www.maynereport.com and also produces regular columns and podcasts for Alan Kohler's Intelligent Investor newsletter, which often focus on the treatment of retail shareholders in capital raisings.

His governance experience includes 7 years as a City of Manningham councillor in Melbourne's eastern suburbs, a 4 year term (2012-2016) as a City of Melbourne councillor where he chaired the Finance and Governance committee, 5 years on the Australian Shareholders' Association board and asking probing questions at more than 840 ASX listed company AGMs since 1998.

Stephen nominated for the AUB Group board out of concern over the company's poor treatment of its circa 6,000 retail shareholders in 3 separate capital raisings over the past 3 years, all of which have involved selective institutional placements and 2 of which have included large scale backs of Share Purchase Plans. The net effect of these raisings has seen AUB Group raise \$694 million from so-called "big end of town" institutional investors since 2022 and only \$40 million from its retail shareholders, after the directors unfairly used their discretion and scaled back the 2023 \$15 million SPP by \$22 million and the 2024 \$25 million SPP by \$24 million.

If there is no voice inside the AUB Group standing up for the retail shareholders (who collectively own an estimated 15% of the company) then Stephen is putting himself forward to be that voice and attempt to put a stop to these regular badly structured capital raisings which dilute retail shareholders without compensation."

Directors' recommendation

The Directors recommend that shareholders vote **AGAINST** this Resolution.

Increase in Non-Executive Directors' Fee Cap

Resolution 3 – Approval to Increase the Non-Executive Directors' Fee Cap

The current maximum amount available for payment of Non-Executive Directors' fees in aggregate each year is \$1,500,000. This amount was approved at the 2022 Annual General Meeting.

In accordance with Listing Rule 10.17 and Article 6.5(a) of the Company's Constitution, Shareholder approval is sought to increase the maximum aggregate amount available for Non-Executive Directors' remuneration in any financial year by \$300,000, from the present limit of \$1,500,000 per annum in aggregate to a limit of \$1,800,000 per annum in aggregate. It is emphasised that this is a maximum limit and does not indicate that fees will necessarily be increased to that limit.

Non-Executive Director fees were last increased on 1 July 2023, and will remain unchanged in FY25.

The Board considers that it is appropriate to seek approval for an increase in the Non-Executive Directors' fee cap at this time for a number of specific reasons:

Tysers acquisition

Following completion of the Tysers acquisition, Peter Harmer and Andrew Kendrick were appointed to the Tysers board. Under the Listing Rules, fees paid to an AUB Group Non-Executive Director to serve on a subsidiary of AUB Group are included in the fee cap.

To continue to manage orderly succession planning

Attracting the right Board members and providing effective transition arrangements are fundamental to a high performing Board. To facilitate an orderly transfer of responsibilities, new directors may be appointed prior to the retirement of existing directors, resulting in a short-term increase in the size of the Board and the total fees payable to the directors.

The proposed increase in the fee cap would enable the Company to facilitate succession planning having regard to transition and timing considerations.

Increasing time and responsibilities required of Non-Executive Directors

AUB Group's growth in recent years has resulted in increases in the workload and responsibilities of the Non-Executive Directors on the Board and its Committees. The Board anticipates that this workload is likely to continue to increase over coming years.

The proposed increase in the fee cap would provide flexibility to pay Non-Executive Directors appropriate fees which take into account the increasing workloads and levels of responsibility, including from a compliance and corporate governance perspective.

General increases

It is not intended that the full amount of the proposed maximum fee cap be used immediately, but rather that it be set at a level to allow for growth in Non-Executive Director fees over time to reflect inflation, increasing market competitiveness and conditions.

It is proposed that the increase in the aggregate amount of fees for Non-Executive Directors will take effect immediately after this Meeting.

If Shareholder approval is not obtained, the Non-Executive Directors' fee cap will remain at the present limit of \$1,500,000.

