Corporate Governance

The Board is committed to conducting the business of Amotiv Limited¹ ("**Amotiv**") and its subsidiaries (the "**Group**") ethically and in accordance with high standards of corporate governance.

This Statement sets out the key elements of the corporate governance framework which has operated in the Group throughout the financial year ended 30 June 2025 ("**FY25**"), unless a different time frame is indicated.

The corporate governance framework of the Group is represented in the following diagram:

The Group's corporate governance framework is overseen by the Board and changes are made as required from time to time in response to changes in the Group's business or applicable legislation and standards. The Board and management take a "continuous improvement" approach to corporate governance within the Group.

Throughout this Statement, reference to the "**2025 Directors' Report**" are to the Directors' Report which can be found in the Appendix 4E and Financial Results relating to FY25, which can be found on ASX and on the Company's website here: www.amotiv.com/asx-announcements².

The Amotiv Appendix 4E and Financial Results for FY25 (published 13 August 2025), together with published Annual Reports, Modern Slavery Statements, investor presentations and the Amotiv website provide investors with further information about the Group and its strategy and governance.

The Directors hold the view that the corporate governance framework and practices comply with the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations* (4th edition, 2019) ("**ASX Corporate Governance Principles**"), except to the limited extent noted in the Appendix 4G (which indicates where the Group has disclosed the relevant information in compliance with the ASX Corporate Governance Principles). The Group's governance disclosures have been made in: this Corporate Governance Statement, the Appendix 4E and Financial Results for FY25 (including the 2025 Directors' Report, Remuneration Report and Sustainability Review and accompanying documents) and on the Group's website.

This Corporate Governance Statement and the associated Appendix 4G, were lodged with ASX on 13 August 2025.

1. Following shareholder approval at an Extraordinary General Meeting, the name of the Company changed from G.U.D.Holdings Limited to Amotiv Limited (ASX:AOV) on 24 June 2024. Accordingly the Group is now known as the "Amotiv Group".

2. The Appendix 4E and Financial Results for FY25, including the Directors' Report, is likely to be replicated within the Amotiv 2025 Annual Report, which is due to be published in mid September 2025.

The Board operates in accordance with the general principles set out in its Board Charter, which can be found in the corporate governance section of the Group's website at www.amotiv.com/corporate-governance. The Board Charter establishes the functions reserved to the Board and those delegated to Senior Executives, as described below. The Board reviewed the Board Charter during the year.

Role of the Board

The Board's role is to:

- a. represent and serve the interests of shareholders by overseeing and appraising the Group's strategies, policies and performance. This includes overseeing the financial and human resources the Group has in place to meet its objectives and reviewing management performance;
- b. protect and optimise Group performance and build sustainable value for shareholders in accordance with any duties and obligations imposed on the Board by law and the Group's Constitution and within a framework of prudent and effective controls that enable risk to be assessed and managed;
- c. set, review and monitor compliance with the Group's culture, values and governance framework; and
- d. keep shareholders informed of the Group's performance and major developments affecting its state of affairs.

While the Board retains ultimate responsibility for approving the strategy and overseeing performance of the Group, the day-to-day operations of the Group are conducted by, or under the supervision of, the Managing Director & Chief Executive Officer ("**Managing Director & CEO**") as directed by the Board. The Board has established a set of delegations of authority which give effect to this division of responsibility. These delegations are reviewed annually and were last reviewed and updated by the Board in May 2025. Authority to make operational decisions in the Group's Business Units are further delegated as appropriate by the Managing Director & CEO to senior management across the Group (including the Group's Chief Financial Officer ("**CFO**") and Divisional CEOs). The Managing Director & CEO and senior management are:

- a. responsible for implementing strategic objectives, plans and budgets approved by the Board; and
- b. accountable for matters within their delegated authority and for complying with any limits on that authority, including complying with the law and Group policies.

