Quarterly Activity Report

Q3 FY25

Recent Announcements

- COAST & ShORE Phase III trials failed to meet primary endpoints
- Announced the decision to Discontinue Wet AMD Trials
- Reduction in staff of approximately 65%
- Company remains in active negotiation with DFA investors
- Opthea remains in trading suspension

Opthea Limited (ASX: OPT, NASDAQ:OPT) (“Opthea” or “the Company”), today released its Quarterly Activity Report and Appendix 4C for the nine-month period ended March 31, 2025 (“Q3 FY25”).

Opthea is a clinical-stage biopharmaceutical company developing novel therapies to treat highly prevalent and progressive retinal diseases, including wet age-related macular degeneration (wet AMD) and diabetic macular edema (DME).

As a result of the COAST Phase 3 trial and ShORe Phase 3 trial not meeting the primary endpoints, Opthea and the investors (“DFA Investors”) under the Company’s Development Funding Agreement (“DFA”) agreed to discontinue the development program of sozinibercept in wet AMD with immediate effect. Opthea continues active discussion with the DFA Investors, pursuant to and as required under the DFA, to explore possible options to deliver the best outcome for the Company and its shareholders. In light of these matters, there remains material uncertainty as to Opthea’s ability to continue as a going concern. On April 10, 2025, the company announced a reduction in force of approximately 65% with the remaining staff to ensure compliant termination of the clinical trials and oversee administration operations.

About Wet AMD

Wet AMD remains the leading cause of vision loss in the elderly, impacting about 3.5 million people in the United States and Europe. The unmet medical need in wet AMD is significant, with many patients failing to achieve optimal vision outcomes or losing vision over time, despite treatment with anti-VEGF-A therapies.

Third Quarter Financial Performance & Cash Flow

Opthea's cash balance at 31 March 2025 was US\$101.4m, down from US\$131.9m in the prior quarter ending 31 December 2024, primarily reflecting the operational spend for the quarter of US\$30.5m while advancing the two pivotal clinical trials.

Cash receipts for the quarter were US\$1.2m, which is 71% of the previous quarter's US\$1.7m. This is a consequence of the varying interest on cash holdings after the finalisation of the June/July 2024 capital raise. The net operating cash outflow for the period was US\$32.4m. The prior period net operating cash outflow was US\$31.4m.

Research and development cash costs for the quarter were US\$25.5m, 80% of the previous quarter (Q2 FY25: US\$31.7m). Administration cash costs in Q3 FY25 were US\$1.8m and were 36% of the previous quarter (Q2 FY25: US\$6.8m). Personnel costs of US\$6.1m were up 21% on the previous quarter of US\$5.0m. These were in line with expectations with the recent restructure and addition of staff in the quarter prior to the trial results, in preparation for potential growth of the Company's operations.

Use of Funds from Any Future Capital Raise

We intend to use the net proceeds from any current or future offering or capital raise to advance clinical development, chemistry, manufacturing and controls, regulatory activities of any new asset, and for general corporate purposes.

In accordance with ASX Listing Rule 4.7C.3, cash paid for Directors and Non-Executive Directors in Q3 FY25 amounted to US\$120k in aggregate which includes director fees and customary reimbursement of applicable costs, including costs for traveling to Opthea meetings.

Development Funding Agreement and Financial Resources

The Company had US\$101.4 million in cash at March 31, 2025. The one-off costs associated with the reduction in force will be approximately US\$ 4.5 million and will result in a reduction in monthly employee costs of approximately US\$1 million.

As previously disclosed, the Company remains in active negotiations with its Development Funding investors, pursuant to and as required under the DFA, to explore possible options to deliver the best outcome for the Company and its shareholders.