As required by Listing Rule 10.17, the Company confirms that no securities have been issued to Non-Executive Directors in the preceding three years under Listing Rules 10.11 or 10.14.

Given the nature of this Resolution, the Board does not consider that it is appropriate to make a recommendation on how Shareholders should vote on this Resolution. As noted in the Proxy Form, the Chair of the Meeting intends to cast all undirected proxies in favour of this Resolution.

Issue of Performance Share Rights under Long Term Incentive Plan

Resolution 4 – Approval of Issue of Performance Share Rights to Michael Emmett, Director of the Company under the Company's Long Term Incentive Plan

CEO remuneration

Mr Emmett's remuneration arrangements for FY25 as CEO and Managing Director (**CEO**) are unchanged from FY24 and are set out as follows:

Fixed remuneration	\$1,250,000
Short Term Incentive (at target)*	\$1,000,000
Long Term Incentive Opportunity**	\$1,875,000
Total Target Remuneration	\$4,125,000

* Maximum Short-Term Incentive Opportunity for FY25 is capped at 150% of target STI award.

** Face value of LTI award. The FY25 LTI grant is subject to being approved by shareholders at the AGM.

Overview of the Long-Term Incentive Plan (LTIP)

AUB Group's remuneration strategy and framework is based on a 'pay for performance' philosophy which supports sustainable value for shareholders, partners and our people.

The LTIP is used to attract, retain and motivate appropriately qualified and experienced executives who, on an individual basis, have the ability to impact AUB Group's longer term financial performance.

Consistent with this policy, the Board believes that it is in shareholders' interests to provide the CEO with an equity-based long-term incentive to ensure there is alignment between returns to shareholders and the rewards for the CEO.

Approval sought

Shareholder approval is being sought for the grant of 62,563 Performance Share Rights (**PSRs**) to Mr Emmett under the Company's LTIP. Approval is being sought for all purposes, including for ASX Listing Rule 10.14, which requires that shareholder approval be obtained for the acquisition of securities by a director under an employee incentive scheme.

Specific terms of the CEO's LTIP grant

The Board proposes that the CEO be granted 62,563 PSRs under the LTIP for his FY25 award.

The Board has determined Mr Emmett's long term incentive opportunity for the FY25 award is \$1,875,000 (**LTI Opportunity**), representing 150% of his fixed remuneration of \$1,250,000.

The actual number of PSRs to be granted to Mr Emmett was calculated by dividing the dollar value of his maximum LTI Opportunity (being \$1,875,000) by the VWAP of the Company's shares traded on the ASX over the 60 trading days prior to 1 July 2024 (being \$29.97) rounded to the nearest whole number of PSRs.

Key terms of the LTIP and PSRs

The key terms of the PSRs to be granted to the CEO under the LTIP are outlined below.