To assist the Board to maintain its understanding of the Business Units and to assess the performance of the management team, Directors regularly receive detailed briefings from the Managing Director & CEO, senior management and Divisional CEOs. They also regularly visit and conduct site safety walks and "town hall" meetings with staff at the Group's operating locations.

Directors receive comprehensive monthly reports from the Managing Director & CEO and the CFO, whether or not a Board meeting is scheduled. The Board has access to management and to auditors (external and internal) without management present, and rights to seek explanations and additional information from both management and auditors.

To fulfil this role, the responsibilities of the Board include:

- a. contributing to and approving management's development of corporate strategy, including approving the Group's financial and non-financial objectives;
- b. approving and overseeing the Group's purpose, values, and Code of Conduct and monitoring the corporate culture;
- c. setting strategic objectives, approving and monitoring business plans and operating budgets;
- d. monitoring corporate performance and management's implementation of the Group's strategy, the promotion of the Group's values and achievement of financial objectives;
- e. reviewing and monitoring systems and frameworks for risk management (for both financial and non-financial risks), internal control and ethical and legal compliance, having regard to key risk areas and the consequences of major risk events;
- f. appointing, evaluating from time to time the performance of, determining the remuneration of, and planning succession of, the Managing Director & CEO;
- g. satisfying itself that the Group's remuneration framework is aligned with the Group's purpose, values, strategic objectives and risk appetite;
- h. approving major capital expenditure, acquisitions and divestitures, and overseeing capital management, including approving dividend payments and issues of new securities;
- i. monitoring and reviewing management processes aimed at ensuring the integrity of financial and other reporting;
- j. approving financial reports, profit forecasts and other reports required at law or under the ASX Listing Rules to be adopted by the Board;
- k. overseeing the Group's process for making timely and balanced disclosure of all material information concerning the Group that a reasonable person would expect to have a material effect on the price or value of the Group's securities;
- l. setting and reviewing/overseeing the Group's governance policies;
- m. evaluating, at least annually, the performance of the Board, its Committees and individual Directors; and
- n. performing such other functions as are prescribed by law or nominated by the Board from time to time.

The Board also receives information about any noncompliance with the Anti-Bribery and Corruption Policy and any material disclosures under the Speak-Up (Whistleblower) Policy.

Composition and Skills of the Board

The Board, together with the Nomination Committee, determines the size and composition of the Board, subject to the terms of the Company's Constitution. The Board currently comprises seven Non-Executive Directors and one Executive Director (the Managing Director & CEO). Following the 2025 Annual General Meeting ("AGM") (to be held on 24 October 2025), the number of Non-Executive Directors will revert to six because the Chair, Graeme Billings, will retire as a Director and be succeeded as Chair by the Chair-elect, Mr James Fazzino on that day. During FY25 Carole Campbell (who was the Chair of the Audit Committee) retired from the Board and Raelene Murphy was appointed to replace her. David Coolidge was the interim Chair of the Audit Committee during the intervening period.

