USE OF THIS DOCUMENT

You must read the following notices before reading or making any use of this document or any information contained in this document. By continuing to read, use or otherwise act on this document, you agree to be bound by the following terms and conditions, including any modifications to them, and make or give the acknowledgements, representations or warranties (as applicable).

This presentation is provided for information purposes only. The information in this presentation is in a summary form, does not purport to be complete and is not intended to be relied upon as advice to investors or other persons. The information contained in this presentation was prepared by COSOL Limited (COSOL) and is current only as of its date of release. The information in this presentation and remains subject to change without notice, and COSOL is under no obligation to update or correct this presentation after the date of its release. This presentation has been provided to you solely for the purpose of giving you background information about COSOL. This presentation should be read in conjunction with COSOL's other periodic and continuous disclosure announcements lodged with ASX, including the full year financial report for the period ended 30 June 2024.

NOT FOR DISTRIBUTION OR RELEASE IN THE UNITED STATES

This document is not to be distributed or released in the United States.

FORWARD-LOOKING STATEMENTS

This presentation may include forward-looking statements. Such statements can generally be identified by the use of words such as 'may', 'will', 'expect', 'intend', 'plan', 'estimate', 'anticipate', 'believe', 'continue', 'objectives', 'outlook', 'guidance', 'forecast' and similar expressions.

Indications of plans, strategies, management objectives, sales and financial performance are also forward-looking statements.

Such statements are not guarantees of future performance, and involve known and unknown risks, uncertainties, assumptions, contingencies and other factors, many of which are outside the control of COSOL. No representation is made or will be made that any forward-looking statements will be achieved or will prove to be correct. Actual results, performance, operations or achievements may vary materially from any forward-looking statements. Circumstances may change and the contents of this presentation may become outdated as a result. Readers are cautioned not to place undue reliance on forward looking statements and COSOL assumes no obligation to update such statements.

No representation or warranty, expressed or implied, is made as to the accuracy, reliability, adequacy or completeness of the information contained in this presentation.

NON-IFRS FINANCIAL INFORMATION

This presentation uses non-IFRS financial information including EBITDA and EBIT which are used to measure both group and operational performance. Non-IFRS financial measures have not been subject to audit or review.

PAST PERFORMANCE

Past performance information given in this presentation is given for illustrative purposes only and should not be relied upon as (and is not) an indication of future performance.

NOT FINANCIAL PRODUCT ADVICE OR OFFER OF SECURITIES

This presentation is not, and is not intended to constitute, financial advice, or an offer or an invitation, solicitation or recommendation to acquire or sell COSOL shares or any other financial products in any jurisdiction and is not a prospectus, product disclosure statement, disclosure document or other offering document under Australian law or any other law.

This presentation also does not form the basis of any contract or commitment to sell or apply for securities in COSOL or any of its subsidiaries. It is for information purposes only.

COSOL does not warrant or represent that the information in this presentation is free from errors, omissions or misrepresentations or is suitable for your intended use. The information contained in this presentation has been prepared without taking account of any person's investment objectives, financial situation or particular needs and nothing contained in this presentation constitutes investment, legal, tax or other advice. The information provided in this presentation may not be suitable for your specific needs and should not be relied up on by you in substitution of you obtaining independent advice.

Subject to any terms implied by law and which cannot be excluded, COSOL accepts no responsibility for any loss, damage, cost or expense (whether direct, or indirect, consequential, exceptional or special damages including but not limited to loss of revenue, profits, time, goodwill, data, anticipated savings, opportunity, business reputation, future reputation, production or profit, any delay costs, economic loss or damage) incurred by you as a result of any error, omission or misrepresentation in this presentation.

PRESENTATION OF INFORMATION

All currency amounts in this presentation are in Australian dollars unless otherwise stated. Amounts in this document have been rounded and any differences between this document and COSOL's financial statements are due to rounding.

