**Note 1. Material accounting policies**

These interim financial statements for the interim half-year reporting period ended 31 December 2024 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These interim financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made by the company during the year in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

**Going concern**

At 31 December 2024, the consolidated entity recorded net current assets of AU\$900,662 (30 June 2024: net current liabilities of AU\$9,133,642). The consolidated entity recorded a net profit after tax of AU\$7,945,045 (31 December 2023: net profit after tax of AU\$5,786,534), and net operating cash inflow of AU\$11,615,809 million (31 December 2023: AU\$8,818,239) for the six months ended on that date.

*Shareholder loan*

Unsecured loan facilities are held with Mr Lee Bug Huy, the current Chief Executive Officer and executive director. As at 31 December 2024, US\$6,843,845 had been drawn down on the loans, leaving an unutilised portion of US\$5,956,155 (AU\$11,008,276 and AU\$9,580,475 respectively as at 31 December 2024 spot rate). Under an annex to the original loan facility agreement that was entered into on 20 September 2023, the original loan facility of US\$7,800,000 (AU\$12,546,300 as at 31 December 2024 spot rate) is due to be repaid by 22 July 2027, six years from the first drawdown, while the additional loan facility of US\$5,000,000 (AU\$8,042,500 as at 31 December 2024 spot rate) is due to be repaid by 13 May 2026, four years from the first drawdown. The lender however may at any time require early repayment with a minimum of one month's prior notice. The lender has provided a letter of financial support to Donaco which states that he will not withdraw or call upon the loan should it affect any creditors of the Company and its subsidiaries in a detrimental way. Such financial support is provided for the foreseeable future covering a minimum period of 24 months from the date of issue of the financial statements for the 6 months ended 31 December 2024.

*Lao Cai*

In January 2025, representatives of Lao Cai attended two dialogue meetings with the GDT at the Hanoi People's Court to discuss the appeal. Following the second dialogue meeting on 21 January 2025, the case will be brought to a public trial, the date of which is still to be determined. In the event of an unfavourable verdict, the letter of financial support provided by the lender also states that in addition to not withdrawing the loan advance, he will continue to finance the operations of the Group (including the payment of the tax payables, penalties and interests on Lao Cai of VND 139,325,683,086 (AU\$8,893,423 as at 31 December 2024 spot rate) if the Group is not able to settle the payment when it falls due.

## **Note 1. Material accounting policies (continued)**

### **Going concern (continued)**

While both casinos continue to operate stably and are generating positive cash flows, the Directors acknowledge that the ability to continue as a going concern is dependent on the following:

- the continued support of the shareholder Mr Lee Bug Huy on the basis that the existing loans from him will not be recalled and that he will continue to provide financing to meet operational needs, including payment of the Lao Cai tax penalties and interest; and
- management's expectations that the operating environments for both the DNA Star Vegas and Lao Cai casino operations will continue to improve.

These events and conditions give rise to a material uncertainty that may cast significant doubt on the ability to continue as a going concern, in the event the directors' plans as described above are not satisfied. Therefore, the entity may be unable to realise its assets and discharge its liabilities in the normal course of business. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amount and classification of liabilities that may be necessary should the Group not continue as a going concern.

### **New, revised or amending Accounting Standards and Interpretations adopted**

The consolidated entity has applied the following standards for the first time in the current reporting period:

- AASB 2020-1 *Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-Current [AASB 101]* ("AASB 2020-1")

Amendments made to AASB 101 *Presentation of Financial Statements* in 2020 and 2022 clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the entity's expectations or events after the reporting date (for example, the receipt of a waiver or a breach of covenant that an entity is required to comply with only after the reporting period).

The above standard did not have a significant impact on the prior and current period financial statements.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

## **Note 2. Operating segments**

### *Identification of reportable operating segments*

The consolidated entity is organised into three operating segments: Casino operations in Vietnam, Casino operations in Cambodia and Corporate operations. These operating segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

The consolidated entity is domiciled in Australia and operates predominantly in six countries: Australia, Cambodia, Vietnam, Singapore, Malaysia and Hong Kong. Casino operations are segmented geographically between casino operations in Vietnam and Cambodia.

