INTRODUCTION

ABOUT THE STAR

The Star Entertainment Group is an ASX-listed company that owns and operates The Star Sydney and The Star Gold Coast. In addition, the Company has a fifty percent interest in The Star Brisbane which began operations subsequent to 30 June 2024 (the details of which are set out on page 37 of this report). The Star Entertainment Group also manages the Gold Coast Convention and Exhibition Centre on behalf of the Queensland Government. In August 2024, the closure of Treasury Brisbane was completed and The Star Entertainment Group commenced operating The Star Brisbane.

The Star's purpose is to create fun at trusted destinations. The Star welcomes millions of guests every year across its three properties in Brisbane, the Gold Coast and Sydney and deliver unique and memorable experiences. We employ approximately 8,000 team members while also supporting downstream employment and are proud to support the communities in which we operate.

ABOUT THIS ANNUAL REPORT

This Annual Report is a review of The Star Entertainment Group Limited ("The Star" or the "Company" and, together with its subsidiaries, the "Group") and its subsidiary companies' performance for the financial year ended 30 June 2024. Where appropriate, information is also provided in relation to activities that have occurred after 30 June 2024. Please also see the Company's website for specific matters disclosed to the ASX since 30 June 2024.

OUR COMMITMENT TO TRANSFORMATION

The Star Entertainment Group Limited is going through a period of immense transformation. We fully appreciate the responsibilities involved in holding casino licences in Queensland and New South Wales and are committed to ensuring The Star as a transparent, accountable organisation, founded on a strong ethical framework and supported by robust leadership and governance so we may regain the trust of all of our stakeholders including our guests, regulators, the Manager/Special Manager/External Adviser, shareholders, suppliers, partners, the community and our dedicated team members.

Our team members today care deeply about doing what is right and are strongly committed to ethical and compliant behaviour. The Star is committed to doing what is required to retain and regain our licences to operate our casinos in Queensland and New South Wales respectively.

CHAIRMAN'S REPORT

**To our shareholders,
In closing out an extremely challenging year
I would like to extend my thanks for your
patience and support.**

The first half of the year was focused on the commencement of the Remediation Plan, although it was quickly evident that a refinement of the plan would support more meaningful outcomes through better sequencing, planning and focus on strategic priorities.

Coming out of the recent Bell Two Inquiry, and having reset our Remediation Plan, we are absolutely focused on the path ahead to drive sustainable long term cultural transformation for the company.

To facilitate this we've made considerable changes within The Star Entertainment Group (TSEG) to support remediation efforts and set the business on a new, stronger path for the future.

These changes include my appointment as Chair on 29 April 2024, and a number of significant executive appointments including Steve McCann as our Group CEO and Managing Director (announced on 26 June 2024 subject to regulatory approvals).

We are also currently making changes to increase the accountability and direct supervision of each of our properties, which will be overseen by newly appointed CEOs.

While 2024 has delivered a convergence of challenges — including regulatory change and adverse trading conditions which are reflected in our results — we are emerging from this period with a clarity of focus and commitment to the task ahead.

**We are absolutely focused
on the path ahead to drive
sustainable long term
cultural transformation for
the company.**

It will take time, dedication and collaboration at all levels, but with the right structure in place, our new management team and the Board are working closely with our regulators, special manager and key stakeholders to set things right and do what is required to regain our licences to operate our casinos in Queensland and New South Wales.

I wish to take this opportunity to thank the new management team and my fellow directors for their ongoing commitment and support in remediating and transforming TSEG.

I would also like to acknowledge the hard work of our thousands of team members during these challenging times and thank them for their efforts.

Finally, a special word of thanks to our shareholders, as I know many of you have shown great loyalty to the business for an extended period — not just over the past 12 months.

We appreciate the trust you have that our remediation efforts will transform the business into the strong, safe and ethical business we all want it to be — and we will work hard to earn and reward that trust.

Anne Ward
Chairman
The Star Entertainment Group

CEO'S REPORT

Dear shareholders,

As you know, The Star has experienced exceptional challenges over the past few years, with the last 12 months being particularly difficult.

Neale O'Connell started his role at The Star as Interim Chief Financial Officer on 25 March 2024 when the Bell Two inquiry was underway and was appointed Acting CEO on 24 June 2024 on a temporary basis, until our permanent Group CEO and Managing Director Steve McCann receives all necessary regulatory approvals (at the time of writing, these are progressing but remain pending).

In this report, we will focus on The Star's financial performance and outlook.

FY24 FINANCIAL PERFORMANCE

The Star's 2024 financial year (FY24) performance was impacted by challenging trading conditions, cost of living pressures, casino operating reforms and loss of market share.

Group revenue for FY24 was \$1,678 million, in line with the earnings guidance provided on 24 June 2024 and down 10% on FY23. Operating expenses remained elevated at \$1.1 billion, reflecting increased spending on transformation and remediation related activities, and additional resourcing for risk and controls. These costs were partially offset by savings from reduced activity and The Star's previously announced cost-out program which was completed in 1H FY24.

Earnings before Interest and Tax (EBIT) (before significant items) declined 56% from \$122 million in FY23 to \$54 million in FY24 and Group funding costs reduced 38% reflecting the reduction and refinancing of legacy debt.

Significant items of \$1.7 billion (after tax) included a \$1.44 billion non-cash impairment charge reflecting the impact of challenging trading conditions as well as various recent and upcoming regulatory changes on each of The Star's properties. Other significant items included deferred tax expense in relation to the derecognition of deferred tax assets, debt refinancing costs, restructuring costs, and \$100 million of regulatory, fines, penalties, duties, and consultant, legal and other costs (including \$16.7 million relating to the Bell Two inquiry).

The Star reported normalised net profit after tax (NPAT) of \$12 million for FY24 versus \$41 million in FY23 and a Statutory NPAT loss of \$1,685 million versus a Statutory NPAT loss of \$2,435 million in FY23.

No dividends were declared.

CAPEX AND JOINT VENTURE CONTRIBUTIONS

The Star's capital expenditure (capex) in FY24 was \$76 million, below depreciation of \$121 million. Capex was comprised of maintenance capex of approximately \$55 million and remediation capex of approximately \$22 million. In FY24, The Star made equity contributions of \$98 million, of which \$75 million related to the Destination Brisbane Consortium joint venture (DBC JV) and \$23 million related to the Destination Gold Coast Consortium joint venture (DGCC JV).

MANDATORY CARDED PLAY

Mandatory carded play in certain areas and cash limits of \$5,000 successfully commenced at The Star Sydney on 19 August 2024. Mandatory carded play will be required across The Star Sydney's entire gaming floor by 19 October 2024 and cash limits will reduce to \$1,000 by 19 August 2025. Since the introduction on 19 August 2024 of mandatory carded play in certain areas and the \$5,000 cash limits, revenue in the first month at The Star Sydney was down 10.7% compared to the four-week average prior to the introduction.

Preparations are currently underway at The Star's Queensland properties for implementation of mandatory carded play, mandatory pre-commitments and cash limits, subject to the finalisation of regulations, on which we are presently engaging with the Queensland regulator.

Whilst we expect these regulatory changes to have a negative impact on the earnings of The Star, the quantum of the impact remains uncertain at this point in time.

PROPERTIES

The Star's property portfolio has undergone changes in the past year. In November 2023 the sale of the Sheraton Grand Mirage Gold Coast was completed, and a \$23 million profit was recorded upon divestment.

On 25 August 2024 The Treasury Brisbane was closed and the phased opening of The Star Brisbane in the heart of the multi-billion-dollar Queen's Wharf precinct commenced on 29 August 2024.

The staged opening of The Star Brisbane includes the opening of The Star Grand hotel, the main gaming floor and premium gaming rooms, Event Centre, Sky Deck, pedestrian bridge, public realm and certain food and beverage outlets. Further food and beverage venues, the Leisure Deck and retail spaces will open progressively throughout FY25, whilst the Dorsett and Rosewood hotels are expected to open in late calendar 2026.

On 6 September 2024 we announced the sale of the leasehold interest in the Treasury Casino Building to Griffith University with settlement occurring on 30 September 2024. This divestment delivered net sale proceeds of \$60.5 million (plus GST) after settlement adjustments. The Treasury Hotel and carpark are actively being marketed and we are expecting a sale of both assets by 1H FY25.

CEO'S REPORT (CONT.)

LIQUIDITY AND NEXT STEPS

The Star's monthly operating expenses have trended up through 2H FY24 and this trajectory has continued in the start of FY25, driven by increased transformation and remediation related activities, offsetting The Star's previously announced cost reduction program. Trading performance has also continued to deteriorate and as a result, whilst The Star had available cash of \$130 million at 31 August 2024, it faces significant near-term liquidity pressures.

These pressures include funding of The Star's operations at current trading levels; ongoing transformation and remediation related activities (with total FY25 remediation costs expected to be approximately \$100 million, comprised of operating costs of approximately \$63 million and capex of approximately \$37 million) as well as significant DBC JV equity contributions, and anticipated outflows associated with ongoing regulatory matters, such as the AUSTRAC civil penalty proceedings and underpaid casino duty in NSW.

Forecast equity contributions into the DBC JV have been revised and the timing of payments has shifted, reflecting timing of construction and pre-opening costs. The Star's share of forecast JV equity contributions to fund the costs to complete the project are currently estimated to be \$174 million in FY25 and \$183 million in FY26 and thereafter. We also expect The Star will be required to make further equity contributions to the DBC JV to fund costs associated with operations as the business ramps up.

To address these near-term liquidity issues, The Star's existing corporate lenders have executed commitment letters for a new two-tranche term facility of up to \$200 million, subject to execution of long-form documentation and satisfaction of various conditions.

The new facility is intended to replace the existing undrawn \$117 million revolving credit facility and provide The Star with additional liquidity over and above our existing \$300 million drawn four-year term facility and the \$33 million drawn bank guarantees retained from the existing syndicated facility.

Tranche One of the new facility (\$100 million) is expected to be available to draw by late October 2024, and, if conditions precedent are satisfied, will be available until 20 December 2024. Tranche Two (a further \$100 million) is subject to more extensive conditions precedent, which if satisfied, will be available to draw by the end of December 2024. Tranche Two has a four-month availability period following the drawing of Tranche One.

The lenders have also agreed to provide covenant waivers for the 30 September 2024 and 31 December 2024 testing dates, which will apply to both the new facility and the existing retained facilities.

A condition precedent for Tranche 2 requires the company to raise \$150 million in subordinated debt.

In addition to the debt refinancing, the management team is in the process of implementing a range of other initiatives and measures to improve business performance and support The Star's liquidity position. These include cost initiatives aiming to deliver over \$100 million in annualised savings with targeted implementation by March 2025. Further work is currently underway to identify additional cost savings, and we are progressing the sale processes for The Treasury hotel and car park which we expect to complete in 2H FY25. The Star's FY25 capex is forecast to be \$80 million (excluding remediation capex of \$37 million).

We have been engaging with state governments, the NSW Independent Casino Commission and the Office of Liquor and Gaming Regulation regarding other potential support measures.

Additional measures such as further non-core asset sales are also being assessed to further support The Star's liquidity position.

As we work through these initiatives, the Board and management team remain focused on restoring long-term shareholder value and will consider all options available to the Group to achieve this.

CONCLUSION

We fully appreciate the privilege and responsibility involved in holding licences in Queensland and New South Wales and are absolutely committed to rebuilding The Star as a transparent, accountable organisation, founded on a strong ethical framework and supported by robust governance, so we may once again have the trust of all of our stakeholders including our guests, regulators, shareholders suppliers partners the community and our dedicated team members.

We would like to acknowledge and thank the Board, our team members, shareholders and The Star's other stakeholders for their ongoing support.

SUSTAINABILITY REPORT

The Star is committed to operating responsibly, minimising our impact on the environment, creating safe and memorable experiences for guests and fostering wellbeing for our team members and the community.

SUSTAINABILITY STRATEGY

In 2022 we launched our *'Responsible Business, Sustainable Destinations Strategy'* which we aligned to the United Nations Development Goals. This strategy is designed to address the Environmental, Social and Governance (ESG) issues that our stakeholders regard as being important. We continue to review and refresh our sustainability strategy to ensure it addresses the issues identified as material by our stakeholders, recognising that these may evolve, and stakeholder expectations may change over time.

Our 2024 Sustainability Report contains key metrics and information about The Star's progress in identifying and managing its most material ESG issues. Additional information can be found in other performance reports on the company website.

MATERIALITY AND STAKEHOLDER ENGAGEMENT

To assess materiality and develop our sustainability strategy we appointed external consultants in FY23 to undertake a matrix analysis which is based on the requirements of the Global Reporting Index, Accountability AA1000 Principles Standard, and the International Integrated Reporting Council Framework.

This analysis ranks the materiality of ESG issues identified by our stakeholders as part of a broader stakeholder engagement program (and can be found on our corporate website). We utilise the rankings to assist us in prioritising and reporting on ESG issues relevant to our business and stakeholders.

In recent years, as evidenced in the various public inquiries and most recently the 2024 Bell Two Inquiry, there have been a number of systemic and leadership failings at The Star.

As a result, whilst the rankings in FY24 are broadly similar to those identified in FY23, priorities relating to:

- restoring trust,
- regaining suitability to hold our casino licences, and
- transforming our organisation into a sustainable business for the long term, have gained greater significance this year and we have accordingly prioritised attention and resources to these areas.

REPORTING PERIOD AND SCOPE

This Sustainability Report covers the:

- Period 1 July 2023 to 30 June 2024 (FY24), except for our gender pay gap and gender diversity data which covers 1 April 2023 to 31 March 2024 as part of The Star's Workplace Gender Equality Agency reporting under the relevant legislation.
- Assets which The Star is responsible for managing on a day-to-day basis in their entirety and has had operational control of for the full (12 month) FY24 reporting period.
- Various regulatory matters are discussed in detail in the Financial Report and the Notes to the Financial Statements.

1. RESPONSIBILITY (GOVERNANCE)

1.1 REGULATORY COMPLIANCE AND RELATIONSHIPS

The Board acknowledges that corporate governance is fundamental to the effective and compliant operation of the Company, its subsidiaries and controlled entities (The Star). As a key priority, The Star has focused on uplifting corporate governance across its operations, embedding effective risk management practices and building a strong risk and compliance culture to support its suitability.

A copy of the Group's 2024 Corporate Governance Statement is available on the Company's website at www.starentertainmentgroup.com.au/corporate-governance.

The Star recognises that robust and fit for purpose corporate governance practices are imperative to enable the Group to regain its suitability to hold casino licenses and for ensuring the long-term sustainability of the Group's businesses, including operating The Star Sydney, The Star Gold Coast, Treasury Brisbane and the new The Star Brisbane at Queens Wharf, which opened in late August 2024.

The Star is currently undertaking a significant, organisation-wide transformation and renewal program. The Group Leadership Team (with oversight from the Board) is responsible for implementing and overseeing the progress of this program of work, business performance and reporting, leading external engagement and advocacy and overseeing ESG progress. The Board oversees the management of sustainability related risks and opportunities.

The Casino Regulatory Environment

Key regulatory milestones in New South Wales (NSW)

The regulatory environment for The Star's casino operations in NSW has undergone significant change over the last three years including major legislative changes to the NSW Casino Control Act and reforms to internal controls.

The Casino Control Act was amended on 5 September 2022 to establish the NSW Independent Casino Commission (NICC) and remove regulatory casino supervision from the Independent Liquor and Gaming Authority (ILGA). The NICC is responsible for regulating and supervising casinos in NSW and regulating comprehensive measures targeting key issues such as gambling harm, money laundering and other criminal activity. Under the delegation of the NICC, Liquor & Gaming NSW (L&GNSW) administers systems for the licensing, supervision, and control of NSW's two casinos.

These measures include the implementation of mandatory carded play and restrictions on the use of cash. In mid-August 2024, the NSW Gaming Minister confirmed that in recognition of the practical difficulties encountered by both casino operators (The Star and Crown Resorts) in implementing technology changes for cashless gaming and carded play that transitional arrangements had been agreed. These transitional arrangements have extended The Star's deadline to rollout mandatory carded play across The Star Sydney from 19 August 2024 to 19 October 2024 and the limit on cash play from a maximum of \$5,000 per day from 19 August 2024 down to \$1,000 a day by 19 August 2025.

In accordance with the new transitional arrangements on 19 August 2024, The Star implemented mandated carded play in the private gaming areas and on select games on the main gaming floor. The player cards can be linked to a deposit account with verified associated debit card and/or bank account for cashless funding at the cage.

1. RESPONSIBILITY (GOVERNANCE) (CONT.)

1.2 RESPONSIBLE BUSINESS OPERATIONS

Pathway to suitability and remediation

As set out in other parts of this report (including the Directors' Report and the Financial Statements) the Company has been the subject of various public inquiries which have resulted in a number of regulatory actions, including the suspension of casino licences in respect of The Star Sydney and The Star Gold Coast.

These events resulted in a detailed remediation plan being adopted to address the significant failings by the Company and will apply to all properties it manages. More recently, The Star has comprehensively revised its remediation plan to take into account lessons learned during the initial period of implementation and the findings and recommendations of the Bell Two Report. The revised Remediation Plan and the achievement of relevant milestones is in part designed to assist the Company in demonstrating its suitability to hold relevant casino licences across all properties.

The Star has also taken the opportunity to enhance and uplift the scope of Remediation Plan to deliver better outcomes for the Company, its team members, customers and the community. Elements of the revised Remediation Plan include:

- Reprioritisation of the Remediation Plan and sequencing of milestones, informed by comprehensive dependency mapping, program and change management planning.
- A greater focus on the needs of each of our casinos – key uplifts in our control environment will now be supported by dedicated risk and compliance teams in each Property led by the respective Property CEOs. Support will continue to be provided through our Group functions.
- Further significant enhancements have been planned in relation to Governance to ensure there is effective, close and direct supervision of each Casino Licensee and the appropriate lines of accountability and reporting flows between management and various entities across the Group and the individual casinos. This will enable The Star to more effectively address the findings and recommendations of the various inquiries, including the recently released Bell Two Report.

- Values & ethics, leadership and capability are given more prominence, recognising their critical impact on cultural change.

As part of the review, we assessed our capability and capacity to deliver the Remediation Plan on time and to a high quality. As previously advised, The Star has made a number of new executive appointments with relevant industry experience who have contributed to the reset of the Remediation Plan and who will also provide the necessary leadership to facilitate the cultural changes required.

i. Transforming our culture

In July 2024, Elizabeth Arzadon was appointed as an independent adviser to the Board on Culture and Ethics, subject to regulatory approvals. A new General Manager of Culture and Organisational Development has also been appointed, as well as a General Manager of Culture and Ethics Oversight.

We are developing a comprehensive strategy for reinforcing our new purpose, values and principles in day-to-day decision making, and over the next six months we will be embarking on a strategic campaign to engage and inspire team members on new ways of working. We are focused on ensuring that team members understand how their actions deliver Safer Gambling, financial crime control, risk and compliance outcomes.

In addition, we have created a specific strategy for supporting our people to feel safe in raising and escalating any concerns they have, and will implement actions to improve how well our leaders listen and respond to the concerns of our team members.

We are further reviewing our Code of Conduct, to ensure it is designed in a way that is practical, relevant and useful for guiding every-day decision making and behaviour. We will also refine our consequence management program to further reinforce behaviour aligned to our cultural expectations.

Towards the end of this period, we will be conducting a comprehensive assessment of our progress, with a focus on measuring the outcomes from our efforts, using evidence and feedback from both team members and external stakeholders. This process will enable us to course-correct if needed, and continuously improve our culture reform program to ensure our actions are delivering genuine change.

ii. Leadership and accountability

The Star has experienced considerable organisational change since the Bell and Gotterson reviews. We have been focused on building out the operating structure of the Group and have made several significant recent leadership appointments to enhance the remediation and transformation of our organisation. These include the appointment of:

- Steve McCann as our Group CEO (appointed in July 2024, subject to regulatory approvals),
- Jeannie Mok as Group Chief Operating Officer (appointed in June 2024, subject to regulatory approvals),
- Neale O'Connell as Interim Group Chief Financial Officer (appointed in March 2024, subject to regulatory approvals which were received on 15 July 2024), and
- Rowena Craze as Group Chief Audit Officer (appointed in April 2024, subject to regulatory approvals).

We are also currently making changes to increase the accountability and direct supervision at each property and expect these changes to be substantially complete by the end of calendar year 2024. As part of these organisational updates, we have created property-based Operational Business Units in Brisbane, the Gold Coast and Sydney. Each Property is now led by a dedicated CEO who reports to the Group CEO and Managing Director. Daniel Finch and Janelle Campbell were appointed CEO at The Star Brisbane and The Star Sydney, respectively, in January 2024 and Mark MacKay was appointed on 9 September 2024 as CEO of The Star Gold Coast.

iii. Financial crime prevention

In FY24 The Star has continued to undertake a detailed review of its risk management policies, processes, procedures, systems, and controls and has been making required improvements to uplift its management of financial crime risk.

To date, The Star has implemented a new Anti-Money Laundering/Counter Terrorist Financing Program, enhanced its oversight and governance framework for financial crime, enhanced financial crime risk assessment methodologies and models, enhanced customer due diligence processes, improved its transaction monitoring rules and established a financial crime assurance function.

We continue to work to improve our customer due diligence processes across the areas of transaction monitoring, rules, and data and technology controls.

We have also increased resourcing in our first and second-line financial crime risk teams by appointing additional subject matter experts. The Star continues to strengthen and develop new financial crime policies, processes, procedures, systems and controls. We continue to engage with our State based regulators to provide updates on our Remediation Plan activities.

iv. Uplift in governance

To enhance and uplift our governance there have been recent changes to the Board. These changes have included the:

- appointment of Anne Ward as Chair of the Board on 29 April 2024 (replacing David Foster);
- appointment of Toni Thornton as an independent non-executive director in October 2023;
- appointment of Peter Hodgson as an independent non-executive director in February 2024;
- departure of Robbie Cooke in March 2024 (as CEO & Managing Director); and
- departure of David Foster in June 2024.

In addition, a new Board Charter has been implemented and the cadence of Board meetings has increased as has the quality of Board and Committee reporting. The Star has also implemented property level risk committees to improve oversight and focus on issues specific to each property.

1. RESPONSIBILITY (GOVERNANCE) (CONT.)

The Star recognises the importance of ethical conduct by all its directors, management team members and contractors. We have a Code of Conduct, which all team members must adhere to in the course of performing their duties of employment. Our Code of Conduct articulates the behavioural standards we have set ourselves and behaviours expected of our team members while employed by The Star.

The Star's Code of Conduct can be found at: www.starentertainmentgroup.com.au/corporate-governance.

v. Enhanced operational processes

Internal Control Manuals (ICMs) govern the way The Star works. They are approved by regulatory bodies, L&GNSW and Office of Liquor and Gaming Regulation (OLGR) in Queensland, and set out principles, requirements and business processes within The Star.

The Star continues to invest in the design and implementation of controls at both a Group and property level. This has included the implementation of revised ICMs in New South Wales in July 2023 and Queensland ICMs in August 2024 to support the opening of The Star Brisbane and uplift for The Star Gold Coast. This work has improved the control environment and is a key step in The Star being better able to manage its operations.

Additionally, we have reviewed our current policies and frameworks and have revised 57 policies and frameworks, including our Code of Conduct, Risk Management Framework, Compliance Management Framework and our Safer Gambling, Incident and Breach Management, Conflicts of Interest, Responsible Service of Alcohol and Whistleblower Protection policies. These uplifts are intended to provide clarity to all team members of The Star on how they work, what is expected of them in their roles, and what is acceptable conduct.

vi. Safer Gambling

Preventing and minimising gambling related harm is a key focus for The Star, and we are working actively with stakeholders and regulators to realise this goal with guests and the broader community. This is crucial to fostering a long-term, mutually beneficial relationship with our guests, as well as adopting a public health model of Safer Gambling and reflecting community standards.

In FY24 The Star maintained its Safer Gambling accreditation from RG Check, a comprehensive and global responsible gambling accreditation program developed by independent non-profit organisation Responsible Gambling Council.

The Board's Safer Gambling, Governance and Ethics Committee was established in FY23 to oversee Safer Gambling, a responsibility previously held by the People, Remuneration and Social Responsibility Committee. The Committee is chaired by Anne Ward (The Chairman of The Star's Board of Directors) and meets several times a year to review Safer Gambling progress and performance.

Safer Gambling Committees operate at each property to support the management, delivery, and awareness of harm minimisation objectives at a local level. Chaired by the respective property's Chief Operating Officer or their nominated representative and attended by senior leaders, these committees meet monthly to review operational statistics, emerging trends, best practice, new initiatives, and to explore opportunities to improve our effectiveness in preventing and minimising harm.

We have Safer Gambling team specialists available 24/7 to provide specialised support to operational staff and guests to minimise the potential harm of gambling. We also provide information on gambling help services, community groups or referrals. Guests can access support regarding Safer Gambling practices, which encompasses recognising signs, exploring treatment choices, accessing resources like BetCare and external support agencies and community groups, self-exclusion, and individualised commitment programs. These are made available to provide free, confidential support for individuals who are adversely affected by their own or someone else's gambling behaviour.

In addition, The Star launched *PlayBreak* in 2022, an initiative to support player monitoring and reduce gambling harm. This program involved training our frontline gaming team with skills to interact with guests after three hours of play, encouraging them to take a 15 minute break from gaming.

Now, *PlayBreak* electronically monitors a guest's data whenever their membership card is inserted in a gaming machine or swiped at a gaming table. When they reach the system's set time limits, an alert is sent to a staff member who will locate the guest to recommend a break and check on their wellbeing. Staff members will also encourage non-carded players to take regular breaks from gambling and endeavour to enforce manual play breaks where a player is noticed to have been gambling continuously for three or more hours.

The Star excludes some guests from gaming areas, products and services to help reduce the risks of experiencing gambling-related harm. Gambling-related exclusions can either be requested by the guest, which is known as a 'self-exclusion', or as a result of an assessment by The Star that determines they are at risk of gambling related harm. Guests can also manage self-exclusion online.

1.3 GUEST SAFETY, PRIVACY AND SECURITY

Preventing minors and unattended minors

We have zero tolerance for minors entering designated gaming areas within the casino and use various procedures to strictly prohibit it.

Incidents of children left unattended in or around our properties are viewed very seriously by The Star, its regulators and the community. As such we train staff in the management of situations involving unattended children, apply prompt supervision of unattended children, where considered appropriate, or as required by law, report parents or guardians to the relevant authorities, and where appropriate exclude parents or guardians from the Group's properties.

Responsible Service of Alcohol (RSA)

RSA committees in each property meet monthly to manage and monitor activities and incidents related to the RSA program and work towards continuous improvement. The Star also meets regularly with regulators and stakeholders to engage in constructive discussions regarding initiatives that promote the responsible service of alcohol. Board oversight of the RSA program is provided by the Safer Gambling, Governance and Ethics Committee. The Star's RSA program is designed to maintain safe venues at each property by providing role-specific training for team members, refusing entry to intoxicated patrons, and addressing signs of intoxication and undesirable activity.

1. RESPONSIBILITY (GOVERNANCE) (CONT.)

Security and Surveillance

The Star continues to deliver 24/7 security and surveillance monitoring in addition to Standard Operating Procedures that respond to any suspected undesirable conduct across its three venues in Sydney, Gold Coast and Brisbane.

A multi-million-dollar uplift to move from a 30-day to a 3-month retention of CCTV footage was completed with the implementation at Gold Coast and at Star Queens Wharf Brisbane on opening, as part of new regulatory requirements.

The Star has more than 9,500 CCTV cameras installed across its three properties and has over 600 team members working in the security and surveillance department. The overall number of CCTV cameras in operation across the Group is expected to increase to more than 10,000 as further stages of The Star Queens Wharf Brisbane are opened.

Privacy and Cyber Security

We recognise and respect the obligation to protect the rights of all individuals — guests, team members, and partners — by handling information in an ethical, secure, and legally compliant manner to ensure their safety, and that of the wider community.

The Star's Group Manager Privacy and Information Governance is responsible for overseeing and enhancing The Star's privacy and data protection strategy. The Star's privacy obligations are governed by The Star's Privacy Compliance Policy.

Throughout our operations, we have established standard operating procedures, policies, and guidelines that embed privacy principles across our business. Whenever we introduce new products or services to enhance guest experiences, customer privacy is a central consideration in the design and implementation process. We are dedicated to continuously refining our approach to privacy and data protection in accordance with The Star's Privacy Management Framework.

We also take our responsibilities to protect information seriously and continue to invest in technologies to identify and address new cyber threats.

Some of the key initiatives undertaken by the cyber program in the past year include:

- Enhancing the identity and access management framework to ensure that only authorized users have access to sensitive data and applications.
- Deploying advanced threat detection and prevention tools that leverage artificial intelligence and machine learning to identify and block malicious activities.
- Conducting regular cyber awareness training and simulations for all staff and contractors to foster a culture of security and resilience.
- Strengthening the cyber governance and compliance framework to align with industry standards and best practices.

2. COMMUNITY AND PEOPLE (SOCIAL)

2. COMMUNITY AND PEOPLE (SOCIAL) (CONT.)

2.1 COMMUNITY WELLBEING AND TRUST

The Star strives to be a responsible corporate citizen as part of its purpose is to ‘create fun at trusted destinations’. Each property is committed to supporting the communities in which they operate and where team members live and work.

We are committed to maintaining a positive relationship with our neighbours and surrounding communities by meeting our legal requirements for noise emissions from our properties and support related government and community initiatives for the responsible service of alcohol.

Awards and accreditation

- **During FY24, The Star received the following awards and accreditations: ATIC Accessibility certification in the following programs: Hearing; Vision; Mobility (Limited); Mobility (Wheelchair); Cognitive**
- **Quality Tourism Accredited Business**
- **Sustainable Tourism Accredited Business**
- **EarthCheck Master Certification**
- **GCEEC named Spice Hot 100 Winner for the following categories: Best Venue for a Gala Dinner; Best Convention Centre Catering; Best Mega Venue in Australia**

Community commitment and development

Star is proud to continue our ongoing support for a range of charities, not-for-profit groups and community organisations across Brisbane, the Gold Coast and Sydney.

In FY24, The Star partnered with organisations including:

- Perry Cross Spinal Research Foundation Gala Dinner
- SOP Serving our People Gala Dinner
- Gold Coast Mayoress Charity Ball
- Aussie Athlete Fund
- Currumbin Wildlife Hospital, and
- GIVIT, our new National Community Partner. We have worked with GIVIT in the past on several initiatives, including bushfire relief efforts and directly supporting some of their 3,800 partner organisations. GIVIT are the disaster relief and charity partner of choice for several State Governments across Australia.

Employee Giving Program

In FY24, our employees participated in local community outreach, supported local charities and our staff giving program “Open Your Hearts” including:

- The Smith Family
- Save the Children (Sydney)
- The Sanctuary Women, Children and Pet Refuge
- Mermaid Beach Surf Lifesaving Club
- Queensland Retired Police Association
- Movember
- Cancer Council
- White Ribbon
- Lifeline

Community Grants Program

The Star Community Grants Program provides support to projects and initiatives that have a positive and lasting impact in cities in which we have operations. We provide a mechanism to fund capital projects, events and activities through a consistent, fair and transparent process to ensure a range of community groups, charities and not-for-profit organisations are supported.

Organisations supported in F24 include:

- Pyrmont History Group
- Food Bank's 'Families at Christmas' Program
- Small Steps 4 Hannah
- Gold Coast Hospital Foundation
- Motor Neurone Disease Association of Queensland
- Rosie's Youth Mission
- Kelly Wilkinson Foundation
- Mental Illness Fellowship of Australia
- Youth Music Venture
- Gold Coast Academy of Sport
- St John's Crisis Centre
- Seed the Ground
- Hear and Say
- Queensland Music

Our Community Grants Program is funded through The Star's Found Monies (standing charity donation boxes, "wishing well" fountains, or the proceeds of lost property sales) to guarantee that this money collected goes back into the community where it is most needed.

Local community engagement

The Star Sydney is an integral member of the local Pyrmont community and supporter of:

- the Pyrmont Food and Wine Festival
- Christmas in Pyrmont
- Pyrmont Cares

It has also maintained strong partnerships with sporting organisations including NSW Rugby League men's and women's teams and Australian Turf Club's race meets including The Star Championships.

The Star Gold Coast maintains several long-term relationships with key charity partners on the Coast and continues to actively encourage team members to contribute to the community in which they live, work and play. We have partnerships with Gold Coast Suns AFL and the Gold Coast Titans NRL clubs and have the management rights for the Gold Coast Convention and Exhibition Centre (GCCEC) located next door to The Star Gold Coast. This is a significant asset to the overall Gold Coast City which we have managed on behalf of the Queensland government (the owners) since 2004. Each Christmas, the Gold Coast Convention and Exhibition Centre hosts its annual Build-A-Bike initiative, an event designed to bring joy to the Gold Coast's most vulnerable youngsters by gifting them brand-new bicycles.

