# SPECIAL ITEMS OF BUSINESS

## Item 4. Issue of Performance Rights to Managing Director

Resolution 4 seeks approval, for the purposes of ASX Listing Rule 10.14 and for all other purposes, for the issue of 626,312 Indeterminate Performance Rights (Rights) under the Company's Long-Term Incentive Plan (LTIP) to the Company's Managing Director, Mr Quinton Hildebrand, and for the issue of ordinary shares in the Company upon vesting of those Rights.

The Company seeks the approval for the grant of Rights pursuant to ASX Listing Rule 10.14, which requires shareholder approval to be obtained prior to the issue of any equity securities to certain persons including Directors. If approval is granted under ASX Listing Rule 10.14, approval is not required under ASX Listing Rule 7.1. Details and key terms of the grant are set out below.

If shareholder approval is obtained, the Company will issue the Rights to Quinton Hildebrand within three years of the date of the Meeting. If shareholder approval is not obtained, the Board will review feedback received from investors and consider alternative arrangements to appropriately remunerate and incentivise the Managing Director, which may include replacing the equity component of the LTIP with a cash-based incentive.

### 4.1 Background

The LTIP was introduced in October 2006 and Quinton Hildebrand is presently the only Director entitled to participate in this Plan.

The participation of Quinton Hildebrand (and other selected executives of the Company) in the LTIP is a result of the Company's decision to provide long-term rewards that are linked to shareholder returns. Under the LTIP, selected executives and the Managing Director may be offered a number of Rights. Each Right provides the entitlement on vesting to acquire one fully paid ordinary share in the Company (**Share**) for nil consideration payable.

The number of Rights to be offered to participating executive employees is determined as a fixed percentage of the executive's fixed remuneration using a monetary valuation for each Right equivalent to the VWAP of Ridley shares traded during the five-day period immediately prior to the effective date of grant. For the Managing Director, the maximum fixed percentage of the fixed

remuneration is 170%, divided into two tranches. The first tranche, Tranche A, represents 70% of his total fixed remuneration of \$772,500 (inclusive of superannuation) while the second tranche, Tranche B, represents 100% of the total fixed remuneration. In addition to total fixed remuneration and long-term incentive entitlements, the Managing Director is entitled to participate in the Company's short-term incentive plan with a maximum opportunity of 150% of his total fixed remuneration, representing a maximum monetary award entitlement of \$1,158,750.

Under the LTIP, Rights vest at the conclusion of a three-year performance period commencing on the effective date of grant (Performance Period), provided both of the following performance criteria are met:

- that the employee is employed by the Company or another company within the Ridley Consolidated Group on the date of vesting (subject to certain exceptions including where employment ceases due to death, disability or redundancy); and
- that the Company achieves a target performance level, as measured by reference to the Return on Funds Employed (ROFE) over the three-year Performance Period for Tranche A and to the Company's Absolute Total Shareholder Return (TSR) over the three-year Performance Period for Tranche B.

With an effective grant date of 1 July 2024, the Performance Period for the Rights will be from 1 July 2024 to 30 June 2027.

ROFE is calculated as being the average annualised Ridley Consolidated EBITDA for the Performance Period divided by the average of the funds employed at the start and end of that Performance Period.

TSR is expressed as a percentage and calculated as the sum of the cents per share increase in the Share price from the effective date of grant (being 1 July 2024) to the last day of the three-year Performance Period (being 30 June 2027) plus the aggregate of cents per share dividends paid throughout the Performance Period, divided by the Share price at the effective date of grant. All Share prices adopted in the calculations comprise the five-day VWAP immediately prior to the relevant start and end dates of the Performance Period.

The first \$1,000 of value for vested Rights is paid to the employee in cash, with the remainder settled through the issue of Shares, with the allotment to exclude that number of Shares which is equivalent at the time of vesting to the \$1,000 of value paid in cash.

Under the LTIP rules, where a participant ceases to be an employee (and is not immediately employed by another company within Ridley) or submits a letter of resignation prior to the completion of a Performance Period, other than because of a Qualifying Reason, any Rights of the participant in relation to that Performance Period expire at the earlier time of termination or the submission of the letter of resignation, and the participant is treated as having never held those Rights.