The CODM reviews EBITDA (earnings before interest, tax, depreciation and amortisation). The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements.

The information reported to the CODM is on a monthly basis.

### *Types of products and services*

The principal products and services of each of these operating segments are as follows:

Casino Operations - Vietnam	Comprises the Aristo International Hotel operating in Vietnam. These operations include hotel accommodation and gaming and leisure facilities.
Casino Operations - Cambodia	Comprises the Star Vegas Resort and Club, operating in Cambodia. These operations include hotel accommodation and gaming and leisure facilities.
Corporate Operations	Comprises the development and implementation of corporate strategy, commercial negotiations, corporate finance, treasury, management accounting, corporate governance and investor relations functions.

### *Intersegment transactions*

Intersegment transactions were made at market rates. Intersegment transactions are eliminated on consolidation.

*DNA Star Vegas - Casino licence*

*Useful life*

The casino licence relates to the licence to operate the DNA Star Vegas Company Limited (DNA Star Vegas) casino acquired on 1 July 2015. The licence is determined to have an indefinite useful life and is stated at cost less any impairment losses.

Following the promulgation of the Law on the Management of Commercial Gambling in November 2020 (the Law), the Royal Government of Cambodia issued on 26 August 2021 Sub-Decree No. 166 on the Minimum Capital Requirement for Casino Operation. This sub-decree sets out the definition of "capital" and the minimum capital requirements for new and existing casino operators in Cambodia, which apply to both stand-alone casinos and casinos within integrated resorts. Prior to the enactment of the Law, there were no integrated resorts as all existing casino operations are stand-alone operations. For these existing casino operations duly licensed to operate prior to the enactment of the Law, the minimum capital requirement of at least KHR400 billion (approximately US\$100,000,000, or AU\$160,850,000 as at 31 December 2024) must be satisfied over a period of time and shall be implemented in five phases as follows:

- Phase 1 (Year 1 - 30 June 2022) - at least KHR50 billion (approximately US\$12,500,000, or AU\$20,106,250 at 31 December 2024)
- Phase 2 (Year 4 - 30 June 2025) - at least KHR100 billion (approximately US\$25,000,000, or AU\$40,212,500 at 31 December 2024)
- Phase 3 (Year 7 - 30 June 2028) - at least KHR200 billion (approximately US\$50,000,000, or AU\$80,425,000 at 31 December 2024)
- Phase 4 (Year 11 - 30 June 2032) - at least KHR300 billion (approximately US\$75,000,000, or AU\$120,637,500 at 31 December 2024)
- Phase 5 (Year 15 - 30 June 2036) - at least KHR400 billion (approximately US\$100,000,000, or AU\$160,850,000 at 31 December 2024)

These minimum capital requirements therefore apply to DNA Star Vegas. On 27 December 2024, the share capital of DNA Star Vegas was increased from US\$12.5 million (AU\$20.1 million at 31 December 2024 spot rate) to US\$25 million (AU\$40.2 million at 31 December 2024 spot rate), therefore meeting the minimum capital requirement as at 31 December 2024 under Phase 2.

The casino licence was renewed on 19 August 2022, and will expire on 31 December 2026. The Directors consider the casino license to be an intangible asset with an indefinite useful life on the basis that the license is renewable indefinitely, subject to the Group continuing to meet all necessary requirements for renewal.

*Impairment assessment*

*DNA Star Vegas*

The casino licence is allocated to DNA Star Vegas Company Limited. The casino operations are in a discrete geographical location from other operations within the group. As the assets within DNA Star Vegas together generate cash flows from the casino and hotel operations independently of other assets or groups of assets within the group, management has determined that DNA Star Vegas is a cash-generating unit in accordance with AASB 136 *Impairment of Assets*. Accordingly, the cash-generating unit of DNA Star Vegas is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired.