In addition to community donations and partnerships The Star Gold Coast is also involved in developing tourism and visitation to the region through various events and sporting partnerships, including Naming Rights Partner of Gold Coast Magic Millions Carnival and Raceday.

Treasury Brisbane continued its support of local craft brewers and winemakers through its partnership with The Royal National Agricultural and Industrial Association of Queensland's (RNA) Royal Queensland Beer and Wine Awards. These awards have provided the opportunity to promote some of Queensland's best beer and wine as well as the emerging talent and craftsmanship of these breweries and wineries. The Star also partners with one of Queensland's newest and most prestigious art prizes, the Brisbane Portrait Prize and the Royal Queensland Art Society. These partnerships help to showcase some of the most talented artists in Brisbane and beyond, as well as playing an integral role in an art prize that is quintessentially Brisbane.

We also support city icons, Brisbane Broncos and Brisbane Racing Carnival.

2. COMMUNITY AND PEOPLE (SOCIAL) (CONT.)

Community trust – raising awareness and Safer Gambling support

The Star engages in various activities across the jurisdictions in which we operate, including gambling awareness weeks and promotional campaigns. Safer Gambling Awareness Weeks are annual events that give us the opportunity to participate with help services and other stakeholders to address gambling concerns in the community. This year, The Star established an advisory committee consisting of representatives from academia, service providers and multicultural committees to inform our Safer Gambling priorities and practices.

Our Marketing teams also ensure our advertising and promotional materials and campaigns adhere to Safer Gambling principles and harm prevention and minimisation practices. Over the past year, we completed a global survey of marketing practices designed to prevent or minimise gambling harm and used them to further enhance our approach. We also use a regulatory technology product called Law of the Jungle to assist in making sure our marketing collateral complies with legal requirements and standards.

2.2 SUSTAINABLE AND ETHICAL SUPPLY CHAIN

Responsible sourcing

Our Supplier Code of Conduct establishes requirements for our suppliers. As part of the contracting process, suppliers are required to agree to comply with the Supplier Code of Conduct which covers:

- Human Rights, labour practices, and anti-discrimination.
- Equal employment opportunity (EEO) and supplier diversity.
- Community involvement.
- Environmental sustainability.
- Workplace health and safety.
- Anti-corruption.
- Supply chain management.
- Privacy.

In addition, our Procurement operations ensure relevant audits and certifications are obtained prior to high-risk purchases, including certifications in relation to:

- Timber (Forest Stewardship Council),
- Seafood (Marine Stewardship Council), and
- Food safety audits (i.e. HACCP).

We have a Standing Operating Procedure to help ensure that timber products being imported are not sourced from illegal logging.

The Star is a member of Supply Nation, a non-profit organisation that aims to grow the Aboriginal and Torres Strait Islander business sector through the promotion of supplier diversity in Australia.

Modern Slavery

The Star is committed to protecting and supporting the rights of people within our business and supply chain. Our Modern Slavery Working Group which comprises members from social responsibility, procurement, and employee relations teams continue to develop and improve our risk management and supplier engagement programs.

The Star provides an annual modern slavery statement that addresses reporting requirements under the Modern Slavery Act 2018 (Cth), which is submitted to the Australian Border Force Modern Slavery Register by 30 December each year. To read The Star's most recent Modern Slavery Statement please visit www.starentertainmentgroup.com.au/modernslavery.

2.3 EMPLOYEES – HEALTH, SAFETY AND WELLBEING

Our people are integral to the success of our business and accordingly we place significant emphasis on attracting and retaining talent, ensuring our employees' safety and wellbeing and providing ongoing training and development.

As of 30 June 2024, The Star employed 8,172 people.

TOTAL NUMBER OF EMPLOYEES BY EMPLOYMENT CONTRACT TYPE

EMPLOYMENT CONTRACT		FY24 TOTAL	% TOTAL
Permanent	Full-time	4,027	49.3%
	Part-time	2,277	27.9%

Total		8,172	100%

Safety and wellbeing

The significant changes within The Star as it embarks on its remediation program of work can impact team members' mental health. We are mindful of the psychosocial risks at work.

As such, a key focus has been training leaders to provide open and transparent communication to destigmatise mental health issues and to foster a culture of understanding, inclusion, care and support.

We have prioritised raising awareness about mental health and wellness through various communication channels. Our intranet, email newsletters and internal social platforms provide regular updates on mental health resources and initiatives including Unmind – our mental health toolkit.

Awareness facilitated by activities such as leader-led 'Safety Shares' and 'Managing Psychosocial Hazards in the Workplace' webinars have provided opportunities to encourage and teach our people to build resilience, look out for one another and recognise when colleagues might be struggling, to have supportive conversations and to support referrals to both leaders and our Employee Assistance Program.

Our total recordable injury frequency rate, based on accepted workers' compensation claims, is 16.0.

In FY24 The Star continued to reinforce and strengthen our safety practices, behaviours and culture across all areas of the organisation. Some of the key initiatives undertaken include:

- development of the Psychosocial Risk Management Prevention Plan which involved organisation-wide consultation including the People at Work Survey, focus groups and one on one interviews;
- full audit of all swimming pools and review of controls; and
- review of our Employee Assistance program offerings resulting in the introduction of Sonder which offers additional safety and medical services for all our team members.

2. COMMUNITY AND PEOPLE (SOCIAL) (CONT.)

2.4 EMPLOYEE ENGAGEMENT AND DEVELOPMENT

Employee attraction and development

During FY24, The Star's Purpose, Values and Principles (PVP) were integrated into the recruitment process. Our career website, job advertisements, presentations at partnership events and discussions with prospective team members explain the PVP and the types of behaviours and mindsets we expect at The Star.

The Talent Acquisition team are embedding values based and risk aware interview questions and activities to complement our technical inquiries throughout the recruitment process, ensuring we can make effective hiring decisions that align with our PVP and Risk Framework.

All team members at The Star undertake mandatory learning around Safer Gambling training, financial crime prevention, conflict of interest and other risk management topics. This is in addition to the group-wide induction program that outlines The Star's PVP.

Team members in operational departments including table games, food & beverage, and security also complete specific training to equip them for their roles. Licenced team members must then complete a Certificate of Competency before they can commence in the duties of their role.

The Star has recently launched the ELEVATE program, which raises awareness of the different risks faced by The Star, and the role all employees can play in managing risk and driving a culture of doing what's right and ethical. This is being rolled out to new and existing employees and is a significant step in rebuilding The Star's culture and restoring trust with regulators and the community.

Other key programs have continued in FY24 through The Star Academy, including the graduate program and the Star Culinary Institute, which supports around 60 apprentice chefs as they complete formal studies and gain experience across The Star's many restaurants.

In FY24, The Star also ran a Leadership Essentials program for 90 leaders, and in FY25 will deliver a broader leadership development program for all leaders.

Our new employer brand, Shine, was also launched, and is now live on The Star's careers website and embedded across all our recruitment communications. It reflects our commitment as one of Australia's leading leisure and entertainment industry employers and highlights our unique values and vibrant culture. It reinforces our determination to do the right thing by fostering an inclusive, innovative, and inspiring workplace for all employees and it showcases the professional growth support, work-life balance, team diversity, and collaboration that make for a thriving workplace.

2.5 DIVERSITY, INCLUSION AND EQUAL OPPORTUNITY

Diversity and Inclusion

We are dedicated to fostering a culture that is welcoming, inclusive, and safe. Our goal is to create an environment where team members feel valued, respected, and empowered to be their best selves, make meaningful contributions to our communities, and deliver exceptional service to our guests.

Our Diversity and Inclusion (D&I) strategy is guided by our group-wide Diversity and Inclusion Steering Committee. Chaired by the General Manager of Culture and Organisational Development and sponsored by the CEO, this committee which meets quarterly includes Executive Sponsors, selected members of the Group Leadership Team, and General Managers from across the organisation, each representing one of our four D&I focus areas.

Our measurable diversity and inclusion targets are as follows:

- 45% female, 45% male, with the remaining 10% being of any gender or gender diverse in leadership roles by 2028. We have made progress in achieving this goal with the proportion of females in leadership roles in FY24 being 40.8% (up from 39.6% in FY23 and 37.5% in FY22). Male leaders in FY24 comprised the remaining 59.2%.
- Maintain Gold at The Australian Workplace Equality Index (AWEI).
- 20% Asian Representation at the Senior Leadership Level by 2025.

This comprehensive report provides a snapshot of gender representation at all levels and role types within the organisation, gender pay parity, employee support, harm prevention, sexual harassment on the grounds of sex discrimination, flexible working arrangements and other gender equality indicators.

2. COMMUNITY AND PEOPLE (SOCIAL) (CONT.)

The Star Entertainment Group leaders and Proud@TheStar members at the 2024 Australian LGBTQ+ Inclusion Awards.

Balance@TheStar plays a key role in delivering initiatives to promote gender equity in all aspects of our business. In FY24 initiatives included:

- Panel events, such as a Financial Wellbeing seminar and Movember Morning Tea, which helped raise \$20,000 for men's health charity Movember.
- Sponsoring the 2024 NRL Women's Development Program.
- Conducting a Clothes Donation campaign for International Women's Day.
- "Keeping in Touch" meetings to help team members on parental leave stay connected with the business.
- Parents and Carers Group providing support throughout the year.
- Sponsoring the first Global Gaming Women Event in Brisbane.
- Hosting Diversity Council Australia Brisbane CEO event and AI in Recruitment Research, a gathering of CEOs and Managing Directors in Australia to advance diversity and inclusion in all industry sectors.

Proud@TheStar is The Star's LGBTQ+ employee-led network group which aims to create a safe and inclusive work environment by providing LGBTQ+ team members a platform of support and representation.

The Star Entertainment Group was recognised as the 2024 Employer of the Year and a Finalist for the 2024 Trans and Gender-Diverse Inclusion Award at the recent 2024 Australian LGBTQ+ Inclusion Awards. The Awards recognise Australia's top organisations for LGBTQ+ inclusion, based on the results of the Australian Workplace Equality Index (AWEI).

The Star was also awarded Gold Employer status, solidifying our position as a leader in LGBTQ+ inclusion within Australia and reflects our commitment to building a diverse and inclusive team that aligns with our values: *"Lead with Integrity, Own It, Build Memorable Connections, and Take Good Care"*.

Unity@TheStar reflects the cultural diversity of The Star's workforce, customers and the communities in which we operate. We support cultural diversity and inclusion across leadership representation and professional development for our team members. Our FY24 cultural initiatives included:

- 2nd iteration of the *Grasshopper Program* — a six-month program between the Group Leadership Team member and junior leaders aimed to have an honest dialogue and gain a better understanding of what impacts the career objectives and aspirations of our culturally and linguistically diverse (CALD) leaders and team members.
- Participating in the *RISE Project* — The Star is proud to participate in the second cohort of the 2024 Realise. Inspire. Support. Energise. (RISE) is a project that aims to build pathways to leadership for women from culturally and racially marginalised backgrounds. RISE is a collaborative project between Diversity Council Australia (DCA), Settlement Services International (SSI) and Chief Executive Women (CEW). It is funded by the Australian Government Office for Women through the Women's Leadership and Development Program (WLDP) 2022–2026.

Reconciliation@TheStar reflects our Mission to:

- Create meaningful engagement with our Aboriginal and Torres Strait Islander team members.
- Create safe and inclusive spaces for team members and guests.
- Support Aboriginal and Torres Strait Islander communities and businesses.

Initiatives in FY24 included:

- Celebrating NAIDOC week, which focused on community engagement with the aim of strengthening community ties and encouraging all team members to partake in the celebration of the world's oldest continuous living cultures.
- Hosting a National Reconciliation Panel Event for Traditional Owner and Leader, Uncle Charles Passi. Uncle Charles Passi is the eldest son of Reverend Dave Passi, the second plaintiff of the Mabo Case. The panel focused on what The Star is doing to advance reconciliation, and how we can make a difference through our work.

Employee network groups

Our employee network groups are vital in driving cultural change and helping strengthen our inclusive culture and enhancing our overall employee experience.

They provide safe spaces for like-minded individuals to connect and build communities, advocate for change, influence policies and practices, and enhance employee engagement. They actively encourage the business to uphold and advance its commitment to diversity by emphasising the importance of inclusion.

3. ENVIRONMENT

3.1 MINIMISING ENVIRONMENTAL IMPACT

The Star is committed to reducing our environmental footprint and contributing to positive environmental outcomes through our operations, supply chain and portfolio in line with our Environmental Policy, which can be found on our corporate website at www.starentertainmentgroup.com.au/environment.

We manage our operations in line with our Environmental Policy which sets out the rules and guidelines relating to the management of environmental risks and impacts arising from our business activities. This policy was uplifted as part of the review of our current policies and frameworks, with the intent to provide greater clarity and accountability to employees of The Star of the rules and guidelines relating to the management of environmental risks and environmental impacts arising out of our business activities.

3.1.1 Energy consumption

Resource use reduction and improving environmental outcomes remain our key priorities in the design and operation of our portfolio.

The Star's total energy consumption for FY24 was 590,253 GJ, marking a 2% decrease from FY23 and an 18% decrease compared to FY13. In FY24, we continued to make progress in reducing consumption, likely due to our resource optimisation program and the efforts of the associated working group.

However, energy intensity per visitor has increased, suggesting that each visitor is now associated with higher energy use. This could be due to changes in visitor behaviour, the amenities offered, or other contributing factors. On the other hand, energy intensity per area has decreased, reflecting improved energy efficiency in terms of space utilisation.

3. ENVIRONMENT (CONT.)

In FY24, The Star reallocated its business resources to focus on remediation and business transformation priorities. As a result, capital intended for large-scale equipment and plant replacement projects aimed at reducing carbon emissions was temporarily deferred. Nevertheless, the Group remains committed to building optimisation activities and analytics, prioritising initiatives that offer strategic advantages.

THE STAR'S ENERGY CONSUMPTION FY24

SOURCE	FY13	FY23	FY24
Energy Consumption	607,476	602,960	590,253
Energy Intensity (Mj/visitor)	37.22	42.16	43.80
Energy Intensity (Gj/area)	2.34	1.97	1.91

Note. 0.13% of FY4 invoices based on cost were unbilled at the time of reporting (being 28 August 2024). The missing usage for electricity has been estimated to 0.1%, 4.54% for gas and 5.05% for water.

3.1.2 Carbon emissions

The Group's Scope 1 and Scope 2 emissions for FY24 were 8,686 tonnes (tCO₂-e) and 82,945 tonnes (tCO₂-e) respectively.

Total Scope 1 and Scope 2 carbon emissions were 91,631 tonnes (tCO₂-e) for the year, which was a 2% decrease from 93,580 in FY23 and 108,595 which was an overall decrease of 29% against FY13. This depicts a steady reduction over time in The Star's carbon footprint and highlights the success of our initiatives to reduce carbon emissions.

The emissions intensity per unit area has decreased significantly from FY13 to FY23, decreasing from 0.42 to 0.30 tonnes CO₂-e/area, which is a reduction of 29% and remains stable from FY23 to FY24. This indicates a successful effort in reducing carbon emissions relative to the area used. The Star continues to monitor consumption and performance and strives for year-on-year decarbonisation reductions.

THE STAR'S CARBON EMISSIONS FY24

SOURCE	FY13	FY23	FY24
Carbon Emissions (tonnes CO ₂ -e)	108,595	93,580	91,631
Emissions Intensity (kg CO ₂ -e/visitor)	6.65	6.54	6.80
Emissions Intensity (tonnes CO ₂ -e/area)	0.42	0.30	0.30

The procurement of renewable energy plays a crucial role in reducing our emissions, accounting for 85-90% of our current net zero plan for Scope 1 and Scope 2 emissions. The Star Brisbane's renewable energy strategy, which involves acquiring large-scale generated certificates (LGCs), will contribute 45% towards meeting our target. In FY24, The Star and the Destination Brisbane Consortium secured LGCs to fulfill the 100% renewable energy commitment required for its 6 Star Green Star rating.

A Scope 3 materiality assessment conducted in 2022 identified the most carbon-intensive products and services in The Star's supply chain, including future capital projects and suppliers. This comprehensive review revealed 114,525 tonnes of Scope 3 emissions. The Star has established its baseline Scope 3 emissions and is currently developing management plans to address procurement categories with the highest emissions sources.

3.1.3 Water consumption

The Star reduced its water consumption intensity (kL/SQM) in FY24 by 14% compared to FY23 and 23% against FY13 and the total potable water use for FY24 was 630ML. The Star's water consumption is inextricably linked with visitation and the services provided by its properties, including hotel facilities and the operation of kitchens, bars and restaurants. As visitation levels at The Star's properties declined in FY24 compared to FY23, this was a key factor in the significant reduction in water usage. The overall trends indicate that after a period of increasing water consumption and intensity in FY23, FY24 marked a shift towards greater efficiency in water use, both in total volume and when measured per visitor and area metrics. Further substantial reductions in water usage are anticipated in FY25, following the recommission of The Star Gold Coast's Reverse Osmosis plant, decreasing dependence on mains water consumption by generating recycled water. Once fully operational, the plant is expected to produce approximately 170,000kL of recycled water annually.

The Star remains dedicated to monitoring consumption and performance to enhance water conservation efforts and aims to build upon the significant reduction in water usage achieved in FY24.

THE STAR'S WATER CONSUMPTION FY24

SOURCE	FY13	FY23	FY24
Water Consumption (kL)	688,440	733,955	630,599
Water Intensity (L/visitor)	42.19	52.08	46.76
Water Intensity (kL/area)	2.65	2.38	2.04

3.1.4 Waste and improving circularity

THE STAR'S RECYCLING RATES FY24

SOURCE	FY13	FY23	FY24
Recycling Rate (%)	10%	46%	43%
Recycling Rate Intensity (kg/visitor)	0.03	0.27	0.24
Recycling Intensity (tonnes/SQM)	0.002	0.012	0.009

Note: the FY13 base year for waste has been recalculated. 'Recycling intensity' kg/visitor has been used in FY17 to FY23, not 'waste to landfill intensity' kg/visitor as used in FY16, which better reflects recycling performance. Waste data from the Gold Coast Convention and Exhibition Centre is provided in volume and has been converted tonnage to align with national waste data reporting. The 'Better Buildings Partnership Operational Waste Guidelines' July 2018 conversion factors have been applied.

In FY24, 43% waste diversion was achieved representing a 3% decrease from FY23 recycling rates and a 25% increase from FY13. The decrease in FY24, is likely attributed to the decreased visitation levels, and hence reduced volumes of waste were generated by the sites. The Star's waste and recycling figures include all waste generated from operations.

The Star is committed to reducing total waste volumes, improving waste diversion from landfill, reducing food waste at the point of generation and organics recycling and increasing the number of recycling streams across its properties. In FY24:

- 30 recycling streams were diverted from landfill including styrofoam, e-waste, metal, textiles, green waste, paint, organics, soft plastics, and cardboard
- Food donation partnerships continued with Oz Harvest with 160kg of food (4,320 meals) donated in FY24, and 69 tonnes donated to date
- We continued our partnership with textile recyclers Blocktexp and Worn Up to reprocess obsolete uniform and linens with 5.5 tonnes of textiles reprocessed into new products or virgin materials to date
- Soap donations continued with our partners at SoapAid with 450kg of soap diverted from landfill and 4,500 new soaps created for communities in need
- We submitted our second Australian Packaging Covenant Organisation (APCO) Action Plan and Annual Report
- 98% of our food takeaway packaging is compostable.

3. ENVIRONMENT (CONT.)

3.1.5 Nature and biodiversity

In December 2021, The Star purchased 174 hectares of land in Gympie, Queensland, to establish its first carbon offset project with the additional intent to create a land for biodiversity and for endangered species. The project was intended to form part of the company's strategy to achieve net zero Scope 1 and Scope 2 emissions from fully owned and managed assets and is registered with the Clean Energy Regulator under the ACCU scheme under the Environmental Planting method.

In FY24, Phase 2 of planting was completed in which 44.6 hectares were revegetated and 33,682 were trees planted, with 95,000 Eucalypt species trees planted to date.

Whilst Corymbia has been a pioneering project, The Star has reassessed its continued ownership of this property given the need to prioritise investment in remediation programs and its pathway to suitability. The Star sold the property on 30 August 2024.

3.2 SUSTAINABLE PRECINCTS

The Star is committed to sustainable design and operations and develops and operates its assets in alignment with the Group's Sustainable Design and Operational Standards, which can be found on the company website. The Standards, aligned with Green Star Performance standards, provide our suppliers, builders, contractors and Property Operations and Development teams recommendations by category to guide more sustainable design and material use.

In FY24, The Star implemented several opportunities identified via its building management systems (BMS) including:

- Improved controls for the car park exhaust and supply fans resulting in annualised resource savings of 306,000 kWh and 223 tonnes CO₂-e
- Adjustment of sea water condenser pump controls resulting in annualised resource savings of 289,000 kWh and 211 tonnes CO₂-e
- Correction of air handling units operating hours resulting in annualised resource savings of 122,369 kWh and 90 tonnes CO₂-e
- Amendment of secondary chilled water pumps incorrectly duty cycling resulting in annualised Resource savings of 54,000 kWh and 39 tonnes CO₂-e.

The Star has maintained its target that over 90% of portfolio by floor space is third party certified with a sustainability rating which includes NABERS, Green Star or EarthCheck. A summary of third party certificated Green Star and NABERS ratings and commitments across our portfolio can be found on our corporate website at www.starentertainmentgroup.com.au/environment.

Each of The Star's properties have been rated by the Green Building Council of Australia (GBCA) and The Star Brisbane at Queen's Wharf has been awarded a 6-Star Green Star Communities v1 rating. This rating is The Star's most accomplished achievement in sustainable precincts to date. Further details on The Star's achievements in Sustainable Design and Green Building Ratings can be found in the Environment section of the Group's website at www.starentertainmentgroup.com.au/environment.

3.3 CLIMATE RESILIENCE

Climate Change presents a risk to business, including through disruptions to supply, impacts of extreme weather events, and policy changes. In the 2021 calendar year, we completed a physical climate risk assessment for each of our sites, building on previous assessments conducted in 2017 and 2019.

Climate change, sustainability and environmental impact are included in The Star's risk register and addressed through a few mitigation strategies. The mitigation strategies are designed to reduce the likelihood of the risk occurring and/or to minimise the adverse consequences of the risk should it happen.

For further detail on The Star's response to climate risk at our precincts, see our corporate website at www.starentertainmentgroup.com.au/environment.

Alignment to the Taskforce on Climate-Related Financial Disclosures

The Star Entertainment Group has adopted the Recommendations of the Taskforce on Climate-Related Financial Disclosures (TCFD) and is continuing to work towards implementing the Taskforce on Climate-Related Financial Disclosures (TCFD) framework into the business with the understanding that our investments may be susceptible to future changes in climate.

The Star has released its fifth Climate-Related Disclosures Report which details progress made on prior commitments to manage possible physical, financial and transitional risks, and sets out the company's plans for the coming years. This includes conducting physical and transition climate risk assessments. The results of these assessments are included within the company's annual TCFD disclosures.

Mandatory climate-related financial disclosures

To assist with readiness and compliance for the incoming mandatory climate-related financial reporting under the Australian Sustainability Reporting Standards (ASRS), an ASRS Gap Assessment and Roadmap was completed by Deloitte in FY24. The findings of this assessment will guide our preparation activities in FY25.

Through early adoption of the TCFD framework in 2020, The Star is well-placed to comply with the ASRS mandatory climate-related reporting when it becomes a compliance requirement in FY26 for Group 1 entities.

FINANCIAL PERFORMANCE

The Star Entertainment Group's revenue declined 10.2% due to challenging trading conditions, which in part reflect cost of living pressures as well as casino operating reforms, with premium gaming rooms in particular trending downwards.

Operating expenses were broadly flat on the prior year despite lower revenue, reflecting increased spending on technology, transformation and remediation related activities including additional resourcing for risk, controls and safer gaming functions in 2H FY24.

KEY PROJECTS

THE STAR BRISBANE

Construction on The Star Brisbane's world-class development entered its final stages in FY24. The first phase of the highly anticipated, multi-stage reveal of the \$3.6 billion Queen's Wharf Brisbane precinct, delivered as a joint venture by The Star, Chow Tai Fook Enterprises and Far East Consortium, opened to the public on 29 August 2024.

FY24 saw the finishing touches placed on Stage 1 of the precinct which has transformed the Brisbane CBD sky-line throughout construction with its iconic city-making silhouette. The project is one of Brisbane's largest urban renewal projects and once fully complete will deliver an estimated 1000 premium hotel rooms, 1,500 residential apartments, 50 restaurants, bars and cafes, world-class entertainment, luxury retail, stunning public artworks, over 12 football fields of public and green space areas, and restoration of nine heritage listed buildings.

Queen's Wharf Brisbane is anticipated to attract over 1.4 million additional visitors to Brisbane each year, inject hundreds of millions into the local tourism economy and drive international interest in the city in the lead-up to the 2032 Olympic and Paralympic Games in Brisbane.

KEY PROJECTS (CONT.)

THE STAR GOLD COAST

Tower 2 Development

The Star Gold Coast masterplan continued to progress in FY24, with the ongoing construction of Tower 2.

The \$400 million new mixed-use tower being delivered by Destination Gold Coast Consortium, a joint venture development comprising The Star and its Hong Kong based partners, Chow Tai Fook Enterprises Limited and Far East Consortium International Limited, is well advanced. Scheduled for staged opening from early 2025, Tower 2 has now topped out at 65 storeys.

The tower, the second of five in the \$2 billion-plus masterplan for Broadbeach Island, will include:

- A 202 key five-star luxury lifestyle hotel
- The second stage of The Star Residences of which all 437 apartments are fully sold out
- Additional restaurants, cafes, and nightlife venues
- A comprehensive pool deck with complementary amenities.

Tower 2 joins its sister tower which officially opened in FY22. Standing at 53-storeys high, Tower 1 features the Dorsett hotel and Star Residences.

The Star Gold Coast's masterplan provides potential for a further three towers on Broadbeach Island, as well as significant additional integrated resort facilities, dining precincts, bars and cafes, and entertainment areas.

Capital Projects

Construction of the Kiyomi Private dining room to create new culinary experiences for functions and group bookings at The Star Gold Coast.

Progress of critical maintenance projects across the precinct including:

- Completion of fire detection upgrades across the property
- Commencement of mechanical upgrades and at end life cycle
- Commencement of the electrical safety devices program to improve safety of existing electrical boards.

THE STAR SYDNEY

Capital Projects

FY24 saw the completion of a major refurbishment program within The Darling Hotel and the continuation of significant critical maintenance programs.

Refurbishment works at The Darling moved into the final stage of a multi-year upgrade program which included the refurbishment of 15 luxury penthouses and suites across the top two floors of the hotel.

Key maintenance projects across the precinct in FY24 included:

- Replacement of 14 mechanical units servicing key areas
- Replacement of 1,900 emergency light fittings located throughout the property
- Commencement of the electrical safety devices program to improve safety of existing electrical boards
- Commencement of the Emergency Warning Intercommunication System (EWIS) replacement project and due to complete in FY25.

2 OPERATING AND FINANCIAL REVIEW

The Operating and Financial Review for the year ended 30 June 2024 has been designed to provide shareholders with an overview of the Group's operations, financial position, business strategies and prospects. The review also discusses the impact of key transactions and events that have taken place during the reporting period and material business risks faced by the Group, to assist shareholders to make an informed assessment of the results and future prospects of the Company. The review complements the Financial Report and has been prepared in accordance with the guidance set out in ASIC's Regulatory Guide 247.

2.1 PRINCIPAL ACTIVITIES

The principal activities of the Group are the management of entertainment and leisure destinations with gaming, entertainment and hospitality services.

The Group operates The Star Sydney (**Sydney**) and The Star Gold Coast (**Gold Coast**). The Group operated Treasury Brisbane (**Brisbane**) up until its closure on 25 August 2024 and will surrender its licence no later than 23 October 2024. On 28 August 2024, Destination Brisbane Consortium Queens Wharf Integrated Resort (**DBC**) joint venture (of which the Group owns 50%) was issued a casino licence for The Star Brisbane, which subsequently commenced operation on 29 August 2024 under the management of the Group through an agreement with DBC.

The Group also manages the Gold Coast Convention and Exhibition Centre on behalf of the Queensland Government and invests in a number of strategic joint ventures.

The Group owns Broadbeach Island on which The Star Gold Coast casino is located.

In 2022, reviews were conducted into the operations of The Star Sydney by Mr Adam Bell SC (**Bell One**) and into the operations of The Star Gold Coast and Treasury Brisbane by the Hon. Robert Gotterson AO (**Gotterson**). The following actions were taken by the respective regulators relating to the Group's casino licences since the Bell One and Gotterson reviews.

Sydney

On 17 October 2022, the Group received written notice from the New South Wales Independent Casino Commission (the **NICC**) under section 23(4)(a) of the *Casino Control Act 1992 (NSW)* (**NSW CCA**) that The Star Pty Limited (**The Star Sydney**), being the New South Wales (**NSW**) casino licence holder and wholly owned subsidiary of the Group, has had its licence suspended indefinitely, with effect from Friday, 21 October 2022. Also effective from this date, the NICC appointed a Manager of the Sydney casino under section 28 of the NSW CCA.

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2024

In November 2023, the NICC requested that the term of the appointment of the Manager be extended by regulation to 30 June 2024. Following the commencement of a second inquiry on 19 February 2024 conducted by Mr Adam Bell SC (**Bell Two**) the NICC confirmed on 25 March 2024 that it intended to seek a further extension of the term of the Manager's appointment to 30 September 2024 to allow for Mr Bell's report (**Bell Two Report**) and findings to be delivered on 31 July 2024. The purpose of Bell Two was to investigate the suitability of The Star Sydney and its close associate, the Company, to be concerned in or associated with the management and operation of The Star Sydney Casino. The Manager's appointment was further extended on 1 August 2024 to 31 March 2025. On 30 August 2024, the NICC provided the Company and The Star Sydney a copy of the Bell Two Report. A copy of the non-confidential parts of the Bell Two Report was released to the public on the same day.

The Company and The Star Sydney acknowledge the findings of the Bell Two Report. While the Bell Two Report finds that there has been substantial reform of the control environment of The Star Sydney and a material improvement in risk management resources, systems, and culture, along with the "positive steps" of the recent appointments of experienced personnel to important leadership positions in the Company, it nonetheless concludes that the Company and The Star Sydney are presently unsuitable to be concerned in, or associated with, the management and operation of The Star Sydney. The Company and The Star Sydney accepted during the Bell Two Inquiry that The Star Sydney was not presently suitable to hold a licence in its own right.

The Bell Two Report made findings and recommendations in relation to four areas of non-compliance which resulted in various breaches by The Star Sydney during 2023 and 2024 which are the subject of ongoing consideration by the NICC and could, in the future, potentially involve the imposition of fines and penalties under the relevant NSW legislation. A range of outcomes against The Star Sydney are possible, including among other things, the imposition of a penalty, letter of censure, amendments to the conditions, further suspension, or cancellation, of The Star Sydney's licence.

On 13 September 2024, the NICC served a 'show cause' notice (**Notice**) on the Company, requesting a response to the Breach Findings from the Bell Two inquiry. The NICC has also requested information about the Company's current financial position and its plans to address these issues so that it can make informed decisions about the Company's financial suitability to hold the casino licence for The Star Sydney. The Company lodged its response on Friday, 27 September 2024. The Company and The Star Sydney are considering the recommendations and guidance in the Bell Two Report and, subject to any response to the Bell Two Report by the NICC, will seek to implement relevant recommendations at an appropriate time, noting that the Company has already completed a comprehensive re-set of the remediation plan (see 2.2.1 below).

Gold Coast and Brisbane

On 9 December 2022, the Group received written notice from the Queensland Attorney-General (**Qld A-G**) and the Queensland regulator, the Office of Liquor and Gaming Regulation (**OLGR**), of the following disciplinary action under section 31 of the *Casino Control Act 1982 (Qld)* in relation to its subsidiaries, The Star Entertainment QLD Limited (the licensee of Treasury Brisbane) and lessee of The Star Gold Coast and The Star Entertainment QLD Custodian Pty Ltd (the licensee of The Star Gold Coast):

- The Treasury Brisbane and The Star Gold Coast casino licences were suspended for a period of 90 days on a deferred basis with effect from 1 December 2023; and
- A Special Manager was appointed to monitor operations of Treasury Brisbane and The Star Gold Coast.

On 24 November 2023, the Group received confirmation that the Remediation Plan had been approved by the Qld A-G in accordance with the provisions of the *Casino Control Act (QLD)*, as applying to the casino entities for The Star Gold Coast and Treasury Brisbane casinos. Following this decision, on the recommendation of the Qld A-G, the Governor-in-Council approved:

- changing the date of effect of the 90 day casino licence suspensions for The Star Gold Coast and Treasury Brisbane casinos from 1 December 2023 to 31 May 2024; and
- extending the term of the Special Manager for The Star Gold Coast and Treasury Brisbane casinos by 12 months to 8 December 2024.