Where a participant ceases to be an employee (and is not immediately employed by another company within the Ridley Consolidated Group) or submits a letter of resignation prior to the completion of a Performance Period due to a Qualifying Reason, any Rights of the participant in relation to that Performance Period are forfeited in the same proportion as the remainder of the Performance Period bears to the three-year Performance Period, and the surviving Rights are tested for possible vesting at the date of the employee's departure.

In addition, the LTIP rules provide that where the participant is dismissed from employment for cause, or acts fraudulently or dishonestly or is in breach of duty to a company within the Group or has brought a company within the Group into serious disrepute (in the Board's reasonable opinion) then the participant will forfeit any right or interest in the Rights or Shares issued.

A summary of the terms of the LTIP is set out in Schedule 1 to this Notice of Meeting and can also be found in the Remuneration Report on pages 21 – 30 of the 2024 Annual Report.

A copy of the LTIP rules will be made available free of charge if requested by a shareholder from the Company Secretary.

## 4.2 Terms of the proposed issue of Rights

### Timing of issue

If approved by shareholders, the Rights will be issued before 31 December 2024.

### Consideration for issue and vesting

The Rights issued to Quinton Hildebrand will be issued for nil consideration payable, and each Right will provide Quinton Hildebrand with the entitlement on vesting to acquire one fully paid ordinary share in the Company for nil consideration. As noted above, the first \$1,000 of value for vested Rights is paid to the employee in cash, with the remainder settled through the issue of Shares.

### Maximum number of Rights

The maximum number of Rights which may be acquired by Quinton Hildebrand under the shareholder approval being sought is 626,312 being the number of Rights under the LTIP equal in value to 170% of the fixed remuneration of the Company's Managing Director as at, and valued at the \$2.097 VWAP of Ridley shares traded in the five days immediately prior to, the 1 July 2024 effective date of grant. No price is payable upon vesting of the Rights.

### Details of Rights previously granted under the LTIP to Directors or their Associates

Quinton Hildebrand is presently the only Director entitled to participate in the LTIP. Quinton Hildebrand currently holds 1,386,588 Rights which were issued following receipt of shareholder approval at the 2022 and 2023 Annual General Meetings.

No Director, nor any Associate of any such Director, has received any Rights since the date of the last approval of Rights to Quinton Hildebrand at the 2023 Ridley Annual General Meeting.

### Performance hurdles

The number of Rights that vest and Shares to be allocated to the Managing Director at the end of the Performance Period is to be determined by reference to the following hurdles:

### Tranche A: ROFE measured as EBITDA/Funds Employed

Performance hurdles	Potential vesting
< 20%	Nil% of Tranche A Rights.
20%	50% of Tranche A Rights.
20% – 27.5%	50% – 100% of Tranche A Rights on a pro rata straight line basis.
> 27.5%	100% of Tranche A Rights

### Tranche B: Total Shareholder Return

Performance hurdles	Potential vesting
< 30%	Nil% of Tranche B Rights.
30%	50% of Tranche B Rights.
30% – 52%	50% – 100% of Tranche B Rights on a pro rata straight line basis.
> 52%	100% of Tranche B Rights.

On this basis, the Managing Director will receive his full entitlement to Shares with respect to Tranche A if the Company achieves an EBITDA to Funds Employed percentage of 27.5% or more over the Performance Period.

On this basis, the Managing Director will receive his full entitlement to Shares with respect to Tranche B if the Company achieves a Total Shareholder Return over the entire three-year Performance Period in excess of 52%.

If the Company's EBITDA to Funds Employed is less than 20% at the end of the three-year Performance Period, then all Tranche A Rights will lapse and be cancelled. If the Company's Total Shareholder Return for the three-year Performance Period is less than 30%, then all Tranche B Rights will lapse and be cancelled.

## 4.3 Other information

A voting exclusion statement is set out immediately beneath Resolution 4 on page 3 of this Notice of Meeting.

Quinton Hildebrand is a Director and therefore falls within the category in ASX Listing Rule 10.14.1.

