Ariadne Australia Limited Half-Year Report 31 December 2024

Directors' Report

The Directors submit their report for the six months ended 31 December 2024. The term "Group" is used throughout this report to refer to the parent entity, Ariadne Australia Limited ("Ariadne") and its controlled entities.

DIRECTORS

The names of Ariadne's directors in office during the half-year and until the date of this report are as below. All Directors were in office for this entire period unless otherwise stated.

Mr David Hancock (Independent Non-Executive Chairman)

Mr John Murphy (Independent Non-Executive Director)

Mr Benjamin Seymour (Non-Executive Director)

Mr Dean Smorgon (Independent Non-Executive Director)

Dr Gary Weiss, AM (Executive Director)

REVIEW AND RESULTS OF OPERATIONS

All amounts included in this report, are quoted in thousands of dollars unless otherwise stated.

Operating Result for the Half-Year

For the half-year period Ariadne reported a total comprehensive loss attributable to members of \$2,419 (2023: \$9,896 gain). This result comprises two elements:

- a net profit attributable to members of \$2,711 (2023: \$301 loss); and
- a net loss attributable to members of \$5,130 (2023: \$10,197 gain) reported through the Statement of Comprehensive Income.

Net tangible assets were 80.60 cents per share (30 June 2024: 83.28 cents). Earnings per share were 1.39 cents (2023: -0.15 cents). Total comprehensive earnings per share were -1.24 cents (2023: 5.05 cents).

On 28 August 2024, Orams Group Limited ("OGL") and Orams Residential Limited ("ORL") (together "Orams" of which Ariadne holds a 61% indirect equity interest) entered into a conditional agreement with Precinct Properties Holdings Limited, a wholly owned subsidiary of the New Zealand Stock Exchange-listed Precinct Properties New Zealand Limited to sell a 24.9% interest in OGL's ground lease and buildings of Orams Marine Village and a 50% interest in ORL's adjoining residential site. On 25 November 2025, Ariadne announced that definitive partnership documentation ("the Partnerships") had been executed between OGL, ORL and Precinct Properties Wynyard Limited and PPNZ Westhaven Investment Limited (collectively "Precinct Properties". On 26 November 2024, Ariadne announced that the Partnerships between OGL, ORL and Precinct Properties had settled. The Partnerships will accelerate the construction of the approved commercial buildings within Orams Marine Village and the development of the adjoining residential site. The transaction materially reduced OGL's existing debt facilities from NZ\$103,000 to approximately NZ\$17,000 and allowed for OGL to redeem in full the convertible note held by the Orams NZ Unit Trust ("ONZUT"). It also provides OGL with stable recurring cashflows arising from distributions from its 75.1% interest in the property joint venture in addition to 100% of the cash flows from Orams Marine Services Limited ("OMSL"), New Zealand's largest marine maintenance and refit services business.

Cash Management

Cash and cash equivalents as at 31 December 2024 were \$30,700 (30 June 2024: \$22,869).

Ariadne remains in a strong financial position, with a sound balance sheet and good cash reserves, and is well-placed to grow shareholder value.

Investments

The Group's investment division recorded a net profit for the half-year of \$3,758 (2023: \$2,965).

The division's result is derived from interest on cash reserves, share of profits/losses from the Group's investments in associates, dividends, trading income from the trading portfolio and the net movement of the strategic portfolio revalued through profit or loss.

The division's share of joint ventures and associates results for the period was a net profit of \$1,717 (2023: \$803).

Dividends received during the period were \$595 (2023: \$1,078).

The trading portfolio recorded a net loss of \$27 (2023: \$607 gain) and a portion of the strategic portfolio revalued through profit or loss recorded a net gain of \$615 (2023: \$595 loss) during the reporting period due to mark-to-market revaluations.

The balance of the strategic portfolio reported in other comprehensive income recorded a net loss of \$3,884 (2023: \$9,777 gain) during the period due to mark-to-market revaluations mainly arising from Ariadne's investment in Hillgrove Resources Limited and ClearView Wealth Limited, being \$3,314 and \$3,838 respectively.

Directors' Report

Ariadne's investment in Foundation Life NZ Limited continues to perform in line with expectations, contributing \$487 during the period.

Ariadne's 54% interest in Freshxtend International Pty Ltd with its 17% investment in the NatureSeal Group continues to contribute positively to the Investment division's results.