On 17 May 2024, the Group was advised by OLGR, on the recommendation of the Qld A-G, that the Governor-in-Council approved changing the date of effect of the licence suspensions for The Star Gold Coast and Treasury Brisbane casinos from 31 May 2024 to 20 December 2024. The Company has been advised that this will allow the Queensland Government to consider the outcomes of Bell Two and to better assess the Group's remediation progress, before making further decisions. The term of the Special Manager appointment for The Star Gold Coast and Treasury Brisbane casinos remains unchanged and is currently due to end on 8 December 2024 (no later than 23 October 2024 for Treasury Brisbane on surrender of its casino licence following the opening of The Star Brisbane).

On the direction of the Department of Justice and Attorney-General dated 28 August 2024, an External Adviser has been appointed by the Minister for The Star Brisbane casino operations which are managed by the Group. On the same date, the Group was also directed by the Department of Justice and Attorney-General to prepare a plan for the remediation of the management and operations of The Star Brisbane.

THE STAR ENTERTAINMENT GROUP

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2024

2.2 BUSINESS STRATEGIES

The Group's primary strategies can be split into three main categories:

2.2.1 Remediation and returning to suitability

Following the findings from the Bell Two Report, the Company has prepared an amended remediation plan which incorporates a number of enhancements to the previously approved version of the plan. After extensive engagement with the Manager (The Star Sydney), Special Manager (The Star Gold Coast), External Adviser (The Star Brisbane) to obtain feedback, the Company submitted the amended plan and associated documents to OLGR in Queensland on 18 September 2024 for consideration and approval by the Qld A-G. Copies of the plan and associated documents were also submitted to the NICC for information on 20 September 2024.

The amended remediation plan will result in changes to forecast completion dates and will result in an expanded scope in some areas. These changes are intended to address some shortcomings in the original plan and to enable a culture of continuous improvement within the business to ensure the changes will successfully embed. The reset remediation plan is subject to the approval of the regulator and government in Queensland.

Significant progress has been made by the Group to return to suitability during the period:

- As at 27 September 2024, 351 milestones have been completed from the original Remediation Plan. 196 of these have been reviewed and independently verified, of which the Manager / Special Manager / External Adviser has accepted 105.
- In NSW, mandatory carded play in private gaming areas and on select games on the main gaming floor commenced on 19 August 2024, along with cash limits of \$5,000 per person, per day. Application of mandatory carded play across the entire gaming floor is on track for 19 October 2024, along with a reduction in cash limits to \$1,000 per person, per day, by 19 August 2025.
- In Queensland, the Group is working with OLGR to align the timetable and phase the implementation of mandatory carded play, mandatory pre-commitments and cash limits, as required by the March 2024 amendments to the *Queensland Casino Control Act 1982*.
- Safer gambling capabilities continue to be uplifted. Additional new controls around time-play management were implemented across the Group during 1HFY24. A baseline assessment of the safer gambling culture at all levels of the organisation was completed and will inform ongoing policy and operational process improvements, providing a safer place for guests to play. The safer gambling team's resources and capability increased significantly to 126 employees (from 55).
- AML / CTF capabilities continue to be uplifted. The AML team increased to 124 employees (vs 26 in the pcp), the AML / CTF Program was updated and implemented in January 2024, and new screening and monitoring solutions were created and implemented.
- Progressed an organisational restructure designed to create a simpler framework with more decision-making authority at a property level, while maintaining appropriate oversight from a Group level.
- Governance and management capability was further enhanced. Two independent, non-executive Directors were appointed, together with two independent members of the three casino Compliance Committees. Key external appointments were made to the senior leadership team, including Group Chief Executive Officer (subject to regulatory approvals), Interim Group Chief Financial Officer, Chief Executive Officer The Star Sydney, Chief Executive Officer The Star Brisbane, Chief Executive Officer The Star Gold Coast (subject to regulatory approvals), Group Chief Operating Officer and Group Chief Audit Officer.

The Group takes its obligations seriously and considers the ability to hold a casino licence as a privilege. The Board and senior management are learning from the lessons of the past, acknowledge the gravity of the conduct raised in the Bell One, Bell Two and Gotterson Reports, and accept that the Group did not live up to the trust placed in it by the people of NSW and Queensland.

2.2.2 The Star Brisbane

The initial stage of The Star Brisbane integrated resort owned by DBC (a joint venture owned 50% by the Group) opened to the public on 29 August 2024 and includes the main gaming floor and premium gaming rooms, The Star Grand Hotel, Event Centre, Sky Deck, Neville Bonner pedestrian bridge, public realm and certain food and beverage outlets. Further food and beverage venues and the leisure deck amenities will open progressively throughout FY25. The Dorsett and Rosewood hotels are expected to open in late 2026.

With the opening of The Star Brisbane, the Treasury Brisbane Casino was closed. The Group holds the operator rights for the new facilities through an agreement with DBC. Earnings from the Treasury Brisbane Casino will be replaced by The Star Brisbane operator fee in the Group's consolidated EBITDA. Earnings from the DBC joint venture will be equity accounted.

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2024

The phased opening of a property of this size and scale causes uncertainty in the timeframe it may take for the DBC property's earnings and cashflows to grow to a level where assistance is no longer required from its owners (including the Group). At 30 June 2024, the Group had \$230.3 million of committed equity contributions to DBC. Subsequent to 30 June, the Group committed to a further \$92.7 million of equity contributions and has currently estimated a further \$35 million will be required to fund costs to complete the development. \$104.5 million has been paid at 30 September 2024. Further contributions will be required as the Group expects to fund costs associated with operations during the DBC growth phase and to support the refinancing of the DBC debt which matures in December 2025. The Group is striving to streamline the phased opening of the property and maximise the returns generated.

2.2.3. Improve business performance and enhance the Group's liquidity

The Group's FY24 EBITDA (before significant items) was \$174.7 million, down 45% on pcp, with performance deteriorating through the year. The Group has experienced negative operating leverage as revenue has declined whilst operating expenses have increased. Further, the Group faces significant near-term liquidity requirements, including:

- Funding of the Group's operations at current trading levels.
- Ongoing transformation and remediation related activities, with total remediation spend of approximately \$100.0 million expected during FY25 (comprising operating costs of approximately \$62.6 million and capital expenditure (**capex**) of approximately \$37.4 million).
- Joint venture equity contributions, in particular contributions to DBC.
- Anticipated outflows associated with ongoing regulatory matters, including AUSTRAC proceeding and historic underpaid casino duty in NSW.

A range of initiatives and other measures have been identified and are in the process of being implemented to improve business performance and enhance the Group's liquidity position:

- Improve market share and drive revenue growth by focusing on customer experience, enhancements to on-site offerings, customer insights, customer service and marketing initiatives, especially for events and conferences.
- Targeting implementation of approximately \$100 million of annualised cost savings by March 2025, with further work being undertaken to identify additional savings, including reduced consultant spend and optimised marketing spend.
- Reduction of maintenance capex (relative to historical levels) to \$80.0 million in FY25 (excluding remediation capex).
- Continued pursuit of non-core asset disposals. Sale of the Sheraton Grand Mirage Gold Coast was completed in November 2023 for \$192.0 million (of which the Group owned 50%), while sale of the leasehold interest in the Treasury Casino Building to Griffith University for \$67.5 million (plus GST) was settled on 27 September 2024. After settlement adjustments, the net proceeds were \$60.5 million (plus GST). The sale process for the Treasury Hotel and car park continues. The Group continues to review the potential sale of other non-core assets.
- The Group is continuing discussions and negotiations with various stakeholders including regulators, Governments, lenders, shareholders and other parties.
- The Group and its lenders executed a commitment letter on 25 September 2024 for a new debt facility (of up to \$200 million in two tranches) which will become effective upon completion of long-form documentation and satisfaction of various conditions precedent:
 - The first tranche is expected to be available to be drawn, subject to conditions precedent, from the end of October 2024 through to 20 December 2024 (refer to Note G).
 - The second tranche is subject to more extensive conditions precedent but, if satisfied, would be expected to be available to be drawn from the end of December 2024 and have a 4 month availability period following the drawing of the first tranche (refer to Note G).
 - The Company's lenders have agreed to provide covenant waivers for the next two testing dates, being 30 September 2024 and 31 December 2024, with the waiver for the latter date being subject to execution of long-form documentation for the new debt facility and other customary conditions.

2.3 GROUP PERFORMANCE

Earnings before interest, tax, depreciation and amortisation (**EBITDA**) (excluding significant items) of \$174.7 million was down 45.0% on the pcp.

Net revenue of \$1,677.8 million was down 10.2% on the pcp. Domestic gaming revenue decreased 11.7%, reflecting a significant and rapid deterioration in operating conditions, largely driven by the compounding impact of meeting existing regulatory requirements, exclusions and by a continuing significant weakness in consumer discretionary spending behaviour. Private gaming rooms have been particularly impacted, down 27%. The main gaming floor was down 1% on pcp, however benefited from private gaming room players shifting their play. Non-gaming revenue was down 3.5%, affected by reduced visitation and economic factors impacting consumer spending.

THE STAR ENTERTAINMENT GROUP

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2024

Gaming taxes and levies of \$412.1 million were down 9.6% on the pcp, in line with reduced domestic gaming revenues. The average tax rate increased during the year primarily due to the changes to the *Casino Control Act 1992 (NSW)* increasing the tax rate on table games. Operating costs of \$1,091.0 million were broadly flat on the pcp despite lower revenue, reflecting increased spending on transformation and remediation related activities including additional resourcing for risk, controls and safer gaming functions. These costs partially offset the previously announced cost reduction program. Significant expense items (\$1,547.3 million before tax) relate to the impairment of The Star Sydney, The Star Gold Coast, Treasury Brisbane and investment in DBC; regulatory, fines, penalties, duty, consultants, legal and other costs; debt refinancing costs; and redundancy and employment costs; partially offset by profit on sale of assets.

Depreciation and amortisation expense of \$120.6 million was down 38.2% on pcp, primarily reflecting the reduced asset base following impairments in the pcp. Net finance costs of \$35.3 million (excluding significant items) were down 37.5%, reflecting lower average debt balances from the refinancing undertaken in March and October 2023.

Net loss after tax was \$1,684.6 million. Normalised¹ net profit after tax, excluding significant items, was \$11.9 million. Basic and Diluted Loss per Share were both 66.8 cents (both 211.7 cents in the pcp).

2.4 GROUP FINANCIAL POSITION

Net cash² was \$30.0 million at 30 June 2024 (2023: net debt of \$595.5 million). In October 2023, the Group finalised a \$750.0 million equity raising and in November 2023 executed a \$450.0 million, four-year syndicated debt facility. Proceeds from the capital raising were used to repay and terminate existing bank loans and US private placement notes, while the \$300 million term facility was fully drawn in December 2023.

At 30 June 2024 the Group faced significant liquidity issues and impairment of assets (see below), this necessitated a refinance of its debt facilities in September 2024 (see Note C2) and cost reduction initiatives (see Note G). In addition, to the existing sale process of the Treasury buildings (see Note C2), the Group is pursuing the sale of other non-core assets to improve its liquidity. These factors ultimately will result in loss of asset backing.

Impairment

The Sydney and Gold Coast cash generating units experienced a significant and rapid deterioration in operating conditions, largely driven by the compounding impact of meeting existing regulatory requirements, exclusions and by a continuing significant weakness in consumer discretionary spending behaviour and loss of market share. In Sydney, daily patron cash limits of \$5,000 for carded play and mandatory carded play for private gaming areas and select games on the main gaming floor commenced on 19 August 2024. Fully carded play is required in Sydney by 19 October 2024 and the daily cash permitted per person will be reduced to \$1,000 by 19 August 2025.

In Queensland, legislation has been enacted in relation to mandatory carded play and daily patron cash limits. Regulations to give effect to those reforms are yet to be enacted (see Note B7). Carded play is currently anticipated to have a negative impact on earnings. Significant uncertainty also remains around the quantum and timing of any penalty in relation to the AUSTRAC proceeding and the quantum of any amount payable in relation to the Class Action (see Note B7). In Brisbane, the operating and macro-economic conditions affecting Sydney and Gold Coast are expected to impact the future earnings of The Star Brisbane casino (of which the Group owns 50% and is the operator through an agreement with DBC).

In combination, these factors have reduced the valuation of the cash generating units, requiring an impairment of \$1,430.1 million (Sydney \$337.1 million, Gold Coast \$274.0 million and Brisbane \$819.0 million) to be recognised for the year ended 30 June 2024 (2023: \$2,167.8 million).

Investments

On the Gold Coast, construction by Destination Gold Coast Consortium (**DGCC**) (of which the Group owns 33%) of the Gold Coast second tower (Tower 2), a \$400 million 63-storey mixed use tower has topped out, with internal fit-outs ongoing. The Residences portion of the tower is on track for completion in late 2024, with all 437 apartments pre-sold, while the hotel is due to open in mid 2025. Tower 2 also includes additional restaurants, cafes, nightlife venues and a comprehensive pool deck with complementary amenities. Upon completion of Tower 2, The Star Gold Coast will have in excess of 2,000 hotel rooms and apartments on the island. During FY24 the Group contributed equity of \$9.8 million. DGCC contributions for FY25 are expected to be in a net nil position, reflecting an estimated \$6 million equity contribution and an expected distribution paid by DGCC to offset that amount.

On 3 November 2023, the sale of the Sheraton Grand Mirage by Destination Gold Coast Investments (of which the Group owns 50%) was completed for \$192.0 million. The Group received \$59.2 million of sale proceeds in November 2023, with a further \$9.4 million of remaining funds in July 2024.

DBC (of which the Group owns 50%) commenced its phased opening on 29 August 2024 (see 2.2.2). During FY24 the Group contributed equity of \$74.5 million. At 30 June 2024 the Group had \$230.3 million of committed contributions to DBC, subsequently increasing a further \$92.7 million (see Note D5) and has currently estimated a further \$35 million will be required to fund costs to complete the development. The Group expects to make further equity contributions to fund costs associated with operations as the business ramps up or to support the refinancing of the DBC debt which matures in December 2025 (see 2.6).

1 In FY24, normalised earnings excludes significant items only.

2 Net cash is shown as cash and cash equivalents less interest-bearing liabilities (excluding lease liabilities).

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2024

2.5 SEGMENT OPERATIONS

The Group comprises the following three operating segments: Sydney, Gold Coast, and Brisbane.

Refer to note A1 for more details of the financial performance of the Company's operating segments. The activities and drivers of the results for these operations are discussed below.

Sydney

Net revenue was \$877.5 million, down 10.8% on the pcp and EBITDA (excluding significant items) was \$51.8 million, down 59.3% on the pcp. Gaming revenue was affected by the implementation of uplifted controls, casino operating reforms, the loss of market share and macro-economic environment. Non-gaming revenue also declined, with reductions in hotel (85% occupancy vs 91% in the pcp) restaurant and bars revenue, reflecting a number of venue closures. Gaming taxes and levies were down 8.9% in line with the decrease in gaming revenue partially offset by an increase in tax rates. Operating expenses decreased 1.2%, reflecting reduced activity partially offset by increased compliance and remediation related costs.

Gold Coast

Net revenue was \$456.1 million, down 10.4% on the pcp and EBITDA (excluding significant items) was \$71.3 million, down 33.4% on the pcp, which had set a high benchmark due to post-COVID recovery visitation and tourism. Gaming revenue was affected by the implementation of uplifted controls, casino operating reforms, the loss of market share and the macro-economic environment. Non-gaming revenue also declined, with reductions in hotel (80% occupancy vs 83% in the pcp) restaurant and bars revenue, partially offset by the introduction of paid parking. Gaming taxes and levies were down 13.6% in line with the decrease in gaming revenue. Operating expenses decreased 1.6%, reflecting reduced activity partially offset by increased compliance and remediation related costs.

Brisbane

Net revenue was \$344.2 million, down 8.1% on the pcp and EBITDA (excluding significant items) was \$51.6 million, down 38.0% on the pcp. Gaming revenue was affected by the implementation of uplifted controls, casino operating reforms, the loss of market share and the macro-economic environment. Non-gaming revenue also declined, with reductions in hotel (90% occupancy vs 96% in the pcp) and restaurant revenue, partially offset by bars. Gaming taxes and levies were down 8.1%, in line with gaming revenue decline, while operating expenses were up 4.5%, reflecting an increase in employee enterprise rates, compliance and remediation related costs and preparation for The Star Brisbane opening.

The Treasury Brisbane Casino closed on 25 August 2024 ahead of the opening of The Star Brisbane on 29 August 2024 (of which the Group owns 50% and is the operator through an agreement with DBC). Treasury Hotel and car park continue to operate.

2.6 SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS, REGULATORY MATTERS AND FUTURE DEVELOPMENTS

AUSTRAC proceeding

On 30 November 2022, the Australian Transaction Reports and Analysis Centre (**AUSTRAC**), commenced civil penalty proceedings in the Federal Court of Australia against The Star Pty Limited and The Star Entertainment QLD Limited (collectively **The Star Entities**). AUSTRAC alleges that The Star Entities contravened the *Anti-Money Laundering and Counter Terrorism Financing (AML/CTF) Act 2006 (Cth)* by failing to conduct appropriate due diligence on customers who were higher risk and by failing to have an appropriate AML/CTF program.

The Star Entities filed a Statement of Admissions and Factual Contentions (**SAFC**) on 10 November 2023 and subsequently the parties continued to negotiate with a focus on narrowing the issues in dispute. On 24 July 2024, the Court made orders referring a list of issues of fact in the proceeding to a referee who will provide a report to the Court to assist it to determine those issues. The reference process involves a hearing in the period from 4 to 22 November 2024 with the report to be delivered to the Court some time thereafter.

AUSTRAC has commenced civil penalty proceedings against other companies on five occasions. The AUSTRAC proceedings to date have led to the Federal Court approving and / or ordering the respondent to pay significant penalties: Tabcorp \$45 million (2017); CBA \$700 million (2018); Westpac \$1.3 billion (2020); Crown \$450 million (2023); and most recently, SkyCity \$67 million (2024). The determination of the Federal Court's penalty (including where a penalty has been jointly proposed by AUSTRAC and the defendant to the Court) is specific to the facts of each case and arrived at after consideration of admissions made and evidence and submissions in relation to the appropriateness of the penalty.

AUSTRAC alleges that the number of contraventions committed by The Star Entities is innumerable. The Group has determined a provision on the Balance Sheet at 30 June 2024. This provision was, and is, recognised at a time where there remains considerable uncertainty as the quantum of the penalty, including what approach the Court may take into consideration of any evidence or submissions as to appropriate quantum which may be put forward by the parties. Any actual penalty paid by The Star Entities may differ materially to the provision recorded at 30 June 2024.

Underpaid casino duty

The Bell Inquiry of The Star Pty Ltd conducted in 2022 (**Bell One Review**) identified potential issues with the way in which the Group calculated rebate duty payable to the NSW Government.

In accordance with the recommendations from the Bell One Review, an independent review has been conducted of all rebate play at The Star Sydney between 28 November 2016 and 9 May 2022 in accordance with the scope agreed with L&GNSW.

THE STAR ENTERTAINMENT GROUP

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2024

L&GNSW has conducted an assurance review over the findings of that independent review.

In addition, the Group is working with the NICC and NSW Treasury to develop a clear and objective test for the residency of rebate players. Such a test was recommended from the Bell One Review and will require an amendment to The Star Sydney's Duty agreement and result in changes to relevant internal controls.

The Group has determined a provision on the Balance Sheet at 30 June 2024 of the potential impact based on the amount determined from the independent review, which was subsequently agreed with L&GNSW. Penalty interest could be enforced under the relevant Duty Agreements during the relevant period for late payment of casino duty and responsible gambling levy at a daily penalty rate of 0.15%. If this is applied, the final quantum of the penalty interest could materially increase the amount provided. The penalty interest is subject to discussions with the Department of Creative Industries, Tourism, Hospitality and Sport and NSW Treasury.

ASIC proceedings against former directors and officers of the Company

In December 2022, the Australian Securities and Investment Commission (ASIC) commenced civil penalty proceedings in the Federal Court of Australia against 11 former directors and officers of The Star Entertainment Group Limited (**Company**) alleging contraventions of the *Corporations Act 2001 (Cth)*.

As no entity of the Group is party to these proceedings, it is not possible to predict the timing and any financial impact of these claims on the Group, including in relation to the likely costs incurred by the Group on behalf of the defendants, or the extent to which those costs might be covered by the Group's insurance policies and indemnities in place for former officers and directors.

The Group has determined a provision on the Balance Sheet at 30 June 2024 relating to an estimate of legal costs.

Class Action

On 30 March 2022, a shareholder class action was commenced in the Supreme Court of Victoria, alleging the Company failed to comply with its continuous disclosure obligations and engaged in misleading or deceptive conduct in relation to the Company systems, controls, operations and regulatory risks.

The Company has filed its defence with no admissions of any contravention. At 30 June 2024, the Company has assessed there is no present obligation in respect of this matter and it represents a contingent liability. The outcome of the Class Action and any potential financial impacts are unknown, including the extent to which any amounts may be covered by the Group's insurance policies.

DBC Financing Arrangements

The Company and its joint venture partners Chow Tai Fook Enterprises Limited (**CTFE**) and Far East Consortium International Limited (**FECI**) entered into debt facility agreements in 2020 in relation to DBC's \$1.6 billion project-level debt funding. The aggregate amount outstanding is \$1.5 billion at 30 June 2024 (**DBC Funding**). The DBC Funding comprises two equal facilities, drawn approximately equally, separately provided under a Gaming and Entertainment syndicated facility agreement (**SFA G&E**) and a Tourism and Leisure syndicated facility agreement (**SFA T&L**). Amounts outstanding under the SFA G&E are guaranteed by the Company and amounts outstanding under the SFA T&L are guaranteed by CTFE and FECI. The two facilities are cross-collateralised against the property leases.

DBC's ability to refinance its debt on reasonable terms as it becomes due in December 2025 or to repay the debt, its ability to raise further finance, and its borrowing costs will depend on a range of factors including, but not limited to, prevailing market conditions and DBC's operating performance at the time any refinancing takes place. If DBC is unable to refinance its debt obligations, or to do so on reasonable terms, this may have an adverse impact on the financial position and performance of the Group, in particular in circumstances where the Company is required to contribute additional equity to the joint venture as part of any financing or the Company's SFA G&E guarantee is called upon.

GST amended assessments

On 11 August 2021 the Group received amended assessments from the Australian Taxation Office (**ATO**) in respect of a dispute for the period October 2013 to August 2017 (inclusive) in relation to the GST treatment of rebates paid to junket operators for The Star Pty Limited. The amount in dispute for this period is approximately \$149.3 million (primary tax of \$81.9 million and interest of \$67.4 million). In FY2022 the Group paid \$40.9 million as a deposit to the ATO on a no-admissions basis. The deposit is held as a current asset on the balance sheet.

On 6 September 2021 the Group filed an application for judicial review with the Federal Court of Australia in relation to the interest assessment and on 5 October 2021 lodged an objection against the primary assessments with the ATO. The ATO disallowed the Group's objections in October 2023. On 5 December 2023 the Group appealed by commencing proceedings in the Federal Court of Australia.

Withholding tax penalty

The Group is in dispute with the ATO in relation to the appropriate method for calculating withholding tax on rebates paid to junket operators for the 2015 to 2020 income tax years. The amount in dispute for the period is \$7.7 million (primary penalty of \$6.4 million and interest of \$1.3 million). The relevant Group entities objected to the ATO's decision to issue the penalties. The ATO disallowed the Group's objections in October 2023 and on 5 December 2023 the relevant Group entities appealed by commencing proceedings in the Federal Court of Australia. In FY2024 the Group paid \$3.2 million as a deposit to the ATO on a no-admissions basis. The deposit is held as a current asset on the balance sheet.

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2024

Legal challenges

There are outstanding legal proceedings between the Company and its controlled entities and third parties as at 30 June 2024. The Group has notified its insurance carrier of all relevant litigation and currently anticipates that any damages (other than exemplary damages) that may be awarded against the Group, in addition to its costs incurred in connection with the proceedings, may be covered by its insurance policies where such policies are in place. Provisions are made for known obligations where the existence of a liability is probable and can be reasonably estimated. As the outcomes of these actions remain uncertain, contingent liabilities exist for possible amounts eventually payable.

NEW SOUTH WALES

Disciplinary Action

The final instalment of the \$100 million penalty issued following the Bell Review, was paid on 28 December 2023.

Regulatory reforms

Compulsory carded play and cash play limits were due to commence on 19 August 2024 however the timetable for compliance was amended by the NSW Government to transition these requirements. From 19 August 2024, mandatory carded play is required in private gaming areas and on select games on the main gaming floor with daily cash limits of \$5,000 for carded play. Fully carded play is required by 19 October 2024 and the daily cash permitted per person will be reduced to \$1,000 by 19 August 2025.

Bell Two

On 19 February 2024, the NICC announced an inquiry to investigate the suitability of The Star Pty Ltd (*The Star Sydney*) and its close associate, the Company, to be concerned in or associated with the management and operation of The Star Sydney Casino. The NICC appointed Mr Adam Bell SC to preside over an inquiry with the powers of a royal commissioner in NSW. Public hearings were conducted from 15 April 2024 to 3 May 2024.

On 1 August 2024, the NICC advised that its request to extend the term of the appointment of the Manager of The Star Sydney Casino by regulation to 31 March 2025 had been approved. In addition, on 30 August 2024, the NICC provided to the Company and The Star Sydney, a copy of the report of the Second Inquiry conducted by Mr Adam Bell SC in respect of The Star Sydney (the **Bell Two Report**). A copy of the non-confidential parts of the Bell Two Report was released to the public on the same day. The Bell Two Report concludes that the Company and The Star Sydney are presently unsuitable to be concerned in, or associated with, the management and operation of The Star Sydney.

The Bell Two Report made findings and recommendations in relation to four areas of non-compliance which resulted in various breaches by The Star Sydney during 2023 and 2024 which are the subject of ongoing consideration by the NICC and could, in the future, potentially involve the imposition of fines and penalties under the relevant NSW legislation. A range of outcomes against The Star Sydney are possible, including among other things, the imposition of a penalty, letter of censure, amendments to the conditions, further suspension, or cancellation, of The Star Sydney's licence.

On 13 September 2024, the NICC served a 'show cause' notice (**Notice**) on the Company, requesting a response to the Breach Findings from the Bell Two inquiry. The NICC has also requested information about the Company's current financial position and its plans to address these issues so that it can make informed decisions about the Company's financial suitability to hold a casino licence for The Star Sydney. The Company lodged its response on Friday, 27 September 2024. The Company and The Star Sydney are considering the recommendations and guidance in the Bell Two Report and, subject to any response to the Bell Two Report by the NICC, will seek to implement relevant recommendations at an appropriate time.

Casino duty reforms

On 11 August 2023 the NSW Treasurer and the Group announced an in-principle agreement had been reached in relation to changes to casino duty rates for casinos in New South Wales and their impact on The Star Sydney. An agreement was finalised between NSW Treasury and The Star Sydney on 20 November 2023.

The changes include rate increases for rebate duty (10% to 12.5%) and Table Games (17.91% to 20.25%) from 1 July 2023. Poker Machine duty rates will remain as follows until 2030 (20.91% until 30 June 2024, 21.91% from 1 July 2024 and 22.91% from 1 July 2027). From 1 July 2030 poker machines will be taxed based on average poker machine revenue using a progressive rate scale with a maximum of 51.6%. In the period 1 July 2023 to 30 June 2030 an additional levy will apply equal to 35% of The Star Sydney's gaming revenue above \$1.125 billion per financial year. There is no change to the Responsible Gambling Levy rate.

This agreement includes an undertaking that provides employment certainty for team members as agreed with the United Workers Union.

THE STAR ENTERTAINMENT GROUP

DIRECTORS' REPORT **FOR THE YEAR ENDED 30 JUNE 2024**

QUEENSLAND

Disciplinary action

The final instalment of the \$100 million penalty issued following the review by the Hon. Robert Gotterson AO into the Group's Queensland Operations, was paid on 28 December 2023.

The Star Gold Coast's deferred licence suspension is currently in effect up to 20 December 2024 and Special Manager term has been extended to 8 December 2024. The deferred suspension of Treasury Brisbane's licence and term of the Special Manager will cease on surrender of its casino licence following the opening of The Star Brisbane. An External Adviser has been appointed by the Minister for The Star Brisbane casino operations which are managed by the Group (see section 5). On the same date, the Group was also directed by the Department of Justice and Attorney-General to prepare a plan for the remediation of the management and operations of The Star Brisbane.

Regulatory reforms

On 28 March 2024, the *Casino Control and Other Legislation Act 2024* was enacted to give effect to the balance of the recommendations of the Gotterson Report and certain other casino reforms. The proposed reforms include the introduction of mandatory carded play, restrictions on the use of cash, mandatory player pre-commitments including play and break limits, and a supervisory levy payable by casino licence holders. Most reforms took effect from enactment, with the remaining reforms to either commence on a date to be fixed by proclamation (including the introduction of a supervisory levy) or 6 months after enactment. The implementation of each of the key measures noted above requires the introduction of regulations giving effect to those reforms.

Suitability Investigation – Chow Tai Fook Enterprises (CTFE)

On 2 May 2024, the Qld A-G noted that there is insufficient evidence to conclude that CTFE or its relevant associates are unsuitable to be an associate or close associate of DBC, which holds The Star Brisbane casino licence. CTFE is a 25% interest-holder in DBC.

FUTURE DEVELOPMENTS

Future developments in the Group's activities will be dependent on several factors outlined in this Directors' Report, notably successfully addressing the Group's liquidity issues, the resolution of the AUSTRAC proceeding, and timely and effective execution of the extensive program of remediation activities necessary for a return to suitability in both NSW and Queensland. There were no other significant changes in the state of affairs of the Group during the year.

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2024

2.7 RISK MANAGEMENT

The Group takes a structured approach to identifying, evaluating and managing those current and emerging risks which have the potential to affect achievement of strategic objectives. The commentary relating to Principle 7 in the Company's Corporate Governance Statement describes the Group's risk management framework which is based on ISO31000, the international standard on risk management. The Corporate Governance Statement can be viewed on the Company's website.

An overview of the Group's material risks and associated mitigation strategies are set out below. The mitigation strategies are designed to reduce the likelihood of the risk occurring and/or to minimise the adverse consequences of the risk should it happen. However, some risks are affected by factors external to, and beyond the control of, the Group.

Risk and description	Mitigation strategy
<p>Suitability</p> <p>The Company and the Group's operations are regulated by laws, licences, permits and approvals from relevant government agencies and regulators.</p> <p>The failure of one or more of the relevant Group entities for The Star Sydney, The Star Gold Coast or The Star Brisbane to be suitable, or return to suitability, to hold a casino licence or meet relevant suitability requirements, including demonstrating financial viability, could have an impact on the Group's reputation, financial performance and position and the ongoing operation of the business.</p> <p>Following the Bell and Gotterson reviews in NSW and Queensland, respectively, the Group is presently operating with a suspended licence in NSW and a licence which is subject to deferred suspension in Queensland.</p> <p>The Bell Two Inquiry was undertaken during the second half of FY24. Final outcomes of this review are unknown, but could be material for the Group's operations, including a loss of licence to operate in New South Wales.</p> <p>Transition to All-Carded and Cash-Limited Gambling</p> <p>There may be significant adverse impacts on the Group's financial performance and customer experience with the introduction of cash-limited and all-carded play from August 2024. Complexities arising from the implementation of this program may have material impacts on the Group and the impact on player activity is unknown. A phased approach has commenced to address new regulations, presenting risk in the near term.</p> <p>The implementation of new technology may result in unforeseen complications and complexities, including system outages, impacting revenue and customer satisfaction.</p> <p>The change required to the customer experience is without precedent in the gaming industry. Supporting the transition, changes to business processes, technology, controls, and workforce design is transformational in scale and complex, particularly when implemented concurrent with other business priorities and objectives of the Group.</p>	<p>The Company has developed a comprehensive remediation program which seeks to uplift and reform the Group's governance, accountability and capabilities, culture and risk and compliance processes to meet suitability requirements for a casino operator in the states in which it operates. This is a multi-year Plan, requiring significant financial and human resources to deliver.</p> <p>The Remediation Plan was approved in Queensland and actions under the plan commenced in the first half of FY24. The Plan has recently been reviewed to simplify the organisation of milestones and to increase the focus on cultural uplift across the Group. Additional findings or actions arising from Bell Two were incorporated into the reset Remediation Plan. The amended Remediation Plan and associated documents were submitted to OLGR on 18 September 2024 for consideration and approval by the Queensland Attorney General. The reset remediation plan is subject to the approval of OLGR and government in Queensland. Copies of the plan and associated documents were also submitted to the NICC for information on 20 September 2024.</p> <p>The Group has mobilised a significant program of work to implement the technology, business processes, controls and workforce changes required to meet these evolving regulatory obligations. A "cashless" and all-carded live trial has been in operation in The Star Sydney since February 2024 and a further expansion of the technology, processes and solutions commenced from August 2024.</p> <p>The Group continues to monitor customer adoption and has developed plans to support an effective expansion, incorporating learnings from expanded trials. The Group will continue to engage regulators and adopt strategies and secure funding for future phases of the complete transition to all-carded, cash-limited gambling across all properties of the Group.</p>

THE STAR ENTERTAINMENT GROUP

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2024

Risk and description

Cyber Security

Information systems applications and technology are essential to maintaining effective operations. As the Group moves to fully carded gambling with reduced cash in its operations, digital transactions will necessarily increase, with a commensurate increase in volume and magnitude of sensitive information, including sensitive customer information. This information will be retained electronically for a larger number of clients.