No loans have been or will be provided by the Company in relation to the issue of Rights to, or the vesting of Rights by, Quinton Hildebrand under the LTIP.

Details of any Rights issued to a Director or their Associates under the LTIP will be published in the Company's Annual Report relating to the period in which they were issued, which will also contain a statement that shareholder approval for the issue of the Rights was obtained under ASX Listing Rule 10.14.

Any person other than Quinton Hildebrand who becomes entitled to participate in the LTIP, and who requires approval to participate in the LTIP under ASX Listing Rule 10.14, will not be issued Rights until that approval is obtained under ASX Listing Rule 10.14.

### Recommendation

The Board, other than Quinton Hildebrand, recommends that shareholders vote in favour of this Resolution 4 and the Chair will be voting any available and undirected proxies in favour of it.

## Item 5. Approval of issues under the LTIP

Adopted by the Board in 2006, the LTIP is part of the Company's remuneration policy of providing long term rewards linked to shareholder returns. Under the LTIP, certain executives and the Managing Director of the Company may be offered Indeterminate Performance Rights (Rights). Rights granted under the LTIP are rights to acquire fully paid ordinary shares in the Company subject to certain performance criteria.

The Board intends to continue to make regular grants of Rights under the LTIP, including the proposed grant of Rights to the Managing Director as contemplated by Resolution 4 (subject to shareholder approval).

# SPECIAL ITEMS OF BUSINESS continued

As shareholders last approved the issue of securities under the LTIP in November 2021, Resolution 5 seeks the approval of shareholders for issues of Rights under the LTIP for the purposes of ASX Listing Rule 7.2, Exception 13(b) and for all other purposes.

ASX Listing Rule 7.1 requires shareholder approval for an issue of equity securities if, over a 12 month period, the number of equity securities issued is more than 15% of the number of ordinary shares on issue at the start of that 12 month period (15% Rule). ASX Listing Rule 7.2, Exception 13(b) provides that an issue under an employee incentive scheme is not counted when calculating the available 15% limit under ASX Listing Rule 7.1 if, within the three years prior to the date of the issue, approval of shareholders has been obtained to the issue of securities under the scheme in accordance with that exception.

Accordingly, approval is sought for the purposes of ASX Listing Rule 7.2, Exception 13(b) for the issue of Rights to employees under the LTIP. This approval continues for three years, at which time it must be renewed or it will expire. It should be noted that any proposed issue of Rights under the LTIP to a related party (including Directors) will require additional shareholder approval under Listing Rule 10.14 at the relevant time. If such additional shareholder approval for an issue of Rights under the LTIP to a related party is not obtained, then those Rights cannot be issued.

In the absence of the approval sought pursuant to this resolution, issues of Rights under the LTIP must be made under the 15% Rule (unless separate shareholder approval is obtained for those issues under ASX Listing Rule 7.1).

The Board considers that this resolution will assist the Company in continuing to manage its capital requirements efficiently by ensuring that the 15% limit is not diminished by issues of Rights under the LTIP and that capacity is available for capital management initiatives as may be necessary.

## 5.1 Terms of the LTIP

A summary of the terms of the LTIP is set out in Schedule 1 to this Explanatory Memorandum. A description of the LTIP can also be found in the Remuneration Report on pages 21 – 30 of the Company's 2024 Annual Report and a copy of the LTIP rules will be made available free of charge if requested by a shareholder from the Company Secretary.

## 5.2 Securities issued under the LTIP

The number of Rights issued under the LTIP since the date of the last approval of the LTIP at the Annual General Meeting on 24 November 2021 is as follows:

Date of issue	Number of Rights
1 July 2022	3,033,730
1 July 2023	2,859,350
1 July 2024*	2,298,639
<b>Total</b>	<b>8,191,719</b>

\* Excludes 626,312 Rights for the Managing Director which are subject to shareholder approval under Resolution 4 of the Meeting.

As the Performance Periods for the above Rights have not yet been completed, none of the above Rights have yet converted to fully paid ordinary shares.