Property

The Group's property division recorded a net profit for the half-year of \$1,145 (2023: \$1,654 loss).

During the period, OGL and ORL entered into partnerships with Precinct Properties to sell down a 24.9% interest in Orams Marine Village ("the Marina") and a 50% interest in ORL's adjoining residential site.

The division's result is derived from the Group's 61% indirect debt and equity interest in OGL – owner of OMSL and 75.1% owner of Orams Marine Village and ORL – 50% owner of the adjoining residential site, and recoveries associated with the Group's, now exited, investment in the Redfern Project.

The Group's net loss associated with its investment in Orams during the period was \$1,823 (2023: \$1,178 loss). The result includes the Group's share of loss from OGL and ORL during the period was \$1,853 (2023: \$624 loss) and its interest earned on the associated loans provided to Orams was \$644 (2023: \$239). Other financing and administration costs associated at the interposed ONZUT level were \$614 (2023: \$793). In addition the Group's share of the movement in value of the Marina through other comprehensive income recorded a markdown of \$1,156 (2023: nil).

A \$816 gain (2023: \$693 gain) relating to the Contingent Consideration, due to the decrease in ONZUT's net assets during the period, was also recognised in reported net profit. The terms of the Contingent Consideration, relating to an agreement made in July 2020 to acquire units in ONZUT from an existing unitholder, provide that the purchase price will be determined and paid following completion of the Site 18 Stage 1 Works (as defined in the Development Agreement with Panuku Development Auckland) which is expected to be before December 2028.

During the period OGL redeemed in full \$9,973 of outstanding convertible notes, acquired by the Group via its controlled entity ONZUT in December 2023. NZ\$4,000 of the proceeds were applied to reducing ONZUT's bank facility.

In addition to OGL's 75.1% holding in Westhaven Commercial Limited Partnership, OGL retains 100% ownership of OMSL, New Zealand's largest marine maintenance and refit services business. This highly profitable division continues its strong growth trajectory, with turnover increasing by 24% and EBITDA rising by 22% for the six months ended December 2024 compared to the prior period. The facility is currently at capacity and the forward order book remains robust, with bookings now being taken for 2026 and beyond.

During the period the Group entered into agreements to recover \$2,000 from the, now exited, Redfern Project.

TAXATION

Ariadne has significant carried forward revenue and capital losses available to offset future taxable profits. At 31 December 2024, these were estimated to be \$74,197 (30 June 2024: \$72,697) and \$82,305 (30 June 2024: \$83,910) respectively.

DIVIDENDS AND CAPITAL MANAGEMENT

A fully franked interim dividend of \$977, which represents 0.5 cents per share, has been declared in relation to the 30 June 2025 financial year. No liability has been recognised in the 31 December 2024 financial statements as this dividend was declared after the balance sheet date.

The FY24 final dividend of \$977 (0.5 cents per share) declared in August 2024 was paid on 26 September 2024.

During the period Ariadne bought back and cancelled 88,090 shares at a cost of \$47.

SIGNIFICANT EVENTS AFTER BALANCE DATE

Apart from the interim dividend declared, no other matter or circumstance has arisen since 31 December 2024 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in the future financial periods.

FOR THE HALF-YEAR ENDED 31 DECEMBER 2024

I. CORPORATE INFORMATION

The consolidated financial report of Ariadne Australia Limited ("Ariadne") together with its controlled entities ("the Group") for the half-year ended 31 December 2024 was authorised for issue in accordance with a resolution of the directors on 28 February 2025.

Ariadne is a company limited by shares incorporated in Australia whose shares are publicly traded on the Australian Securities Exchange ("ASX") under ASX code "ARA". A review of the Group's operations is included in the Directors' Report.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The half-year financial report does not include all notes of the type normally included within the annual financial report and should be read in conjunction with the most recent annual financial report.

It is also recommended that the half-year financial report be considered together with any public announcements made by Ariadne during the half-year reporting period in accordance with the continuous disclosure obligations of the *Corporations Act 2001* and ASX listing rules.

Basis of preparation

The half-year financial report is a general-purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act 2001 and AASB 134 Interim Financial Reporting.

The half-year financial report has been prepared on a historical cost basis, except for held-for-trading financial assets which have been measured at fair value through profit or loss and other/strategic financial assets which have been measured at fair value through profit or loss or other comprehensive income depending on their accounting treatment under accounting standard AASB 9 Financial Instruments.