Threats to information systems applications and technology are continuously evolving and cyber threats and the risk of attacks are increasing. Any failure of the Group's systems and processes could result in, amongst other things, business interruption, legal or regulatory breaches and liability, with negative impacts on the Group's reputation and financial performance.

Information Security and Privacy

The Group necessarily collects and manages confidential business and customer data in the course of its business operations. The move to a more digital environment through all-carded and cash-limited play, will necessarily increase the volume and variety of sensitive data held by the Group, increasing the risk arising from failed processes and controls, including from a leak or unauthorised access such as a cyber attack. At the same time, regulatory and community expectations to protect customer data is increasing.

Any systems or process failures could result in the exposure of confidential information and sensitive customer data, leading to customer dissatisfaction, legal or regulatory breaches (including of privacy legislation) and liability, impacting the Group's reputation and financial performance.

The Star Brisbane Opening / Queen's Wharf Project

The Group has recently opened The Star Brisbane as part of the Queen's Wharf project, a joint venture with Destination Brisbane Consortium (DBC). The failure to realise the potential return from the Group's invested capital in The Star Brisbane or the Queen's Wharf Project may have an adverse impact on the Group's reputation, financial performance and position.

As the Group operationalises The Star Brisbane and closes the Treasury casino, new operational, regulatory and governance risks may arise connected to the recruitment of a significant number of new employees and the opening of an entirely new facility. Further, as Queens Wharf operationalises new risks around the oversight of the business and ongoing engagement with Destination Brisbane Consortium may arise.

Mitigation strategy

The Group has a dedicated information technology (IT) security function which tests and monitors technology systems to detect and block viruses and other threats to the security of the Group's data. The Group employs industry experts to undertake reviews and testing of its cyber resiliency and the IT function continues to implement a cyber resilience plan.

Employees are regularly trained on the importance of cyber security and related processes, with continued testing of control effectiveness with reporting to senior management and the Board.

The Group has a dedicated Privacy team as part of its Group Risk function. The Privacy team supports privacy awareness and education across the Group and works closely with Information Technology to drive data security and protection controls across the Group. During the year a new Privacy Management Framework was developed and implemented.

The Group is closely managing The Star Brisbane through regular stand-ups and has processes in place to monitor operational effectiveness, including financial performance, employee sufficiency and risk and regulatory matters. The Group is actively working with regulators and DBC to deliver a smooth operation.

Decanting and ultimate closure and sale of the Treasury building is being managed closely as a project.

Governance structures are in place and are being refined to report risks to the Group's Board and the Destination Brisbane Consortium Board and relevant Committees.

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2024

Risk and description

Financial

The Group's ongoing financial performance and liquidity position is critical in order for the Group to be able to access funding to meet current and anticipated expenses, penalties and judgements and to fund future growth opportunities on commercially acceptable terms. The Group faces material uncertainty that could impact its financial strength and liquidity, including the shift to all-carded gambling and lower cash limits, the economic environment, unknown operation and performance of new assets that may cast significant doubt on its ability to remain a going concern (refer to Note G in the financial statements).

Under the scope of the Bell Two Inquiry, the financial strength of The Group has and will be considered in the decision about suitability. If the financial strength of the Group is not found to be sufficient, this may be a basis for regulators finding the Group to be unsuitable to hold a casino licence.

Culture

The Group recognises that a risk-aware culture, where team members are willing and unafraid to escalate matters, is necessary to the effective operation of its business.

Failure to operate with such a constructive culture consistently across the Group's operations could result in a failure to identify, raise and escalate incidents, breaches, operational and other matters that could negatively impact the operational and financial performance of the Group.

As a result of a failure to escalate matters, a weak culture could also negatively impact the Group's reputation, regulatory relationships, the Group's return to suitability and ability to hold casino licences in the states in which the Group operates.

Mitigation strategy

The Group's financial performance is continuously monitored for any variations from annual financial budgets and market expectations. When deemed necessary, proactive steps are taken to reduce costs with a potential consequential impact on employees and operations. It may not be the case that such steps are timely or sufficient to address any negative trends in revenue, resulting in unexpected losses.

The Group continuously monitors its financing and capital requirements and will seek to raise funds from either debt or equity capital markets, debt financiers or otherwise, to support the Group's financial management needs, in each case, subject to such funding being available on commercially acceptable terms. Professional financiers are engaged to assist in complex financing requirements when appropriate.

The Group and its lenders executed a commitment letter on 25 September 2024 for a new debt facility (of up to \$200 million in two tranches) which will become effective on completion of long-form documentation and satisfaction of various conditions precedent (refer to Note G in the financial statements in respect of this arrangement and other mitigating actions).

The Group is expanding the focus on Culture in the Remediation Program and is developing measurable targets to track progress towards a supportive and sustainable culture. This work builds on the independent culture assessment completed at the end of FY23 as well as later observations, such as those evidenced through the Bell Two Inquiry. The Group has appointed a Chief Culture and Ethics Officer to lead this work and to drive and support culture change across the Group.

Escalation of incidents, issues, breaches and other matters, continues to be promoted through the "Raise It" program, launched Q4 FY23. This is further supported by newly-developed, day-long, in-person training for several thousand team members which builds awareness on how to identify and escalate matters.

An independently managed and confidential whistleblowing program is in place to support escalation when team members may not be comfortable escalating through internal channels.

THE STAR ENTERTAINMENT GROUP

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2024

Risk and description

Safer Gambling

The Company recognises the failure to deliver and support responsible gambling practices as a material risk for the Group's business operations. The Group seeks to provide a safe gambling environment where problem gambling and gambling related harm are minimised.

Failure to provide a Safer Gambling environment at each of its venues may impact the Group's suitability to hold casino licences and result (including following self-reporting) in significant fines or other penalties or sanctions, which in turn may have an adverse impact on the Group's reputation, suitability to hold one or more casino licences, and financial performance and position.

A number of serious issues related to the Group's execution of new Safer Gambling controls were tabled at the Bell Two Inquiry. The outcomes of any regulatory action over those matters is not yet known.

Failure to provide a Safer Gambling environment may also increase customer dissatisfaction, which could result in compensatory claims, leading to an adverse impact on the Group's financial performance and position.

Anti-Money Laundering and Counter-Terrorism Financing Compliance

The Group operates in an industry that presents high money laundering risks.

As a provider of 'designated services' under the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (Cth) (AML/CTF Act), some entities within the Group are 'reporting entities' which are subject to obligations under the AML/CTF Act and Anti-Money Laundering and Counter-Terrorism Financing Rules Instrument 2007 (No. 1).

A failure to comply with these obligations may expose the Group to significant penalties or other regulatory actions.

AUSTRAC continues to pursue civil penalty proceedings against the Group, alleging wide-spread non-compliance with the AML / CTF Act and Rules. The outcome of AUSTRAC's action against the Group is unknown, but may result in a material penalty which may have a significant negative impact on the Group's financial position.

During the public inquiries of Bell Two, there was material discussion about the Group's approach to enhanced customer due diligence (ECDD). This has been followed by further regulatory inquiries with state regulators. The outcomes of these inquiries is not yet known.

Mitigation strategy

Through the Remediation Plan the culture of Safer Gambling is being embedded in the Group's business strategy, processes, and individual accountabilities.

Resourcing dedicated to Safer Gambling monitoring and guest welfare has risen materially.

The impending implementation of all-carded play increases the ability of the Group to monitor player activity and will enable more timely and informed support for guests through safer gambling activities.

Analytics is being used to detect patterns, modes and durations of play which may be indicators of gambling harm. Global modelling is being tested to enable more proactive engagement with guests on safer gambling matters. All-carded play will further support these solutions.

The Group continues to invest heavily in improvements to its AML / CTF framework, through a dedicated workstream of the Remediation Plan. This work is carried forward by specialist AML / CTF resourcing. Key improvements through the year include new tools to assess risk, new training solutions, new capacity to monitor AML / CTF risks and continued increases in resourcing. An updated AML / CTF Program Manual was approved by the Board in November 2023, setting the financial crime risk appetite and expectations for the Group to manage those risks.

During the second half of FY24, the Group has implemented a specialist intelligence unit with the capability to further investigate the background and profiles of guests who present higher risks for financial crime.

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2024

Risk and description	Mitigation strategy
<p>Legal and Regulatory Compliance</p> <p>The Group operates in a highly regulated industry and is reliant on receiving and maintaining regulatory approvals in the jurisdictions in which it conducts gambling and non-gambling operations.</p> <p>Legislative and regulatory changes or decisions affecting the operation of casinos (including the potential effect of changes in the administration of laws in foreign countries affecting the ability of foreign nationals to travel to and/or bring funds to Australia) may have an adverse impact on the operations, financial performance and position of the Group.</p> <p>Legislative and Contractual Restrictions on Dealing with Assets</p> <p>Beyond the current regulatory issues applying to the Group's operations in NSW and Qld (including the manager appointments), there are various restrictions arising under state-based legislation and various contractual arrangements which apply to the casino licences and associated assets which comprise the Group's operations.</p> <p>These arrangements restrict certain dealings in the relevant assets, such that the relevant assets cannot be assigned or mortgaged, charged or otherwise encumbered, at least without relevant consents or approvals being obtained (if applicable) or at all.</p> <p>Certain assets are also subject to joint venture arrangements and the financing arrangements which apply to those joint ventures.</p> <p>The inability of the Group to deal with these assets in certain circumstances or obtain necessary regulatory approvals or legislative changes to transact or finance these assets could negatively impact the Group's operations and financial position.</p>	<p>The Group's remediation program is designed to enhance and mature the Group's governance and compliance frameworks and processes.</p> <p>The Group continuously monitors for potential legislative and regulatory changes or changes in relevant government policy and positions in the states in which it operates. This includes matters core to the integrity of gambling operations such as gambling regulatory compliance, Safer Gambling, service of alcohol and AML/CTF compliance.</p> <p>The Group works collaboratively with state and federal regulatory authorities to ensure that applicable laws and regulations are properly interpreted and applied. The Group works with these authorities and other stakeholders in relation to anticipated or proposed legislative or regulatory changes or decisions.</p> <p>These restrictions are a function of the legislative and contractual obligations which apply to the Group's operations in NSW and Qld.</p> <p>The Group seeks to ensure that it consults with relevant regulatory bodies and third parties in connection with such restrictions and limitations as appropriate. Where applicable, relevant consents or approvals are sought.</p>

THE STAR ENTERTAINMENT GROUP

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2024

Risk and description	Mitigation strategy
<p>Key Stakeholder Relations</p> <p>The Group may experience difficulties or be unable to engage with key stakeholders proactively and constructively, leading to adverse outcomes.</p> <p>Any deterioration of the Group's relationships with key stakeholders may have an adverse impact on the Group's operations and 'social licence' to operate, which in turn could have an adverse impact on the Group's reputation and financial performance and position. The behaviours leading up to, and the outcomes arising from the Bell Two Inquiry will have contributed to strained regulatory relationships and could still strain relationships with key stakeholders, with unknown outcomes.</p> <p>Critical stakeholders for the Group are the financial services companies that provide transactional banking services. If the Group is unable to maintain transactional banking services (including for new businesses such as The Star Brisbane) there may be negative impacts on operational and financial performance. Transactional banking facilities are presently in place until March 2025.</p> <p>Corporate Governance</p> <p>There may be potential adverse impacts for the Group from a failure to maintain a strong and effective governance structure which supports a culture of transparency, accountability, and compliance.</p> <p>Sustainability</p> <p>Failure by the Group to effectively assess and respond to sustainability risks (including socioeconomic, environmental, and governance risks), or to be perceived as failing to do so, could adversely impact the Group's reputation which in turn could adversely affect the Group's financial performance.</p>	<p>The Group is developing standard frameworks and processes, including as contemplated by the remediation program, for engaging with a variety of stakeholder groups to improve the quality and depth of its relationships with, amongst other stakeholders, governments, regulators, shareholders, customers, joint venture partners, lenders, transactional banking providers, suppliers, employees, media and unions.</p> <p>The Group has also developed partnerships with local community groups and charitable organisations.</p> <p>Executive changes during FY24 and to date include the appointment of a new Group Chief Executive Officer, new Group Chief Operating Officer, and new Chief Executive Officers for each of the three casinos. A Group Chief Audit Officer, reporting to the Chair of the Board Audit Committee has also been appointed. In addition, a new Board Chairman was appointed in April 2024, and two new independent non-executive directors were appointed during FY24. These appointments have been completed with the intent of driving stronger governance and a culture of transparency, accountability and compliance.</p> <p>The Group has established and is refining an integrated "3 lines of accountability" model to identify and manage key risks and to provide assurance that critical controls are effective in managing those risks. This model is supported by the Group's risk management framework.</p> <p>Sustainability risks are tracked and reported by management with actions taken to remain within defined risk appetite. Sustainability matters are reported to the Safer Gambling, Governance and Ethics Committee.</p>

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2024

Risk and description	Mitigation strategy
<p>People</p> <p>The Group may experience high levels of turnover in its workforce, including from cost reduction initiatives, and may experience difficulty attracting, recruiting and retaining appropriately qualified staff – including for key leadership and operational roles.</p> <p>The Group has and may still experience issues in the calculation and payment of employee remuneration. Such wage compliance issues have been reported to the Fair Work Ombudsman and are being actively rectified, through back-payment to current and former employees. Though the Group is working constructively and transparently with the Fair Work Ombudsman, the Group may yet face penalty and censure.</p> <p>Relationships with unions may not always be constructive and supportive, leading to challenging working environments and potentially, disruptions to business operations.</p> <p>People are critical to the effective operation of the Group's business. Negative developments that impact the Group's workforce may have an impact on the Group's operations and financial performance.</p>	<p>The Group has dedicated talent acquisition teams and programs in place to support employee retention. Frameworks have been implemented to support a workplace that is free of discrimination, harassment and bullying. Programs such as the Group's "Raise It" campaign drive a culture of transparency and encourage escalation of issues that are outside the Group's Code of Conduct. Late in FY24 the Group launched "Elevate", an in-person training day on risk awareness and the importance of escalation of issues, incidents and concerns. The Group monitors employee engagement through regular surveys and feedback.</p> <p>The Group has dedicated resources and project governance to address wage compliance matters and reports regularly to management and the Group Board.</p> <p>The Group holds a constructive relationship with unions through structured engagement from Senior Leadership to Front line team members with a transparent and consultative approach. Our National Deed of Agreement with United Workers Union and property Enterprise Agreements provide a base line governance for our ways of working. The Enterprise Agreement for The Star Sydney was agreed and ratified during FY24.</p> <p>The Remediation Plan has workstreams which are designed to uplift capabilities in people and culture across the Group.</p>
<p>Health & Safety</p> <p>The Company seeks to operate the Group's facilities without negatively affecting the safety, security and wellbeing of its guests, team members and contractors. This includes the responsible serving of alcohol for guests.</p> <p>There may be adverse impacts for the productivity, operations and reputation of the Group if a guest, team member or contractor is injured or some other event or circumstance occurs in relation to their safety, security and wellbeing, at one of the Group's premises. This may also impact the financial performance of the Group.</p>	<p>The Group takes a risk-based approach to managing health and safety. Dedicated health and safety and injury management specialists are employed at each of the Group's properties. Each property employs security and surveillance personnel to provide support in monitoring threats and managing potential incidents on a real time basis. Team members are trained on the responsible serving of alcohol.</p> <p>The Group monitors psychological safety and psychosocial hazards. During the second half of FY24, the Group rolled out the People at Work Survey, supported by external experts.</p>
<p>Operational Risks</p> <p>The Group faces operational risks in its day-to-day activities and processes. This includes risk of loss or reputational damage resulting from inadequate, changed or failed internal processes, people or systems (including, amongst other things, technology, innovation, data storage, staffing levels and skills, and information security systems), or from external events.</p> <p>Though controls are in place, these may not always be effective at mitigating unexpected internal or external events which may adversely impact the Group's operational and financial performance.</p>	<p>Measures have been taken over FY24 to enhance the Group's operational controls, including for new risks associated with the opening of The Star Brisbane. Risk management capability across the Group continues to be enhanced, with growing numbers of resourcing for controls management and expanded capability in a dedicated Risk Management function.</p> <p>The remediation program includes clearly defined work streams designed to simplify the control environment and identify any control gaps. A culture of risk awareness and an entrenched 'three-lines-of accountability' model is the Group's objective and is in the progress of being embedded. Assurance and Audit capabilities are being improved.</p>

THE STAR ENTERTAINMENT GROUP

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2024

Risk and description

Realising Value from Capital Projects

There may be potential adverse impacts for the Group from a failure to generate adequate returns from the financial capital invested in capital projects.

Competitive Position and Customer Behaviour

There may be potential adverse impacts on the Group's financial performance and position from increased competition and disparity in regulatory requirements in the Group's key markets in Sydney, Gold Coast and Brisbane. The ability of The Group to respond to these may be limited by conflicting priorities and financial capacity.

Further, any diminution in customer satisfaction, loyalty or changes in customer behaviour may have an impact on the operating and financial performance and position of The Group. This includes behavioural change arising from changed business processes and controls.

Political and General Business and Economic Conditions

In light of macroeconomic events and political, economic and business conditions, geopolitical risks, natural disasters, inflationary pressures and elevated interest rates, Australia may continue to experience economic variability and uncertainty going forward.

These economic and geopolitical conditions have had, and could in the future have, an adverse impact on the Group's operating and financial position and performance.

Mitigation strategy

The Group has a project management framework and has employed experienced project managers to reduce the risk of delays in completion and/or overruns in costs of capital projects and maintain oversight of joint venture investments.

The Group markets and promotes its portfolio of facilities to seek to achieve a level of customer patronage needed to deliver the expected returns on investment.

Substantial investments have been made to develop new or improved venue facilities for the Group and to improve customer service capabilities of employees. Efforts to diversify revenue sources continue as the Group's business moves towards a more diversified entertainment offering.

The Group monitors customer satisfaction and reports related metrics to management. To support and facilitate strategic priorities, change management practices are employed with specialised communication programs in place to support customers through business changes.

The Group works collaboratively with external stakeholders and engages actively with governments and regulators in support of common objectives.

The Group monitors the external environment and responds to challenges that may impact its customers, its employees and its business, including through management of expenses and investments.

2.8 ENVIRONMENTAL REGULATION AND PERFORMANCE

The Group is subject to the reporting requirements of the *National Greenhouse and Energy Reporting Act 2007 (NGER Act)*. The NGER Act requires the Group to report its annual greenhouse gas emissions and energy consumption for the period 1 July through 30 June each year. The Group has implemented systems and processes for the collection and calculation of the data required and receives independent limited assurance on this data. The Group submits its report in October each year in line with the filing requirements.

The Group is also subject to regulatory obligations as a signatory to, and complying with, the Australian Packaging Covenant, and as a member of the Australian Packaging Covenant Organisation (APCO). APCO is a not-for-profit organisation, accredited by the Commonwealth Government, whose role is to administer the Australian Packaging Covenant. As a signatory to the Australian Packaging Covenant, the Group's obligations include preparing and implementing an action plan and submitting annual reports to APCO. The Group submitted its second Annual Report in March 2024 and Action Plan in 2024, meeting regulatory obligations.

The Group believes its operations are not materially affected by any other significant environmental regulation under any law of the Commonwealth of Australia or any State or Territory of Australia.

The Group's Sustainability Strategy: *Responsible Business, Sustainable Destinations* and key activities to manage the sustainability risks identified as part of its materiality assessment can be found in the Company's Sustainability Reports on the Company's website in addition to existing policies and controls.

DIRECTORS' REPORT

FOR THE YEAR ENDED 30 JUNE 2024

3 LOSS PER SHARE

Basic and diluted loss per share for the financial year was (66.8) cents (2023: 211.7 cents). Loss per share is disclosed in note F3 of the Financial Report.

4 DIVIDENDS

No dividends were declared or paid.

5 SIGNIFICANT EVENTS AFTER THE END OF THE FINANCIAL YEAR

The following events occurred after balance date:

Refinance

The Group and its lenders executed a commitment letter on 25 September 2024 for a new debt facility (of up to \$200 million in two tranches) which will become effective upon completion of long-form documentation and satisfaction of various conditions precedent. The first tranche is expected to be available to be drawn, subject to conditions precedent, from the end of October 2024 through to 20 December 2024. The second tranche is subject to more extensive conditions precedent but, if satisfied, would be expected to be available to be drawn from the end of December 2024 and have a 4 month availability period following the drawing of the first tranche (see Note G).

The Group's existing \$450 million facility has been reduced to \$334 million, which is fully drawn.

The maturity date for the new facility is consistent with the existing term loan (December 2027). The Group will also retain up to \$34 million of bank guarantees under the existing revolving credit facility.

The Company's lenders have agreed to provide covenant waivers for the next two testing dates, being 30 September 2024 and 31 December 2024, with the waiver for the latter date being subject to execution of long-form documentation for the new debt facility and other customary conditions.

Bell Two Report

On 1 August 2024, the NICC advised that its request to extend the term of the appointment of the Manager of The Star Sydney Casino by regulation to 31 March 2025 had been approved. In addition, on 30 August 2024, the NICC provided to the Company and The Star Sydney, a copy of the Bell Two Report. A copy of the non-confidential parts of the Bell Two Report was released to the public on the same day. See Note B7.

On 13 September 2024 the NICC served a 'show cause' notice on the Company pursuant to section 23 of the *Casino Control Act 1992 (NSW)* in respect of matters arising from the Bell Two Report (**Notice**). In addition to the Notice, the NICC has also asked the Company to make submissions as to the actions being taken by the Company in respect of a number of findings in the Bell Two Report relating to, among other things, the Company's suitability to hold the casino licence for The Star Sydney and progress in respect of its remediation plan. The NICC has also requested information about the Company's current financial position and its proposed plans to address these issues on an ongoing basis so that it can make informed decisions about the Company's (and The Star Sydney's) financial suitability. The Company lodged its response on Friday, 27 September 2024.

Treasury Brisbane Casino and The Star Brisbane

On 25 August 2024 Treasury Brisbane Casino owned by the Group ceased operation and will surrender its licence no later than 23 October 2024. On 28 August 2024, DBC (of which the Group owns 50%) was issued a casino licence for The Star Brisbane, which subsequently commenced operation on 29 August 2024 under the management of the Group through an agreement with DBC.

On the direction of the Department of Justice and Attorney-General dated 28 August 2024, an External Adviser has been appointed by the Minister for The Star Brisbane casino operations which are managed by the Group, the cost of which will be borne by the Group. On the same date the Group was also directed by the Department of Justice and Attorney-General to prepare a plan for the remediation of the management and operations of The Star Brisbane.

Sale of Treasury Brisbane Casino Building

Agreement was reached to sell the leasehold interest in the Treasury Brisbane Casino Building to Griffith University for \$67.5 million (plus GST). After settlement adjustments, the net proceeds were \$60.5 million (plus GST). Settlement occurred on 27 September 2024.

Underpaid NSW casino duty

The Group has reached agreement with L&GNSW in relation to the primary amount of underpaid casino duty payable following the completion of the independent review and an assurance review conducted by L&GNSW (see Note B7). Penalty interest, if any, has not been agreed.

THE STAR ENTERTAINMENT GROUP

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2024

Reset Remediation Plan

Following the findings from the Bell Two Report, the Company has prepared an amended remediation plan which incorporates a number of enhancements to the previously approved version of the plan. After extensive engagement with the Manager (The Star Sydney), Special Manager (The Star Gold Coast), External Adviser (The Star Brisbane) to obtain feedback, the Company submitted the amended plan and associated documents to OLGR on 18 September 2024 for consideration and approval by the Queensland Attorney General. The reset remediation plan is subject to the approval of OLGR and government in Queensland. Copies of the plan and associated documents were also submitted to the NICC for information on 20 September 2024.

Other than those events that have already been disclosed in this report or elsewhere in the Financial Report, there have been no other significant events occurring after 30 June 2024 and up to the date of this report that have materially affected or may materially affect the Group's operations, the results of those operations or the Group's state of affairs.

Details of the functions and memberships of the Committees of the Board and the terms of reference for each Board Committee are available from the Corporate Governance section of the Company's website.

10 INDEMNIFICATION AND INSURANCE OF DIRECTORS AND OFFICERS

The Directors and Officers of the Company are indemnified against liabilities pursuant to agreements with the Company. The Company has entered into insurance contracts with third party insurance providers, in accordance with normal commercial practices. Under the terms of the insurance contracts, the nature of the liabilities insured against and the amount of premiums paid are confidential.

11 INDEMNIFICATION OF AUDITORS

To the extent permitted by law, the Company has agreed to indemnify its auditors, Ernst & Young Australia, as part of the terms of its audit engagement agreement against claims by third parties arising from the audit (for an unspecified amount). No payment has been made to indemnify Ernst & Young during or since the end of the financial year.

12 NON-AUDIT SERVICES

Ernst & Young, the external auditor to the Company and the Group, provided non-audit services to the Company during the financial year ended 30 June 2024. The Directors are satisfied that the provision of non-audit services during this period was compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001 (Cth)*. The nature and scope of each type of non-audit service provided did not compromise auditor independence. These statements are made in accordance with advice provided by the Audit Committee.

The Audit Committee reviews the activities of the independent external auditor and reviews the auditor's performance on an annual basis.

THE STAR ENTERTAINMENT GROUP

DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2024

Limited authority is delegated to the Group Chief Financial Officer for the pre-approval of audit and non-audit services proposed by the external auditor, limited to \$50,000 per engagement and capped at 40% of the relevant year's audit fee. Delegated authority is only exercised in relation to services that are not in conflict with the role of statutory auditors, where management does not consider the services to impair the independence of the external auditor and the external auditor has confirmed that the services would not impair their independence. Any other non-audit related work to be undertaken by the external auditor must be approved by the Chair of the Audit Committee.

Further details relating to the Audit Committee and the engagement of auditors are available in the Corporate Governance Statement.

Ernst & Young, acting as the Company's external auditor, received or is due to receive the following amounts in relation to the provision of non-audit services to the Company:

Description of services	\$000
Fees for other assurance and agreed-upon-procedures services (including sustainability assurance) under contractual arrangements, where there is discretion as to whether the service is provided by the auditor	167.8
Fees for other advisory and compliance services	220.0
Total of all non-audit and other services	387.8

Amounts paid or payable by the Company for audit and non-audit services are disclosed in note F10 of the Financial Report.

13 ROUNDING OF AMOUNTS

The Star Entertainment Group Limited is a company of the kind specified in the Australian Securities and Investments Commission's *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*. In accordance with that Instrument, amounts in the Financial Report and the Directors' Report have been rounded to the nearest hundred thousand dollars unless specifically stated to be otherwise.

14 AUDITOR'S INDEPENDENCE DECLARATION

Attached is a copy of the auditor's independence declaration provided under section 307C of the *Corporations Act 2001 (Cth)* in relation to the audit of the Financial Report for the year ended 30 June 2024. The auditor's independence declaration forms part of this Directors' Report.

This report has been signed in accordance with a resolution of Directors.

DIRECTORS', REMUNERATION AND FINANCIAL REPORT

THE STAR ENTERTAINMENT GROUP

INTRODUCTION FROM THE CULTURE, PEOPLE AND REMUNERATION COMMITTEE CHAIR

Dear Shareholder,

On behalf of the Board, I present the Remuneration Report for the year ended 30 June 2024 (**FY24**). This report is prepared on a consistent basis to the previous year for ease of reference.

FY24 has been another challenging year for The Star as we continue to work hard to regain the trust of our shareholders, guests, regulators and the community and restore the value of your company. I want to thank Management and Team Members across the business who are working tirelessly to deliver our remediation program, a roadmap to restoring and retaining our suitability to hold casino licences in NSW and Queensland.

The FY23 Remuneration Report received positive support from shareholders with 82.81% voting for its adoption.

FY24 REMUNERATION PROGRAM REVIEW

The remuneration framework plays an important role in reinforcing the right behaviours and culture across The Star. In FY24, the remuneration framework was reviewed to ensure that the remuneration tools in place support the Board and management in the development of a strong risk management and regulatory compliance culture. As a result, design changes were made to both the Short Term Incentive Plan (**STI**) and the Long Term Incentive Plan (**LTI**) and a Consequence Management Framework was introduced to further reinforce individual accountability. These changes are outlined in sections 3.3, 3.4 and 3.6 of this report and are integral to our cultural transformation and return to suitability.

FY24 SHORT TERM INCENTIVE OUTCOME

The majority of the Group Key Performance Indicators for the FY24 STI were met or partially met, with the exclusion of the EBITDA target. However, the Board utilised its discretion to determine that the remediation gateway was not met as the quality of deliverables was deemed inadequate. As a result, no STI pool was formed in relation to the Company based STI metrics.

Additionally, the Board utilised its discretion to reduce the individual component of the STI award to zero for all participants. This decision was made on the basis of the current uncertainty regarding the outcomes of the Bell Two inquiry, coupled with softer trading conditions and other financial pressures impacting the Company's financial position.

Section 5.1 provides a detailed assessment of the outcomes delivered against the Group KPIs for FY24 and details of the discretion exercised by the Board.

LONG TERM INCENTIVE PLAN

The FY20 LTI award was tested against the Total Shareholder Return (**TSR**), Earnings Per Share (**EPS**) and Return On Invested Capital (**ROIC**) performance hurdles. The hurdles were not met and the awards were forfeited in full for the fifth consecutive year.

The FY21 LTI award will be tested against the relevant performance hurdles in September 2024.

LEADERSHIP CHANGES

There were numerous changes to the Board and Group Leadership Team (**GLT**) in FY24. The Company has made the following key appointments as it continues to enhance its leadership and further its remediation efforts:

- Janelle Campbell, Chief Executive Officer, The Star Sydney (commenced 25 January 2024)
- Daniel Finch, Chief Executive Officer, The Star Brisbane (commenced 19 February 2024)
- Neale O'Connell, Interim Chief Financial Officer and Acting CEO (commenced on 25 March 2024 and subsequently assumed the additional role of Acting CEO on 24 June 2024)
- Anne Ward, Chairman (effective from 29 April 2024)
- Rowena Craze, Group Chief Audit Officer (commenced 30 April 2024)
- Jeannie Mok, Group Chief Operating Officer (subject to regulatory approval, commenced 11 June 2024)
- Steve McCann, Group Chief Executive Officer | Managing Director (subject to regulatory approval, commenced 8 July 2024)

Further detail around the timing of the individual KMP changes, including departures, appears at page 29.

On behalf of the Board, I invite you to read the Remuneration Report and we welcome your feedback.

Yours Sincerely,

Michael Issenberg
Culture, People and Remuneration Committee Chair

02. REMUNERATION GOVERNANCE

The Culture, People & Remuneration Committee (**the Committee**) considers matters relating to the remuneration of KMP as well as the remuneration policies of the Group generally. This includes reviewing and recommending to the Board, the remuneration of the Chairman and NEDs, Executive KMP and other direct reports to the Group MD | CEO. The main responsibilities of the Committee are outlined in the Committee available on the corporate governance page of the Company's website at: www.starentertainmentgroup.com.au/corporate-governance/

Under the Committee's Charter, the majority of Committee members must be independent non-executive directors and the Chair of the Committee must be an independent non-executive director. All members of the Committee (including the Chair of the Committee) are independent non-executive directors. Details of members of the Committee and their background are included in the Directors' Report.

THE FOLLOWING DIAGRAM REPRESENTS THE STAR ENTERTAINMENT GROUP'S REMUNERATION DECISION-MAKING STRUCTURE

USE OF REMUNERATION ADVISORS

The Committee seeks external advice from time to time to ensure it is fully informed when making remuneration decisions. Remuneration advisors are engaged by, and report directly to, the Committee. PricewaterhouseCoopers (PwC) are the Group's appointed independent external remuneration consultants. No remuneration recommendations as defined by the Corporations Act were provided by PwC during FY24.

