About Ecofibre

Ecofibre owns a portfolio of high-quality advanced manufacturing and technology businesses in the United States and Australia. We operate three vertically integrated businesses focused on sustainable polymers and natural materials, natural health care, and hemp seed genetics. In addition, we own a majority interest in a life sciences business that is developing treatments for malignant and non-malignant gynaecological conditions.

Ecofibre Advanced Technologies (formerly known as Hemp Black) is an advanced manufacturing business with specialist capabilities in performance yarn extrusion, polymer compounding, and sustainable materials.

Ananda Health is a leading US manufacturer of cannabinoid-based health products for human and pet consumption. Our focus is on providing high-quality, research-backed products in Australia and the USA, targeting conditions including sleep, anxiety, aches and discomfort, and gynaecological conditions. See anandaprofessional.com and myanandawellness.com.

Ecofibre Genetics owns one of the world's largest collections of hemp seed genetics and is a leading supplier of seed genetics to the hemp fibre and grain industry in the US and Australia.

EOF Bio Inc. is a majority-owned, US-based clinical-stage biotechnology company focused on a new generation of patient-centred cannabinoid-based drugs that improve health outcomes and enhance quality of life, starting with women's health and endometriosis. Spun out of Ecofibre in July 2023 it is focused on commercialising an expanding estate of issued patents.