Vesting Conditions and Performance Period	PSRs will only vest to the extent that the vesting conditions are satisfied over the three year performance period, commencing on 1 July 2024. 40% of PSRs are tested against an EPS hurdle 40% of PSRs are tested against a Relative TSR hurdle 20% of PSRs are tested against a Return on Invested Capital (ROIC) hurdle										
EPS – 40% weighting	The Earnings Per Share (EPS) vesting condition is measured by comparing the compound annual growth rate (CAGR) of the Underlying EPS from 1 July 2024 (the start of the performance period) to the Underlying EPS for the year ending 30 June 2027 (being the final year of the performance period). The percentage of PSRs that may vest is determined based on the following vesting schedule: <table> <tr> <th>CAGR of Underlying EPS</th><th>PSRs subject to EPS vesting condition that vests (%)</th></tr> <tr> <td>Less than 7%</td><td>0%</td></tr> <tr> <td>7%</td><td>50%</td></tr> <tr> <td>Greater than 7% to less than 12%</td><td>Linear vesting from 50% to 100%</td></tr> <tr> <td>12% or more</td><td>100%</td></tr> </table>	CAGR of Underlying EPS	PSRs subject to EPS vesting condition that vests (%)	Less than 7%	0%	7%	50%	Greater than 7% to less than 12%	Linear vesting from 50% to 100%	12% or more	100%
CAGR of Underlying EPS	PSRs subject to EPS vesting condition that vests (%)										
Less than 7%	0%										
7%	50%										
Greater than 7% to less than 12%	Linear vesting from 50% to 100%										
12% or more	100%										
Relative TSR – 40% weighting	Total shareholder return (TSR) measures the percentage growth in the share price together with the value of dividends paid during the relevant three year performance period, assuming all dividends are reinvested into new securities. The Board approves a Peer Comparator Group and has the discretion to periodically review and adjust the composition of the Peer Comparator Group, including to take into account acquisitions, mergers, or other relevant corporate actions. The Peer Comparator Group comprises constituents of the S&P/ASX Small Ordinaries Industrials Index (AXSID), defined at the commencement of the performance period. For purposes of calculating the growth in AUB Group's share price over the performance period, the following opening and closing share prices will be used: - for the opening share price, the VWAP during the 60 trading days ending on the first day of the performance period, and - for the closing share price, the VWAP during the 60 trading days ending on the last day of the performance period. For any PSRs to vest pursuant to the Relative TSR vesting condition, AUB Group's compound TSR must be equal to or greater than the median ranking of constituents of the Peer Comparator Group. The percentage of PSRs that may vest is determined based on the following vesting schedule: <table> <tr> <th>AUB Group's TSR ranking relative to Peer Comparator Group</th><th>PSRs subject to Relative TSR vesting condition that vests (%)</th></tr> <tr> <td>Below the 50th percentile</td><td>0%</td></tr> <tr> <td>50th percentile</td><td>50%</td></tr> <tr> <td>Between the 50th and 75th percentile</td><td>Linear vesting from 50% to 100%</td></tr> <tr> <td>At or above the 75th percentile</td><td>100%</td></tr> </table>	AUB Group's TSR ranking relative to Peer Comparator Group	PSRs subject to Relative TSR vesting condition that vests (%)	Below the 50 th percentile	0%	50 th percentile	50%	Between the 50 th and 75 th percentile	Linear vesting from 50% to 100%	At or above the 75 th percentile	100%
AUB Group's TSR ranking relative to Peer Comparator Group	PSRs subject to Relative TSR vesting condition that vests (%)										
Below the 50 th percentile	0%										
50 th percentile	50%										
Between the 50 th and 75 th percentile	Linear vesting from 50% to 100%										
At or above the 75 th percentile	100%										

**ROIC –
20% weighting**

The ROIC vesting condition is measured based on the average annual return on invested capital (**ROIC**) achieved from 1 July 2024 (the start of the performance period) to 30 June 2027 (being the final year of the performance period).

ROIC in each year is calculated as EBITA Less Tax divided by Average Invested Capital, defined as follows:

EBITA Less Tax	Underlying NPAT plus interest expense related to external borrowings (net of interest received from operating bank accounts) as per consolidated financial statements after tax.
Invested Capital	The sum of equity attributable to equity holders of the parent plus interest-bearing loans and borrowings (excluding lease liabilities), less cash and cash equivalents not held in trust.
Average Invested Capital	(Invested Capital at financial year end + Invested Capital at previous financial year end)/2
3 year average ROIC	Simple average of ROIC in each of the 3 years of the performance period

The percentage of PSRs that may vest is determined based on the following vesting schedule:

3 year average ROIC	PSRs subject to ROIC vesting condition that vests (%)
Less than 11%	0%
11%	50%
Greater than 11% to less than 12%	Linear vesting from 50% to 100%
12% or more	100%

Vesting

PSRs vest following testing by the Board at the end of the performance period. Prior to vesting, the outcome is assessed holistically against individual and Group performance to determine if any discretion to vary from formulaic results should apply.