GENDER PAY EQUITY

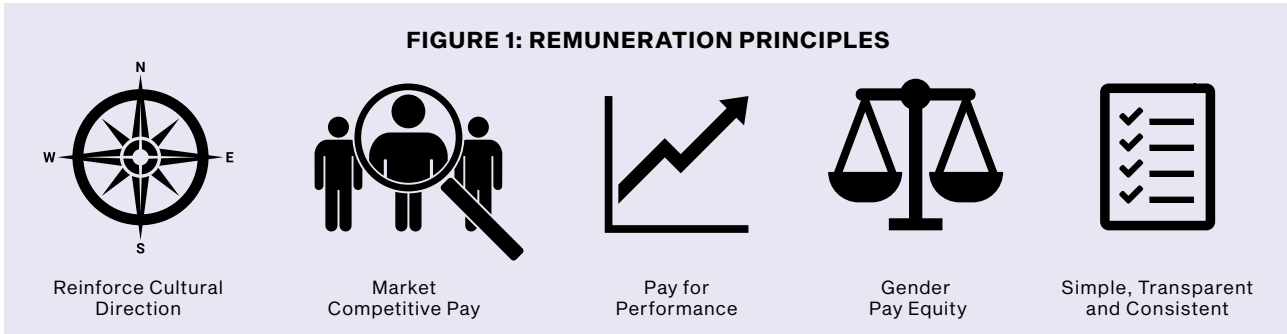

The Group is committed to all employees being remunerated fairly and equitably. The Group conducts annual gender pay equity reviews that are presented to the Committee and continues to address any gender pay equity issues as they arise.

03. REMUNERATION STRATEGY AND PROGRAMS

3.1 REMUNERATION OVERVIEW

REMUNERATION PRINCIPLES

The following remuneration principles underpin and guide the design of remuneration programs:

REMUNERATION MIX

Variable remuneration (comprising STI and LTI at target amounts) accounts for the majority of the total remuneration mix for the Group CEO | MD and other Executive KMP as illustrated in Figure 2 below.

REMUNERATION TIME HORIZON

Figure 3 provides an illustrative indication of how remuneration will be delivered to Executive KMP.

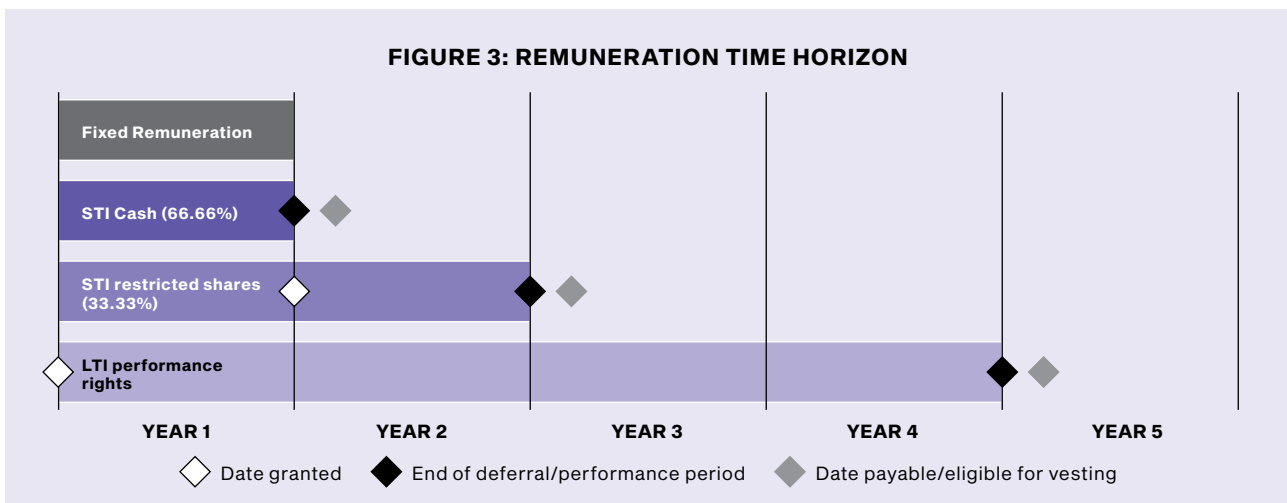

Table 1 below summarises the components of Executive KMP's Total Annual Reward (TAR) and their link to the strategic objectives of the Group.

TABLE 1: COMPONENTS OF EXECUTIVE KMP'S TAR OPPORTUNITY

	Fixed Remuneration	STI	LTI
Rationale	Fixed remuneration forms an integral component of the overall employee value proposition of the Group, designed to attract and retain the talented teams required to operate the business. Annual pay reviews occur in August each year with remuneration changes effective from 1 September.	The STI is designed to reward participants for execution of the Company's strategy and achievement of operational goals during the performance period. Company KPIs are reviewed annually and reflect the most critical strategic priorities for the financial year.	The LTI is designed to reward participants for their contribution towards achieving the Group's strategic priorities orientated around delivering long term sustainable shareholder value creation. Performance for FY24 is measured against: <ul style="list-style-type: none"> – Relative Total Shareholder Return (TSR) – Return to suitability
Structure	Base remuneration and superannuation.	Two thirds cash, one third restricted shares deferred for one year.	Performance rights and premium exercise priced options with vesting subject to performance over a four year period.
Quantum	Targeted at the median of relevant external peer group.	Executive KMP target 60% of fixed remuneration. Group CEO MD target 100% of fixed remuneration.	Executive KMP target 60% of fixed remuneration. Group CEO MD target 100% of fixed remuneration.

3.2 FIXED REMUNERATION

The fixed remuneration received by Executive KMP may include base salary, superannuation and non-monetary benefits. The amount of fixed remuneration an executive receives is based on the following:

- Scope and responsibilities of the role;
- Reference to the level of remuneration paid to executives of comparable ASX-listed organisations, with similar market capitalisation (range 70% to 160% of The Star Entertainment Group's market capitalisation) and appropriate gaming and entertainment peers; and
- Level of international and domestic gaming knowledge, skills and experience of the individual.

Fixed remuneration is reviewed annually, and the policy is to target fixed remuneration at the median of the market. Fixed remuneration may deviate from the market median depending on the individual's capabilities and other business factors.

3.3 STI DESIGN

As noted in the FY23 Remuneration Report, the Company undertook a review of the design of its remuneration programs to ensure that the remuneration tools in place support the Board and Management in the development of a strong risk management and regulatory compliance culture. Below summarises the changes made to the STI plan as a result of this review.

Changes to the FY24 STI plan design:

- A Remediation Gateway was introduced, which must be met for any payments to be made with respect to the Group Key Performance Indicators (**KPI**)
- The Group Regulatory Compliance and Risk Management metric weighting was increased to 30% of the award opportunity to recognise the Company’s focus on this critical area in the business. This metric takes into account safety measures, mandatory compliance training and delivery of remediation program milestones.
- Individual performance was increased from 20% to 30% of the overall STI award for Executive KMP. This allows for emphasis to be placed on individual performance and behaviours to drive individual accountability.
- An overarching behavioural assessment was also introduced to assess Executive KMP on the behaviours displayed when delivering against objectives. This three point scale aims to adjust individual ratings where behaviours exhibited are either below or above expectations as it relates to the Company’s Purpose, Values and Principles (**PVP**).
- Lastly, the individual rating scale was expanded from a 5 point to a 7 point scale. This was done to provide greater differentiation of individual performance across the Company and Executive KMP team.

The number of employees who participated in the STI for FY24 was 888 (increased from 776 for FY23). Each of the Executive KMP participated in the plan except for Neale O’Connell as he is on a maximum term contract. Refer to page 46 for contract details.

Table 2 sets out the key features of the STI.

TABLE 2: KEY DESIGN FEATURES OF THE STI

Purpose	To reward participants for execution of the Group’s strategy and achievement of operational goals during the performance period.	
Remediation Gateway¹	Delivery of FY24 Remediation Program Milestones, per the timings in the remediation plan, evidenced by closure memos approved by the Program Sponsors ² and the Board.	
Performance Metrics and weightings	Metric	Weighting
	Group EBITDA	25%
	Group Guest Satisfaction	10%
	Group Regulatory Compliance and Risk Management	30%
	Group Engagement	5%
	Individual Performance	30%
Group Performance Metrics Payment Scale	Group performance metrics are assessed by measuring each individual outcome against the Board approved targets.	
	Outcome %	Payout %
	<90%	No payment
	90%	50%
	95%	75%
	100%	100%
	110%	150%
Individual Performance Payment Scale	Individual performance is determined by assessing performance against individual priorities to arrive at a performance rating. Individual ratings may then be modified by the individual behavioural assessment process if behaviours either exceed or are misaligned with expectations. Performance ratings link to indicative payouts as follows:	
	Rating	Payout % Range
	1 – Not met	No payment
	2 – Below Target	25%
	3 – Low on Target	50%
	4 – On Target	100%
	5 – High on Target	110%
	6 – Exceeds Target	120%
	7 – Outstanding	150%

¹ Remediation gateway is applicable to Group performance metrics only.

² Program Sponsors are defined as the Group Leadership Team Member who has responsibility for sign off on remediation plan milestones with in their department.

<p>Payment calculation</p>	<p>A participant's individual STI award is based on the following calculation:</p> <div style="text-align: center; margin: 10px 0;"> <table style="border: none; margin: auto;"> <tr> <td style="border: 1px solid #ccc; padding: 10px; text-align: center;">Fixed Remuneration</td> <td style="font-size: 2em; margin: 0 10px;">X</td> <td style="border: 1px solid #ccc; padding: 10px; text-align: center;">Individual Target STI %</td> <td style="font-size: 2em; margin: 0 10px;">X</td> <td style="border: 1px solid #ccc; padding: 10px; text-align: center;">Performance Metrics Outcome % (0 – 150%)</td> <td style="font-size: 2em; margin: 0 10px;">=</td> <td style="border: 1px solid #ccc; padding: 10px; text-align: center;">Individual STI award (capped at 150% x target)</td> </tr> </table> </div>	Fixed Remuneration	X	Individual Target STI %	X	Performance Metrics Outcome % (0 – 150%)	=	Individual STI award (capped at 150% x target)
Fixed Remuneration	X	Individual Target STI %	X	Performance Metrics Outcome % (0 – 150%)	=	Individual STI award (capped at 150% x target)		
<p>Incentive opportunity levels</p>	<p>Opportunities are based on the participant's incentive target in their employment contract (refer Table 14). The payment range available is 0% – 150% of the participant's incentive target.</p>							
<p>Delivery of payments</p>	<p>Two-thirds of payments are delivered in cash in September.</p> <p>One-third of all payments are held in restricted shares for a period of twelve months from the date of the award. These shares are forfeited in the event that the participant voluntarily terminates from the Group or is terminated with cause (refer Clawback below). Restricted shares may also be forfeited in part or full in instances of fraud, dishonesty, breach of obligations including the Group's Code of Conduct. Participants are entitled to receive dividends and have voting rights during the restriction period, however they are unable to vote on remuneration resolutions at the AGM.</p>							
<p>Clawback</p>	<p>Incentives may be clawed back where there has been a material misrepresentation of the financial outcomes on which the payment had been assessed and/or the participant's actions have been found to be fraudulent, dishonest or in breach of the Group's Code of Conduct (e.g. misconduct). This provision may extend up to the prior three financial years of STI payments.</p>							
<p>Guiding Principles for informing discretion</p>	<ol style="list-style-type: none"> 1. Nature and timing of adjustments – adjustments, both positive and negative, will only be made to the performance/reward outcome (rather than the target) at the time of vesting. 2. Transparency – the Company will provide a clear rationale and disclosure for any adjustments made (for example, providing a reconciliation to statutory results), especially in cases where, prima facie, performance has not been achieved. 3. Material or significant events – adjustments will only be made for events or items over the performance period that have a material impact on the outcome. Adjustments will also only be made where it has an impact on the result of the award. 4. Balancing short term and long term performance – adjustments will be made that balance the interests of short term performance outcomes with long term performance outcomes. For example, where a short term objective was not met because a strategic decision was taken to support a longer term objective. Adjustments will, where appropriate, be informed by the assumptions used in the business plan from which the target was set, to determine whether there has been a material deviation in the assumptions used and whether this was outside of management's control. 5. Maintain plan integrity – adjustments will be carefully considered to ensure they maintain the plan's integrity and purpose. 6. Assessing behavioural impacts on performance outcomes – the actions of participants will be considered in the achievement of performance metrics to assess adherence to the Company's code of conduct. 7. Exercising discretion consistently and fairly – the use of discretion will be applied consistently both positively and negatively and information used will be sufficiently objective and free from bias to ensure decisions are arrived at fairly. 							

3.4 LTI DESIGN

The LTI was also subject to review during FY24 to ensure the design aligned to the Company's long term suitability goals. As such, the LTI design was amended and the following changes were implemented:

- 30% of the award was delivered as premium exercise priced options, subject to a return to suitability performance hurdle
- 70% of the award was delivered as performance rights subject to a total shareholder return (TSR) hurdle, with the previous earnings per share and return on invested capital hurdles being removed.

In FY24, there were 34 participants invited to participate in the plan (20 participants in FY23). Each of the Executive KMP participates in the plan with the exception of Neale O'Connell who is on a maximum term contract.

TABLE 3: KEY DESIGN FEATURES OF THE LTI PLAN

Purpose	The LTI is designed to reward participants for their contributions towards achieving the Group's strategic priorities orientated around delivering long term sustainable shareholder value.	
Type of Equity Award	Performance Rights (zero exercise priced options) (70% of award)	Premium Exercise Priced Options (30% of award)
	<p>Each performance right is a right to receive a number of fully paid ordinary shares in the Company, subject to the satisfaction of the Performance Condition.</p> <p>In general, upon satisfaction of Performance Condition and provided the holder is still employed on the Vesting Date, performance rights will Vest and will be automatically exercised. The holder will receive full voting and dividend rights corresponding to the rights of all other holders of ordinary shares in the Company.</p>	<p>Each premium exercise priced option provides the right (but not the obligation) to buy a share at a predetermined price on or before a future date.</p> <p>In general, upon satisfaction of the Performance Condition and provided the holder is still employed on the Vesting Date, the Options will Vest and be capable of being exercised at the discretion of the holder prior to the Expiry Date. The exercise of an Option will generally require the payment of the applicable exercise price. The holder will then be allocated one share for every validly exercised Option.</p>
Determination of the number of performance rights	<p>The number of performance rights allocated to a participant is based on 70% of their Target LTI award, divided by the Face Value of a Performance Right as shown in the following calculation:</p> <div style="display: flex; align-items: center; justify-content: center; gap: 20px;"> <div style="border: 1px solid black; padding: 5px; text-align: center;">70% of Target LTI (\$)</div> <div>÷</div> <div style="border: 1px solid black; padding: 5px; text-align: center;">Face Value of a performance right</div> <div>=</div> <div style="border: 1px solid black; padding: 5px; text-align: center;">Number of performance rights allocated</div> </div> <p>The Face Value reflects the face value of the share at the effective Grant Date with reference to the volume weighted average price (VWAP) of the Company's shares traded on the ASX on the 20 trading days prior to the Effective Grant Date. Details of annual grants to Executive KMP are set out in Table 10.</p>	
Determination of the number of premium exercise priced options	<p>The number of premium exercise priced options allocated to a participant is based on 30% of their Target LTI award, divided by the Fair Value of an Option, as shown in the following calculation:</p> <div style="display: flex; align-items: center; justify-content: center; gap: 20px;"> <div style="border: 1px solid black; padding: 5px; text-align: center;">30% of Target LTI (\$)</div> <div>÷</div> <div style="border: 1px solid black; padding: 5px; text-align: center;">Fair Value of an Option</div> <div>=</div> <div style="border: 1px solid black; padding: 5px; text-align: center;">Number of premium exercise priced options allocated</div> </div> <p>The Fair Value of an Option is determined by the Board with reference to a four-step process using a Monte Carlo simulation to project future share prices, and then a binomial model to value the option on vesting. The simulation process is carried out 150,000 times to produce 150,000 possible outcomes. The valuation result is calculated as the average of the outcomes.</p>	
	Performance Rights	Premium Exercise Priced Options
Dividend entitlements	Participants are not entitled to dividends until shares are allocated (based on meeting the relevant performance hurdles). At that time, dividends will either be paid by allocating dividend equalisation shares or by means of a cash equivalent payment, based on actual dividends paid to shareholders during the vesting period, the degree to which performance hurdles were met and the extent of vesting of the award.	Participants are not entitled to dividends with respect to any Premium Exercise Priced Options. The non receipt of dividends over the vesting period has been factored into the Fair Value of an Option.

Test Date and Vesting date	<p>Performance rights are tested on the fourth anniversary of the Effective Grant Date and are not subject to retesting.</p> <p>The return to suitability performance hurdle for the Premium exercise priced options will be continuously monitored and the Board may determine to vest the options at any time up until the options expire, being the 24th of November 2028, i.e. the 4th anniversary of the options valuation date.</p>										
Vesting conditions - Performance Rights	<p>TSR</p> <p>The Company's TSR ranking against the peer group of companies (relative TSR) is used as a performance hurdle, as it directly aligns the interests of participants with the interests of shareholders, which is to maximise its TSR compared with the TSR for peer companies.</p> <p>The table below sets out the vesting scale for TSR. Cessation of employment, Change of Control and Clawback	<p>All unvested performance rights and options lapse immediately upon cessation of employment with the Group. However, the Board has discretion in special circumstances to determine the number of performance rights or options retained and the terms applicable. Special circumstances include events such as retirement, redundancy, death and permanent disability. If a Change of Control Event occurs, or the Board determines in its absolute discretion that a Change of Control Event may occur, the Board will determine in its absolute discretion appropriate treatment regarding any awards.</p> <p>Unvested rights or options may be forfeited where there has been a material misrepresentation of the financial outcomes on which the award had been assessed and/or the participant's actions have been found to be fraudulent, dishonest or in breach of the Company's Code of Conduct (e.g. misconduct).</p>										
Guiding principles for informing discretion	<p>The Board has adopted a set of guiding principles when it considers adjustments to performance outcomes under the LTI. The process for adjustments and principles applied are outlined below:</p> <ol style="list-style-type: none"> Nature and timing of adjustments – adjustments, both positive and negative, will only be made to the performance/reward outcome (rather than the target) at the time of vesting. Transparency – the Company will provide a clear rationale and disclosure, for any adjustments made (for example, providing a reconciliation to statutory results), especially in cases where, prima facie, performance has not been achieved. Where possible, advance disclosure of events that may give rise to adjustments will be disclosed to ensure early communication to shareholders. Material or significant events – adjustments will only be made for events or items over the vesting period that have a material impact on the outcome. Adjustments will also only be made where it has an impact on the result of the award. Where possible, the item will be referenced back to the assumptions used in the business plan from which the target was set, to determine whether there has been a material deviation in the assumptions used and whether this was outside of management's control. For example, if there has been a change to accounting policies resulting in the EPS and/or ROIC targets being determined in a different way to how the outcome is determined at the time of vesting. Balance interests of shareholders and management – adjustments will be made to balance the interests of shareholders and management, for example, if shareholders are experiencing poor results, then management should share in the burden, and vice versa (unless there are compelling reasons for this not being the case, in which event, details will be provided). Maintain plan integrity – adjustments will be carefully considered to ensure they maintain the plan's integrity and purpose (i.e. to incentivise and reward management for undertaking transactions that deliver long-term sustainable shareholder value). Exercising discretion consistently and fairly – the use of discretion will be applied consistently (both positively and negatively) and information used will be sufficiently objective and free from bias to ensure decisions are arrived at fairly. 										

3.5 EXECUTIVE SERVICE RIGHTS GRANT

In July 2023, the Board approved a once-off grant of service rights to each member of the Group Leadership Team, including Executive KMP. This offer was made to facilitate retention of the Group Leadership Team throughout the next three years as the Company continues with its remediation efforts. The key terms of this once-off grant are summarised in Table 4 below.

TABLE 4: KEY DESIGN FEATURES OF THE ONCE-OFF GRANT OF SERVICE RIGHTS

Purpose	Once-off Grant of Service Rights to retain senior executives as the business focuses on remediation and returning to suitability.		
Type of Equity Award	Each Service Right is a right to receive one fully paid ordinary share in the Company on a one-to-one basis, subject to the satisfaction of the Vesting Condition.		
Effective Start Date	1 July 2023 or commencement date for new KMP.		
Determination for the number of service rights	<p>The number of Service Rights granted is calculated with reference to the following formula:</p> $\frac{\text{90\% of Individual Fixed Remuneration as at the date of grant}}{\text{Face Value of share on the Effective Grant Date}}$ <p>Face Value of a Share is equal to the Volume Weighted Average Price (VWAP) of the Company's Shares traded on the ASX on the 10 trading days commencing on the day following the announcement of The Star's full year results (29 August 2023) until 12 September 2023, or the closing share price on the day of commencement for new KMP.</p>		
Dividend and Voting Rights	<p>Service Rights do not attract dividends until shares have been allocated following vesting. Participants will receive any dividends which accrued during the plan period once the vesting conditions have been met.</p> <p>No voting rights until vesting of Service Rights.</p>		
Vesting dates	Tranche 1 20% of Award Vests 30 June 2024	Tranche 2 30% of Award Vests 30 June 2025	Tranche 3 50% of Award Vests 30 June 2026
Vesting Conditions	Service rights will vest subject to the participant meeting the continued service criteria, being that they must still be employed with the Company on the vesting date for each applicable tranche.		
Holding lock	Once the shares vest, they will be held as restricted shares for a further 12 months. The restriction will be lifted 12 months after the initial vesting date, subject to the participant still being employed with the Company.		
Change of control	<p>In the event of a change in control (as determined by the board)</p> <ul style="list-style-type: none"> • The Vesting Period for Service Rights will accelerate and all unvested Services Rights will vest; and • Any Holding Lock applied to shares allocated in satisfaction of vested Service Rights will be lifted. 		
Lapsing of Service Rights	<p>If the participant ceases employment prior to the Vesting Date, the treatment of unvested Service Rights will depend on the circumstances of cessation in accordance with the Employee Performance Plan Rules.</p> <p>Should circumstances come to light which the Board determines warrants the partial or full forfeiture of unvested Service Rights or Restricted Shares in the context of the application of the Company's Consequence Management Framework or the Plan Rules, some or all of unvested Service Rights and /or Restricted Shares may be forfeited.</p>		

3.6 CONSEQUENCE MANAGEMENT FRAMEWORK

In FY24, a Consequence Management Framework was introduced to provide guidance on remuneration consequences for serious or egregious risk and/or misconduct incidents, including behaviours which contravene the Company's Purpose, Values and Principles (**PVP**). The Consequence Management Framework applies to all incentive programs offered by the Company.

The Consequence Management Framework is informed by inputs from the Group Risk, Internal Assurance and Employee Relations functions and is overseen by the Consequence Management Committee consisting of the Group CEO | MD, Group Chief Risk Officer and Group Chief People Officer. Remuneration outcomes determined by the Consequence Management Committee are provided to the Culture, People & Remuneration Committee of the Board for oversight and approval (where required under the policy).

Where a serious or egregious risk or misconduct issue is identified and raised to the Consequence Management Committee, variable remuneration will likely be impacted and in some cases, reduced to zero. In each case, judgment will be applied to determine the appropriate remuneration consequence given the circumstances of the incident.

There were no remuneration consequences applied to any of the Executive KMP for the FY24 period.

3.7 MINIMUM SHAREHOLDING POLICY

To support the alignment of the interests of the Board and executives with the interests of shareholders, the Group has a minimum shareholding policy in place.

The minimum shareholding policies for NEDs, Executive KMP and Other Executives are reviewed every two years to ensure that they remain suitable for the business, to align the interests of these individuals and with shareholders generally.

The Group CEO | MD is to progressively acquire over a three year period from the date of his commencement, a minimum number of shares equal to 150% of his fixed pay. Other Executive KMP are to accrue a minimum amount of shares equal to 100% of the base rate of pay upon commencement over the course of 5 years. Direct and indirect holdings in shares will count towards the minimum shareholding target. Unvested performance rights do not count towards minimum shareholding requirements.

All Executive KMP are on track to meet the minimum shareholding requirements in the required timeframes.

Table 5 shows the number of shares, options and performance rights held by Executive KMP at the beginning and end of the financial year unless otherwise stated.

5.1 STI OUTCOME FOR FY24

GROUP PERFORMANCE:

Under the Company's new STI design, as detailed in Table 2, awards for Executive KMP are generated by performance against four Company metrics, comprising 70% of the award, and individual performance comprising 30% of the award.

Details of the Company's targets and outcomes for FY24 are noted in Table 7 below.

¹Delivery of FY24 Remediation Program milestones, per the timings in the remediation plan, evidenced by closure memos approved by the Program Sponsors and the Board.

BOARD DISCRETION FOR FY24 STI OUTCOME

The Board reviewed the outcomes of the remediation program and determined that the remediation gateway was not met. Whilst 92% of milestones were delivered on time per the baseline plan requirements, it was determined that milestones completed during the period did not meet the expected standard of quality required to deliver adequate remediation outcomes. As a result, no STI pool was formed for any of the Company STI metrics.

Additionally, the Board utilised its discretion to reduce the individual component of the STI award to zero for all participants. This decision was made on the basis of the current uncertainty regarding the outcomes of the Bell Two inquiry, coupled with softer trading conditions and other financial pressures impacting the Company's financial position.

Table 8 details the variable remuneration of Executive KMP under the STI during the period.

Test result	All rights lapsed	N/A	N/A	N/A	N/A	N/A

During FY24, the FY20 Award was tested and did not vest as performance hurdles were not met. The next test date will be in September 2024, for performance rights granted in FY21.

Performance rights relating to the FY20 award were tested in September 2023 and 100% lapsed. The TSR performance of the Group was -75.655% (excluding the value of franking credits), with a percentile ranking of 0%. As this was below the 50th percentile, none of the TSR component of the FY20 award vested. The EPS performance hurdle of -211.7 cents per share was below the threshold of 28.0 cents per share and target of 30.7 cents per share, and accordingly none of the EPS component of the FY20 award vested. The ROIC outcome of -76.3% was below the threshold of 7.4% and target of 9.0%, resulting in no vesting of performance rights for this component.

The FY21 award, tested on 24 September 2024, has EPS, TSR and ROIC performance hurdles each comprising one third of the award outcome. Details of the performance outcomes relative to target and threshold amounts will be provided to shareholders ahead of the 2024 AGM and reported in the FY25 Remuneration Report.

Table 11 summarises the unvested performance rights and options held by Executive KMP as at 30 June 2024.

¹All performance rights under the LTI lapsed on termination, as per the performance plan rules, unless approved by the Board.

²FY24 LTI Rights and Options for Mr Cooke were pro-rated and remain on foot subject to achieving the applicable performance hurdles as set out in Table 3.

³Performance rights in FY21, FY22 and FY23 reflect those granted prior to her appointment as Chief Executive Officer, The Star Gold Coast. All Performance Rights and Options will lapse on her termination date of 15 September 2024.

Table 12 shows movements in the variable remuneration of Executive KMP under the LTI (Performance Rights) during the period. Details of the number of performance rights granted, vested or lapsed during the period are also provided as required under the Corporations Act and its regulations, including the relevant Australian Accounting Standard principles.

¹ Comprises salary, salary sacrificed benefits (including motor vehicle novated leases) and annual leave expense.

² Comprises car parking, accommodation, airfares and travel costs where applicable. These amounts are non-contractual.

³ Comprises superannuation contributions per Superannuation Guarantee legislation and salary sacrificed superannuation.

⁴ Represents the fair value of share based payments expensed / (credited) by The Star Entertainment Group in relation to LTI awards. Credits in FY24 are due to the forfeitures of rights on termination.

⁵ Represents the fair value of share based payments expensed by The Star Entertainment Group in relation to STI awards. The expense is recognised over a 26 month holding lock period.

⁶ Termination payments include salary, annual leave, long service leave and other on costs expected to be incurred between the executive's resignation date and expected termination date. The termination expense for Robbie Cooke includes payment in lieu of his contractual notice period.

⁷ Service rights are new for FY24 and vests in 3 tranches. Holding lock period is 12 months after the vesting date.

⁸ The total for FY23 of 2,908,441 is different to the total in the FY23 Remuneration Report of 4,570,866 as it does not include Former executive KMPs Geoff Hogg (924,994) and Scott Wharton (737,431).

08. NED REMUNERATION

8.1 REMUNERATION POLICY FOR NEDS

- NEDs (excluding the Chairman) receive a Board fee and a Committee fee for their participation as Chair or member of each Committee.
- The Chairman receives an all-inclusive fee as Chairman of the Board and as an ex-officio member of all Board Committees.
- NEDs do not receive any performance or incentive payments and are not eligible to participate in any of the Group's remuneration programs. This policy aligns with the principle that NEDs act independently and impartially.
- Board fees are not paid to the Group CEO | MD. Executive KMPs do not receive fees for directorships of any subsidiaries.
- NEDs do not receive fees for participation on the Nominations Committee or any of the Company's other subsidiary Boards.

8.2 FY24 NED FEES

The aggregate fees payable to NEDs for their services as directors are limited to the maximum annual amount approved by shareholders, currently set at \$2,500,000 including superannuation contributions.

There was no change to Committee fees in FY24 and there will be no changes to NED or Committee fees for FY25.

Table 17 sets out the annual Board and Committee fee structure for FY24.

TABLE 17: ANNUAL NED FEES (INCLUSIVE OF SUPERANNUATION)

Member	\$168,912	\$17,500	\$17,500	\$17,500	\$17,500	\$17,500

¹ Compliance Committees are standing committees of The Star Entertainment Group Limited Board which have been established for each of The Star Pty Limited (effective 30 March 2023), The Star Entertainment QLD Limited and The Star Entertainment QLD Custodian Pty Limited (both effective 1 April 2023). The Compliance Committees provide independent oversight of the respective subsidiary's compliance with its obligations under regulatory statutes applicable to the operation of a casino in New South Wales and Queensland respectively, both Commonwealth and State.

Individuals invited to join the Board prior to receipt of all required regulatory approvals are not immediately appointed as NEDs. They are observers until such time as they are appointed to the Board ("Board Observers"). Board Observers receive the equivalent of directors' fees and committee fees as determined by the Board.

Table 18 sets out total remuneration received by each NED.

¹ The Group agrees to indemnify directors and officers against any liabilities incurred in the course of their duties

² Fees paid to Directors from the time they receive regulatory approval. Observer fees are not included.

³ Comprises superannuation contributions per Superannuation Guarantee legislation and salary sacrificed superannuation.

⁴ From her appointment to Chairman on April 29 2024, Ms Ward was given an increased duties fee of \$20,000 per month to assume additional responsibilities until Steve McCann receives all necessary regulatory approvals.

⁵ Upon the resignation of Group CEO | MD Robbie Cooke on 22 March 2024, David Foster assumed the role of Executive Chairman until Anne Ward was appointed Chairman on 29 April 2024. Mr Foster remained with the Company as Executive Director until his employment ceased on 21 June 2024.

⁶ Total for FY23 of 620,488 is different to the total in the FY23 Remuneration report of 1,268,314 as it does not include FY23 former non-executive directors Gerard Bradley (73,804), Katie Lahey AM (110,706), Richard Sheppard (87,223) and Ben Heap (376,093).

8.3 MINIMUM SHAREHOLDING POLICY FOR NEDS

To support the alignment of the interests of the Board and executives with the interests of shareholders, the Group has a minimum shareholding policy in place. NEDs are required to progressively acquire shares over a three year period from the date of commencement of their unconditional appointment. NEDs are to hold shares of equal value to their respective annual base fee applicable at the time of their unconditional appointment. Direct and indirect holdings will count towards the minimum shareholding target.

All NEDs are on track to meet their minimum shareholding requirements in the required timeframes.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

A KEY INCOME STATEMENT DISCLOSURES

A1 SEGMENT INFORMATION

The Group's operating segments have been determined based on the internal management reporting structure and the nature of products and services provided by the Group. They reflect the business level at which financial information is provided to those in the roles of executive decision makers, being the Acting Chief Executive Officer and the Interim Chief Financial Officer, for decision making regarding resource allocation and performance assessment.

The Group has three reportable segments:

Sydney	Comprises The Star Sydney's casino operations, including hotels, restaurants, bars and other entertainment facilities.
Gold Coast	Comprises The Star Gold Coast's casino operations, including hotels, theatre, restaurants, bars and other entertainment facilities.
Brisbane	Comprises Treasury Brisbane's casino operations, including hotel, restaurants and bars.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

A2 REVENUE

	2024 \$m	2023 \$m
Gaming	1,111.2	1,260.0
Non-gaming	554.7	596.2
Other	11.9	11.3
Total revenue	1,677.8	1,867.5

Revenue

Revenue is recognised when the Group satisfies its obligations in relation to the provision of goods and services to its customers in the ordinary course of business. Revenue is measured at an amount that reflects the consideration to which the Group expects to be entitled in exchange for performing these obligations, including any discounts, rebates, price concessions, incentives or performance bonuses. Revenue is constrained such that the significant reversal of revenue in a future period is not highly probable. Revenue comprises net gaming win, less player and gaming promoter rebates and promotional allowances, as well as other non-gaming revenue from hotels, restaurants and bars.