The amounts contained in the Directors' Report and the half-year financial report have been rounded to the nearest thousand dollars (where rounding is applicable) under the option available to Ariadne in accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191.

For the purpose of preparing the half-year financial report, the half-year has been treated as a discrete reporting period.

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board ("AASB") that are relevant and effective for the current half-year. The Group's adoption of all new and revised Standards and Interpretations issued by the AASB, that are relevant to its operations and effective for the half-year, have had no material impact on the amounts recognised in the half-year financial report.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Group's most recent annual financial report for the financial year ended 30 June 2024. The accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

In the application of the Group's accounting policies, management is required to make judgements, estimates, and assumptions about the carrying amounts of assets and liabilities that are not readily available apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision effects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

FOR THE HALF-YEAR ENDED 31 DECEMBER 2024

3. SEGMENT INFORMATION

The Group's operating segments are identified by internal reporting used by the Board in assessing performance and determining investment strategy. The operating segments are based on a combination of the type and nature of products sold and/or services provided, and the type of business activity. Discrete financial information about each of these operating divisions is reported to the Board on a regular basis.

The Group's reportable segments are investments and property. The investments division comprises the Group's investments in securities. The property division includes all results derived from property and marina assets held by the Group, either directly or through joint venture entities or joint venture operations.

Consistent with the reportable segment presented in the most recent annual financial report the following table presents income and profit information for the half-year periods ended 31 December 2024 and 31 December 2023, and total asset information as at 31 December 2024.

9. FAIR VALUE MEASUREMENT

Cash

The carrying amount approximates fair value because of its short-term to maturity.

Trade, other receivables and convertible notes

The carrying amount approximates fair value.

Investments

The Australian accounting standards set out the following hierarchy for fair value measurement for investments in financial instruments which are set out as below:

Level 1: - Quoted prices in active markets for identical assets or liabilities.

Level 2: - Inputs other than quoted prices, which can be observed either directly (as prices) or indirectly (derived from prices).

Level 3: - Inputs that are not based on observable market data.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

The following tables show the levels within the hierarchy of financial assets measured at fair value on a recurring basis.

Financial Assets	Note	Level I	Level 2	Level 3	Total

Listed trading investments	6	5,133	_	_	5,133
Listed strategic investments	8	32,635	_	_	32,635

The Group has two separate and distinct investment portfolios and designates its investments as either trading or strategic. Investments within all the portfolios are remeasured to fair value based on the appropriate level inputs at the end of the reporting period. All listed securities are remeasured to fair values using Level I inputs as determined by reference to the quoted market close price at balance date. Unlisted securities are remeasured to fair values using Level 2 inputs calculated by reference to the fair value of the underlying net assets or last transaction price at balance date.

In the absence of an active market for an identical asset or liability, the Group selects and uses one or more valuation techniques to measure the fair value of the asset or liability. The Group selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the characteristics of the asset or liability being measured. The valuation techniques selected by the Group are consistent with one or more of the following valuation approaches:

- 1. Market approach: Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities, including ongoing discussions with potential purchasers.
- Income approach: Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.
- 3. Cost approach: Valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Group gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

Where an arm's length transaction for a significant amount of new investment into a company has been made within twelve months to balance sheet date, but only if the new investment is deemed to represent fair value, this transaction is adopted as fair value for the particular investment and is adjusted to reflect market development between the time of acquisition and balance sheet date.

For investments which are considered to be early and development stage, but have not yet obtained sustainable profitability, when determining the fair value of the investment the Group applies the revenue multiple method. Under this method, the enterprise value is derived by multiplying the normalised historical or projected revenue of the business with a multiple or range of multiples. The multiple or range of multiples applied should be an appropriate and reasonable indication of the value of each investee, given the investee's size, risk profile, and growth prospects. The multiple or range of multiples is usually derived from market data observed for entities considered comparable to the companies being valued. Specific adjustments may be made based on each company's unique characteristics, including growth rate, market position, and scalability potential. Revenue multiples hold a positive linear relationship to the determination of fair value, such that as the multiple increases/(decreases) so too does the calculated fair value.