AUTHORISATION

COSOL possesses a unique and distinctive set of competitive differentiators driving growth

(S)

Key Highlights

\$110M+ LTM Revenue

~45%

2021A - 2024A Revenue CAGR

225+

Combined Years of Management Experience

10+

Proprietary Software Products and Solutions Developed

Global Leader in EAM

COSOL is one of the largest pure-play EAM providers globally, with proven expertise across leading platforms including SAP, Hitachi Ellipse, and IBM Maximo, positioning the company to capitalise on favourable industry trends.

Outstanding Financial Performance

High-growth business achieving ~35% year-over-year growth in 2024A, with a strong 16% EBITDA margin and ~60% of revenue derived from repeat and recurring sources.

Deep and Experienced Leadership Team

COSOL's seasoned and deeply skilled management team, with significant depth across key functions and sectors, has a proven track record and is well-positioned to drive growth and deliver sustained value creation.

Proprietary Software and Solutions

COSOL's primary proprietary solutions, OnPlan and RPConnect, streamline processes, enhance accuracy, and enable efficient service delivery. These innovations, combined with the team's expertise, strengthen COSOL's competitive edge and deepen relationships within key accounts.

Global Delivery Platform Designed for Scalability

COSOL's extensive, multi-continent delivery presence is supported by well-established regional infrastructure, ensuring scalability without requiring additional investment.

Trusted Advisor to Attractive Enterprise Client Base

COSOL delivers mission-critical, comprehensive EAM offerings while leveraging established consultative partnerships with C-suite executives to drive transformative initiatives across the world's largest enterprises.

Proven M&A Integration Capabilities

Demonstrated success in integrating acquisitions, driving both geographic and capability expansion, while delivering seamless transitions that enhance overall business performance.

Accelerated Delivery with Deep Vertical Expertise

COSOL leverages deep, sector-specific expertise with a proven track record of success across Natural Resources, Energy & Water, Infrastructure & Transportation, Government & Defence, and other key verticals. This targeted, verticalized approach allows the company to deliver customised solutions and serve as a trusted industry advisor.

Core Industries

FY25 H1 key highlights

Strong revenue and earnings growth maintaining EBITDA margin

Strong operating result:

- Group revenue of \$57.8 million (+ 17.8% pcp)
- Underlying EBITDA¹ of \$8.2 million (+ **17.6% pcp**)

Positive operating momentum:

- Headcount above 420 for the first time
- Asset management professional services business grew ~19%² in first half, operating as single unit driving both revenue and cost benefits
- 11 new logos providing a beach head to expand COSOL capabilities
- 4 Managed Services contracts embedded
- Uplift in digital transformation advisory projects which are a lead indicator to larger downstream opportunities

Platform strengthened through strategic initiatives:

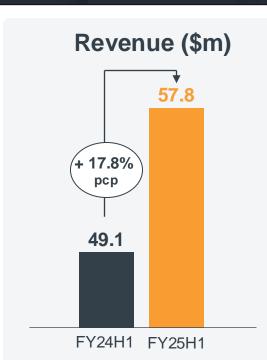

- Al solutions co-developed with clients leveraging our data transformation capabilities
- · Acquisition of data and analytical capability (Toustone) providing key capabilities for client needs
- Expanded banking facility with Westpac providing balance sheet flexibility

COSOL positioned as the leader in the asset centric digital transformation market

- 1. Underlying EBITDA is a non-statutory measure which is defined on slide 29.
- 2. Half on half revenue growth FY25 H1 vs FY24 H2.

