Key features

- The number of Performance Rights to be issued are determined by dividing the value of the LTI to be awarded in the form of performance rights by the face value of an Abacus Storage King (ASK) security. The face value is based on the ten-day VWAP starting from the second Trading Day after the full year results announcement.

- A 1/3 of the performance rights are tested on the 2nd, 3rd and 4th anniversaries of their grant.

- Two performance conditions:

50% ASK EBIT Growth Outcome

50% ASK Relative Total Securityholder Return (Relative TSR)

- Participants receive an entitlement to distributions only on performance rights that vest and are exercised.

- If the participant is a good leaver, the unvested Performance Rights will remain on foot, subject to the original

performance conditions and will vest on the original vesting dates. The Board retains the discretion to lapse all or any part of unvested Performance Rights on cessation of employment.
