DIRECTORS' REPORT

FOR THE HALF-YEAR ENDED 31 DECEMBER 2024

Results and Review of Operations (cont.)

The distribution return is calculated on the basis of the gross distribution to Unitholders before deducting any withholding tax which may be applicable. The growth return relates to the movement between closing trade prices on the ASX as at 31 December 2024 and the closing trade prices on 30 June 2024. The market price of the Fund's Units (as represented by the closing trade price) on the ASX as at 31 December 2024 was \$1.675 (30 June 2024: \$1.60).

Returns have been calculated after fees and assuming reinvestment of distributions within Australia, in accordance with IFSA Standard 6.00 *Product Performance - calculation and presentation of returns*.

Value of the Fund's assets

The Fund's total net assets were valued at \$215,381,000 as at 31 December 2024 (30 June 2024: \$165,017,000) in accordance with the accounting policies set out in Note 2 of the Interim Financial Report. The net tangible asset value was \$4.838 per ordinary unit (30 June 2024: \$3.707 per unit). The net tangible asset calculation excludes the Deferred Units on issue.

Future Developments, Prospects and Business Strategies

The Fund has cash available for additional long-term investment opportunities and other capital initiatives. It will continue to focus on producing results in accordance with its stated investment objective.

The results of the Fund's future investment activities will depend primarily on the performance of the unit price, and the distributions received from, the entities in which the Fund has invested. The performance of those entities is influenced by many factors which are difficult to predict, including economic growth rates, inflation, interest rates, exchange rates, regulatory changes and taxation levels. There are also specific issues such as management competence, capital strength, industry trends and competitive behaviour.

The Fund is conservatively managed and the diversification of the investment portfolio holdings helps to reduce overall risk and the volatility of the Fund's earnings and capital fluctuations.

The Fund will continue to focus on controlling costs whilst growing its unitholder funds. The constantly changing nature of markets and other investment conditions requires management and the Directors to diligently appraise any opportunities that may present themselves. The Fund does not envisage any significant changes to its business model.

The Fund will continue to be managed in accordance with the investment objectives and guidelines as outlined in the current product disclosure statement and in accordance with the provisions of the Fund Constitution.

In May 2021, the Fund announced that due to the uncertainty of the current market conditions as a result of the COVID-19 pandemic, in the best interests of the Fund's unitholders, the prudent course of action is to cease distributions from the June quarter 2021 onwards. The fund continued to follow this prudent distribution principle, so no distributions were paid or recommended during the year (2023: Nil).

Significant Changes in State of Affairs

Other than as noted in "Results and Review of Operations", there were no significant changes in the state of affairs of the Fund which occurred during the half-year ended 31 December 2024.

These interim financial statements were authorised for issue by the Fund’s Board of Directors on 28th February 2025.

The Fund is of a kind referred to in ASIC Corporations (Rounding in Financial/Directors’ Reports) Instrument 2016/191 and in accordance with the legislative instrument, amounts in the interim financial statements have been rounded off to the nearest thousand dollars unless otherwise stated.

3. Use of judgements and estimates

In preparing these interim financial statements, Management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by Management in applying the Fund’s accounting policies and the key sources of estimation were the same as those that applied to the financial statements as at and for the year ended 30 June 2024.

5. Net assets attributable to unitholders (cont.)

All Ordinary Units in the Fund carry equal rights and each unit represents a right to the underlying assets of the Fund. Deferred Units in the Fund carry no right to participate in any distribution of the Fund. Deferred Units, issued with no proceeds, are convertible to ordinary units on the terms set out in the Fund's constitution. At 31 December 2024, 1,752,605 (June 2024: 1,752,605) Deferred Units were on issue. These are included in the totals above. Deferred units were issued to the Responsible Entity and will be converted to Ordinary Units to settle performance fees if the performance hurdles were met. However, the supplemental deed of the Fund's constitution removed the payment of performance fees to the Responsible Entity (see Note 8) and as such the Deferred Units will no longer be converted to Ordinary Units.

6. Financial Instruments – Fair value measurement

The following table shows the fair values of financial assets and financial liabilities measured at fair value, including their levels in the fair value hierarchy.

31 Dec 2024	Fair Value (\$'000)

INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF AIMS PROPERTY SECURITIES FUND

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
