Performance in the Schools Market

	1H25	FY24	+/-	% +/-	1H24
Closing ARR ¹ (\$m)	64.4	62.1	2.3	4%	64.2
Licences ² (m)	4.9	4.8	0.1	1%	5.2
Exit ARPU ³ (\$)	13.3	12.9	0.4	3%	12.4

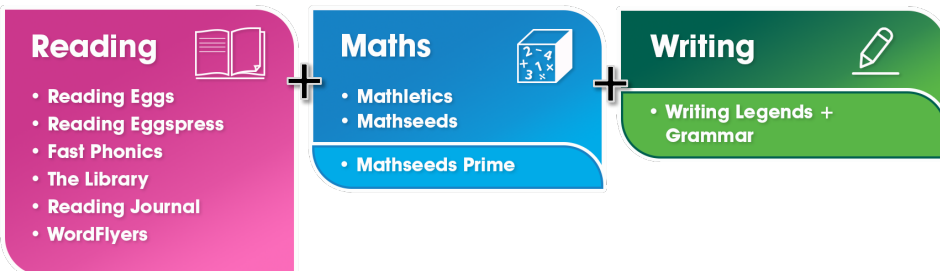

The graph below shows school ARR trajectory for 1H24 (Dec-23), FY24 (Jun-24) and 1H25 (Dec-24).

- B2B Revenue was \$30.9m, \$1.3m lower than pcp mainly due to the transition from Edmentum in the USA.
- Closing ARR¹ was \$64.4m, which was \$2.3m, or 4% higher than 30 June 2024.
- Closing ARR includes the LiteracyPlanet acquisition.
- Exit ARPU increased to \$13.3, up 7%, from \$12.4 in pcp.
- We launched 3E in Jul 2024 and initial sales have been encouraging with 214 schools converted to 3E and \$1.5m in net billings.

 3. Exit ARPU calculated as ARR divided by number of licences.

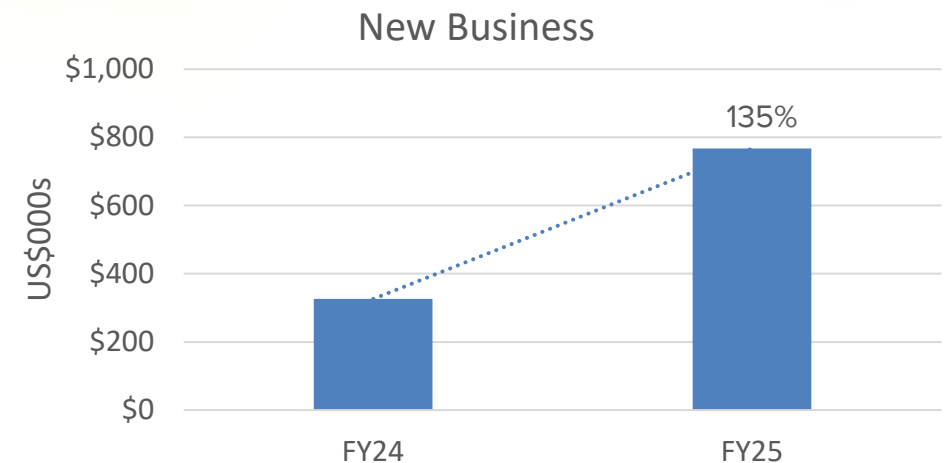

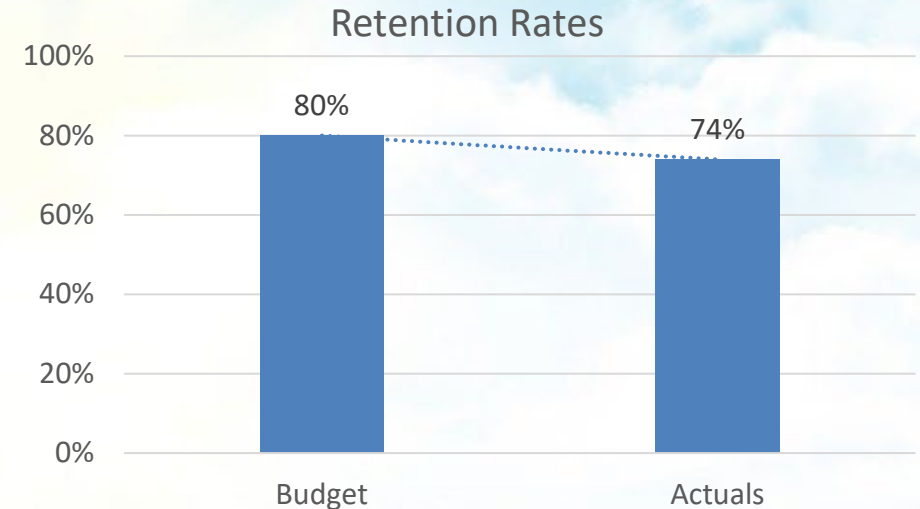

- 3 Essentials combines our evidence-based programs for reading, writing and maths into an integrated solution with SSO, simpler navigation, easy class management and consolidated reporting.
- Package price represents best value to schools.
- Launched in Q1 FY25 in APAC, so far 214 schools have converted at an average growth in value of 47%.
- Expect greater impact in FY26.

- In April 2024 we bought back the Schools distribution rights for Reading Eggs in the US from Edmentum for A\$20m.
- This gives us greater direct presence and customer relationships in the US schools market to cross-sell our products.

US Update :

- We expected 80% in renewal billings in the US but achieved 74%, as we worked through unbundling the Edmentum relationships. This impacted 1HFY25 revenue.
- Offsetting this, we have achieved 135% increase in new business and cross-sells of Reading Eggs and Mathseeds from our expanded sales team in the US, with focus on 15 states.
- We have built a strong new business pipeline and expect higher retention rates in the upcoming renewals cycle.

- The Literacy Planet team and product have complementary capabilities to our team and strong culture fit with 3P.
