Alcidion secures contract with Peninsula Health for Miya Precision

Highlights

- Alcidion has signed an agreement with Peninsula Health for use of its Miya Precision platform.
- This technology supports real-time patient flow management; command centre operations; results management; and mobile access to consolidated patient records.
- The Total Contract Value (TCV) is \$3.7M and is structured over a total term of five years.

Melbourne, Victoria | [Alcidion Group Limited](#) (ASX:ALC) (**Alcidion** or **Company**) has today announced it has signed a contract (the 'Contract') with Peninsula Health (PH) for use of its [Miya Precision platform](#).

Peninsula Health is a major public health service, providing a broad spectrum of care services across the Frankston and the Mornington Peninsula communities in Victoria, Australia. Peninsula Health joins an increasing cohort of Victorian Health Systems implementing Alcidion's Miya Precision platform.

This Contract represents a meaningful investment in optimising care planning and supporting clinicians with leading technology at Peninsula Health. Miya Precision provides the capability to improve patient access to care and to minimise the administrative burden on frontline hospital staff.

The Total Contract Value (TCV) is \$3.7M and is structured over a total term of five years.

Alcidion CEO and MD, Kate Quirke, said: "This deal represents a meaningful step forward for patients and families seeking healthcare in southern Victoria. As part of the Contract, Alcidion will implement an electronic patient flow management solution, which includes a real time user interface showcasing demand, capacity, predicted availability, and tracking for all admitted and emergency patients within all Peninsula Health sites, integrated with the existing electronic medical record. We are leading a new frontier of innovative and measured healthcare with the Peninsula Health team, which addresses some of the most pressing healthcare challenges of our time – availability and accessibility."

About Alcidion

Alcidion Group Limited has a simple purpose, that is, to transform healthcare with proactive, smart, intuitive technology solutions that improve the efficiency and quality of patient care in healthcare organisations, worldwide.

Alcidion offers a complementary set of software products and technical services that create a unique offering in the global healthcare market. Based on the flagship product, Miya Precision, the solutions aggregate meaningful information to centralised dashboards, support interoperability, facilitate communication and task management in clinical and operational settings and deliver Clinical Decision Support at the point of care; all in support of Alcidion's mission to improve patient outcomes.

Since listing on the ASX in 2011, Alcidion has acquired multiple healthcare IT companies and expanded its foothold in the UK, Australia, and New Zealand to now service over 400 hospitals and 87 healthcare organisations, with further geographical expansion planned.

With over 20 years of healthcare experience, Alcidion brings together the very best in technology and market knowledge to deliver solutions that make healthcare better for everyone.