## 5.3 Securities proposed to be issued under the LTIP

The maximum number of Rights proposed to be issued under the scheme over the three years following approval at the 2024 Annual General Meeting is 15,000,000.

This maximum is not intended to be a prediction of the actual number of Rights to be issued under the LTIP but is specified for the purposes of setting a ceiling on the number of Rights approved to be issued under and for the purposes of ASX Listing Rule 7.2, exception 13(b). Once that number is reached, any additional issues of Rights under the LTIP would not have the benefit of ASX Listing Rule 7.2, exception 13(b) without a fresh shareholder approval.

## Item 6. Proportional Takeover Provisions

Resolution 6 seeks shareholder approval for the proportional takeover bid approval provisions in rules 83 and 84 of the Company's Constitution (Approval Provisions) to be renewed for a period of three years from the date of the meeting.

### 6.1 Approval Provisions

Under the Corporations Act, a company may include in its constitution a provision to enable the company to refuse to register shares acquired under a proportional takeover bid unless a resolution is passed by the members in a general meeting approving the bid.

The Board considers that it is in the best interests of members for the Company to have a proportional takeover provision in its Constitution.

Rules 83 and 84 of the Constitution currently set out proportional takeover approval provisions which were most recently renewed on 24 November 2021. In accordance with the Corporations Act, unless renewed, these provisions will expire three years after their last renewal, on 24 November 2024.

The Board considers that it is in the best interests of members for the Company to renew the Approval Provisions for a term of three years from the date of the Meeting.

### 6.2 Proportional takeover bid

A proportional takeover bid is an off-market takeover offer sent to all members but only in respect of a specified portion of each member's shares in the Company.

### 6.3 Effect of the Approval Provisions

If a proportional takeover bid is made, the Board must ensure that a meeting of members is held, in general, more than 14 days before the last day of the bid period, at which members will consider a resolution to approve the proportional takeover bid. For the resolution to be approved, it must be passed by a simple majority of votes at the meeting, excluding votes of the bidder and its associates.

If the resolution is not voted on within the required timeframe, the resolution is taken to have been approved. However, the Corporations Act requires the Directors to ensure that the approving resolution is voted on. If the resolution is approved or taken to have been approved, all valid transfers of shares under the proportional takeover bid must be registered.

If the resolution is not passed, the offer under the takeover bid will be taken to have been withdrawn and no transfer of shares will be registered as a result of the proportional takeover bid. Acceptances will be returned and any contracts formed by acceptances will be rescinded.

The proposed Approval Provisions will expire three years after their adoption unless renewed by a further special resolution.

The Approval Provisions do not apply to full takeover bids.

#### **6.4 Reasons for proposing the resolution**

A proportional takeover bid may result in effective control of the Company changing hands without members having the opportunity of disposing of all their shares. Members are exposed to the risk of being left as a minority in the Company and the risk of the bidder being able to acquire control of the Company without payment of an adequate control premium for all shares.

The proposed Approval Provisions will allow members to decide whether a proportional takeover bid is acceptable and should be permitted to proceed.

#### **6.5 Presently proposed acquisitions**

As at the date of preparation of this Explanatory Memorandum, no Director is aware of any proposal by any person to acquire or increase the extent of a substantial interest in the Company.

#### **6.6 Potential advantages and disadvantages**

The Corporations Act requires the Company to review the advantages and disadvantages of the proportional takeover provisions proposed to be renewed as it relates to the period in which the provisions have been in effect (that is, since 24 November 2021). As there were no proportional takeover bids for the Company while the

provisions were in operation, nor at any time since, there are no actual examples on which to assess the advantages or disadvantages of the proportional takeover provisions for the Directors and shareholders of the Company. The Directors are not aware of any proposed bid which did not proceed during that period because of the provisions. However, the potential advantages and disadvantages which are discussed below have been relevant during the last 3 years in which the proportional takeover provisions have applied.

The Board considers that the Approval Provisions have no potential advantages or disadvantages for the Directors, who remain free to make a recommendation on whether an offer under a proportional takeover bid should be accepted or not.