**Note 5. Non-current assets - intangibles (continued)**

*Impairment assessment (continued)*

*DNA Star Vegas (continued)*

Based on management assessment, there have been no indicators of impairment as at 31 December 2024 which would require further impairment testing for DSV.

The number of floating chips is determined as the difference between the number of chips in use and the actual chips counted by the casino as at reporting date.

**Note 7. Leases**

As part of the settlement agreements on resolution of the dispute between the Lee Hoe Property Co., Ltd, the landlord of DNA Star Vegas and the company, an amended perpetual lease agreement was executed as of 2 March 2020 in relation to the DNA Star Vegas lease, which grants Donaco security of tenure over the Star Vegas casino until 15 June 2115. The lease is in relation to land of approximately 115,098 square meters located in Poi Pet, Cambodia. This follows an additional lease payment of US\$20,000,000 (AU\$32,170,000 as at 31 December 2024 spot rate) to Lee Hoe Property Co., Ltd. The monthly lease payment is US\$20,000 (AU\$32,170 as at 31 December 2024 spot rate) for the first 5 years from the effective settlement date, US\$30,000 per month (AU\$48,255 as at 31 December 2024 spot rate) starting from the 6th year to the end of the 10th year, and from the 11th year onwards, the monthly rent will increase 3% every 3 years. A new land lease agreement was signed in March 2024, resulting in a lease modification. Under this lease agreement, the monthly lease payments due from 1 January 2024 to the end of the lease term 30 June 2065 are inclusive of all applicable taxes. As of 1 March 2024, the monthly lease payments are subject to a 10% value-added tax (VAT) which Donaco is entitled to claim from the tax authorities. The right-of-use and lease liability amounts have therefore been adjusted to exclude the 10% VAT from the remaining lease payments due from March 2024. In addition, for the five financial years commencing 1 July 2020, there is an entitlement to share 25% of the Star Vegas business EBITDA in excess of US\$16 million (AU\$25,736,000 as at 31 December 2024 spot rate) of the EBITDA of the relevant financial year.

Under the amended perpetual lease agreement, the lease is for a period of 50 years with an option to extend for another 50 years. However, the extension period of 50 years has not been included in the lease liability and right-of-use asset calculation as it remains uncertain that both parties (Donaco and Lee Hoe Property Co., Ltd) will agree to extend the lease term. Accordingly, while Donaco has security of tenure over the Star Vegas Casino to 15 June 2115 following finalisation of the settlement agreements, the lease liability and right-of-use asset have been calculated as at 31 December 2024 over the remaining 41 years to June 2065.

Lao Cai International Hotel Joint Venture Company Limited has a non-cancellable operating lease commitment over a 50-year term in respect of its casino premises in Lao Cai, Vietnam. The lease commenced 8 April 2011 and the remaining lease term as at 31 December 2024 is approximately 37 years.

A lease agreement was entered into on 3 November 2023 for office premises in Kuala Lumpur. The lease commenced on 1 January 2024 and is for a period of 2 years.

**(i) Amounts recognised in the statement of financial position**

The statement of financial position shows the following amounts relating to leases:

	<b>Consolidated</b>	
	<b>31 December 2024</b>	<b>30 June 2024</b>
	<b>\$</b>	<b>\$</b>
<b>Right-of-use assets (recognised as part of property, plant and equipment)</b>

Properties - non-current	7,896,353	7,280,395
	<u>7,914,672</u>	<u>7,296,844</u>

The lease liability has been measured at the present value of the remaining lease payments over the term of the lease. For the lease in relation to the land in Cambodia, the lease payments were discounted using an incremental borrowing rate of 8%, while the lease payments for the lease in Vietnam were discounted using a discount rate of 9.5%. The discount rate used for the Kuala Lumpur office premises was 3.25%.

