Total Shares on issue	219,891,248	100%	99.6375%
Total Options on issue	325,000	-	0.1473%

Total securities (Shares, Options and Performance Rights)	220,691,248	100%	100%

#### Mandatory escrow

The Company confirms the following securities are subject to restriction under the ASX Listing Rules.

Securities	Number	ASX restriction period
Shares	59,859,169	From the Listing Date and ending the date that is two years after the Listing Date.
Shares	24,893,007	From the date of issue of the Shares and ending one year after the date of issue of the Shares.
Options	325,000	From the Listing Date and ending the date that is two years after the Listing Date.
Performance Rights	250,000	From the Listing Date and ending the date that is two years after the Listing Date.

In summary, of the:

- 219,891,248 Shares on issue in the capital of the Company, 84,752,176 Shares will be subject to ASX escrow restrictions, comprising 38.54% of the total issued Shares;
- 325,000 Options on issue in the capital of the Company, 325,000 Options will be subject to ASX escrow restrictions, comprising 100% of the total issued Options; and
- 475,000 Performance Rights on issue in the capital of the Company, 250,000 Performance Rights will be subject to ASX escrow restrictions, comprising 52.63% of the total issued Performance Rights.

The Prospectus provided that 84,786,080 Shares will be subject to ASX escrow restriction. The reason why this figure is now 84,752,176 is because:

- the application of cash formula relief automatically applies to a Noteholder's (Scott Ryall's) Shares, which provides for a reduction in Shares subject to ASX escrow restriction by 50,000. That Noteholder has, in any case, agreed to voluntary escrow restrictions in respect of all of his Shares from the Listing Date and ending the date that is two years after the Listing Date (as described further below under the heading 'Voluntary Escrow'); and
- the 16,096 Shares which will be derived from the interest component (plus uplift) accrued on the face value of the Convertible Notes held by a Noteholder (Mary Kathleen Sherman in her own personal capacity and as trustee for the Lucille Emma Sherman Trust) which is subject to ASX escrow restriction from the Listing Date and ending 19 June 2026 was previously classified as voluntary escrow only (as this Noteholder has entered into voluntary escrow arrangements in relation to 100% of the Shares for the period from the Listing Date until the date that is two years after the Listing Date, which includes these 16,096 Shares, as described further below under the heading 'Voluntary Escrow')). This increases the ASX escrow restriction by 16,096.

### Voluntary escrow

A number of existing Shareholders have entered into voluntary escrow agreements in respect of 100% of the Shares (excluding any Offer Shares) that they will hold at Listing for the period from Listing until the release of the Company's 1H26 results.

JVL and the JVL Employees have agreed to voluntary escrow arrangements in relation to 50% of their Shares for the period from Listing until the date that is 3 months after the Listing Date.

Mary Kathleen Sherman in her own personal capacity and as trustee for the Lucille Emma Sherman Trust has agreed to voluntary escrow arrangements in relation to 100% of the Shares for the period from the Listing Date until the date that is two years after the Listing Date.<sup>1</sup>

Scott Ryall has also agreed to voluntary escrow arrangements in relation to 100% of his Shares for the period from the Listing Date until the date that is two years after the Listing Date.<sup>2</sup>

As disclosed in the Prospectus, one Noteholder has still not entered into a voluntary escrow deed in respect of 1,875,000 Shares it holds. These Shares will therefore not be escrowed.

The Company confirms that a total of 86,732,822 Shares will be subject to voluntary escrow restrictions for the periods set out in the following table:

Securities	Number	Voluntary restriction period
Shares	300,000	From the Listing Date and ending the date that is two years after the Listing Date.
Shares	6,531,250	From the Listing Date and ending the date that is 3 months after the Listing Date.
Shares	79,901,572	From the Listing Date and ending the date Infragreen's 1H26 results are released.