The potential advantages for members of the Approval Provisions include:

- (i) Shareholders have the right to decide by majority vote whether an offer under a proportional takeover bid should proceed.
- (ii) Shareholders may more effectively advise and guide the Directors' response to a proportional takeover bid. This is important as a proportional takeover bid may result in shareholders becoming part of a minority interest in the Company which may therefore have an effect on the market price of their shares.
- (iii) Knowing the view of the majority of shareholders may help each individual member assess the likely outcome of the proportional takeover bid and decide whether to accept or reject an offer under the bid.

The Approval Provisions may therefore enable shareholders to avoid being coerced to accept a proportional takeover bid which they believe is inadequate, but nevertheless accept the concern that a significant number of shareholders will accept.

- (iv) The Approval Provisions increase members' bargaining power and may encourage a bidder to set its offer price at a level that will be attractive to the shareholders who vote.
- (v) The Approval Provisions may encourage a bidder to make a full bid for the whole shareholding of each shareholder, so that shareholders may have the opportunity of disposing of all their shares rather than only a proportion.

The potential disadvantages for members of the Approval Provisions include:

- (i) The existence of the Approval Provisions in the Constitution may discourage proportional takeover bids, thus reducing the opportunity for shareholders to sell a portion of their shareholding.
- (ii) An individual shareholder who wishes to accept a proportional takeover bid will be unable to sell to the bidder unless a majority of shareholders are in favour of the proportional takeover bid. Shareholders may therefore lose an opportunity to sell some of their shares at a premium.
- (iii) The likelihood of a proportional takeover succeeding may be reduced. It is therefore possible that the existence of the Approval Provisions might have an adverse effect on the market value of the Company's shares by making a proportional takeover offer less likely. Any element of takeover speculation in the share price may therefore be potentially reduced.
- (iv) If a proportional takeover bid is made, the Company will incur the cost of calling a shareholders' meeting.

The Board does not believe that the potential disadvantages outweigh the potential advantages of renewing the Approval Provisions for a period of three years from the date of the Meeting.

#### **Recommendation**

The Directors recommend that shareholders vote in favour of this Resolution 6 and the Chair will be voting on any open proxies in favour of it.

## SCHEDULE 1

### Summary of the terms of the Ridley Corporation Limited Long-Term Incentive Plan (LTIP)

A summary of the key terms and conditions of the LTIP is set out below. A copy of the LTIP Rules will be made available free of charge by the Company if requested by a shareholder. All requests should be addressed to the Company Secretary.

Capitalised terms used in this summary have the meaning in the LTIP Rules, unless otherwise indicated.

### Performance Rights

Under the LTIP, the Board may issue Rights to eligible employees, where a Right means any right of a LTIP participant to be allocated a fixed cash payment of \$1,000 (in respect of the first \$1,000 of value for vested Rights) plus (in respect of the balance of the value of the entitlement) such number of fully paid ordinary shares in the Company (Shares) as is equal to one Share per vested Right, subject to achievement of certain performance criteria.

The number of Rights granted to a holder represents the maximum number of Shares that the holder may acquire under the LTIP on vesting of the Rights. The offer and allocation of Rights may comprise up to two tranches, Tranche A and Tranche B, each of which will be subject to separate performance hurdles. The actual number of Shares that could be acquired by the holder on vesting of the Rights depends on satisfaction of the relevant performance criteria (explained below). On this basis, the number of Shares allocated to the holder on vesting of Rights under the LTIP may be lower, but cannot be higher, than the number of Rights held.

# SCHEDULE 1 continued

## Entitlement to participate

The Board may in its absolute discretion make an offer of Rights to an Eligible Employee selected by the Board, on the terms and conditions determined by the Board. An Eligible Employee means, in relation to such an offer, any employee of the Ridley Consolidated Group (excluding a Non-Executive Director of the Company but including a full or part-time Executive Director, employee, consultant, officer or contractor of the Company or any other company within the Ridley Consolidated Group) who is invited by the Board to participate in the LTIP.