9. FAIR VALUE MEASUREMENT (Continued)

Investee	Fair Value as at December 2024	Level	Valuation Technique	Significant Unobservable Input	Range of Unobservable Inputs
FinClear Holdings Limited	\$10,945	3	Revenue Multiple	Revenue Multiple	5.9x-14.2x
Immutable Pty Ltd	\$1,350	3	Revenue Multiple	Revenue Multiple	27.8x-55.3x

There were no changes during the year in the valuation techniques used by the Group to determine Level 3 fair values.

The following table shows the levels within the hierarchy of financial liabilities measured at fair value on a recurring basis.

Financial Liabilities	Note	Level I	Level 2	Level 3	Total
31 December 2024					
Contingent Consideration		_	9,266		9,266
Total Financial Liabilities		_	9,266	_	9,266
30 June 2024					
Contingent Consideration		_	10,082	_	10,082
Total Financial Liabilities			10,082		10,082

The Group acquired an additional equity interest in the ONZUT on a deferred basis from an existing unitholder on 14 July 2020, increasing the Group's interest in ONZUT to 80%. The terms of the acquisition provide that the ultimate purchase price will be determined and paid following completion of the Site 18 Stage 1 Works (as defined in the Development Agreement with Panuku Development Auckland) which is expected to be before December 2028. At balance date the Contingent Consideration has been remeasured to fair value using a Level 2 input, share of net assets, to \$9,266 (30 June 2024 \$10,082), a reduction of \$816 (2023: reduction of \$693) during the period.

10. CONTROLLED ENTITIES

There were no changes to the Group's controlled entities during the period.

II. INVESTMENTS IN JOINT VENTURES AND ASSOCIATES

Name	Principal activity	Place of incorporation	Proportion of ownership interest and voting power held by the Group		
			31 Dec 2024	30 June 2024	
Orams Group Limited *	Marina management	NZ	76%	76%	
Orams Residential Limited *	Residential development	NZ	76%	76%	
Lake Gold Pty Ltd	Mineral exploration	AUS	50%	50%	
AgriCoat NatureSeal Limited	Food life extension technology	UK	17%	17%	
NatureSeal Inc	Food life extension technology	US	17%	17%	

^{*} Although the Group owns 76% of the equity and voting interest in Orams Group Limited and Orams Residential Limited, the Shareholders Agreement for each company requires that the two majority shareholders must act together to direct the relevant activities of each respective company, therefore no individual shareholder has control.

12. ISSUED CAPITAL

During the period Ariadne bought back and cancelled 88,090 shares at a cost of \$47 reducing issued capital to \$377,675 (30 June 2024 \$377,722). There were 195,343,748 shares on issue at balance date (30 June 2024: 195,431,838).

FOR THE HALF-YEAR ENDED 31 DECEMBER 2024

13. CONTINGENT ASSETS AND LIABILITIES

Ariadne has given guarantees and indemnities in relation to the borrowings and performance of several of its controlled entities under agreements entered into by those entities. All borrowings and performance obligations are directly supported by assets in the entities on the behalf of which these guarantees and indemnities have been provided.

14. OTHER EVENTS AFTER THE BALANCE SHEET DATE

A fully franked interim dividend of \$977, which represents 0.5 cents per share has been declared in relation to the 30 June 2025 financial year. No liability has been recognised in the 31 December 2024 financial statements as this dividend was declared after the balance sheet date.

No other matter or circumstance has arisen since 31 December 2024 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in the future financial periods.

Directors' Declaration

In accordance with a resolution of the Directors of Ariadne Australia Limited, I state that:

In the opinion of the Directors:

- (a) the financial statements and notes of the consolidated entity for the half-year ended 31 December 2024 are in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the financial position as at 31 December 2024 and of its performance for the half-year ended on that date;
 - (ii) complying with Australian Accounting Standard AASB134 Interim Financial Reporting and the Corporations Regulations 2001.
- (b) there are reasonable grounds to believe that the Group will be able to pay its debts as and when they become due and payable.

To the Members of Ariadne Australia Limited

Report on the half year financial report

Conclusion

We have reviewed the accompanying half year financial report of Ariadne Australia Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2024, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half year ended on that date, including material accounting policy information, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Ariadne Australia Limited does not comply with the *Corporations Act 2001* including:

- a giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half year ended on that date; and
- b complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations* 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' responsibility for the half-year financial report

The Directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations* 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