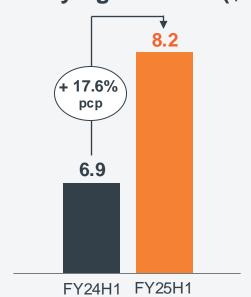

FY25 H1 earnings highlights

17.8% revenue growth with strong organic growth while maintaining EBITDA margin

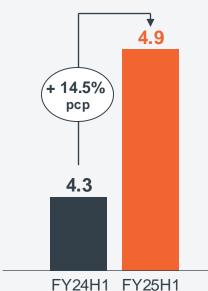

- Organic revenue growth of 10%
- Western Australian customer base driving strong revenue growth

Underlying EBITDA¹ (\$m)

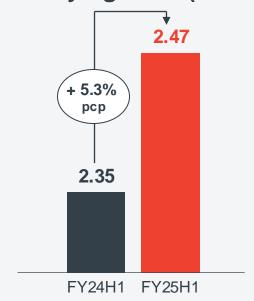

- Maintained underlying EBITDA margin of 14.1%, invested in growth
- Operating expenses included ~\$400k of transformation costs driving ongoing cost reductions

NPATA¹ (\$m)

Growth marginally lower than revenue due to impact of interest on debt facilities and increased depreciation

Underlying EPS¹ (cents)

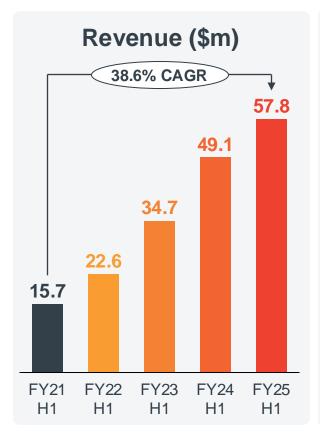

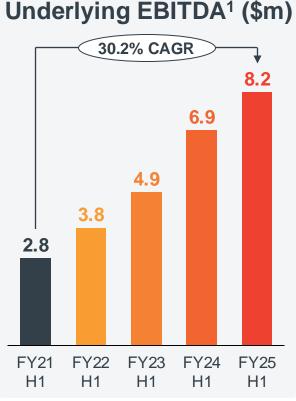

EPS continued to grow with shares on issue increases as part of acquisitions

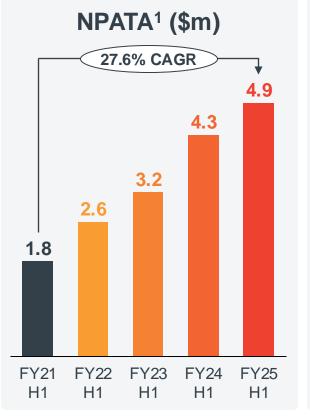

^{1.} These are non-statutory measures which are defined on slide 29.

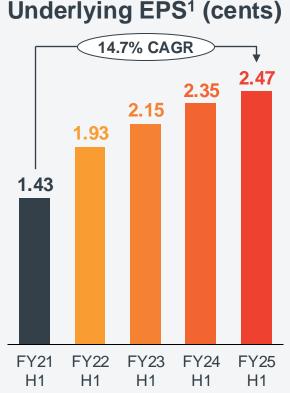

Continued CAGR growth across key metrics

Solid organic business coupled with new opportunities generated off the back of acquisition strategy creating platform for further growth across key metrics of the business

These are non-statutory measures which are defined on slide 29.

Cashflow and balance sheet highlights

Disciplined capital management providing flexibility for continued growth, with deferred consideration covered by restructured bank facility

(\$'000)	FY25 H1	FY24 H1	Movement
Current Ratio	1.49	1.21	0.28
Cash Conversion	52.0%	62.5%	-10.5%
Debt:Equity	0.83	0.68	0.15
Gearing Ratio	0.50	0.38	0.12
Leverage (H1 Trailing LTM EBITDA)	2.39	1.96	0.43

Debt Summary (\$'m)	31-Dec-24	30-Jun-24	Movement
Total Borrowing Facility	38.9	27.2	11.7
Bank Drawn	26.6	18.9	7.7
Available borrowing capacity	12.3	8.3	4.0
Deferred Consideration	11.1	1.7	9.4
Net debt (incl. Deferred Consideration)	34,095	13,734	20,361

Key Metrics:

