ASX RELEASE

**New Slinger Counter Drone Order for Euro €31m (~A\$53m)**

Electro Optic Systems Holdings Limited ("EOS" or the "Company") (ASX:EOS) today announces that it has secured a new order for Remote Weapon Systems ("RWS") amounting to €31million or approximately A\$53 million. The order is from a European naval systems integration business, and is funded by a Western European government.

The order is for EOS' flagship "Slinger" Counter-Drone Remote Weapon System (RWS), and the systems will be configured for naval deployment. The systems will be supplied with a range of weapon configurations, and include some systems with cannons. The order also includes spares, training and other items.

The systems are intended to address urgent operational requirements in Europe and delivery is expected to occur during 2025 and 2026.

This order represents the largest order to date for the EOS "Slinger" Counter Drone RWS, and the largest ever EOS order for naval RWS. The order follows extensive and ongoing marketing and sales activity by EOS in several high growth markets.

This announcement has been authorised for release to the ASX by the Board of Directors of the Company.

## **ABOUT ELECTRO OPTIC SYSTEMS (ASX: EOS)**

### **EOS operates in two divisions: Defence Systems and Space Systems**

**Defence Systems** specialises in technology for weapon systems optimisation and integration, as well as ISR (Intelligence, Surveillance and Reconnaissance) and C4 systems for land warfare. Its key products include next-generation remote weapon systems, vehicle turrets, high-energy laser weapons (directed energy), as well as fully integrated and modular counter-UAS and C4 systems.

**Space Systems** specialises in applying EOS-developed optical sensors and effectors to detect, track and characterise objects in space. It includes capabilities in the domain of space control.

This announcement may contain certain "forward-looking statements" including statements regarding EOS' intent, belief or current expectations with respect to EOS' business and operations, market conditions, results of operations, financial condition, and risk management practices. The words "likely", "expect", "aim", "should", "could", "may", "anticipate", "predict", "believe", "plan" and other similar expressions are intended to identify forward-looking statements. Indications of, and guidance on, future earnings, financial position and performance, establishment costs and capital requirements are also forward-looking statements. Forward-looking statements including projections, guidance on future earnings and estimates are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance. This announcement may contain such statements that are subject to risk factors associated with an investment in EOS. Forward-looking statements involve known and unknown risks, uncertainties and assumptions and other important factors that could cause the actual results, performances or achievements of EOS to be materially different from future results, performances or achievements expressed or implied by such statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this announcement.
