About Austal

Austal is Australia’s global shipbuilder and defence prime contractor designing, constructing and sustaining some of the world’s most advanced commercial and defence vessels.

In its 35 years of operations, Austal has built more than 350 vessels for 122 commercial and defence operators in 59 countries.

Austal is Australia’s largest defence exporter and first ASX-listed shipbuilder. The Company has industry-leading shipyards in Australia, the United States of America, Philippines and Vietnam, and service centres worldwide.

Austal delivers iconic monohull, catamaran and trimaran commercial and defence vessel platforms.

Although the Company’s roots are in aluminium shipbuilding – it is the world’s largest aluminium shipbuilder – Austal builds conventional and autonomous ships in both steel and aluminium, as well as a range of other bespoke maritime build programs such submarine modules.

Austal was the first, and remains one of only two, foreign-owned prime contractors designing, constructing and sustaining ships for the US Navy.