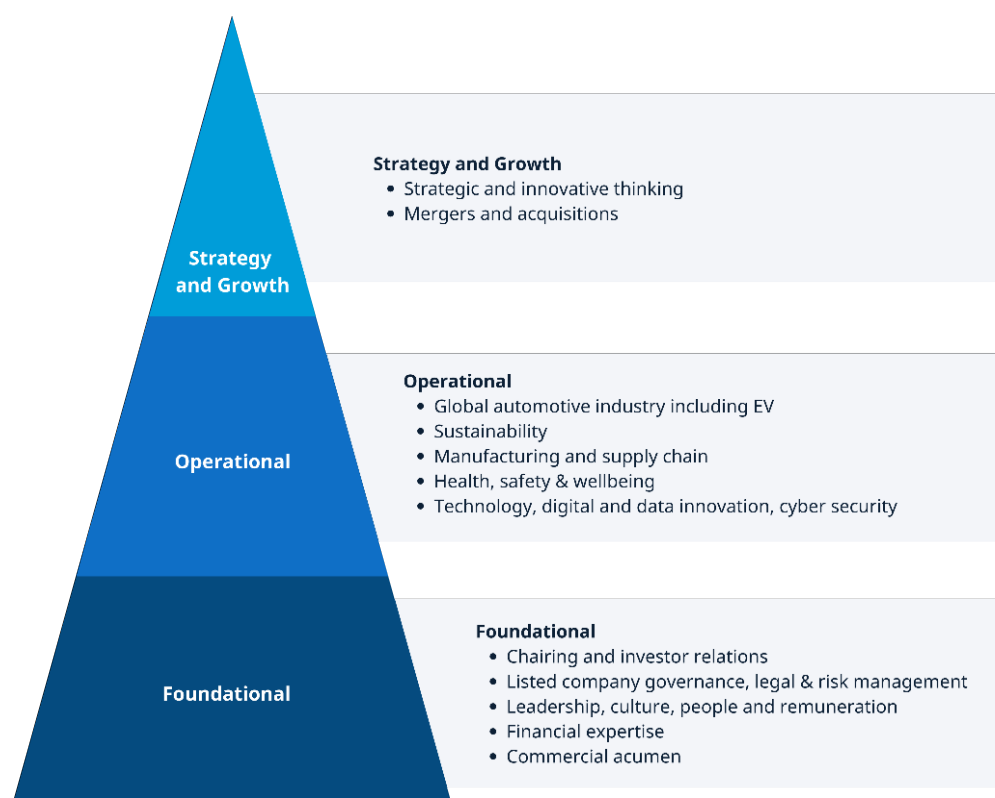

Details of the skills, experience and expertise of the Directors, and of the Company Secretary, as well as the period for which each Director has held their role(s) on the Board are set out in the 2025 Directors' Report.

The Board comprises a majority of independent Directors and comprises Directors with a broad range of skills, expertise and experience from a diverse range of backgrounds.

The Board, together with the Nomination Committee, will periodically (usually annually) review the skills, experience, expertise and diversity represented by Directors on the Board and on each Committee and determine whether the composition and mix remain appropriate for the Group's strategy and covers the skills needed to address existing and emerging business and governance issues relevant to the Group.

In making recommendations to the Board regarding the appointment of Directors, the Nomination Committee periodically assesses the appropriate mix of skills, experience and expertise required by the Board and assesses the extent to which the required skills and experience are represented on the Board. The Nomination Committee also takes qualitative factors into account, such as diversity and cultural fitness. To facilitate this process, the Board maintains a skills matrix and profile of existing Board members in order to guide the skills and experience criteria for any Board position to be filled. The Nomination Committee also considers succession plans for Directors more broadly as well as information resulting from the externally conducted performance reviews of the Board, its Committees and individual Directors as described in section 3.1 below. Where a potential 'gap' is identified in the backgrounds, experiences or skill sets that are considered desirable or necessary for the Board's continued effectiveness, this information is used to inform the selection of new Director candidates.

A summary of the breadth and depth of the Board's experience and skills appears below:

Skill/Experience	Number of Directors ¹	Board ² collective

1. Number of Directors with this Skill/Experience (out of a total of 7 Directors, noting that Mr Fazzino was not included in this analysis because it was conducted before he commenced as a Director on 1 August 2025)
2. Self assessment of Board collective level of this Skill/Experience: D - Developing, A - Adequate, E - Extensive

The Board, with the assistance of the Nomination Committee, will oversee succession planning for Board membership, appoint new Directors as appropriate and determine whether to support a Director's re-election. In the appointment of Directors, the Board has sought advice from independent sources and undertaken independent professional searches for suitable candidates possessing the appropriate range of skills, expertise and competencies. Appropriate reference and probity checks are undertaken before appointing a Director or a Senior Executive or putting forward for election a new Director.