- Cash conversion adversely impacted by increase in trade debtors over the half and timing of receipts, resulting in reduced cash conversion PCP
- \$5m increase in trade debtors from Jun-24 to Dec-24 (excl. Toustone) with ~\$2.3m due to timing of major project invoicing and subsequent payments in January and the remaining increase was in line with revenue growth
- Leverage higher than normal due to timing of Toustone acquisition. Will improve based on increased EBITDA and repayments
- Net working capital higher from prior periods driven by higher debtors and reducing provisions partially offset by the reduced accrued revenue

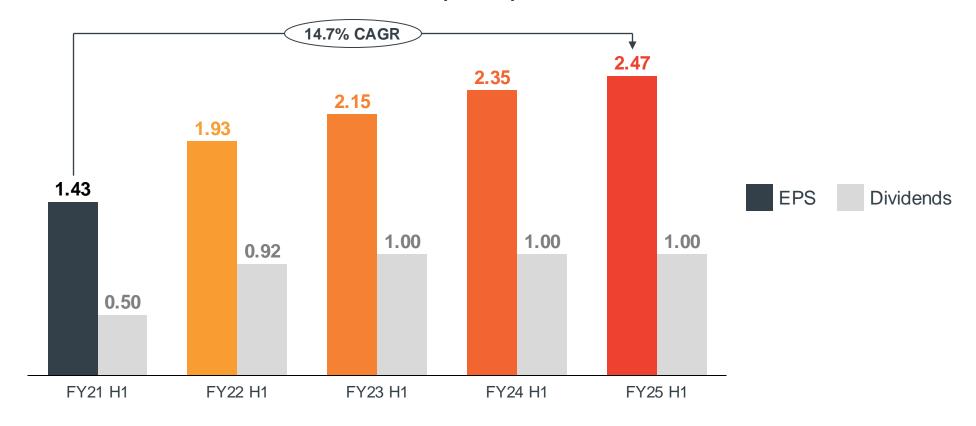

Refinanced expanded banking facility provides additional capital and flexibility for acquisitions

- Westpac facilities increased to \$38.9m with reduced repayment schedule and improved covenant position
- ~\$12m headroom sufficient to cover vendor deferred consideration
- Net debt increase of ~\$20m is due to acquisition of Toustone

Consistent delivery of shareholder value

COSOL has grown EPS on average 14.7% a year since FY21 H1, and maintains an interim dividend of 1 cent per share

EPS¹ & Dividends (cents)

This is a non-statutory measure which is defined on slide 29.

Revenue by capability, industry and customer

Continued expansion of our higher value revenue stream of Product and IP Product led services, within a diversified customer base with top 10 customers representing 43.5% of revenue

Revenue by Capability

Product and **Product-led Services** 24% FY25 H1 Revenue

22% FY24 Revenue

COSOL's two primary proprietary IP software solutions, On Plan and RPConnect, that drive product-led service delivery, ensuring a competitive edge and strong margins.

OnPlan simplifies asset strategy, inspection processes, and mobile inspection management, while RPConnect focuses on data quality, system migration, and secure legacy data storage.

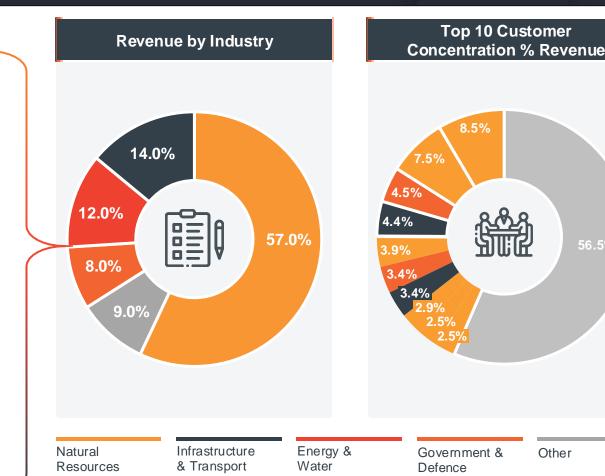

Managed Services 22% FY25 H1 Revenue 24% FY24 Revenue

- Provides managed support, hosting services, and specialised offerings such as Asset Management as a Service, Enterprise Asset Management as a Service, and application management support.
- Often retained on multi-year engagements, the company expands services through in-house cross-selling and upselling.