## Vesting of Rights and allocation of Shares

The Performance Period for a grant of Rights is the period of time over which the Performance Criteria, each as specified in the offer letter, must be satisfied. The date upon which the Performance Period ends is referred to as the Test Date. The Company's performance as at the Test Date will be tested in accordance with the Performance Criteria (set out below).

Having regard to such performance, the Company will determine the number of Shares to be allocated to a holder (if any).

Once the Company has determined the number of Shares that it is required to allocate, it will make that allocation as soon as reasonably practicable.

## Performance Criteria

In order for the Rights to vest and Shares to be allocated to a holder, the following Performance Criteria will need to be satisfied:

### (a) Employment Condition

Either the holder must still be employed by the Company at the Test Date, or their employment with the Company will need to have ceased prior to that date for a 'Qualifying Reason', defined in the LTIP Plan Rules as:

- (i) the death, total and permanent disability or redundancy of the Participant as determined by the Board in its absolute discretion;
- (ii) the Participant ceases to be employed by a company within the Ridley Consolidated Group as a result of a company ceasing to be a member of the Ridley Consolidated

Group, or a company in the Ridley Consolidated Group selling a business it conducts other than to another company in the Ridley Consolidated Group;

- (iii) the Participant ceases to be employed by a company within the Ridley Consolidated Group as a result of a Company-initiated termination for reasons other than cause; or
- (iv) any other reason as determined by the Board in its absolute discretion.

Where a Participant ceases to be an employee (and is not immediately employed by another company within the Ridley Consolidated Group) or submits a letter of resignation prior to the completion of a Performance Period, other than because of a Qualifying Reason, any Rights of the Participant in relation to that Performance Period expire at the earlier time of termination or the submission of the letter of resignation and the Participant is treated as having never held those Rights.

Where a Participant ceases to be an employee (and is not immediately employed by another company within the Ridley Consolidated Group) or submits a letter of resignation prior to the completion of a Performance Period due to a Qualifying Reason, any Rights of the Participant in relation to that Performance Period are forfeited in the same proportion as the remainder of the Performance Period bears to the three-year Performance Period and the surviving Rights are tested for possible vesting at the date of the employee's departure.

### (b) Company Performance Condition

In addition, the Company must have achieved a certain target performance level, measured over the Performance Period by reference to the performance hurdle associated with the relevant tranche of Rights.

## Number of Shares to be allocated to a holder

The number of Rights that vest and Shares to be allocated to the participating employees at the end of the Performance Period are to be determined by reference to the Performance Criteria applicable to the relevant tranches of Rights on issue.

## Valuation of Rights

For the purposes of determining the number of Rights to be offered to Eligible Employees, the valuation of Rights occurs at the effective date of grant using the five-day VWAP immediately prior to the effective date of grant.

For accounting purposes and in accordance with the requirements of Australian Accounting Standard AASB 2 Share Based Payments, the Rights are valued using appropriate and widely accepted valuation methodologies which take into account the effective date of grant of the Offer, the Company's Share price at that date, the nil exercise price of the Rights, the Company's share price volatility, and the probability of achieving the Performance Criteria.

Under Australian accounting standards, this value will be expensed progressively over the Performance Period. The Company engages an independent, professional valuer to conduct this AASB 2 calculation for Tranche A before adjusting for the likelihood of exceeding the ROFE hurdle, and for Tranche B.

## Lapse of Rights

Regardless of the number of Shares allocated after the Test Date, all Rights that vest on the Test Date will then lapse and the holder will have no other rights with respect to them.

Rights will also lapse if:

- a forfeiture event occurs (as determined by the Board);
- the holder ceases to be an employee (subject to the exceptions explained above); or
- the holder has (in the reasonable opinion of the Board) acted fraudulently, dishonestly or in material breach of his or her obligations to the Company.

## Limitations on the number of Shares that may be issued

Under the LTIP, the Board must not make an Offer of Rights if the total number of Shares that have not been approved by shareholders and that are the subject of Rights (and any other entitlements to Shares, whether under the LTIP or other employee incentive schemes) at the time of the Offer exceeds (or would exceed) 5% of the Company's total number of Shares on issue at that time.