During FY25, two new Non-Executive Directors were appointed following detailed examinations by the Nomination Committee and the Board of the skills required on the Board. The recruitment process in both cases was managed with the expertise of an external

recruitment advisor. These new Non-Executive Directors are Raelene Murphy who commenced on 1 March 2025 and James Fazzino (who commenced as a Non-Executive Director after the end of FY25 but before publication of this Statement, on 1 August 2025), who was recruited as the Chair-elect to succeed Graeme Billings (who retires from the Board in October 2025).

The Board is satisfied that the Board currently comprises Directors who collectively have the necessary skills and experience to discharge the Board's duties and perform its role for the Company, have a proper understanding of the current and emerging issues facing the Group, and who can effectively review and challenge management's decisions. The Board monitors whether there is a need for Directors to undertake professional development to maintain the skills and knowledge needed to perform their role effectively. The Group encourages Directors to attend educational sessions throughout the year on various relevant subjects, some of which are presented to them during Board meetings.

Independence

The Board has adopted a definition of independence, and has established Director Independence Guidelines, which reflect the factors set out in Box 2.3 of the ASX Corporate Governance Principles. These can be found in the Appendix to the Board's Charter which is available on the Amotiv website.

The Board regularly assesses the independence of each Non-Executive Director in light of information relevant to this assessment as disclosed by each Director.

The Board has determined that the Chair and all Non-Executive Directors (being, Graeme Billings (Chair), James Fazzino (Chair-elect), David Robinson, Jennifer Douglas, John Pollaers, David Coolidge and Raelene Murphy) are independent in accordance with these Director Independence Guidelines, being free of any interest, position or relationship that might influence, or reasonably be perceived to influence, in a material respect, their capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the entity as a whole (rather than in the interests of an individual security holder or other party).

The Board may determine that a Non-Executive Director is independent, notwithstanding the existence of an interest, position or relationship of the kind referred to in the Director Independence Guidelines. However, the Board will state the reasons for making any such determination.

Tenure is one of the factors that the Board considers when assessing the independence of Directors, but it is not determinative. The Board intends to maintain a mixture of tenures to ensure diversity of thought and experience and to balance corporate knowledge with new ideas. After ten years' service, the Nomination Committee or the Board considers and assesses the independence of a Non-Executive Director against the criteria in the Director Independence Guidelines. In particular, the Board has, in accordance with its policy in recent years, considered and determined the continued independence of two current Directors who have served as a Director for in excess of 10 years (being Mr Billings and Mr Robinson). The Board concluded that neither Mr Billings' nor Mr Robinson's independence has been compromised by their length of service on the Amotiv Board. It is noted that:

- Mr Robinson continues to bring an independent viewpoint to the Board, providing a valuable contribution, including from the perspective of global customers, markets and industry participants; and
- Mr Billings has announced his decision to retire from the Board on 24 October 2025.

The length of service of each Non-Executive Director of Amotiv as at 30 June 2025 is set out below:

Name		Appointment date	Length of Service (approx)
Graeme Billings	Non-Executive Director & Chair	20 December 2011	13.5 years
James Fazzino	Non-Executive Director & Chair-elect	1 August 2025	-
David Robinson	Non-Executive Director	20 December 2011	13.5 years
Jennifer Douglas	Non-Executive Director	1 March 2020	5 years
John Pollaers	Non-Executive Director	23 June 2021	4 years
David Coolidge	Non-Executive Director	25 June 2024	1 year
Raelene Murphy	Non-Executive Director	1 March 2025	4 months

A Non-Executive Director's term of office will, at all times, be subject to their election and re-election by shareholders as and when required by the Constitution, applicable law or ASX Listing Rules. The Board believes the separation of the roles of Chair and Managing Director & CEO and the predominance of independent Non-Executive Directors are appropriate.

Directors have agreed to advise the Board, on an ongoing basis, of any interest that could potentially conflict with those of the Group.

Access to independent advice

Subject to prior consultation with the Chair, Directors may seek independent advice from a suitably qualified expert at the Group's expense.