Advisory Services 54% FY25 H1 Revenue 54% FY24 Revenue

- COSOL is trusted by clients for its deep industry expertise and knowledge, providing ongoing consulting and advisory services to meet their needs.
- Service offerings include implementation services, digital transformation, cloud migration, strategic planning, process optimisation, data integration, and asset management consulting.

56.5%

Other

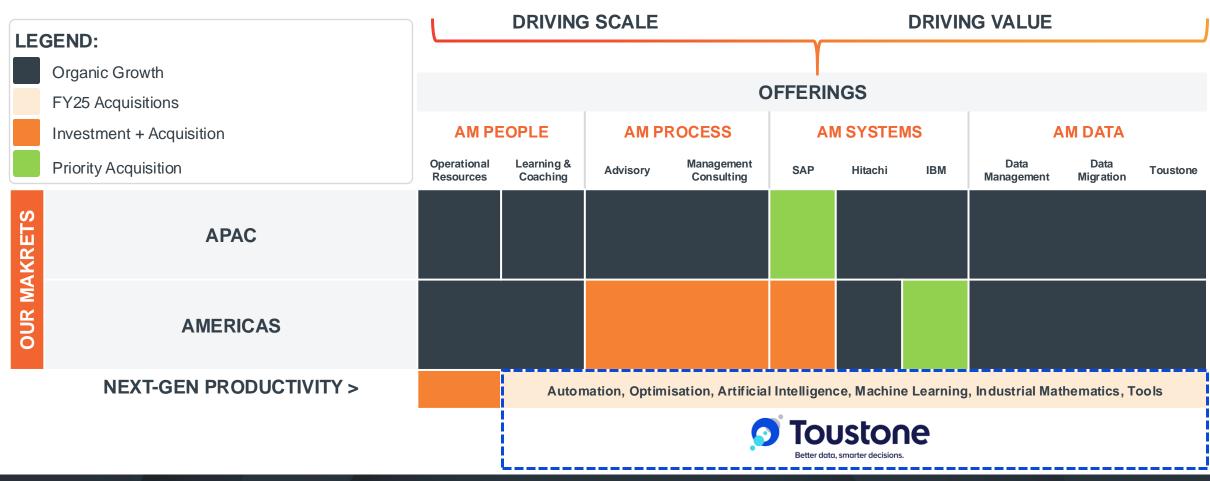

Performance by capability area

Margin improvement across Product and Product Led Services and Advisory Professional Services

	FY25 H1 Revenue	% Gross Margin	% Repeatable Revenue	Key Comments
PRODUCT & PRODUCT-LED SERVICES	\$14.0m (\$14.1m FY24 H1)	39% (37% FY24 H1)	~50% Lower percentage due to project based nature of engagements	 Data transformation projects driving revenue growth and margin expansion Expansion of offerings with Toustone acquisition
MANAGED SERVICES	\$12.9m (\$13.6m FY24 H1)	44% (46% FY24 H1)	~100%	 New customers onboard through the first half impacted gross margin, this is anticipated to normalize in the second half Revenue growth offset loss of Ok Tedi in Jan-24 Strong momentum of incremental revenue opportunities existing managed services clients
ADVISORY, PROFESSIONAL SERVICES & PEOPLE	\$30.9m (\$21.3m FY24 H1)	23% (22% FY24 H1)	~60%	Organic growth of asset management professional services revenue across our Australian customer base and rising headcount, driving improved margins

Priority investments focused on key growing markets

Breadth of capabilities has been achieved through Toustone acquisition, following scale accelerating acquisitions in both IBM and SAP to capture additional market share

Industry leading Next Generation productivity and data

Recent acquisition of Toustone further strengthens COSOL's data offering by providing enhanced data capabilities across IoT and machine learning