The Board will have the discretion to exclude the impact of significant acquisitions or capital raisings that are considered in the best long-term interest of AUB if these occur within the final 12 months of the performance period. Any discretion applied will be disclosed.

If PSRs vest, the Board has discretion to issue new shares, acquire shares on-market or to cash settle to satisfy the PSRs that will vest.

The CEO receives one share for each PSR that vests or, if the Board determines, an equivalent cash payment.

There is no conversion price or exercise price payable for the conversion of the vested PSRs.

Holding Lock

There will be a holding lock for a period of one year from the date the PSRs vest and convert into Shares, during which period Mr Emmett will be restricted from dealing with any of the Shares allocated on vesting. The holding lock shares are subject to malus and clawback as set out below.

**Malus and
clawback**

The Board has broad malus powers to lapse unvested PSRs in a number of circumstances including fraud, dishonesty, gross misconduct, breach of duties or obligations, a material misstatement, error or omission in the financial report, to prevent a participant being entitled to an inappropriate benefit.,.

The clawback policy also permits the Board to seek repayment of the value of any shares allocated on exercise of the PSRs, as well as cash payments received on vesting and exercise of PSRs.

**Eligibility for
dividends**

No dividend entitlements will accrue or be made on PSRs that do not vest. An amount (based upon dividends paid by AUB during the performance period) accrues on the PSRs and is paid in cash at the end of the performance period if the PSRs vest. Dividend entitlements will not result in any dividend payments

	on PSRs during the vesting period.
Voting rights	PSRs do not carry any voting rights. Shares allocated on vesting and conversion of PSRs carry the same dividend and voting rights as other Shares.
Cessation of employment	If the CEO ceases employment before his PSRs vest, then the following treatment applies: • if employment is terminated in accordance with Mr Emmett's employment agreement, without notice, for serious misconduct or by reason of illness, injury or incapacity of Mr Emmett, all unvested PSRs will automatically lapse; and • if employment is terminated with notice given by the Company or Mr Emmett, all unvested PSRs remain on foot and will be tested in the ordinary course.
Change of control event	There is no automatic vesting of PSRs on a change of control. The Board has discretion to determine the appropriate treatment of unvested PSRs in the event of a change of control having regard for the circumstances of the change of control. Where the Board does not exercise this discretion, there will be a pro-rata vesting of PSRs based on the proportion of the performance period that has passed at the time of the change of control event.
Reorganisation	If any reorganisation (including consolidation, subdivision, reduction or return) of the issued capital of the Company is effected, PSRs may be adjusted in the manner required by the Listing Rules.
Restrictions on dealing/hedging	PSRs are not transferable and participants are prohibited from entering into hedging arrangements in respect of PSRs.
Participation in new and bonus issues	PSRs carry no entitlement to participate in new issues of Shares by the Company prior to the vesting and exercise of the PSRs. In the event of a bonus issue, PSRs will be adjusted in the manner required by the Listing Rules.

Other Information Required by ASX

The following information in relation to the issue of PSRs to Mr Emmett is provided to shareholders:

- Michael Emmett is the only Director of the Company eligible to participate in the Company's equity incentive schemes. Mr Emmett falls within the requirements of Listing Rule 10.14.1 as he is a director of the Company. Any additional persons covered by Listing Rule 10.14 who become entitled to participate in an issue of securities under the scheme after the resolution is approved and who were not named in this Notice of Meeting will not participate until approval is obtained under that Listing Rule.
- The Company uses PSRs because they create shareholder value and alignment between executives and ordinary shareholders but do not provide the executives with the full benefits of share ownership (such as dividend and voting rights) unless and until the PSRs vest.
- The PSRs are being issued for nil consideration as they form part of Mr Emmett's incentive arrangements.

The following securities have previously been issued to Mr Emmett for nil consideration under the LTIP:

Directors' recommendation

The Directors (with Michael Emmett abstaining) recommend that shareholders vote **FOR** this Resolution.