Customer loyalty programs

The Group operates customer loyalty programs enabling customers to accumulate award credits for on-property spend. A portion of the spend, equal to the fair value of the award credits earned and reduced for expected breakage, is treated as deferred revenue (refer to note F6). Revenue from the award credits is recognised in the income statement when the award is redeemed or expires. The standalone selling price of complimentary services (including hotel room nights, food and beverage, and other services) that are provided to casino guests as incentives related to gaming play are recorded as revenues related to the respective goods or services, as they are provided to the patron. The residual amount is recorded as gaming revenue.

A3 OTHER INCOME AND EXPENSES

Loss before income tax is stated after charging the following expenses and significant items:

	2024 \$m	2023 \$m
Other income		
Gain on disposal of assets	0.9	0.8
Net foreign exchange gain	0.4	0.2

THE STAR ENTERTAINMENT GROUP

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

A4 DEPRECIATION, AMORTISATION AND IMPAIRMENT

	2024 \$m	2023 \$m
Property, plant and equipment (refer to note B4)	101.6	161.0
Intangible assets (refer to note B5)	18.1	33.3
Other	0.9	1.0
Total depreciation and amortisation	120.6	195.3
Impairment - Property, plant and equipment (refer to note B6)	539.0	817.9
Impairment - Goodwill (refer to note B6)	128.8	1,150.9
Impairment - Intangible assets (refer to note B6)	143.2	184.3
Impairment - Investment in associates (refer to note B6)	602.2	-
Impairment - Other non-current assets (refer to note B6)	16.9	14.7
Impairment - Other	8.5	-
Total impairment (refer to note A7)	1,438.6	2,167.8
Total depreciation, amortisation and impairment	1,559.2	2,363.1

Depreciation is calculated using a straight line method. The useful lives over which the assets are depreciated are as follows (for further details of the useful lives of intangible assets refer to note B5):

Freehold and leasehold buildings	10 - 95 years
Leasehold improvements	4 - 75 years
Plant and equipment	5 - 20 years
Software	3 - 10 years
Licences	Until expiry

Operating equipment (which includes uniforms, casino chips, kitchen utensils, crockery, cutlery and linen) is recognised as a depreciation expense based on usage. The period of usage depends on the nature of the operating equipment.

Right of use assets, which includes plant, equipment and property, is depreciated on a straight line basis over the shorter of its estimated useful life and the lease term. The Group's lease portfolio includes assets with lease terms between 1 and 75 years. The residual values and useful lives are reviewed annually, and adjusted if appropriate, at each financial reporting date.

A5 NET FINANCE COSTS

	2024 \$m	2023 \$m

OTHER RECEIVABLES

Other receivables are not past due or considered impaired. It is expected that these balances will be received as they fall due.

Impairment of trade receivables

The Group impairment analysis is performed at each reporting date to measure expected credit losses. The provision reflects the probability-weighted outcome of reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

Debtor balances have been individually assessed based on criteria, including: patron's financial circumstances; payment history; relationship with the Group; international gambling activity; and whether a legal claim has commenced to collect the balance.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2024

Asset useful lives and residual values

Intangible assets are amortised using the straight line method as follows:

- The Sydney casino licence is amortised from its date of issue until expiry in 2093.
- The Sydney casino concessions granted by the New South Wales government include product concessions in New South Wales which are amortised over the period of expected benefits.
- The Brisbane casino licence is amortised over the remaining life of the lease to which the licence is linked, which expires in 2070. The Group will continue to amortise the casino licence over its current term up until it is surrendered, no later than 23 October 2024. This follows the closure of Treasury Brisbane on 25 August 2024.
- Software is amortised over useful lives of 3 to 10 years.
- Other assets include the contribution to the construction costs of the state government owned Gold Coast Convention and Exhibition Centre. The Group's Gold Coast casino is deriving future benefits from the contribution, which is being amortised over a period of 50 years.

Goodwill and impairment testing

Goodwill is assessed for impairment on an annual basis and is carried at cost less accumulated impairment losses. Refer to note B6 for the accounting policy on asset impairment and details of key assumptions included in the impairment testing calculation.

B6 IMPAIRMENT TESTING AND GOODWILL

Goodwill acquired through business combinations has been allocated to the applicable cash generating unit (CGU) for impairment testing. Each CGU represents a business operation of the Group.

CARRYING AMOUNT OF GOODWILL ALLOCATED TO EACH CASH GENERATING UNIT

Cash generating unit (Reportable segment)	Sydney \$m	Gold Coast \$m	Brisbane \$m	Total carrying amount \$m
2024	-	-	-	-
2023	-	-	128.8	128.8

The recoverable amount of each of the three CGUs at year end (Sydney, Gold Coast and Brisbane) is determined based on 'fair value less costs of disposal', which is calculated using the discounted cash flow approach. This approach utilises cash flow forecasts that represent a market participant's view of the future cash flows that would arise from operating and developing the Group's assets. These cash flows are principally based on management forecasts for a five-year period, together with longer term projections and forecast capital investment, extrapolated using an implied terminal growth rate of 2.5% (2023: 2.5%). These cash flows are then discounted using a relevant long term post-tax discount rate specific to each CGU, ranging between 9.6% to 10.5% (2023: 10.0% to 12.6%). The pre-tax discount rates range between 9.6% to 13.8% (2023: 11.8% to 15.1%).

An impairment of \$1,430.1 million was recognised at 30 June 2024 (2023: \$2,167.8 million). The impairment was first taken against goodwill (\$128.8 million) and then apportioned between investments in associates (\$602.2 million), property, plant and equipment (\$539.0 million), intangibles (\$143.2 million) and other non-current assets (\$16.9 million).

KEY ASSUMPTIONS

The fair value measurement is valued using level 3 valuation techniques (refer to note E2(i) for details of the levels). The key assumptions on which management based its cash flow projections when determining 'fair value less costs of disposal' are as follows:

i. Cash flow forecasts

The cash flow forecasts for Sydney and Gold Coast are based on management forecasts for a five-year period, together with longer term projections, growth rates and capital investment forecasts. Cashflows also include the expected outflows to settle the regulatory and legal provisions held.

The cash flow forecasts for Brisbane incorporate the FY25 budget for the remaining months of Treasury Brisbane operations, valuation of the Treasury buildings, operator fees derived from Brisbane Consortium Integrated Resort Joint Venture (**DBC** and **DBC Queens Wharf Integrated Resort**) (net of an allocation of corporate costs) and management forecasts for a five-year period, together with longer term projections, growth rates and forecast capital investment.

Cashflow forecasts for each CGU include a notional allocation of the Group's corporate costs.

THE STAR ENTERTAINMENT GROUP

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

ii. Terminal value

The terminal growth rate used is in line with the forecast long term underlying growth rate in the Consumer Price Index (CPI).

iii. Discount rates

Discount rates applied are based on the post tax weighted average cost of capital applicable to the relevant cash generating unit. The discount rate includes a risk premium for the uncertainty associated with ongoing regulatory and other matters, including:

- Legal and other matters (Sydney and Gold Coast): significant uncertainty remains around the quantum and timing of any penalty in relation to the AUSTRAC proceeding and the quantum of any amount payable in relation to the Class Action (see Note B7).
- The Star Brisbane (Brisbane): The Star Brisbane opened on 29 August 2024, replacing the Treasury Brisbane operations. As a new property with vastly increased scale, there is inherent uncertainty around the ability to predict sustained longer-term earnings forecasts.

iv. Impairment

The Sydney and Gold Coast CGUs experienced a significant and rapid deterioration in operating conditions, largely driven by the compounding impact of meeting existing regulatory requirements, exclusions and by a continuing significant weakness in consumer discretionary spending behaviour and loss of market share. In Sydney, daily patron cash limits of \$5,000 for carded play and mandatory carded play for private gaming areas and select games on the main gaming floor commenced on 19 August 2024. Fully carded play is required in Sydney by 19 October 2024 and the daily cash permitted per person will be reduced to \$1,000 by 19 August 2025. In Queensland, legislation has been enacted in relation to mandatory carded play and daily patron cash limits. Regulations to give effect to those reforms are yet to be enacted (see Note B7). Carded play is currently anticipated to have a negative impact on earnings. Significant uncertainty also remains around the quantum and timing of any penalty in relation to the AUSTRAC proceeding and the quantum of any amount payable in relation to the Class Action (see Note B7). In Brisbane, the operating and macro-economic conditions affecting Sydney and Gold Coast are expected to impact the future earnings of The Star Brisbane casino.

In combination, these factors have reduced the valuation of the CGUs, requiring an impairment of \$1,430.1 million (Sydney: \$337.1 million, Gold Coast \$274.0 million and Brisbane \$819.0 million) to be recognised for the year ended 30 June 2024 (2023: \$2,167.8 million). The impairment is recognised in the line 'Depreciation, amortisation and impairment expense' in the Consolidated Income Statement. The impairment was first allocated against the CGU's goodwill balance (\$128.8 million) and then apportioned between investment in associates (\$602.2 million), property, plant and equipment (\$539.0 million), intangibles (\$143.2 million) and other non-current assets (\$16.9 million).

v. Sensitivities

The key estimates and assumptions used to determine the 'fair value less costs of disposal' of a CGU are based on management's current expectations after considering past experience, future investment forecasts and external information. They are considered to be reasonably achievable, however, changes in any of these key estimates, assumptions or regulatory or operating environments may require further impairment charges to be recognised.

An increase or decrease of 0.5% in the discount rate would result in changes to the impairment of each cash generating unit: Sydney (+\$54.6 million or -\$62.1 million); Gold Coast (+\$26.7 million or -\$30.6 million); and Brisbane (nil).

IMPAIRMENT OF ASSETS

Goodwill and indefinite life intangible assets are tested for impairment at least annually. Property, plant and equipment, other intangible assets and other non-financial assets are considered for impairment if there is a reason to believe that impairment may be necessary. Factors taken into consideration in reaching such a decision include the economic viability of the asset itself and where it is a component of a larger economic entity, the viability of the unit itself.

AUSTRAC proceeding

On 30 November 2022, the Australian Transaction Reports and Analysis Centre (**AUSTRAC**), commenced civil penalty proceedings in the Federal Court of Australia against The Star Pty Limited and The Star Entertainment QLD Limited (collectively **The Star Entities**). AUSTRAC alleges that The Star Entities contravened the *Anti-Money Laundering and Counter Terrorism Financing (AML/CTF) Act 2006 (Cth)* by failing to conduct appropriate due diligence on customers who were higher risk and by failing to have an appropriate AML/CTF program.

The Star Entities filed a Statement of Admissions and Factual Contentions (**SAFC**) on 10 November 2023 and subsequently the parties continued to negotiate with a focus on narrowing the issues in dispute. On 24 July 2024, the Court made orders referring a list of issues of fact in the proceeding to a referee who will provide a report to the Court to assist it to determine those issues. The reference process involves a hearing in the period from 4 to 22 November 2024 with the report to be delivered to the Court some time thereafter.

THE STAR ENTERTAINMENT GROUP

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

AUSTRAC has commenced civil penalty proceedings against other companies on five occasions. The AUSTRAC proceedings to date have led to the Federal Court approving and / or ordering the respondent to pay significant penalties: Tabcorp \$45 million (2017); CBA \$700 million (2018); Westpac \$1.3 billion (2020); Crown \$450 million (2023); and most recently, SkyCity \$67 million (2024). The determination of the Federal Court's penalty (including where a penalty has been jointly proposed by AUSTRAC and the defendant to the Court) is specific to the facts of each case and arrived at after consideration of admissions made and evidence and submissions in relation to the appropriateness of the penalty.

AUSTRAC alleges that the number of contraventions committed by The Star Entities is innumerable. The Group has determined a provision on the Balance Sheet at 30 June 2024. This provision was, and is, recognised at a time where there remains considerable uncertainty as to the quantum of the penalty, including what approach the Court may take into consideration of any evidence or submissions as to appropriate quantum which may be put forward by the parties. Any actual penalty paid by The Star Entities may differ materially to the provision recorded at 30 June 2024.

Underpaid casino duty

The Bell Inquiry of The Star Pty Ltd conducted in 2022 (**Bell One Review**) identified potential issues with the way in which the Group calculated rebate duty payable to the NSW Government.

In accordance with the recommendations from the Bell One Review, an independent review has been conducted of all rebate play at The Star Sydney between 28 November 2016 and 9 May 2022 in accordance with the scope agreed with Liquor and Gaming NSW (**L&GNSW**). L&GNSW has conducted an assurance review over the findings of that independent review.

In addition, the Group is working with the NICC and NSW Treasury to develop a clear and objective test for the residency of rebate players. Such a test was recommended from the Bell One Review and will require an amendment to The Star Sydney's Duty agreement and result in changes to relevant internal controls.

The Group has determined a provision on the Balance Sheet at 30 June 2024 of the potential impact based on the amount determined from the independent review, which was subsequently agreed with L&GNSW (refer to note C2). Penalty interest could be enforced under the relevant Duty Agreements during the relevant period for late payment of casino duty and responsible gambling levy at a daily penalty rate of 0.15%. If this is applied, the final quantum of the penalty interest could materially increase the amount provided. The penalty interest is subject to discussions with the Department of Creative Industries, Tourism, Hospitality and Sport and NSW Treasury.

ASIC proceedings against former directors and officers of the Company

In December 2022, the Australian Securities and Investment Commission (ASIC) commenced civil penalty proceedings in the Federal Court of Australia against 11 former directors and officers of The Star Entertainment Group Limited (**Company**) alleging contraventions of the *Corporations Act 2001 (Cth)*.

As no entity of the Group is party to these proceedings, it is not possible to predict the timing and any financial impact of these claims on the Group, including in relation to the likely costs incurred by the Group on behalf of the defendants, or the extent to which those costs might be covered by the Group's insurance policies and indemnities in place for former officers and directors.

The Group has determined a provision on the Balance Sheet at 30 June 2024 relating to an estimate of legal costs.

Class action

On 30 March 2022, a shareholder class action was commenced in the Supreme Court of Victoria, alleging the Company failed to comply with its continuous disclosure obligations and engaged in misleading or deceptive conduct in relation to the Company systems, controls, operations and regulatory risks.

The Company has filed its defence containing no admissions of any contravention. At 30 June 2024, the Company has assessed there is no present obligation in respect of this matter and it represents a contingent liability. The outcome of the Class Action and any potential financial impacts are unknown, including the extent to which any amounts might be covered by the Group's insurance policies.

GST amended assessments

On 11 August 2021 the Group received amended assessments from the Australian Taxation Office (**ATO**) in respect of a dispute for the period October 2013 to August 2017 (inclusive) in relation to the GST treatment of rebates paid to junket operators for The Star Pty Limited. The amount in dispute for this period is approximately \$149.3 million (primary tax of \$81.9 million and interest of \$67.4 million). In FY22 the Group paid \$40.9 million as a deposit to the ATO on a no-admissions basis. The deposit is held as a current asset on the balance sheet.

On 6 September 2021 the Group filed an application for judicial review with the Federal Court of Australia in relation to the interest assessment and on 5 October 2021 lodged an objection against the primary assessments with the ATO. The ATO disallowed the Group's objections in October 2023. On 5 December 2023 the Group appealed by commencing proceedings in the Federal Court of Australia.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2024

Withholding tax penalty

The Group is in dispute with the ATO in relation to the appropriate method for calculating withholding tax on rebates paid to junket operators for the 2015 to 2020 income tax years. The amount in dispute for the period is \$7.7 million (primary penalty of \$6.4 million and interest of \$1.3 million). The relevant Group entities objected to the ATO's decision to issue the penalties. The ATO disallowed the Group's objections in October 2023 and on 5 December 2023 the relevant Group entities appealed by commencing proceedings in the Federal Court of Australia. In FY2024 the Group paid \$3.2 million as a deposit to the ATO on a no-admissions basis. The deposit is held as a current asset on the balance sheet.

Legal challenges

There are outstanding legal proceedings between the Company and its controlled entities and third parties as at 30 June 2024. The Group has notified its insurance carrier of all relevant litigation and currently anticipates that any damages (other than exemplary damages) that may be awarded against the Group, in addition to its costs incurred in connection with the proceedings, may be covered by its insurance policies where such policies are in place. Provisions are made for known obligations where the existence of a liability is probable and can be reasonably estimated. As the outcomes of these actions remain uncertain, contingent liabilities exist for possible amounts eventually payable.

NEW SOUTH WALES

Disciplinary Action

The final instalment of the \$100 million penalty issued following the Bell Review, was paid on 28 December 2023.

In November 2023, the NICC requested that the term of the appointment of the Manager be extended by regulation to 30 June 2024. Following the commencement of Bell Two Inquiry (**Bell Two**) (see below) the NICC confirmed on 25 March 2024 that it intended to seek a further extension of the term of the Manager's appointment to 30 September 2024 to allow for the Bell Two Report and findings to be delivered on 31 July 2024. The Manager's appointment was further extended on 1 August 2024 to 31 March 2025 (see below).

Regulatory reforms

Compulsory carded play and cash play limits were due to commence on 19 August 2024 however the timetable for compliance was amended by the NSW Government to transition these requirements. From 19 August 2024, mandatory carded play is required in private gaming areas and on select games on the main gaming floor with daily cash limits of \$5,000 for carded play. Fully carded play is required by 19 October 2024 and the daily cash permitted per person will be reduced to \$1,000 by 19 August 2025.

Bell Two

On 19 February 2024, the NICC announced an inquiry to investigate the suitability of The Star Pty Ltd (**The Star Sydney**) and its close associate, the Company, to be concerned in or associated with the management and operation of The Star Sydney Casino. The NICC appointed Mr Adam Bell SC to preside over an inquiry with the powers of a royal commissioner in NSW. Public hearings were conducted from 15 April 2024 to 3 May 2024.

On 1 August 2024, the NICC advised that its request to extend the term of the appointment of the Manager of The Star Sydney Casino by regulation to 31 March 2025 had been approved. In addition, on 30 August 2024, the NICC provided to the Company and The Star Sydney, a copy of the report of the Second Inquiry conducted by Mr Adam Bell SC in respect of The Star Sydney (the **Bell Two Report**). A copy of the non-confidential parts of the Bell Two Report was released to the public on the same day.

The Company and The Star Sydney acknowledge the findings of the Bell Two Report. While the Bell Two Report finds that there has been substantial reform of the control environment of The Star Sydney and a material improvement in risk management resources, systems, and culture, along with the "positive steps" of the recent appointments of experienced personnel to important leadership positions in the Company, it nonetheless concludes that the Company and The Star Sydney are presently unsuitable to be concerned in, or associated with, the management and operation of The Star Sydney. The Company and The Star Sydney accepted during the Bell Two Inquiry that The Star Sydney was not presently suitable to hold a licence in its own right.

The Bell Two Report made findings and recommendations in relation to four areas of non-compliance which resulted in various breaches by The Star Sydney during 2023 and 2024 which are the subject of ongoing consideration by the NICC and could, in the future, potentially involve the imposition of fines and penalties under the relevant NSW legislation. A range of outcomes against The Star Sydney are possible, including among other things, the imposition of a penalty, letter of censure, amendments to the conditions, further suspension, or cancellation, of The Star Sydney's licence.

On 13 September 2024, the NICC served a 'show cause' notice (**Notice**) on the Company, requesting a response to the Breach Findings from the Bell Two inquiry. The NICC has also requested information about the Company's current financial position and its plans to address these issues so that it can make informed decisions about the Company's financial suitability to hold the casino licence for The Star Sydney. The Company lodged its response on Friday, 27 September 2024. The Company and The Star Sydney are considering the recommendations and guidance in the Bell Two Report and, subject to any response to the Bell Two Report by the NICC, will seek to implement relevant recommendations at an appropriate time.

THE STAR ENTERTAINMENT GROUP

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

Casino duty reforms

On 11 August 2023 the NSW Treasurer and the Group announced an in-principle agreement had been reached in relation to changes to casino duty rates for casinos in New South Wales and their impact on The Star Sydney. An agreement was finalised between NSW Treasury and The Star Sydney on 20 November 2023.

The changes include rate increases for rebate duty (10% to 12.5%) and Table Games (17.91% to 20.25%) from 1 July 2023. Poker Machine duty rates will remain as follows until 2030 (20.91% until 30 June 2024, 21.91% from 1 July 2024 and 22.91% from 1 July 2027). From 1 July 2030 poker machines will be taxed based on average poker machine revenue using a progressive rate scale with a maximum of 51.6%. In the period 1 July 2023 to 30 June 2030 an additional levy will apply equal to 35% of The Star Sydney's gaming revenue above \$1.125 billion per financial year. There is no change to the Responsible Gambling Levy rate.

This agreement includes an undertaking that provides employment certainty for team members as agreed with the United Workers Union.

QUEENSLAND

Disciplinary action

The final instalment of the \$100 million penalty issued following the review by the Hon. Robert Gotterson AO into the Group's Queensland Operations, was paid on 28 December 2023.

On 24 November 2023, the Group received confirmation that the Remediation Plan was approved by the Attorney-General of Queensland in accordance with the provisions of the *Casino Control Act 1982 (QLD)*. Following this decision, on the recommendation of the Honourable Yvette D'Ath MP, Attorney-General of Queensland (**Qld A-G**), the Governor-in-Council deferred the decision on the licence suspensions of Treasury Brisbane and The Star Gold Coast to 31 May 2024 and extended the term of the Special Manager by 12 months to 8 December 2024.

On 17 May 2024, the Group was advised by OLGR, on the recommendation of the Qld A-G, that the Governor-in-Council approved changing the date of effect of the licence suspensions for The Star Gold Coast and Treasury Brisbane casinos from 31 May 2024 to 20 December 2024.

The Company has been advised that this will allow the Queensland Government to consider the outcomes of Bell Two and to better assess the Group's remediation progress, before making further decisions. The term of the Special Manager appointment for The Star Gold Coast and Treasury Brisbane casinos remains unchanged and is currently due to end on 8 December 2024 (no later than 23 October 2024 for Treasury Brisbane on surrender of its casino licence following the opening of The Star Brisbane).

An External Adviser has been appointed by the Minister for The Star Brisbane casino operations which are managed by the Group (see note C2).

Regulatory reforms

On 28 March 2024, the *Casino Control and Other Legislation Act 2024* was enacted to give effect to the balance of the recommendations of the Gotterson Report and certain other casino reforms. The proposed reforms include the introduction of mandatory carded play, restrictions on the use of cash, mandatory player pre-commitments including play and break limits, and a supervisory levy payable by casino licence holders. Most reforms took effect from enactment, with the remaining reforms to either commence on a date to be fixed by proclamation (including the introduction of a supervisory levy) or 6 months after enactment. The implementation of each of the key measures noted above requires the introduction of regulations giving effect to those reforms.

Suitability Investigation – Chow Tai Fook Enterprises (CTFE)

On 2 May 2024, the Qld A-G noted that there is insufficient evidence to conclude that CTFE or its relevant associates are unsuitable to be an associate or close associate of DBC, which holds The Star Brisbane casino licence. CTFE is a 25% interest-holder in DBC.

Financial guarantees

Refer to note E1 for details of financial guarantees provided by the Group at the reporting date.

On 8 November 2023, a new Australian dollar syndicated facility agreement was executed, providing \$450 million of commitment across two debt facilities:

- \$300 million four-year term facility, fully drawn on 8 December 2023.
- \$150 million four-year revolving working capital facility, undrawn.

The syndicated facility (**SFA**) matures in December 2027 (2023: weighted average maturity of 2.0 years) and is subject to covenants and undertakings typical of this type of facility. Interest on the facilities is variable, linked to the Australian Bank Bill Swap Bid Rate, plus a margin. The \$150.0 million revolving working capital facility allows up to \$50.0 million of issued bank guarantees, of which \$29.5 million has been utilised at 30 June 2024. The facility is secured by a first charge over the assets of the controlled entities denoted (d) in note D1.

In October 2023, following completion of the capital raising, existing bank loans were repaid and the US dollar private placements (**USPP**) notes were prepaid and terminated. The bank loan facilities were subsequently terminated in November 2023 following execution of the syndicated facility agreement. Fees of \$3.0 million were recognised in finance costs in relation to the terminations.

Net cash was \$30.0 million (2023: net debt of \$595.5 million), with the movement due to completion of a \$750.0 million capital raising in October 2023. Net leverage ratio as agreed with the financiers under the SFA was 2.7x. The Group was compliant with all covenants at 30 June 2024. The Group and its lenders executed a commitment letter on 25 September 2024 for a new debt facility (of up to \$200 million in two tranches) which will become effective upon completion of long-form documentation and satisfaction of various conditions precedent. As part of the new debt facility, the lenders have agreed to provide covenant waivers for the next two testing dates, being 30 September 2024 and 31 December 2024, with the waiver for the latter date being subject to execution of long-form documentation for the new debt facility and other customary conditions (see Note G).

FAIR VALUE DISCLOSURES

Details of the fair value of the Group's interest bearing liabilities are set out in note E2.

FINANCIAL RISK MANAGEMENT

The Group is exposed to interest rate risk as a result of the syndicated facility. The Group utilises its cash in bank, short term deposits and restricted cash, which receive a floating rate of interest, to provide a natural hedge against this risk, with approximately 76.4% of the Group's borrowings covered.

Bank loans and USPP notes in the prior comparative period exposed the Group to foreign currency and interest rate risk, which was hedged with cross currency interest and interest rate swaps. These hedges were closed in October 2023 in conjunction with the repayment of existing bank loans and prepayment and termination of the USPP notes.

Further details about the Group's exposure to interest rate and foreign currency movements are provided in notes E1 and E2.

a Other commitments as at 30 June 2024 have increased as a result of capital works in preparation for the phased opening of DBC Queens Wharf Integrated Resort which commenced on 29 August 2024 and IT projects attributable to Casino 2.0.

At 30 June 2024, the Group had \$230.3 million of committed equity contributions to DBC. Subsequent to 30 June, the Group committed to a further \$92.7 million of equity contributions and has currently estimated a further \$35 million will be required to fund costs to complete the development. Further contributions will be required as the Group expects to fund costs associated with operations during the DBC business growth phase or to support the refinancing of the DBC debt which matures in December 2025.

For Destination Gold Coast Consortium (**DGCC**), equity contributions towards Tower 1 are complete. Tower 2 construction is underway, with an estimated \$6.0 million in contributions payable in FY25. DGCC executed a \$309.5 million construction facility in April 2024 which is expected to fund the remaining construction costs.

Refer to note D5 for commitments in respect of investment in associate and joint venture entities.

C2 SUBSEQUENT EVENTS

The following events occurred after balance date:

Refinance

The Group and its lenders executed a commitment letter on 25 September 2024 for a new debt facility (of up to \$200 million in two tranches) which will become effective upon completion of long-form documentation and satisfaction of various conditions precedent. The first tranche is expected to be available to be drawn, subject to conditions precedent, from the end of October 2024 through to 20 December 2024. The second tranche is subject to more extensive conditions precedent but, if satisfied, would be expected to be available to be drawn from the end of December 2024 and have a 4 month availability period following the drawing of the first tranche (see Note G).

The Group's existing \$450 million facility has been reduced to \$334 million which is fully drawn.

The maturity date for the new facility is consistent with the existing term loan (December 2027). The Group will also retain up to \$34 million of bank guarantees under the existing revolving credit facility.

The Company's lenders have agreed to provide covenant waivers for the next two testing dates, being 30 September 2024 and 31 December 2024, with the waiver for the latter date being subject to execution of long-form documentation for the new debt facility and other customary conditions.

Bell Two Report

On 1 August 2024, the NICC advised that its request to extend the term of the appointment of the Manager of The Star Sydney Casino by regulation to 31 March 2025 had been approved. In addition, on 30 August 2024, the NICC provided to the Company and The Star Sydney, a copy of the Bell Two Report. A copy of the non-confidential parts of the Bell Two Report was released to the public on the same day. See Note B7.

On 13 September 2024 the NICC served a 'show cause' notice on the Company pursuant to section 23 of the *Casino Control Act 1992 (NSW)* in respect of matters arising from the Bell Two Report (**Notice**). In addition to the Notice, the NICC has also asked the Company to make submissions as to the actions being taken by the Company in respect of a number of findings in the Bell Two Report relating to, among other things, the Company's suitability to hold the casino licence for The Star Sydney and progress in respect of its remediation plan. The NICC has also requested information about the Company's current financial position and its proposed plans to address these issues on an ongoing basis so that it can make informed decisions about the Company's (and The Star Sydney's) financial suitability. The Company lodged its response on Friday, 27 September 2024.

THE STAR ENTERTAINMENT GROUP

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2024

Treasury Brisbane Casino and The Star Brisbane

On 25 August 2024, Treasury Brisbane Casino, owned by the Group, ceased operation and will surrender its licence no later than 23 October 2024. On 28 August 2024, DBC (of which the Group owns 50%) was issued a casino licence for The Star Brisbane, which subsequently commenced operation on 29 August 2024 under the management of the Group through an agreement with DBC.

On the direction of the Department of Justice and Attorney-General dated 28 August 2024, an External Adviser has been appointed by the Minister for The Star Brisbane casino operations which are managed by the Group, the cost of which will be borne by the Group. On the same date the Group was also directed by the Department of Justice and Attorney-General to prepare a plan for the remediation of the management and operations of The Star Brisbane.

Sale of Treasury Brisbane Casino Building

Agreement was reached to sell the leasehold interest in the Treasury Brisbane Casino Building to Griffith University for \$67.5 million (plus GST). After settlement adjustments, the net proceeds were \$60.5 million (plus GST). Settlement occurred on 27 September 2024.

Underpaid NSW casino duty

The Group has reached agreement with L&GNSW in relation to the primary amount of underpaid casino duty payable following the completion of the independent review and an assurance review conducted by L&GNSW (see Note B7). Penalty interest, if any, has not been agreed.

Reset Remediation Plan

Following the findings from the Bell Two Report, the Company has prepared an amended remediation plan which incorporates a number of enhancements to the previously approved version of the plan. After extensive engagement with the Manager (The Star Sydney), Special Manager (The Star Gold Coast), External Adviser (The Star Brisbane) to obtain feedback, the Company submitted the amended plan and associated documents to OLGR on 18 September 2024 for consideration and approval by the Queensland Attorney General. The reset remediation plan is subject to the approval of OLGR and government in Queensland. Copies of the plan and associated documents were also submitted to the NICC for information on 20 September 2024.

Other than those events disclosed in the Directors' Report or elsewhere in these financial statements, there have been no other significant events occurring after the balance sheet date and up to the date of this report, which may materially affect either the Group's operations or results of those operations or the Group's state of affairs.

CONTINGENT LIABILITIES

Class Action

On 30 March 2022, a shareholder class action was commenced in the Supreme Court of Victoria, alleging the Company failed to comply with its continuous disclosure obligations and engaged in misleading or deceptive conduct in relation to the Company systems, controls, operations and regulatory risks.

The Company has filed its defence containing no admissions of any contravention. At 30 June 2024, the Company has assessed there is no present obligation in respect of this matter and it represents a contingent liability. The outcome of the Class Action and any potential financial impacts are unknown, including the extent to which any amounts might be covered by the Group's insurance policies.

GST Amended Assessments

On 11 August 2021 the Group received amended assessments from the Australian Taxation Office (ATO) in respect of a dispute for the period October 2013 to August 2017 (inclusive) in relation to the GST treatment of rebates paid to junket operators for The Star Pty Limited. The amount in dispute for this period is approximately \$149.3 million (primary tax of \$81.9 million and interest of \$67.4 million). In FY22 the Group paid \$40.9 million as a deposit to the ATO on a no-admissions basis. The deposit is held as a current asset on the balance sheet.

On 6 September 2021 the Group filed an application for judicial review with the Federal Court of Australia in relation to the interest assessment and on 5 October 2021 lodged an objection against the primary assessments with the ATO. The ATO disallowed the Group's objections in October 2023. On 5 December 2023 the Group appealed by commencing proceedings in the Federal Court of Australia.

The Parent has no other contingent liabilities at 30 June 2024.

THE STAR ENTERTAINMENT GROUP

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

CAPITAL EXPENDITURE

The parent entity does not have any capital expenditure commitments for the acquisition of property, plant and equipment contracted but not provided for at 30 June 2024 (2023: nil).

GUARANTEES

The Company has provided a guarantee to the debt providers of its associates and joint ventures:

- Destination Brisbane Consortium: the guarantee covers 50% of the Gaming and Entertainment syndicated facility agreement (**SFA G&E**) (see below) (of which \$1.5 billion is outstanding at 30 June 2024) (see below); and
- Destination Gold Coast Consortium: the guarantee covers up to 46.3% of the \$309.5 million in facilities.

The Company has secured the \$450.0 million syndicated facility with a first charge over its assets (refer to note E1). In 2023, the Company had also guaranteed the customer loans of EEI Services (Hong Kong) Limited¹, for which \$12.0 million was recognised in current liabilities. The Group also had bank guarantees of \$67.3 million (2023: \$58.8 million), comprising \$29.5 million for The Star Entertainment Finance Limited (2023: \$21.3 million) and \$37.8 million for DBC (2023: \$37.5 million) (refer to note E1).