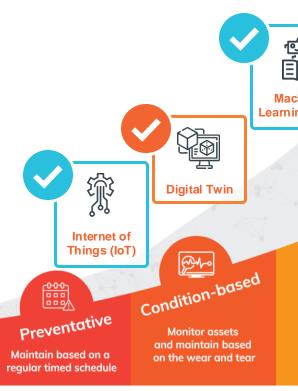

Data is a key enabler for the maturity of Asset Management

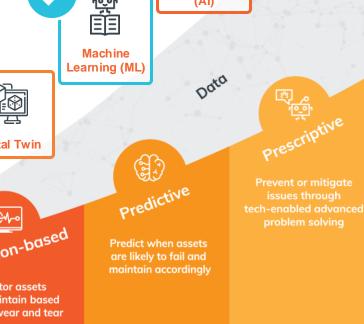

Artificial

Intelligence

Technologies

Strategic growth plan update

COSOL is positioned for continued strong growth with a market leading position within the asset centric industries

FY25 H2 organic revenue growth will be underpinned by expanding relationships of our blue-chip customer base and leveraging market leading proprietary IP in data, analytics, and systems in combination with market leading advisory capabilities

Expanded customer engagement for AMaaS capabilities

- New multi-faceted engagements bundling capability across practices
- Growing number of customers that deliver over \$1m annually
- Toustone acquisition driving expanded services at several key customers

Customer acquisition through market leading position

- 11 new customer asset management advisory services creating a beachhead for downstream business
- 6 new EAMaaS customers providing a platform for expansion of services
- 3 new product led digital transformation projects

Strategic acquisitions

- The Core Asset providing a platform for downstream digital transformation opportunities
- The acquisition of Toustone has created immediate revenue synergy opportunities
- Focus on key market expansion through systems and IP based capability acquisitions

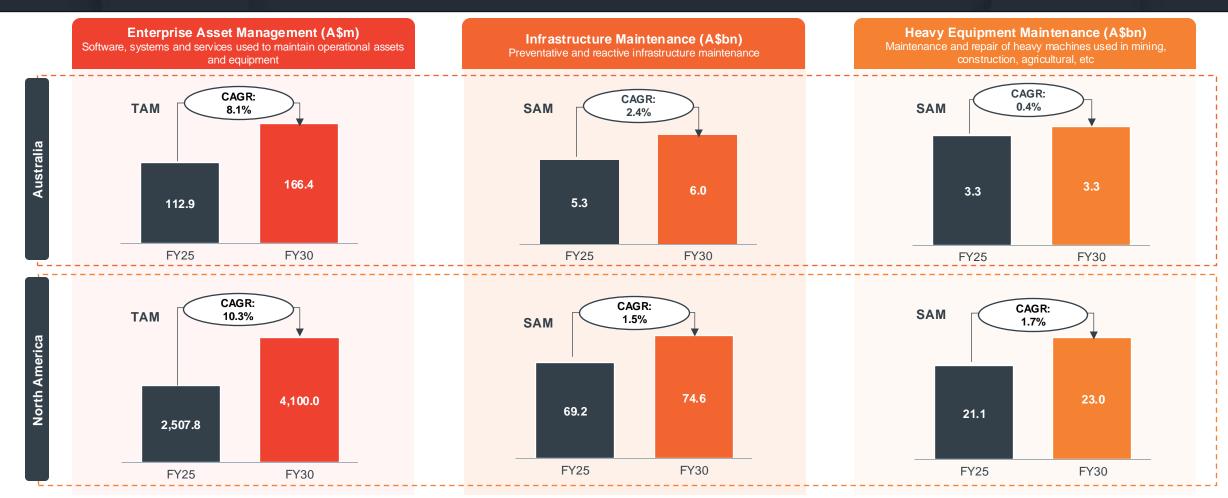

Growth in ARR and next generation productivity tools

- Al-Infused data quality dashboard with Al providing mining companies insights into data quality
- Conversational-Al driven managed service insights providing decision makers access to data without technologists
- 4 new managed services contracts
- Continued growth of OnPlan ARR subscriber base