Placement Capacity Refresh

Resolution 5 – Placement Capacity Refresh (Prior Issue of Institutional Placement Shares)

Background

The Company issued 7,272,728 Shares pursuant to the fully underwritten institutional placement announced by the Company to ASX on 22 May 2024 (**Institutional Placement**), utilising the Company's placement capacity under Listing Rule 7.1.

ASX Listing Rules 7.1 and 7.4

This Resolution proposes that shareholders of the Company approve and ratify the prior issue and allotment of 7,272,728 Shares (**Institutional Placement Shares**) which were issued on 28 May 2024 (**Issue Date**).

All of the Institutional Placement Shares were issued by utilising the Company's existing capacity under Listing Rule 7.1.

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue or agree to issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

The issue of the Institutional Placement Shares did not fit within any of the exceptions to Listing Rule 7.1 and, as it has not been approved by the Company's shareholders, it uses up part of the 15% limit in Listing Rule 7.1, reducing the Company's capacity to issue further equity securities without shareholder approval under Listing Rule 7.1 for the 12 month period following the Issue Date.

Listing Rule 7.4 allows the shareholders of a listed company to approve an issue or agreement to issue of equity securities after it has been made or agreed to be made. If they do, the issue or agreement to issue is taken to have been approved under Listing Rule 7.1 (provided that the issue or agreement to issue did not breach Listing Rule 7.1) and so does not reduce the company's capacity to issue further equity securities without shareholder approval under Listing Rule 7.1.

The Company wishes to retain as much flexibility as possible to issue additional equity securities into the future without having to obtain shareholder approval for such issues under Listing Rule 7.1.

To this end, this Resolution seeks shareholder approval to subsequently approve the prior issue of the Institutional Placement Shares for the purposes of Listing Rule 7.4.

If Resolution 5 is passed, the issue of the Institutional Placement Shares will be excluded in calculating the Company's 15% capacity to issue equity securities under Listing Rule 7.1 without shareholder approval over the 12 month period following the Issue Date.

If Resolution 5 is not passed, the issue of the Institutional Placement Shares will be included in calculating the Company's 15% capacity to issue equity securities under Listing Rule 7.1 without shareholder approval over the 12 month period following the Issue Date.

Information Required by ASX Listing Rule 7.5

The following information is provided to shareholders in relation to the issue of the Institutional Placement Shares.

- (a) The Institutional Placement Shares were issued to Institutional Investors who were identified through a bookbuild process, which involved Macquarie Capital (Australia) Limited seeking expressions of interest to participate in the Institutional Placement from non-related parties of the Company. No investor who was issued with more than 1% of the

Company's issued capital under the Institutional Placement is:

- (i) a related party of the Company;
 - (ii) a member of the Company's key management personnel;
 - (iii) a substantial holder in the Company;
 - (iv) an adviser to the Company; or
 - (v) an associate of any of the above.
- (b) The Company issued 7,272,728 Shares.
- (c) The Shares were fully paid on issue and ranked equally in all aspects with all existing fully paid ordinary shares previously issued by the Company.
- (d) The Shares were issued on 28 May 2024.
- (e) Each of the Shares was issued at an issue price of \$27.50 per Share which raised \$200,000,000 (before costs).
- (f) Funds raised from the issue of the Shares were used by the Company to increase financial flexibility and balance sheet strength to allow the Company to capitalise on its attractive and value accretive bolt-on acquisition pipeline.
- (g) The Shares were issued pursuant to a placement agreement, the material terms of which were announced to ASX on 22 May 2024 and are as follows:
- (i) The lead manager and underwriter was Macquarie Capital (Australia) Limited;
 - (ii) The management fee was 0.4% of the Institutional Placement proceeds (ex-GST);
 - (iii) The Institutional Placement was fully underwritten; and
 - (iv) The underwriting fee was 1.6% of the Institutional Placement proceeds (ex-GST).
