

RAS Technology appoints Non-Executive Chair

RAS Technology Holdings Limited (ASX: RTH) ("RAS" or the "Company") is pleased to announce the appointment of highly experienced executive Mr Andrew Twaits as Non-Executive Chair, effective immediately. Mr Twaits brings over 25 years of distinguished leadership across legal, financial services, technology, and sports administration.

Mr Twaits is the Co-founder and Managing Director of Alt League, a company that specialises in AI and automation to streamline document management and authentication processes, regulatory compliance and anti-money laundering and counter-terrorism financing requirements for banks, professional services firms and other B2B enterprises. He was the co-founder and CEO of Betfair Australasia and Executive Chairman of digital banking joint venture Up, demonstrating an ability to successfully build and scale innovative businesses in highly regulated industries.

Mr Twaits was previously inaugural independent Chairman of the AFL Players' Association for over 7 years, a Director of Racing Victoria, and Group Executive at Bendigo and Adelaide Bank. Earlier in his career, he served as General Manager of Legal and Business Affairs at Cricket Australia (CA), where he was recognised as "Young Achiever of the Year" by the Australian Corporate Lawyers' Association.

As the Founder and managing Principal of The Strategy Canvas, Mr Twaits advised major corporations, including Wesfarmers, BHP, Super Retail Group and Australian Super, on digital and data transformation initiatives.

Current Interim Chair, Mr Gregory Nichols, will remain on the Board as a Non-executive Director.

Incoming Chair, Andrew Twaits, said: "Since signing a data partnership with RAS nearly 20 years ago, I've admired the progress the company has made in broadening its global reach through a world-class product set. None of this would have been possible without a pipeline of talented leaders, a strong culture and elite technical capability.

"Combined with a strong vision and industry relationships, I'm excited at the opportunities RAS has to drive more innovation and value for our partners and to engage racing and sports fans in new and productive ways."

Managing Director & Chief Executive Officer, Mr Stephen Crispe, said: "Andrew brings a depth of experience in the global racing and wagering industries to the Racing and Sports Board. His passion for technology, innovation and disruption to inefficient markets makes him an ideal Chair as the company continues its global expansion and evolution. I welcome Andrew to the Board as Chair and very much look forward to working with him."