Operating in expanding global markets

Strong tailwinds continues for the market as capital intensive industries require asset performance optimisation to reduce capital costs – growing markets across geographies represent huge whitespace opportunities

^{1.} Calculated using USD:AUD conversion rate 1.63 and CAD:AUD conversion rate of 1.11 2. Sourced from IBIS World and Perry Hope Partners (Serviceable Addressable Market "SAM" Estimate ~20% of Total Addressable Market "TAM")

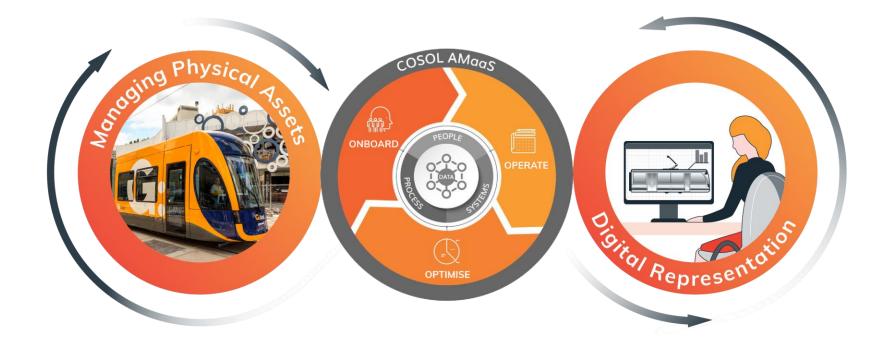

COSOL BUSINESS OVERVIEW

Our strategic vision – Asset Management as a Service

Our mission is to help our customers achieve zero waste in their operations and supply chains using COSOL's creative leadership and passion for digital innovation in asset centric organisations

Optimising performance of physical assets

COSOL delivers digital solutions and services to asset centric organisations to enhance efficiency, reduce costs and maximise the value derived from their assets

Investment highlights

COSOL is an established leader in the asset management market, with consistent year on year revenue and EBITDA growth delivering significant returns for shareholders

- Strong track record of revenue and EBITDA growth since 2020 IPO delivered through a combination of organic growth and strategic acquisitions
- Strong growth trajectory with a large global customer base to expand into, an established position in North America, a highly active, disciplined approach to M&A in a sector with a large TAM and positive tailwinds
- Proprietary IP software, solutions and business consulting underpin a technology-led capability that creates strong competitive advantage, allowing COSOL to maintain higher margins and deliver end-to-end Asset Management software, services and solutions
- Entrenched blue-chip customer base in nationally critical infrastructure sectors, with high % of renewals and a strong pipeline for growth into FY25 and FY26
- +60% recurring and repeatable revenue profile and growing income streams through proprietary SaaS and IP offerings and a fast-growing managed services segment
- Highly experienced Board and management team with a proven track record in the industry, committed to highly profitable growth and fully aligned to maximising investor returns

Verticalized Go-to-Market

Clear go-to-market strategy across mission critical industries

GTM Org Structure

Natural Resources

- Mining
- Mining Services
- Oil and Gas
- Agriculture and Agricultural Services

Operational Focus

- Leverage digital technologies and analytics to improve productivity
- Assist in systems integrations into a cohesive ecosystem
- Drive data heavy insights

Energy & water

- Water utilities
- Electricity utilities
- Gas utilities

- Reduce material use and inventory overhead
- Identify planned and reactive maintenance works that will cause interruptions

Transport & Infrastructure

Transport

projects

- Logistics
- Port Operations
- Facilities and Public Infrastructure

Government & Defence

- Defence
- Federal Government
- State Government
- Local Government
- Develop and implement tailored solutions for large-scale infrastructure
- Leverage digital asset management and modelling solutions to assess / reassess infrastructure plans
- Collaborate with government and defence agencies to maximise value of public sector assets
- Support informed capital decisionmaking
- Build out a stronger defence sector capability leveraging existing relationships