¹ The EEI Services (Hong Kong) Limited office has been closed. The guarantee amount no longer remains as the outstanding customer loans have been completed.

DBC Financing Arrangements

The Company and its joint venture partners CTFE and Far East Consortium International (**FECI**) entered into debt facility agreements in 2020 in relation to DBC's \$1.6 billion project-level debt funding. The aggregate amount outstanding is \$1.5 billion at 30 June 2024 (**DBC Funding**). The DBC Funding comprises two equal facilities, drawn approximately equally, separately provided SFA G&E and a Tourism and Leisure syndicated facility agreement (**SFA T&L**). Amounts outstanding under the SFA G&E are guaranteed by the Company and amounts outstanding under the SFA T&L are guaranteed by CTFE and FECI. The two facilities are cross-collateralised against the property leases.

DBC's ability to refinance its debt on reasonable terms as it becomes due in December 2025 or to repay the debt, its ability to raise further finance, and its borrowing costs will depend on a range of factors including, but not limited to, prevailing market conditions and DBC's operating performance at the time any refinancing takes place. If DBC is unable to refinance its debt obligations, or to do so on reasonable terms, this may have an adverse impact on the financial position and performance of the Group, in particular in circumstances where the Company is required to contribute additional equity to the joint venture as part of any financing or the Company's SFA G&E guarantee is called upon.

ACCOUNTING POLICY FOR INVESTMENTS IN CONTROLLED ENTITIES

All investments are initially recognised at cost, being the fair value of the consideration given. Subsequently, investments are carried at cost less any impairment losses.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

D3 DEED OF CROSS GUARANTEE

The Star Entertainment Sydney Holdings Limited, The Star Pty Limited, The Star Entertainment Pty Ltd, The Star Entertainment Sydney Properties Pty Ltd, The Star Entertainment Sydney Apartments Pty Ltd and Star City Investments Pty Limited are parties to a deed of cross guarantee under which each company guarantees the debts of the others. By entering into the deed, the wholly-owned entities have been relieved from the requirements to prepare a Financial Report and Directors Report under Instrument 2016/785 issued by the Australian Securities and Investments Commission.

D5 INVESTMENT IN ASSOCIATE AND JOINT VENTURE ENTITIES

Set out below are the investments of the Group as at 30 June 2024. The entities listed below have share capital consisting solely of ordinary shares, which are held by the Group. The country of incorporation is also their principal place of business, and the proportion of ownership interest is the same as the proportion of voting rights held. All investments listed below are measured using the equity accounting method.

2024 Name of entity	Country of incorporation	% of ownership	Nature of ownership	Share of (loss)/profit \$m	Carrying amount \$m
Material					
Destination Brisbane Consortium Integrated Resort Holdings Pty Ltd (i)	Australia	50	Associate	(7.6)	-

Destination Sydney Consortium Investments Pty Ltd	Australia	50	Joint venture	(0.3)	6.4
Total equity accounted investments				19.7	161.7

Total share of profit is up \$15.3 million on the pcp primarily due to Destination Gold Coast Investments Pty Ltd, which is the joint venture that completed the sale of the Sheraton Grand Mirage Gold Coast in November 2023. This sale resulted in a gain, of which the Group's share is \$22.9 million (refer to note A7).

Parent Company Guarantees over associate and joint venture entity debt facilities

The Group has guaranteed debt facilities held by:

- Destination Brisbane Consortium: the guarantee covers 50% of the facility (of which \$1.5 billion is outstanding at 30 June 2024) (refer to note E1).
- Destination Gold Coast Consortium Pty Ltd: the guarantee covers up to 46.3% of the \$309.5 million in facilities.

For those investments considered material to the Group, further information is provided below:

(i) DESTINATION BRISBANE CONSORTIUM INTEGRATED RESORT HOLDINGS PTY LTD

The Group has partnered with Hong Kong-based organisations CTFE and FECl to form DBC for the Queen's Wharf Brisbane Project. The parties have formed two vehicles (the Integrated Resort Joint Venture and the Residential Joint Venture), which together are responsible for completing the Queen's Wharf Brisbane project.

Consistent with the ownership structure, the Group will contribute 50% of the capital to the development of the entertainment and leisure destination and act as the casino operator under a long dated casino management agreement. CTFE and FECl will each contribute 25% of the capital to the development of the entertainment and leisure destination. The Group's interest is accounted for using the equity method. CTFE and FECl will each contribute 50% of the capital to undertake the residential and related components of the broader Queen's Wharf Brisbane development. The Group is not a party to the residential apartments development joint venture.

The initial stage of The Star Brisbane opened to the public on 29 August 2024 and includes the main gaming floor and premium gaming rooms, The Star Grand Hotel, Event Centre, Sky Deck, Neville Bonner pedestrian bridge, public realm, carpark and certain food and beverage outlets. Further food and beverage venues and the leisure deck will open progressively throughout FY25. The Dorsett and Rosewood hotels are expected to open in late calendar year 2026.

Total project costs for DBC's development of the entertainment and leisure destination are expected to be \$2.9 billion. The majority of these cost over-runs are to be funded via additional equity contributions in proportion with the existing joint venture interests.

Commitments and contingent liabilities

DBC has current capital commitments of \$672.9 million (2023: \$690.5 million) for the DBC Integrated resort. There were no contingent liabilities at 30 June 2024.

(ii) DESTINATION GOLD COAST INVESTMENTS PTY LTD

On 20 October 2016, a 50% interest was acquired in Destination Gold Coast Investments Pty Ltd (**DGCI**). DGCI is a joint venture with CTFE and FECL, previously involved in the operation of the Sheraton Grand Mirage Resort, Gold Coast. On 3 November 2023, DGCI completed the sale of the Sheraton Grand Mirage Resort for \$192.0 million. Sale proceeds were initially used to repay external debt, with the remaining balance loaned to the unitholders until such time as the final distributions are completed. \$55.9 million was loaned to the Group in November 2023, while a further \$9.4 million was loaned in July 2024. The Group's interest is accounted for using the equity method.

The Securityholders' Deed for Destination Gold Coast Investments Pty Ltd requires unanimous consent for each Board resolution. Due to the unanimous requirement for decisions, each party has joint control of the entity. The entity is designed to exist on its own and the Deed does not grant the rights to assets and liabilities directly to the Group. The investment has therefore been classified as a joint venture.

Commitments and contingent liabilities

The joint venture had no capital commitments as at 30 June 2024 (2023: nil). There were no other contingent liabilities.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

Significant accounting policies

The following accounting policy is unique to DGCC's accounting within the Group.

Apartment sales revenue

Revenue in respect of the development project is recognised upon fulfillment of all performance obligations on a contract. The revenue is measured at the transaction price agreed under the contract. Payment is received on actual settlement of individual units when risk and benefits of ownership are transferred to the customer.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2024

E RISK MANAGEMENT

E1 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments comprise cash, short-term deposits and Australian denominated bank loans.

The main purpose of these financial instruments is to provide funding for the Group's operations. The Group has various other financial assets and liabilities such as trade receivables and trade payables, which arise directly from its operations, and financial guarantee contracts, which support the ongoing viability of associates and joint ventures. Derivative transactions can also be entered into by the Group, being interest rate swaps, cross currency swaps and forward currency contracts, the purpose being to manage interest rate and currency risks arising from the Group's operations and sources of finance.

The Group's risk management policy is carried out by the Group Treasury function under the Group Treasury Policy approved by the Board. Group Treasury reports regularly to the Board on the Group's risk management activities and compliance with policies. It is, and has been throughout the period, the Group's policy that no speculative trading in financial instruments shall be undertaken.

The main risks arising from the Group's financial instruments are interest rate risk, credit risk and liquidity risk.

Details of significant accounting policies and methods adopted, including criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument, are disclosed in note G.

Interest rate risk

The Group manages interest rate risk by using a floating versus fixed rate debt framework. The relative mix of fixed and floating interest rate exposure is managed through: utilising assets which receive a floating rate of interest to provide a natural hedge; the issuance of both fixed rate and floating rate debt; or by using interest rate swap (*IRS*) contracts. At 30 June 2024, 76.4% of the Group's borrowings are naturally hedged by cash in bank, short term deposits and restricted cash. Historically, the Group managed its cash flow interest rate risk by using floating-to-fixed interest rate swap contracts.

Credit risk

Credit risk on financial assets which have been recognised on the balance sheet, is the carrying amount less any allowance for non recovery. The Group minimises credit risk via adherence to a strict credit risk management policy. Collateral is not held as security.

Customer credit risk

Credit risk in trade receivables is managed in the following ways:

- The provision of non gaming credit is covered by a risk assessment process for customers using the Credit Reference Association of Australia, bank opinions and trade references; and
- The provision of cheque cashing facilities for casino gaming patrons was ceased on 7 December 2022. Gaming patron cheque cashing facilities issued prior to this date remain, however have been fully provided for (refer to note B2).

Receivable balances are monitored on an ongoing basis with the result that the Group's exposure to bad debts is carefully managed and controlled.

Financial institution credit risk

Credit risk arising from other financial assets of the Group, which comprise cash, cash equivalents and derivative contracts, is reduced by transacting with relationship banks that have acceptable credit ratings, as determined by a recognised ratings agency.

Cash investments, derivative financial instruments, bank guarantees, and other contingent instruments create credit risk in relation to the relevant counterparties, which are principally large relationship banks. As such, there is a low level of credit risk.

The maximum counterparty credit exposure on forward currency and cross currency swaps is the fair value amount that the Group receives when settlement occurs, should the counterparty fail to pay the amount which it has committed to pay the Group. The credit risk on interest rate hedges is limited to the positive mark to market amount to be received from counterparties over the life of contracts that are favourable to the Group. The Group's maximum credit risk exposure in respect of interest rate swap contracts, cross currency swap contracts and forward currency contracts is nil as at 30 June 2024, as detailed in note E2.

Credit risk includes liabilities under financial guarantees

For financial guarantee contract liabilities, the fair value at initial recognition is determined using a probability weighted discounted cash flow approach. The expected loss of the financial guarantee contract liabilities is assessed as nil (2023: nil). Details of the financial guarantee contracts are outlined below.

THE STAR ENTERTAINMENT GROUP

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

Fixed and floating charges

The controlled entities denoted (b) in note D1 have provided the NICC with a fixed and floating charge over all of the assets and undertakings of each company to secure payment of all monies and the performance of all obligations which they have to the NICC.

Guarantees and indemnities

The controlled entities denoted (b) in note D1 have entered into a guarantee and indemnity agreement in favour of ILGA whereby all parties to the agreement are jointly and severally liable for the performance of the obligations and liabilities of each company participating in the agreement with respect to agreements entered into and guarantees given.

The controlled entities denoted (d) in note D1 have secured the \$450.0 million syndicated facility with a first charge over their assets.

The Group has provided a guarantee to the debt providers of its associates and joint ventures:

- Destination Brisbane Consortium: the guarantee covers 50% of the SFA G&E facility (of which \$1.5 billion is outstanding at 30 June 2024) (see below); and
- Destination Gold Coast Consortium: the guarantee covers up to 46.3% of the \$309.5 million in facilities.

The Company has secured the \$450.0 million syndicated facility with a first charge over its assets (refer to note E1). In 2023, the Company had also guaranteed the customer loans of EEI Services (Hong Kong) Limited¹, for which \$12.0 million was recognised in current liabilities. The Group also had bank guarantees of \$67.3 million (2023: \$58.8 million), comprising \$29.5 million for The Star Entertainment Finance Limited (2023: \$21.3 million) and \$37.8 million for DBC (2023: \$37.5 million) (separate to the guarantee of debt above) (refer to note E1).

¹ The EEI Services (Hong Kong) Limited office has been closed. The guarantee amount no longer remains as the outstanding customer loans have been completed.

DBC Financing Arrangements

The Company and its joint venture partners Chow Tai Fook Enterprises Limited (*CTFE*) and Far East Consortium International Limited (*FECI*) entered into debt facility agreements in 2020 in relation to DBC's \$1.6 billion project-level debt funding. The aggregate amount outstanding is \$1.5 billion at 30 June 2024 (*DBC Funding*). The DBC Funding comprises two equal facilities, drawn approximately equally, separately provided under a Gaming and Entertainment syndicated facility agreement (*SFA G&E*) and a Tourism and Leisure syndicated facility agreement (*SFA T&L*). Amounts outstanding under the SFA G&E are guaranteed by the Company and amounts outstanding under the SFA T&L are guaranteed by CTFE and FECI. The two facilities are cross-collateralised against the property leases.

DBC's ability to refinance its debt on reasonable terms as it becomes due in December 2025 or to repay the debt, its ability to raise further finance, and its borrowing costs will depend on a range of factors including, but not limited to, prevailing market conditions and DBC's operating performance at the time any refinancing takes place. If DBC is unable to refinance its debt obligations, or to do so on reasonable terms, this may have an adverse impact on the financial position and performance of the Group, in particular in circumstances where the Company is required to contribute additional equity to the joint venture as part of any financing or the Company's SFA G&E guarantee is called upon.

Liquidity risk

Liquidity risk arises from the financial liabilities of the Group and the Group's subsequent ability to meet its obligations to repay its financial liabilities as and when they fall due. At 30 June 2024, the Group faces significant near-term liquidity requirements (refer to note G), including: funding of the Group's operations at current trading levels; ongoing transformation and remediation related activities; joint venture equity contributions, particularly DBC (refer to note C1); and anticipated outflows associated with ongoing regulatory matters (refer to note B7). A range of initiatives and other measures have been identified and are in the process of being implemented to improve business performance across both revenue generation and costs, including the execution of a new debt facility on 25 September 2024 (refer to note C2).

The Group manages liquidity risk through maintaining sufficient cash and adequate amount of undrawn committed credit facilities to be held above the forecast requirements of the business. The Group manages liquidity risk centrally by monitoring cash flow forecasts and maintaining adequate cash reserves and debt facilities. The debt portfolio is periodically reviewed to ensure there is funding flexibility across an appropriate maturity profile. Refer to notes B8 and E2 for maturity of financial liabilities.

(iii) FINANCIAL INSTRUMENTS - SENSITIVITY ANALYSIS

Interest rates - AUD and USD

The following sensitivity analysis is based on interest rate risk exposures in existence at year end.

At 30 June, if interest rates had moved, as illustrated in the table below, with all other variables held constant, post tax profit and other comprehensive income would have been affected as follows:

THE STAR ENTERTAINMENT GROUP

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

	Net profit after tax higher/(lower) \$m	Other comprehensive income higher/(lower) \$m
2024		
AUD		
+ 0.5% (50 basis points)	(0.2)	-
- 0.5% (50 basis points)	0.2	-
2023		
AUD		
+ 0.5% (50 basis points)	(2.0)	5.2
- 0.5% (50 basis points)	2.0	(5.3)
USD		
+ 0.5% (50 basis points)	-	(6.2)
- 0.5% (50 basis points)	-	6.3

The movements in profit are due to higher/lower interest costs from variable rate debt and investments. The movement in other comprehensive income is due to an increase/decrease in the fair value of financial instruments designated as cash flow hedges. The numbers derived in the sensitivity analysis are indicative only. Significant assumptions used in the interest rate sensitivity analysis include:

- reasonably possible movements in interest rates were determined based on the Group's current credit rating and mix of debt; and
- price sensitivity of derivatives is based on a reasonably possible movement of spot rates at the balance sheet dates.

Foreign Exchange

The following sensitivity analysis is based on foreign currency risk exposures in existence at the balance sheet date. At 30 June, had the AUD moved, as illustrated in the table below, with all other variables held constant, post tax profit and other comprehensive income would have been affected as follows:

Judgements of reasonably possible movements:

	Net profit after tax higher/(lower) 2024 \$m	Other comprehensive income higher/(lower) 2024 \$m	Net profit after tax higher/(lower) 2023 \$m	Other comprehensive income higher/(lower) 2023 \$m
AUD/USD + 10 cents	-	-	1.1	(0.8)
AUD/USD - 10 cents	-	-	(1.6)	1.1

The movement in other comprehensive income is due to an increase/decrease in the fair value of financial instruments designated as cash flow hedges. Management believes the balance sheet date risk exposures are representative of the risk exposure inherent in the financial instruments. The numbers derived in the sensitivity analysis are indicative only.

Significant assumptions used in the foreign currency exposure sensitivity analysis include:

- reasonably possible movements in foreign exchange rates were determined based on a review of the last two years' historical movements and economic forecaster's expectations;
- the reasonably possible movement of 10 cents was calculated by taking the USD spot rate as at balance sheet date, moving this spot rate by 10 cents and then re-converting the USD into AUD with the 'new spot-rate'. This methodology reflects the translation methodology undertaken by the Group; and
- price sensitivity of derivatives is based on a reasonably possible movement of spot rates at the balance sheet dates.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

E2 ADDITIONAL FINANCIAL INSTRUMENTS DISCLOSURES

(i) FAIR VALUES

The fair value of the Group's financial assets and financial liabilities approximates their carrying value as at the balance sheet date.

There are various methods available in estimating the fair value of a financial instrument. The methods comprise:

Level 1	the fair value is calculated using quoted prices in active markets.
Level 2	the fair value is estimated using inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices).
Level 3	the fair value is estimated using inputs for the asset or liability that are not based on observable market data.

All of the Group's derivative financial instruments are valued using the Level 2 valuation techniques, being observable inputs. There have been no transfers between levels during the year.

Interest rate swaps and cross currency swaps

The fair value of cross currency contracts is calculated as the present value of expected future cash flows of these instruments. Key variables include market pricing data, discount rates and credit risk of the group or counterparty where relevant. Variables reflect those which would be used by the market participants to execute and value the instruments.

Forward currency contracts

Fair value is calculated using forward exchange market rates at the balance sheet date.

USPP

Fair value is calculated using discounted future cash flow techniques, where estimated cash flows and estimated discount rates are based on market data at the balance sheet date, in combination with restatement to current foreign exchange rates.

(ii) FINANCIAL INSTRUMENTS - INTEREST RATE SWAPS

Interest rate swaps were closed in October 2023 in conjunction with the repayment of existing bank loans and prepayment and termination of the USPP notes. In 2023, interest rate swaps met the requirements to qualify for cash flow hedge accounting and were stated at fair value.

These swaps were used to hedge the exposure to variability in cash flows attributable to movements in the reference interest rate of the designated debt or instrument and were assessed as highly effective in offsetting changes in the cash flows attributable to such movements. Hedge effectiveness was measured by comparing the change in the fair value of the hedged item and the hedging instrument respectively each quarter. Any difference represents ineffectiveness and was recorded in the income statement.

The notional principal amounts and periods of expiry of the interest rate swap contracts are as follows:

	2024 \$m	2023 \$m
Less than one year	-	50.0
One to five years	-	50.0
More than five years	-	-
Notional Principal	-	100.0

Fixed interest rate range p.a.

0.4% - 2.6%

Net settlement receipts and payments were recognised as an adjustment to interest expense on an accruals basis over the term of the swaps, such that the overall interest expense on borrowings reflects the average cost of funds achieved by entering into the swap agreements.

(iii) FINANCIAL INSTRUMENTS - CROSS CURRENCY SWAPS

Cash flow hedges

Cross currency swaps were closed in October 2023 in conjunction with the repayment of existing bank loans and prepayment and termination of the USPP notes. In 2023, cross currency swap contracts were classified as cash flow hedges and were stated at fair value.

THE STAR ENTERTAINMENT GROUP

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

These cross currency swaps were being used to hedge the exposure to the cash flow variability in the value of the USD debt under the USPP and were assessed as highly effective in offsetting changes in movements in the forward USD exchange rate. Hedge effectiveness was measured by comparing the change in the fair value of the hedged item and the hedging instrument respectively each quarter. Any difference represents ineffectiveness and was recorded in the income statement.

Fair value hedges

Cross currency swaps were closed in October 2023 in conjunction with the repayment of existing bank loans and prepayment and termination of the USPP notes. In 2023, cross currency swaps were used to hedge the exposure to fair value changes of the USD debt under the USPP as a result of fluctuations in the underlying USD to AUD exchange rate and US interest benchmark and were assessed as highly effective. The decrease in fair value of the cross currency swaps of \$3.0 million (2023: \$2.4 million increase in value) has been recognised in finance costs, offsetting gains on the USPP borrowings. The ineffectiveness recognised in FY24 was immaterial (2023: immaterial).

The principal amounts and periods of expiry of the cross currency swap contracts are as follows:

	2024		2023	
	AUD \$m	USD \$m	AUD \$m	USD \$m
Less than one year	-	-	-	-
One to five years	-	-	250.3	195.4
More than five years	-	-	54.2	40.4
Notional principal	-	-	304.5	235.8

Fixed interest rate range p.a.

3.2% - 4.4%

The terms and conditions in relation to interest rate and maturity of the cross currency swaps were similar to the terms and conditions of the underlying hedged USPP borrowings as set out in note B8.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

(iii) TAX CONSOLIDATION

Effective June 2011, The Star Entertainment Group Limited (the Head Company) and its 100% owned subsidiaries formed an income tax consolidation group. Members of the tax consolidation group entered into a tax sharing arrangement that provides for the allocation of income tax liabilities between the entities should the Head Company default on its tax payment obligations. At balance date, the possibility of default is remote.

Tax effect accounting by members of the tax consolidation group

Members of the tax consolidation group have entered into a tax funding agreement effective June 2011. Under the terms of the tax funding agreement, the Head Company and each of the members in the tax consolidation group have agreed to make a tax equivalent payment to or from the Head Company, based on the current tax liability or current tax asset of the member. Deferred taxes are recorded by members of the tax consolidation group in accordance with the principles of AASB 112 'Income Taxes'. Calculations under the tax funding agreement are undertaken for statutory reporting purposes.

The allocation of taxes under the tax funding agreement is recognised as either an increase or decrease in the subsidiaries' intercompany accounts with the Head Company. The Group has chosen to adopt the Group Allocation method as outlined in Interpretation 1052 'Tax Consolidation Accounting' as the basis to determine each members' current and deferred taxes. The Group Allocation method as adopted by the Group will not give rise to any contribution or distribution of the subsidiaries' equity accounts as there will not be any differences between the current tax amount that is allocated under the tax funding agreement and the amount that is allocated under the Group Allocation method.

(iv) INCOME TAX PAYABLE

The balance of income tax payable is the net of current tax and tax instalments/refunds during the year. A current tax liability arises where current tax exceeds tax instalments paid and a current tax receivable arises where tax instalments paid exceed current tax.

The income tax (payable)/receivable balance is attributable to:

F7 SHARE CAPITAL AND RESERVES

(i) SHARE CAPITAL

There is only one class of shares (ordinary shares) on issue. These ordinary shares entitle the holder to participate in dividends and proceeds on winding up of the Company, in proportion to the number and amounts paid on the shares held. On a show of hands, every holder of ordinary shares present at a meeting in person or by proxy, is entitled to one vote, and upon a poll each share is entitled to one vote. The Company does not have authorised capital nor par value in respect of its issued shares

Nature and purpose of reserves

- The hedging reserve records the spot element of fair value changes on the portion of the gain or loss on a hedging instrument in a cash flow hedge that is determined to be an effective hedge.
- The spot element of derivative contracts are designated as hedging instruments with fair value changes recorded in the hedging reserve. The forward element is recognised in other comprehensive income and accumulated in a separate component of equity under costs of hedging reserve.
- The share based payments reserve is used to recognise the value of equity settled share based payment transactions provided to employees, including Key Management Personnel as part of their remuneration. Refer to note F9 for further details on these plans.

(iii) CAPITAL MANAGEMENT

The Group's objectives when managing capital are to ensure the Group continues as a going concern while providing optimal returns to shareholders and benefits for other stakeholders, and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends to be paid to shareholders, return capital to shareholders or issue new shares. Gearing is managed primarily through the ratio of net debt to earnings before interest, tax, depreciation, amortisation, impairment, significant items and share of the net loss of associate and joint venture entities.

The Group's capital management also aims to ensure that it meets financial covenants attached to the interest bearing loans and borrowings that define capital structure requirements. There have been no breaches of the financial covenants of any interest bearing loans and borrowings in the current period.

	3,143,930	2,767,875	1,459,636	415,606	-	4,036,563

Grants in FY24 include a market based hurdle (relative total shareholder return (*rTSR*)) and a premium exercised price option (*PEP*). Grants in FY23 and prior include a market based hurdle (*rTSR*), an earnings per share (*EPS*) component and a return on investment capital (*ROIC*) component. The Performance Rights have been independently valued. For the *rTSR* and *PEP* component, valuation was based on a Monte-Carlo simulation model. For the *EPS* and *ROIC* component, a discounted cash flow technique was utilised. The *EPS* and *ROIC* value does not contain any specific discount for forfeiture if the employee leaves the Group during the vesting period. This adjustment, if required, is based on the number of equity instruments expected to vest at the end of each reporting period.

- a Performance rights granted on 25 September 2019 were tested and did not vest. The FY20 grant comprised three performance hurdles (*rTSR*, *EPS* and *ROIC*). None of the performance hurdles were satisfied in respect of the FY20 grant.
- b Performance rights granted on 3 October 2018 were tested in the prior year and did not vest. The FY19 grant comprise three performance hurdles (*rTSR*, *EPS* and *ROIC*). None of the performance hurdles were satisfied in respect of the FY20 grant.

The key assumptions underlying the Performance Rights valuations are set out below:

Effective grant date	Test and vesting date	Share price at date of grant \$	Expected volatility in share price %	Expected dividend yield %	Risk free interest rate %	Average Fair Value per Performance Right \$

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

Equity retention plan

Since FY19, the Company has granted restricted shares under the equity retention plan to eligible employees. The share based payment expense of \$1.1 million (2023: \$2.7 million) in respect of the equity instruments granted is recognised in the income statement. The number of restricted shares granted to employees and forfeited during the year are set out below.

2024	Balance at start of year	Granted during the year	Forfeited during the year	Lapsed during the year	Vested during the year	Balance at end of year

1 July 2022	1,149,639	1,639,642	312,306	-	1,270,086	1,206,889

The awards are granted at no cost to participants and are subject to a service condition of five years. Participants are entitled to dividends and may benefit from share price growth over the vesting period.

Executive service rights grant

In July 2023, the Board approved a once-off grant of service rights to each member of the Group Leadership Team. The share based payment expense of \$0.6 million (2023: nil) in respect of the equity instruments granted is recognised in the income statement.

The number of restricted shares granted to employees and forfeited during the year are set out below.

2024	Balance at start of year	Granted during the year	Forfeited during the year	Lapsed during the year	Vested during the year	Balance at end of year
1 July 2023	-	8,986,302	4,806,900	-	835,879	3,343,523

The awards are issued at no cost to participants and are in three tranches: Tranche 1, comprising 20% of the award vested 30 June 2024; Tranche 2, comprising 30% of the award vests 30 June 2025; and Tranche 3, comprising 50% of the award vests 30 June 2026. On vesting, all rights are subject to a 12 month holding lock.

Service rights do not attract dividends until shares have been allocated following vesting. Participants will receive any dividends which accrued during the plan period once the vesting conditions have been met. Participants may benefit from share price growth over the vesting period.

Short term incentive plan

In FY24, \$0.1 million (2023: \$0.2 million) was recognised for the FY22 short term incentive plan, relating to certain executives for whom one third of their eligible award was granted as shares, subject to a 12 month holding lock.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

G ACCOUNTING POLICIES AND CORPORATE INFORMATION

Significant accounting policies are contained within the financial statement notes to which they relate and are not detailed in this section.

CORPORATE INFORMATION

The Star Entertainment Group Limited (the **Company**) is a company incorporated and domiciled in Australia. The Financial Report of the Company for the year ended 30 June 2024 comprises the Company and its controlled entities (collectively referred to as the **Group**). The Company's registered office is Level 3, 159 William Street, Brisbane QLD 4000.

The Company is of the kind specified in *Australian Securities and Investments Commission (ASIC) Instrument 2016/191*. In accordance with that Instrument, amounts in the Financial Report and the Directors Report have been rounded to the nearest hundred thousand dollars, unless specifically stated to be otherwise. All amounts are in Australian dollars (\$). The Company is a for profit organisation. The Financial Report was authorised for issue by the Directors on 30 September 2024.

BASIS OF PREPARATION

The Financial Report is a general purpose Financial Report which has been prepared in accordance with the *Corporations Act 2001*, Australian Accounting Standards and other mandatory Financial Reporting requirements in Australia. The financial statements comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board.

The financial statements have been prepared under the historical cost convention except as disclosed in the accounting policies below and elsewhere in this report. The policies used in preparing the financial statements are consistent with those of the previous year except as indicated under 'Changes in accounting policies and disclosures'.

GOING CONCERN

The following matters, detailed in note B7 create material uncertainty relating to events or conditions that may cast significant doubt upon the Group's ability to continue a going concern:

- The elevated earnings uncertainty arising from the combination of decreasing revenue profile due to a loss of market share across all of the Group's casinos, financial crime remediation activities, the impact of casino operating reforms (including cashless and carded play and safer gambling) on gaming revenues and a softening macroeconomic backdrop; together with an increase in the cost base to execute the Group's uplifted risk and control environment and its compliance with new casino regulations.
- The ability of the Group to return to suitability following the indefinite suspension of the Sydney Casino licence (from 21 October 2022) and the deferred suspension of the Queensland Casino licences for The Star Gold Coast and Treasury Brisbane (from 1 December 2023 to 20 December 2024, noting Treasury Brisbane will surrender its casino licence by 23 October 2024). On 30 August 2024, the NICC provided to the Company and The Star Sydney, a copy of the Bell Two Report which concludes that the Company and The Star Sydney are presently unsuitable to be concerned in, or associated with, the management and operation of The Star Sydney (refer to note B7). A copy of the non-confidential parts of the Bell Two Report was released to the public on the same day. On 13 September 2024, the NICC served a 'show cause' notice (**Notice**) on the Company, requesting a response to the Breach Findings from the Bell Two inquiry. The NICC has also requested information about the Company's current financial position and its plans to address these issues so that it can make informed decisions about the Company's financial suitability to hold the casino licence for The Star Sydney. The Company lodged its response on Friday, 27 September 2024. A range of disciplinary actions are available to the NICC, including among other things, the imposition of a penalty, letter of censure, amendments to the conditions, further suspension, or cancellation, of The Star Sydney's licence. On 1 August 2024, the NICC advised that its request to extend the appointment of the Manager of The Star Sydney by regulation to 31 March 2025 was approved. The Department of Justice and Attorney-General will also have consideration for the Bell Two findings.
- The phased opening of the DBC Queens Wharf Integrated Resort (of which the Group is a 50% shareholder and provides management services) commenced operations on 29 August 2024, including The Star Brisbane casino operations, The Star Grand hotel, the Event Centre, certain food and beverage outlets, the carpark, and the public realm. Additional facilities, including additional restaurants, cafes, and leisure deck amenities, are scheduled to open between September and December 2024. The Rosewood and Dorsett Hotels (comprising an additional 522 rooms) are planned to open by the end of calendar year 2026. The phased opening of a property of this size and scale causes uncertainty in the timeframe it may take for the DBC property's earnings and cashflows to grow to a level where assistance is no longer required from its owners (including the Group). The Group has capital commitments (refer to note C1) in relation to future construction which needs to be funded and has associated risks such as delays and increased costs. DBC will also need to undertake a refinance of its debt facilities in December 2025 and the Group has a guarantee with lenders (refer to note D5).

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2024

- The outcomes (magnitude and timing of payments) of various provisions and contingent liabilities, including the AUSTRAC proceeding, historic underpaid casino duty, outstanding class action and any material penalties which may be levied against the Group for regulatory breaches identified in the Bell Two Report or subsequently.

The Group and its lenders executed a commitment letter on 25 September 2024 for a new debt facility (of up to \$200 million in two tranches) which will become effective upon completion of long-form documentation and satisfaction of various conditions precedent.

The Group's existing \$450 million facility has been reduced to \$334 million which is fully drawn.

The new facility comprises two tranches of \$100 million each. The first tranche is expected to be available to be drawn, subject to conditions precedent, from the end of October 2024 through to 20 December 2024.

The first tranche is subject to certain conditions precedent being met, including:

- the provision of unsecured guarantees from some of the Group's regulated entities and enhanced security granted to lenders;
- regulatory consents and government approvals as required for guarantees and enhanced security for the lender group;
- the establishment of a disposal proceeds account with a credit balance of an amount representing the net proceeds of the sale of the Treasury Brisbane casino building and any other non-core asset proceeds completed before the draw down; and
- other customary conditions precedent.

The second tranche is subject to more extensive conditions precedent but, if satisfied, would be expected to be available to be drawn from the end of December 2024 and have a 4 month availability period following the drawing of the first tranche.

The conditions precedent for the second tranche drawdown include:

- the receipt of required regulatory consents and finalisation of documentation for the granting to the lender group of security over the Group's regulated entities;
- provision of information in relation to the Group's long-term strategy;
- all lender approval of the Group's strategic plan and long-term financial forecasts;
- the Company raising additional subordinated capital of at least \$150m; and
- other customary conditions precedent.