# SCHEDULE 1 continued

## Restrictions on dealing with Rights and Share

### (a) Rights

The holder cannot transfer, assign or novate Rights without the approval of the Board, and Rights will not be listed for quotation on any stock exchange.

### (b) Shares

One of the purposes of the LTIP is to encourage employees to share in the ownership of the Company. As a result, the LTIP imposes certain restrictions on when a holder can dispose of Shares that they are allocated under the LTIP. In particular, a holder will only be able to dispose of, or transfer, Shares issued under the LTIP under the following circumstances:

- (i) continuing employees:
  - may dispose of 33% of shares earned following the Performance Period (i.e. following the third anniversary of the Date of Award of the Rights);
  - may dispose of a maximum of 66% of shares earned a year after the Performance Period (i.e. following the fourth anniversary of the Date of Award of the Rights); and
  - may dispose of all Shares earned two years after the Performance Period (i.e. following the fifth anniversary of the Date of Award of the Rights);
- (ii) the holder has ceased to be an employee (and was not immediately employed by another company within the Ridley Consolidated Group);
- (iii) a Change of Control Event occurs; or
- (iv) the holder received written consent from the Board in extenuating circumstances.

In addition, if Shares are allocated to a holder under the LTIP and remain subject to disposal restrictions, they are subject to forfeiture at the discretion of the Board if the holder's employment is terminated for cause or he or she has acted fraudulently, dishonestly or in material breach of his or her obligations to the Company.

## Consequences of a Change of Control Event

If a Change of Control Event (as explained below) occurs during the Performance Period, the Test Date for the Performance Period will be brought forward and the date of the Change of Control Event will be deemed to be the Test Date.

The Company's performance will be tested as at that deemed Test Date in accordance with the Performance Criteria explained above, and the holder will be entitled to be allocated such number of Shares as is determined by reference to the performance achieved by the Company for the respective tranches as explained above. For the purposes of this determination and to facilitate a meaningful measurement outcome, the Performance Criteria for Tranche A are aligned with the TSR criteria applied to Tranche B.

For the purposes of the LTIP, a Change of Control Event occurs if a third party obtains a relevant interest in greater than 50% of the Company's Shares, the Company's Board recommends a takeover bid for the Company, or if the Board determines, in its absolute discretion, that a change of control has occurred prior to the acquirer exceeding 50% ownership due to a takeover bid or scheme of arrangement or similar event.

However, if the new controller has shares listed on the ASX, the holder may agree with the Company to forego this right and to require the Board to take all reasonable steps to enable the holder to be issued new rights relating to securities in the new controller, so as to provide an incentive on substantially similar terms.

## Adjustments

Other than in respect of shares issued under a Dividend Reinvestment Plan, if (before the Test Date) the Company makes any new issue of securities, or other alterations to its capital by way of a rights issue, bonus issue or other distribution of capital, reduction of capital, or reconstruction of capital:

- the Board will reconstruct the number of Rights granted to the holder to the extent, if any, required to comply with the ASX Listing Rules; and
- the Board may make adjustments to the number of Rights granted to the holder on any other basis it sees fit in its absolute discretion.

If the Company declares and pays a special dividend to holders of all issued Shares, the Board may in its absolute discretion, with effect from the time of declaration of the special dividend, make adjustments to the number of the holder's Rights to take into account the effect of that special dividend.

## Amendments

The Board has the discretion to amend at any time all or any of the provisions of the LTIP and the terms and conditions of an Offer under the LTIP. However, the Board cannot do so without the consent of a participant if the amendment would prejudicially affect the existing rights of a participant, with the exception that (even in those circumstances) the Board may make an amendment if it is primarily for the purpose of complying with present or future law, to correct any manifest error or mistake, or to take into consideration possible adverse tax implications in respect of the LTIP.

In addition, the Board has power (subject to the ASX Listing Rules) to waive in whole or in part any of the Performance Criteria or other terms or conditions applicable to a participant's Rights if:

- a Change of Control Event occurs or is likely to occur; or
- the participant ceases to be an employee.

## Termination

The Board can terminate the operation of the LTIP at any time, so long as doing so does not prejudicially affect the existing rights of existing participants.