Key Initiatives

Target strategic capability and IP through acquisition to accelerate AMaaS

Leveraging our professional services capability to establish a beach head and leverage AI to drive efficiency & scale

Focus on developing existing customers to >\$1m with high margin IP/Recurring business

Co-Innovation with strategic customers to develop the next generation of COSOL IP

OnPlan driving growth in Annual Recurring Revenue

The acquisition of AssetOn Group including OnPlan demonstrates COSOL's ability to add to our proprietary suite of IP software and solutions, drive through our client base and increase ARR as a % of revenue

OnPlan is a SaaS based software platform that digitises maintenance from strategy to execution

OnPlan helps organisations with large complex assets to standardise and automate processes, maintain institutional knowledge, improve reliability, reduce downtime and work safely

EXISTING CLIENTS:

Multi-tiered Go-to-Market driving continued customer growth

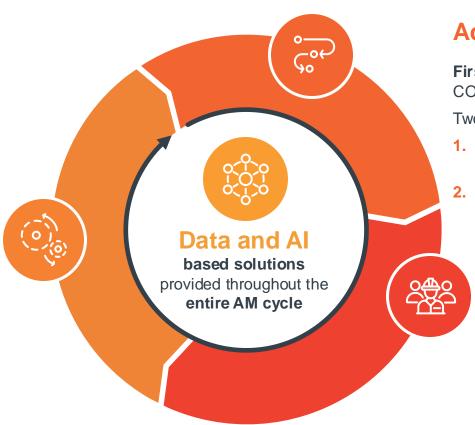

Strategically integrated approach designed to position COSOL as the customer's ongoing "trusted advisor", growing with them as they scale

Managed service

COSOL then continues to manage the client's software / architecture

Cross- and up-selling capabilities all in-house – growing new sites within the same client

Become a long-term trusted solution provider

Advisory

First customer access point to the AM sector is in COSOL's advisory business

Two key entry points:

- People advisory advising on the maintenance planning and process the client could be utilising
- IT Advisory advising on structure and system usage

Product & Product Led Implementation & Professional Services

Hands-on implementation of the plan developed in the "Advisory" phase using COSOL's industry-leading workforce for this architecture

Development of a "Trusted Advisor" position

Proprietary software & solutions

COSOL's proprietary digital solutions drive growth opportunities

Asset Management as a Service (AMaaS)

The complete outsourced solution utilising COSOL's end-to-end AMaaS solution and services. Enables clients to manage risk, the lifecycle performance of assets and all associated costs in one solution

EAM as a Service (EAMaaS)

With EAMaaS, access your EAM software through a web browser and mobile client while we take care of the security, backups, availability and performance

Asset Information Ecosystem Roadmaps

Charts a journey of maturity-building initiatives to help clients achieve their asset management objectives across people, process, systems and data

Application Managed Support

Optimise system performance with timely and knowledgeable technical support services available when your people and organisation need it most

Master Data as a Service

Outsource solution for master data requirements to help organisations achieve enhanced and healthy master data that boosts asset performance and drives business value

On Plan

A software platform to help asset managers standardise and automate processes, maintain institutional knowledge, improve reliability, reduce downtime and work safely

EAM/ERP Market Assessment

Enables an informed business decision about suitability of best-of-breed EAM or ERP systems with our unbiased independent assessment and report that will save time, risk and costs

RPConnect

A flexible solution for measuring data quality, migrating data from disparate systems and vaulting legacy data that strengthens digital capabilities and migrates future risks and costs

Work Stream Manager

An app to review and reassess asset management process and execution maturity. Benchmark against standards and targets to aid continuous process improvement

Asset Management Learning Academy

Develops the capabilities and knowledge of our clients' people to achieve sustainable asset performance with training tailored to organisation's objectives

Data Quality Assessment

Understand legacy data and gain clear insights into what's required to cleanse and migrate data to reduce the risk and cost associated with data migration projects

Serving clients in critical industries and national infrastructure

COSOL works with a blue-chip client base on their digital transformation which allows them to improve asset performance, reduce costs and deliver superior return on capital