The all-in coupon for the new facility is 13.50% per annum (assuming cash pay is elected), and the existing \$300 million term facility has been repriced to this level:

- the Company has the flexibility to capitalise a component of the interest at its election; and
- there is a reduction in the coupon subject to the Group's Adjusted Net Leverage Ratio falling below 4.0x.

The maturity date for the new facility is consistent with the existing term loan (December 2027). The Group will also retain up to \$34 million of bank guarantees under the existing revolving credit facility.

In addition to the new debt facility set out above and in response to the operating environment, management has identified approximately \$100 million of annualised cost savings (currently targeted to be achieved by the end of March 2025) and a reduction in capital expenditure (excluding remediation expenditure) in FY25. The Group is in the process of selling its Treasury buildings in Brisbane and will continue to review the potential sale of other non-core assets and identify any additional cost savings.

The Group's lenders have agreed to provide covenant waivers for the next two testing dates, being 30 September 2024 and 31 December 2024, with the waiver for the latter date being subject to execution of long-form documentation for the new debt facility and other customary conditions. It is the Group's intention to engage with its lenders in relation to the 31 March 2025 and 30 June 2025 testing dates prior to 31 March 2025.

In the Directors' opinion, notwithstanding the new debt facility, there is material uncertainty as to the outcome of the matters outlined above which may cast significant doubt on the Group's ability to continue as a going concern, there are reasonable grounds to believe the Group will be able to meet its liabilities as and when they fall due over the next twelve months and continues to remain a going concern, provided that:

- the conditions precedent in relation to the new debt facility outlined above are able to be satisfied and the Group receives the required support of its lenders;
- the Group is able to access additional sources of liquidity to fund ongoing operations, commitments and any pecuniary penalties if required;
- the Group is able to further progress its plans to implement longer-term funding arrangements that provide the Group with sufficient additional flexibility having regard to the uncertainties outlined above. These arrangements are expected to involve continued discussions and negotiations with various stakeholders including regulators, Governments, lenders, shareholders and other parties;

THE STAR ENTERTAINMENT GROUP

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

- the outcomes of the provisions and contingent liabilities outlined in note B7 are of such a magnitude, and with adequate flexibility on timing of payments, so as to not render the Group unable to pay its debts as and when they fall due;
- the reduction of earnings due to the implementation of cashless and carded play in Sydney and Queensland casinos is not materially worse than expected and there are not further regulatory changes that materially reduce earnings;
- the capital commitments required for the completion of the DBC Queens Wharf Integrated Resort can be funded;
- the costs associated with remediation activities do not materially increase;
- management successfully undertakes initiatives relating to reductions in cost and capital spend, and expected non-core asset sales; and
- the Group, by continuing to work with its Regulators, the Manager (The Star Sydney), Special Manager (The Star Gold Coast) and External Adviser (The Star Brisbane), is able to develop and implement its remediation measures and restore the Group to suitability to hold its casino licences on an unconditional basis.

If the Group is unable to successfully address or resolve any one or more of the matters outlined above, it is likely that the Group would not remain a going concern and be unable to pay its debts as and when they fall due. The financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amounts and classifications of liabilities that might be necessary should the entity not continue as a going concern.

SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

Preparation of the financial statements in conformity with Australian Accounting Standards and IFRS requires management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the consolidated financial statements:

- Going concern (refer note above);
- Asset useful lives and residual values (refer notes A4 and B5);
- Impairment of assets (refer note B6);
- Valuation of derivatives and other financial instruments and hedge accounting (refer note B3);
- Impairment of trade receivables (refer note B2);
- Significant items (refer note A7); and
- Provisions, contingent liabilities and regulatory matters (refer note B7).

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability in future periods.

CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Group has adopted the following new and amended accounting standards, which became applicable for the year ended 30 June 2024:

Reference	Title
AASB 101	Amendments to AASB 101 - Disclosure of Accounting Policies
AASB 112	Amendments to AASB 112 - Deferred Tax related to Assets and Liabilities arising from a Single Transaction

Amendments to AASB 101: Disclosure of Accounting Policies

The amendments to AASB 101 Making Materiality Judgements provide guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful. This is achieved by replacing the requirements for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments had no impact on the consolidated financial statements of the Group.

Amendments to AASB 112: Deferred Tax related to Assets and Liabilities arising from a Single Transaction

The amendments to AASB 112 Income Tax narrow the scope of the initial recognition exception, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases and decommissioning liabilities.

The amendments had no impact on the consolidated financial statements of the Group.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2024

STANDARDS AND AMENDMENTS ISSUED BUT NOT YET EFFECTIVE

The Group has not applied Australian Accounting Standards and IFRS that were issued or amended but not yet effective. The Group is currently assessing the impact the amendments will have on current practice, if any:

Reference	Title	Application date
AASB 2020-1	Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current	1 January 2024
AASB 2022-5	Amendments to Australian Accounting Standards - Lease Liability in a Sale and Leaseback	1 January 2024
AASB 2023-3	Amendments to Australian Accounting Standards - Disclosure of Non-current Liabilities with Covenants: Tier 2	1 January 2024
AASB 18	Presentation and Disclosure in Financial Statements	1 January 2027

BASIS OF CONSOLIDATION

Controlled entities

The Group controls an entity when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Controlled entities are consolidated from the date control is transferred to the Group and are no longer consolidated from the date control ceases. Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated.

Foreign currency

The consolidated financial statements are presented in Australian dollars (\$) which is the Group's functional and presentation currency.

Transactions and balances

Transactions denominated in foreign currencies are translated at the rate of exchange ruling on the transaction date.

Monetary items denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Gains and losses arising from the translation are credited or charged to the income statement, with the exception of differences on foreign currency borrowings that are in an effective hedge relationship. These are taken directly to equity until the liability is extinguished, at which time they are recognised in the income statement.

GOVERNMENT GRANTS

Government grants are recognised where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with. When the grant relates to an expense, it is recognised net of the related expense for which it is intended to compensate. There are no unfilled conditions or other contingencies attached to the grants.

NET FINANCE COSTS

Finance income is recognised as the interest accrues, using the effective interest method. Finance costs consist of interest and other borrowing costs incurred in connection with the borrowing of funds. Finance costs directly associated with qualifying assets are capitalised, all other finance costs are expensed, in the period in which they occur.

TAXATION

Income tax

Income tax comprises current and deferred income tax. Income tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity. Current tax is the expected tax payable on the taxable income for the period, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for:

- goodwill; and
- the initial recognition of an asset or liability in a transaction, which at the time of the transaction affects neither accounting nor taxable profit (loss) and does not give rise to equal taxable and deductible temporary differences.

The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised.

Deferred tax assets and deferred tax liabilities are offset only if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and liabilities relate to the same taxable entity and the same taxation authority.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

THE STAR ENTERTAINMENT GROUP

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

GOODS AND SERVICES TAX (GST)

Revenues, expenses, assets and liabilities are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable;
- casino revenues, due to the GST being offset against government taxes; and
- receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents are carried in the balance sheet at face value. Cash and cash equivalents include cash balances and call deposits with an original maturity of three months or less. Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are included as a component of cash for the purpose of the statement of cash flows.

TRADE AND OTHER RECEIVABLES

Trade receivables are recognised and carried at original settlement amount less a provision for expected credit loss impaired, where applicable. Bad debts are written off when they are known to be uncollectible. Subsequent recoveries of amounts previously written off are credited to the income statement. Other receivables are carried at amortised cost less impairment.

INVENTORIES

Inventories include consumable stores, food and beverage and are carried at the lower of cost and net realisable value. Inventories are costed on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business.

PROPERTY, PLANT AND EQUIPMENT

Refer to notes A4 and B4 for further details of the accounting policy, including useful lives of property, plant and equipment.

Freehold land is included at cost and is not depreciated.

All other items of property, plant and equipment are stated at historical cost net of depreciation, amortisation and impairment, and depreciated over periods deemed appropriate to reduce carrying values to estimated residual values over their useful lives. Historical cost includes expenditure that is directly attributable to the acquisition of these items.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the income statement.

When the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount.

Costs arising subsequent to the acquisition of an asset are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the income statement during the financial year in which they are incurred.

Costs relating to development projects are recognised as an asset when it is:

- probable that any future economic benefit associated with the item will flow to the entity; and
- it can be measured reliably.

If it becomes apparent that the development will not occur, the amount is expensed to the income statement.

INTANGIBLE ASSETS

Goodwill

Goodwill represents the excess of the consideration transferred over the fair value of the identifiable net assets acquired and liabilities assumed. Goodwill is assessed for impairment on an annual basis and is carried at cost less accumulated impairment losses. Impairment losses on goodwill are not reversed.

Goodwill is allocated to cash generating units for the purpose of impairment testing. The allocation is made to those cash generating units or groups of cash generating units that are expected to benefit from the business combination in which the goodwill arose.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2024

Other intangible assets

Indefinite life intangible assets are not amortised and are assessed annually for impairment. Expenditure on gaming licences acquired, casino concessions acquired, computer software and other intangibles are capitalised and amortised using the straight line method as described in note B5.

Software (excluding SaaS arrangements)

Costs associated with developing or maintaining computer software programs are recognised as expenses as incurred. However, costs that are directly associated with identifiable and unique software products controlled by the Group and which have probable economic benefits exceeding the costs beyond one year are recognised as intangible assets. Direct costs include staff costs of the software development team and an appropriate portion of the relevant overheads. Expenditure meeting the definition of an asset is recognised as a capital improvement and added to the original cost of the asset. These costs are amortised using the straight line method, as described in note B5.

Casino licences and concessions

Refer to note B5 for details and accounting policy.

IMPAIRMENT OF ASSETS

Assets that have an indefinite useful life are not subject to depreciation or amortisation and are tested annually for impairment. Assets that are subject to depreciation or amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest level for which there are separately identifiable cash flows (cash generating units). Refer to note B6 for further details of key assumptions included in the impairment calculation.

PROVISIONS

A provision is recognised in the balance sheet when the Group has a present legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and the amount can be reliably estimated. If the effect is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

INVESTMENT IN ASSOCIATE AND JOINT VENTURE ENTITIES

Associates are all entities over which the Group has significant influence but not control or joint control. Joint control is the contractually agreed sharing of the joint arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. A joint venture is a type of arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. The Group's investments in associate and joint venture entities are accounted for using the equity method of accounting, after initially being recognised at cost. Under the equity method of accounting, the investments are initially recognised at cost and are subsequently adjusted to recognise the Group's share of the post-acquisition profits or losses of the investee in the income statement, and the Group's share of movements in other comprehensive income of the investee in other comprehensive income. Distributions received are recognised as a reduction in the carrying amount of the investment. The carrying amount of equity-accounted investments is tested for impairment in accordance with the Group's policy.

INTEREST BEARING LIABILITIES

Interest bearing liabilities are recognised initially at fair value and include transaction costs. Subsequent to initial recognition, interest bearing liabilities are recognised at amortised cost using the effective interest rate method. Any difference between proceeds and the redemption value is recognised in the income statement over the period of the borrowing using the effective interest rate method.

Interest bearing liabilities are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

LEASES

Right-of-use assets

The Group recognises right-of-use (*ROU*) at the commencement date of the lease (i.e. the date the underlying asset is available for use). ROU assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of ROU assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. The recognised ROU assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. ROU assets are subject to impairment.

THE STAR ENTERTAINMENT GROUP

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2024

Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating a lease, if the lease term reflects the Group exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of buildings, leasehold improvements and plant and equipment. (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered of low value (i.e. below \$10,000). Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Leases of assets under which substantially all the risks and benefits of ownership are effectively retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the income statement on a straight-line basis over the period of the lease.

EMPLOYEE BENEFITS

Post-employment benefits

The Group's commitment to defined contribution plans is limited to making the contributions in accordance with the minimum statutory requirements. There is no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employees relating to current and past employee services.

Superannuation guarantee charges are recognised as expenses in the income statement as the contributions become payable. A liability is recognised when the Group is required to make future payments as a result of employees' services provided.

Long service leave

The Group's net obligation in respect of long term service benefits, other than pension plans, is the amount of future benefit that employees have earned in return for their service in the current and prior periods. The obligation is calculated using the expected future increases in wage and salary rates including related on-costs and expected settlement dates, and is discounted using rates attached to bonds with sufficiently long maturities at the balance sheet date, which have maturity dates approximating to the terms of the Group's obligations.

Annual leave

Liabilities for annual leave are calculated at discounted amounts based on remuneration rates the Group expects to pay, including related on-costs when the liability is expected to be settled. Annual leave is another long term benefit and is measured using the projected credit unit method.

Share based payment transactions

The Company operates a long term incentive plan (*LTI*), which is available to employees at the most senior executive levels. Under the LTI, employees may become entitled to Performance Rights which may potentially convert to ordinary shares in the Company. The fair value of Performance Rights is measured at grant date and is recognised as an employee expense (with a corresponding increase in the share based payment reserve) over four years from the grant date irrespective of whether the Performance Rights vest to the holder. A reversal of the expense is only recognised in the event the instruments lapse due to cessation of employment within the vesting period.

The fair value of the Performance Rights is determined by an external valuer and takes into account the terms and conditions upon which the Performance Rights were granted.

The Company operates an Equity Retention Plan, whereby eligible employees may receive up to 100% of their fixed annual remuneration amount in value as fully paid ordinary shares after five years. The awards are issued at no cost to participants and are subject to a service condition of five years. Participants are entitled to dividends and may benefit from share price growth over the vesting period.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2024

Under the Company's short term incentive plan (*STI*), eligible employees receive two thirds of their annual STI entitlement in cash and one third in the form of restricted shares which are subject to a holding lock for a period of twelve months. These shares are forfeited in the event that the employee voluntarily terminates from the Company. Due to the exceptional circumstances associated with COVID-19, the Board resolved to exercise its discretion to make a significantly reduced equity award under the FY20 STI. The award was delivered as a share based payment, subject to a holding lock of one year from the date of issue.

The cost is recognised in employment costs, together with a corresponding increase in equity (share based payment reserve) over the service period. No expense is recognised for awards that do not ultimately vest. A liability is recognised for the fair value of cash settled transactions. The fair value is measured initially and at each reporting date up to and including the settlement date, with changes in fair value recognised in employment costs.

DERIVATIVE FINANCIAL INSTRUMENTS

The Group uses derivative financial instruments to hedge its exposure to foreign exchange and interest rate risks arising from operational, financing and investment activities. In accordance with its Treasury Policy, the Group does not hold or issue derivative financial instruments for trading purposes. However, derivatives that do not qualify for hedge accounting are accounted for as trading instruments.

Derivative financial instruments are recognised initially at fair value at the date the derivative contract is entered into and are subsequently remeasured to fair value at the end of each reporting period. The resulting gain or loss is recognised immediately in the income statement. However, where derivatives qualify for cash flow hedge accounting, the effective portion of the gain or loss is deferred in equity while the ineffective portion is recognised in the income statement.

The fair value of interest rate swap, cross currency swap and forward currency contracts is determined by reference to market values for similar instruments. Refer to note E2 for details of fair value determination.

Derivative assets and liabilities are offset and the net amount reported in the consolidated balance sheet if, and only if:

- there is a currently enforceable legal right to offset the recognised amount; and
- there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

HEDGING

Cash flow hedges

Where a derivative financial instrument is designated as a hedge of the exposure to variability in cash flows that are attributable to a particular risk associated with a recognised asset or liability, or a highly probable forecast transaction, the effective part of any gain or loss on the derivative financial instrument is recognised directly in equity. When the forecast transaction subsequently results in the recognition of a non financial asset or liability, the associated cumulative gain or loss is removed from equity and included in the initial cost or other carrying amount of the non financial asset or liability.

If a hedge of a forecast transaction subsequently results in the recognition of a financial asset or financial liability, then the associated gains and losses that were recognised directly in equity are reclassified into the income statement in the same period or periods during which the asset acquired or liability assumed affects the income statement (i.e. when interest income or expense is recognised). For cash flow hedges, the effective part of any gain or loss on the derivative financial instrument is removed from equity and recognised in the income statement in the same period or periods during which the hedged forecast transaction affects the income statement. The ineffective part of any gain or loss is recognised immediately in the income statement.

When a hedging instrument expires or is sold, terminated or exercised, or the designation of the hedge relationship is revoked but the hedged forecast transaction is still expected to occur, the cumulative gain or loss at that point remains in equity and is recognised in accordance with the above when the transaction occurs. If the hedged transaction is no longer expected to take place, then the cumulative unrealised gain or loss recognised in equity is recognised immediately in the income statement.

Fair value hedges

Where a derivative financial instrument is designated as a hedge of the exposure to variability in the fair value of a recognised asset or liability, any change in the fair value of the hedge is recognised in the income statement as a finance cost. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognised in the income statement as a finance cost.

ISSUED CAPITAL

Issued and paid up capital is recognised at the fair value of the consideration received. Issued capital comprises ordinary shares. Any transaction costs directly attributable to the issue of ordinary shares are recognised directly in equity, net of tax, as a reduction of the share proceeds received.

THE STAR ENTERTAINMENT GROUP

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2024

OPERATING SEGMENT

An operating segment is a component of an entity that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the same entity), whose operating results are regularly reviewed by the entity's executive decision makers to allocate resources and assess its performance.

The Group aggregates two or more operating segments when they have similar economic characteristics, and the segments are similar in each of the following respects:

- nature of the products and services;
- type or class of customer for the products and services;
- methods used to distribute the products or provide the services; and
- nature of the regulatory environment.

Segment results include revenue and expenses directly attributable to a segment and exclude significant items.

Capital expenditure represents the total costs incurred during the period to acquire segment assets, including capitalised interest.

DIVIDEND DISTRIBUTIONS

Dividend distributions to the Company's shareholders are recognised as a liability in the Group's financial statements in the period in which the dividends are declared.

BASIC EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the net earnings after tax for the period by the weighted average number of ordinary shares outstanding during the period.

DILUTED EARNINGS PER SHARE

Diluted earnings per share is calculated by dividing the net earnings attributable to ordinary equity holders adjusted by the after tax effect of:

- any dividends or other items related to dilutive potential ordinary shares deducted in arriving at profit or loss attributable to ordinary equity holders;
- any interest recognised in the period related to dilutive potential ordinary shares; and
- any other changes in income or expense that would result from the conversion of the dilutive potential ordinary shares;

by the weighted average number of issued ordinary shares plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

ASSETS HELD FOR SALE

Non-current assets are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction, rather than through continuing use, and a sale is considered highly probable. They are measured at the lower of their carrying value and fair value less costs to sell. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its fair value less costs to sell.

Independent Auditor's report to the Members of The Star Entertainment Group Limited

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of The Star Entertainment Group Limited (the Company) and its subsidiaries (collectively the Group), which comprises the consolidated balance sheet as at 30 June 2024, the consolidated income statement, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, notes to the financial statements, including a summary of significant accounting policies, the consolidated entity disclosure statement and the directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- a. giving a true and fair view of the consolidated financial position of the Group as at 30 June 2024 and of its consolidated financial performance for the year ended on that date; and
- b. complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainties Relating to Going Concern

We draw attention to Note G of the financial report which outlines the Directors' assessment of the ability of the Group to continue as a going concern. These matters indicate that material uncertainties exist that cast significant doubt on the Company's ability to continue as a going concern. Note G describes the basis for the Directors' assessment that the Group has the ability to continue as a going concern and the actions they are planning to take to respond to these uncertainties. Our opinion is not modified in respect of this matter.

Emphasis of Matter - Regulatory and Legal Provisions and Contingent Liabilities

We draw attention to the regulatory and legal provisions and contingent liabilities disclosed in Note B7 of the financial report. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial report of the current year. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, but we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context. In addition to the matter described in the *Material Uncertainties Relating to Going Concern* section, we have determined the matters described below to be the key audit matters to be communicated in our report.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the financial report* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial report. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial report.

Impairment testing of non-current assets

Why significant	How our audit addressed the key audit matter
<p>The Group had non-current assets amounting to \$1,409.7 million at 30 June 2024. The Group performs an impairment assessment on an annual basis for goodwill and for other non-current assets, when there are indicators of impairment.</p> <p>The impairment test is performed using fair value less cost of disposal and includes significant assumptions, judgements and estimates that are affected by expected future performance, costs of remediation and legal matters, future capital costs and market conditions such as growth rates, discount rates and terminal value assumptions. An impairment expense of \$1,438.6 million was recognised for the year ended 30 June 2024.</p> <p>Key assumptions, judgements and estimates used in the Group's assessment of impairment of non-current assets with the impact on impairment of reasonable possible changes in the assumptions are set out in Note B6 of the financial report.</p> <p>At 30 June 2024, there was significantly higher estimation uncertainty in relation to impairment testing due to the impact of elevated earnings uncertainty arising from remediation activities and new casino regulations. The impact of potential</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> - Evaluated the appropriateness of the Cash Generating Units (CGUs) used by the Group in their impairment assessment and the allocation of assets and cash flows to these CGUs. - Evaluated the cash flow forecasts, which supported the recoverable value of the non-current assets and impairment recognised. - We considered the historical accuracy of the Group's cash flow forecasting and budgeting processes. - Evaluated forecast costs of remediation and legal matters and future capital costs. - Involved our valuation specialists to assess whether the impairment testing methodology applied was in accordance with Australian Accounting Standards and to evaluate the key assumptions applied in the impairment models which included growth rates, terminal value assumptions, and discount rates which included the

<p>outcomes from the ongoing regulatory and legal provisions and contingent liabilities set out in Note B7, also increases the risk of inaccurate forecasts and results in a significantly wider range of possible outcomes to consider.</p> <p>Accordingly, we considered this a key audit matter. For the same reasons, we consider it important that attention is drawn to the information in Notes B4, B5 and B6 of the financial report on management's assessment of the impairment testing of non-current assets at 30 June 2024.</p>	<p>uncertainty relating to the ongoing regulatory and legal matters.</p> <ul style="list-style-type: none"> - Tested whether the models used were mathematically accurate and that the impairment expense was correctly recorded in the financial statements. - Performed sensitivity analysis on the key assumptions to ascertain the extent to which changes in those assumptions could result in impairment or further impairment. - Assessed the adequacy of the disclosures included in Notes B4, B5 and B6 of the financial report, and in particular those relating to uncertainty in the cash flow forecasts and discount rates.

Provisions, Contingent Liabilities and Regulatory Matters

Why significant	How our audit addressed the key audit matter
<p>As disclosed in Note B7, the Group is subject to a number of significant pending and ongoing regulatory and legal, financing and tax matters.</p> <p>There is complexity in relation to the assessment of these matters and uncertainty as to the outcome and quantification of any future economic outflow associated with each of these matters.</p> <p>Australian Accounting Standards (accounting standards) provide criteria for the recognition of liabilities and disclosure of contingent liabilities for such matters.</p> <p>The application of these standards required significant judgement in determining whether present obligations existed at balance date, whether it was probable a future outflow of funds will occur and whether the provisions could be reliably measured and the extent of required contingent liability disclosures where these conditions were considered not to be met.</p> <p>Where a provision is recognised as disclosed in Note B7, there is significant judgement required in estimating the provision.</p> <p>Accordingly, we considered this to be a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> - Evaluated the Group's assessment as to whether present obligations exist arising from past events based on the available facts and circumstances in relation to these matters. In order to assess the facts and circumstances, we considered the underlying documentation prepared by the Group's internal and external solicitors, and other relevant documents. - Held discussions with senior management, reviewed Board of Directors and Board Committee minutes, reviewed correspondence with regulators (where applicable) and attended Audit Committee and Risk Committee meetings to understand key regulatory, compliance, and legal matters. - Inspected legal correspondence and legal opinions and considered their content together with the information we obtained from our other procedures. Where required we held inquiries with the Group's internal and external legal counsel.

**Building a better
working world**

Why significant	How our audit addressed the key audit matter
	<ul style="list-style-type: none"> - Where the Group determined that a present obligation existed, we assessed the basis for reliable measurement of the provision in accordance with accounting standards, including matters such as probability of outflow, amounts and timing, and our understanding of the matter from our procedures. - Where a provision was recognised, we assessed the basis for the estimate and the calculation of the provisions. - Assessed the disclosures within the financial report related to these provisions and the contingent liability disclosures. <p>Our forensic specialists were involved in the performance of certain of these procedures, where considered appropriate.</p>

Information Other than the Financial Report and Auditor’s Report Thereon

The directors are responsible for the other information. The other information comprises the information included in the Group’s 2024 annual report other than the financial report and our auditor’s report thereon. We obtained the directors’ report that is to be included in the annual report, prior to the date of this auditor’s report, and we expect to obtain the remaining sections of the Annual Report after the date of this auditor’s report.

Our opinion on the financial report does not cover the other information and we do not and will not express any form of assurance conclusion thereon, with the exception of the Remuneration Report and our related assurance opinion.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor’s report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of:

- a) The financial report (other than the consolidated entity disclosure statement) that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*; and
- b) The consolidated entity disclosure statement that is true and correct in accordance with the *Corporations Act 2001*; and

for such internal control as the directors determine is necessary to enable the preparation of:

- i. The financial report (other than the consolidated entity disclosure statement) that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- ii. The consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and accordance appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to

**Building a better
working world**

events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated to the directors, we determine those matters that were of most significance in the audit of the financial report of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the audit of the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in pages 27 to 49 of the directors' report for the year ended 30 June 2024.

In our opinion, the Remuneration Report of The Star Entertainment Group Limited for the year ended 30 June 2024, complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

SHAREHOLDER INFORMATION

As at 30 September 2024

ORDINARY SHARE CAPITAL

The Star Entertainment Group Limited has 2,868,680,877 fully paid ordinary shares on issue.

SHAREHOLDING RESTRICTIONS

The Star Entertainment Group's Constitution, as well as certain legislation, and agreements entered into with the New South Wales and Queensland gaming regulators, contain certain restrictions prohibiting an individual from having a voting power of more than 10% in The Star Entertainment Group without prior written approval.

The Star Entertainment Group may refuse to register any transfer of shares which would contravene these shareholding restrictions or require divestiture of the shares that cause an individual to exceed the shareholding restrictions.

In July 2012, written consent was granted by the New South Wales Independent Liquor and Gaming Authority and the relevant Queensland Minister for Perpetual Investment Management Limited to increase its shareholding in The Star Entertainment Group from 10% up to a maximum of 15% of issued shares.

In June 2024, approvals were granted by the NICC and the Queensland Attorney-General and Minister for Justice for Investment Holdings Pty Ltd as trustee for BMG Discretionary Trust (Investment Holdings) to acquire in excess of 10% of the total issued share capital in The Star Entertainment Group. Investment Holdings would however require certain approvals to acquire voting power of more than 20% in The Star Entertainment Group.

VOTING RIGHTS

All ordinary shares issued by The Star Entertainment Group carry one vote per share. Performance rights do not carry any voting rights.

Gambling legislation in New South Wales and Queensland and The Star Entertainment Group's Constitution contain provisions regulating the exercise of voting rights by persons with prohibited shareholding interests, as well as the regulation of shareholding interests.

The NICC, the relevant Queensland Minister, and the Board of The Star Entertainment Group have the power to request information or undertake investigations (as applicable) in certain circumstances. If a person fails to furnish any of the information requested by the Board of The Star Entertainment Group within the time specified, then the voting rights attaching to that person's shares will be suspended. It is also an offence to fail to comply with a relevant information request from the NICC or the relevant Queensland Minister, or give false or misleading information to the NICC or the relevant Queensland Minister.

Failure to comply with gambling legislation in New South Wales and Queensland or The Star Entertainment Group's Constitution, including the shareholder restrictions mentioned above, may also result in the divestiture of shares.

EQUITY PLACEMENT

On 29 March 2018, The Star Entertainment Group announced that:

- a. it had entered into a subscription agreement dated 28 March 2018 with its joint venture partners, Chow Tai Fook Enterprises Limited (**CTF**) and Far East Consortium International Limited (**FEC**) (**Subscription Agreement**) under which the respective nominated entities of each of CTF and FEC separately acquire 45,825,000 new fully paid ordinary shares in The Star Entertainment Group (equivalent to a 4.99% stake each) at \$5.35 per share, for a total consideration of \$245,163,750 each; and
- b. in addition to existing agreements, The Star Entertainment Group had entered into a Strategic Alliance Agreement with CTF and FEC which provides a framework for the three parties to work together further to grow The Star Entertainment Group's properties and businesses, collaborate on potentially mutually beneficial development opportunities and establish a marketing alliance (**Strategic Alliance**).

In accordance with the terms of the Subscription Agreement, 45,825,000 new fully paid ordinary shares were issued to each of the respective nominated entities of CTF and FEC on 16 April 2018.

On 20 March 2023, there was a change in the interests of the following nominated entities of CTF and FEC, each being a substantial shareholder of The Star Entertainment Group, with relevant interests held between them increasing to 161,107,816 ordinary shares, representing 9.95% of the voting power in The Star Entertainment Group:

1. Firmament Investment Pte. Ltd. and its associated entities (holding 80,553,908 ordinary shares, representing 4.977% of the voting power in the Company); and
2. Far East Consortium International Limited, its controlled entities and its associated entities (holding 80,553,908 ordinary shares, representing 4.977% of the voting power in the Company).

The change in relevant interests relates to the issuance of new shares to entities associated with CTF and FEC under the placement and institutional entitlement offer, with participation on the retail entitlement offer timetable, pursuant to the equity raising announced by The Star Entertainment Group on 23 February 2023.

On 6 October 2023, the voting power in The Star Entertainment Group held by the entities associated with CTF and FEC was diluted to 6.33% following the issuance of new shares under the placement and institutional entitlement offer on 6 October 2023, pursuant to the equity raising announced on 25 September 2023. The relevant interests held between the relevant entities remained unchanged as 161,107,816 ordinary shares, representing 6.33% of the voting power in The Star Entertainment Group:

1. Firmament Investment Pte. Ltd. and its associated entities (holding 80,553,908 ordinary shares, representing 3.165% of the voting power in The Star Entertainment Group); and
2. Far East Consortium International Limited and its controlled entities (holding 80,553,908 ordinary shares, representing 3.165% of the voting power in The Star Entertainment Group).

TOP-UP RIGHT

The Subscription Agreement grants to CTF and FEC certain top-up rights that entitles each of them to participate in future equity raisings undertaken by The Star Entertainment Group during the term of the Strategic Alliance in order to maintain their pre-equity raising ownership interests (**Top-Up Right**).

The ASX has granted The Star Entertainment Group a waiver from Listing Rule 6.18 which prohibits an entity from granting an option exercisable over a percentage of the entity's capital. The waiver granted by ASX permits CTF and FEC (and their nominees) to maintain, by way of a right to participate in any issue of shares or to subscribe for shares, their percentage relevant interest in the issued share capital of The Star Entertainment Group in respect of a diluting event.

The waiver from Listing Rule 6.18 is subject to the terms and conditions imposed by ASX which are set out in The Star Entertainment Group's ASX Announcement dated 21 May 2018, including a requirement that a summary of the Top-Up Right be included in each Annual Report.

In accordance with the Top-Up Right, if The Star Entertainment Group undertakes an equity raising during the term of the Strategic Alliance which would result in The Star Entertainment Group issuing 1% or more of its share capital (or would have such an effect in the case of an issue of convertible securities) (**Equity Raising**), then The Star Entertainment Group must give each of CTF and FEC (or their respective nominees) an opportunity to participate in the Equity Raising on a basis that allows them to maintain their pre-Equity Raising shareholding percentage.

CTF and FEC (or their respective nominees) will be entitled to participate in the Equity Raising on the same terms and conditions (including price) as all other participants in the Equity Raising.

The Top-Up Right does not operate in respect of issues of securities:

- under a dividend or distribution plan;
- under an employee incentive scheme (including on the conversion of any convertible securities issued under any such scheme);
- pursuant to any takeover bid or scheme of arrangement; or
- as consideration for the acquisition of an asset by The Star Entertainment Group or any of its related bodies corporate.

The Top-Up Right will automatically terminate in circumstances where:

- CTF or FEC or their respective nominees and affiliates (as applicable) cease to hold the shares issued under the Subscription Agreement; or
- the waiver of ASX Listing Rule 6.18 ceases to apply (either as a result of the lapse of time or CTF or FEC no longer complying with the terms and conditions of the waiver), whichever occurs first.

If the Top-Up Right ceases or terminates, and The Star Entertainment Group undertakes an Equity Raising then (subject to any applicable laws, rules or regulations) it must consider making (but is not obliged to make) an offer to CTF and FEC (or their respective nominees) to participate in the Equity Raising on a basis that allows them to maintain their pre-Equity Raising shareholding percentage.

SUBSTANTIAL SHAREHOLDERS

The following is a summary of the substantial shareholders as at 30 September 2024 pursuant to notices lodged with ASX in accordance with section 671B of the Corporations Act 2001 (Cth):