**(ii) Amounts recognised in the statement of comprehensive income**

The statement of comprehensive income shows the following amounts relating to leases:

**Note 7. Leases (continued)**

The payments made on the Kuala Lumpur office lease for the half year to 31 December 2024 were \$4,709 (31 December 2023: \$3,820). There were no payments made for the lease in Vietnam during the half year ended 31 December 2024 (31 December 2023: nil) as no payments for the lease in Vietnam are due until May 2025. The payments made on the lease in Cambodia for the year ended 31 December 2024 were \$164,815 (31 December 2023: nil). Under a lease suspension agreement signed on 1 March 2024, Lee Hoe Property Co., Ltd agreed to waive the rent on the lease in Cambodia for the period April 2020 to December 2023 which amounted to US\$856,784 (AU\$1,378,137 as at the 31 December 2024 spot rate). Monthly lease payments resumed from 1 January 2024 under the amended perpetual lease agreement signed in March 2024.

Shareholder loan	11,008,276	15,917,640
	<u>11,008,276</u>	<u>15,917,640</u>

An unsecured loan facility was signed in July 2021 with Mr Lee Bug Huy, the current Chief Executive Officer and executive director, for a loan of US\$7,800,000 (AU\$12,546,300 as at 31 December 2024 spot rate). An additional loan facility agreement was entered into on 2 May 2022 for an additional US\$5,000,000 (AU\$8,042,500 at the 31 December 2024 spot rate). Under an annex to the original loan facility agreement that was entered into on 20 September 2023, the original loan facility is due to be repaid by 22 July 2027, six years from the first drawdown (as extended from the original repayment due date of 22 July 2024), while the additional loan facility is due to be repaid by 13 May 2026, four years from the first drawdown. Both loan facilities are subject to an interest rate of 6% per annum. The lender however may at any time require early repayment with a minimum of one month's prior notice. On this basis, the shareholder loan has been recognised as a current liability as the Company does not have a right to defer the settlement of the loan for at least 12 months after the reporting period. The lender has provided a letter of financial support to Donaco which states that he will not withdraw or call upon the loan should it affect any creditors of the Company and its subsidiaries in a detrimental way. Such financial support is provided for the foreseeable future covering a minimum period of 24 months from the date of issue of the financial statements for the 6 months ended 31 December 2024.

**Note 10. Contingent assets and liabilities**

*Lao Cai increased tax on floating chip movement*

In the event that Lao Cai's ongoing appeal against the Vietnamese GDT's decision on their tax treatment of floating chips is not successful, the consolidated entity has contingent liabilities in respect of the increased tax and interest on late payment that would arise if the floating chip movement were to be treated as taxable revenue. However, the inclusion of floating chip movement as taxable revenue may also result in lower taxes if there is a significant negative floating chip movement during the period. Based on estimated tax calculations for the years ended 30 June 2022 to 30 June 2024 and the half-year ended 31 December 2024, the inclusion of floating chip movement as taxable revenue would result in the following:

	<b>Consolidated</b>	
	<b>31 December 2024</b>	<b>30 June 2024</b>
	\$	\$
Value-added tax	36,531	(5,290)

Interest on late payment	1,786,207	1,272,457
	<u>1,917,448</u>	<u>1,253,451</u>

The estimated impact on corporate income tax is nil, as Lao Cai is expected to be in a tax loss position for these years.

Other than the above, there are no contingent assets or liabilities at 31 December 2024.

## INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Donaco International Limited

### Report on the Half-Year Financial Report

#### Conclusion

We have reviewed the half-year financial report of Donaco International Limited (the Company) and its subsidiaries (the Group), which comprises the statement of financial position as at 31 December 2024, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the half-year ended on that date, material accounting policy information and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- i. Giving a true and fair view of the Group's financial position as at 31 December 2024 and of its financial performance for the half-year ended on that date; and
- ii. Complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*.

#### Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

#### Material uncertainty relating to going concern

We draw attention to Note 1 in the financial report which describes the events and/or conditions which give rise to the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern and therefore the Group may be unable to realise its assets and discharge its liabilities in the normal course of business. Our conclusion is not modified in respect of this matter.

### Responsibility of the directors for the financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is true and fair and is free from material misstatement, whether due to fraud or error.

### Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
