RESULTS AND REVIEW OF OPERATIONS

Financial results

The Group recorded a loss of \$406,473 for the half-year ended 31 December 2024, compared to a loss of \$384,769 for the prior corresponding period

Review of operations

During the period Hexima continued efforts toward the proposed acquisition of 100% of the issued capital of Real Thing Entertainment Pty Ltd (Real Thing), which was announced on 24 July 2024.

The acquisition was subject to certain conditions precedent. Consequently, on 3 December 2024, Hexima announced that the acquisition would not proceed as there was insufficient confidence that these conditions could be met.

As a result of the delays and eventual cancellation of the acquisition, Hexima's listed securities were suspended from quotation on the ASX. The suspension will remain in effect until the company complies with Chapters 1 and 2 of the ASX Listing Rules.

Despite this, Hexima remains committed to exploring opportunities related to its biotech intellectual property portfolio, in which it retains royalty rights, and will continue to assess potential strategic opportunities.

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the consolidated entity during the financial half-year.

2. BASIS OF PREPARATION

(a) Statement of compliance

These general purpose financial statements for the interim half-year reporting period ended 31 December 2024 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

(b) New or amended Accounting Standards and Interpretations adopted.

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. NOTES TO THE FINANCIAL STATEMENTS (continued)

4. ESTIMATES (continued)

Lodgement of research and development claims

In prior years, the entity has registered its research and development activities with AusIndustry and has accessed the refundable research and development tax offset for each claim year, which it has claimed through its submissions to the Australian Tax Office (ATO).

Under this self-assessment program, AusIndustry and the ATO have the right to audit these claims at any point up to 4 years from the date of lodgement of the Research and Development Tax Incentive Schedule (via the income tax return) for each relevant financial year. If the research and development activities or expenditure are found to be ineligible during this review, the ATO may potentially clawback these claims with penalties and interest. It is the directors' view that there is no probable likelihood that any potential action may take place based upon the following reasons:

- the industry environment in which the entity deals in is known for its research and development activities which have historically been supported through research and development claims; and
- the entity has a positive track record of not being selected for a compliance review by the ATO or AusIndustry.
- the entity keeps appropriate substantiating documentation on file to ensure that its Tax Incentive claims can be supported with contemporaneous evidence in the event of an AusIndustry or ATO review.

5. SEGMENT REPORTING

The Group's activities in the period have been classified under a "Corporate" segment as they have not been directly attributable to specific operating segments. All activities have taken place in Australia.

6. CONTINGENT LIABILITIES

The Group had no contingent liabilities as at 31 December 2024. (30 June 2024: Nil)

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