Directors' interests and benefits

Directors are not under any obligation to hold Amotiv Shares. Directors are able to salary sacrifice fees to purchase Amotiv Shares under the Non-Executive Director Equity Plan. The shareholdings of Directors as at 30 June 2025 are shown in the table below:

Amotiv Shares held beneficially				
Directors	Own name	Private company/trust	Total 30 June 2025	Total 30 June 2024
Graeme Billings	219	22,910	23,129	20,129
James Fazzino ¹	-	-	-	-
David Robinson	5,469	33,378	39,207	35,487
Jennifer Douglas	-	13,154	13,154	8,154
John Pollaers	-	19,050	19,050	9,050
David Coolidge	-	2,000	2,000	-
Raelene Murphy ²	-	-	-	-
Graeme Whickman ³	4,500	136,216	140,716	114,750

1. James Fazzino was appointed to the Board on 1 August 2025.
2. Raelene Murphy was appointed to the Board on 1 March 2025.
3. Excludes vested and unvested Performance Rights.

As shown above, each Director (other than Ms Murphy who recently joined the Board) increased his or her shareholding in the Company during FY25.

Election and re-election of Directors

Each Director (and Senior Executive) is formally appointed through a written agreement with the Group, which details the terms of their appointment. New Directors receive a comprehensive induction on Amotiv's corporate governance policies and their role and responsibilities as a Director. They also receive special briefings from Management and visit key operating sites to assist them to quickly understand Amotiv's Business Units.

All Directors (except the Managing Director & CEO) are elected by shareholders at the Annual General Meeting following their appointment and thereafter are subject to re-election at least once every three years. The Group provides shareholders with all material information relevant to the decision of whether or not to elect or re-elect a Director in its Notice of Annual General Meeting.

Executive Directors cease to be Directors when they cease to be executives.

Role of the Company Secretary

The Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board. The Company Secretary is responsible for coordination of all Board business, including agendas, Board papers, minutes, communication with regulatory bodies, ASX and all statutory and other filings.

Committees

To increase its effectiveness, the Board established Committees to undertake work in those areas of its responsibility where closer attention to particular matters is required. The role of the Committees is to consider and make recommendations to the Board on matters set out in each Committee's Charter. The Committees are: Audit Committee; Risk, Safety and Sustainability Committee; Remuneration, People and Culture Committee; and Nomination Committee. Each Committee's Charter is available on the corporate governance section of the Group's website at www.amotiv.com/corporate-governance. The Committee Charters were reviewed by the Board during the year. Details regarding the role of each Committee are set out in its Charter and are summarised below.

In respect of each Committee, the Committee members comprise at least three Non-Executive Directors, the majority of whom are independent, as appointed by the Board. The Committee Chair is required to be an Independent Director who (except in the case of the Nomination Committee) is not Chair of the Board. The Audit Committee Chair should also be a member of the Risk, Safety and Sustainability Committee. The composition of the Committees as at 30 June 2025 met these criteria and each Committee comprised all Non-Executive Directors. The Board may appoint additional Non-Executive Directors to the Committee or remove and replace members of the Committee by resolution. Members may withdraw from membership by written notification to the Board.

Under each Committee Charter, all Non-Executive Directors have a standing invitation to attend Committee meetings and have access to Committee papers, subject to conflicts.

The composition of each Committee as at 30 June 2025 are set out below and in the Group's 2025 Directors' Report. The qualifications and experience of the members of each Committee and details of the number of Board and Committee meetings held and attendance at these Board and Committee meetings during the financial year ended 30 June 2025, can be found in the Group's 2025 Directors' Report.

The Committees discharge their responsibilities by making recommendations to the Board. Committees do not have any executive powers to commit the Board to the implementation of its recommendations except where expressly stated in the Charter or as authorised by resolution of the Board. The Board has determined the division of responsibilities for overseeing risk between the Audit Committee and Risk, Safety and Sustainability Committee in the Charters for those respective Committees. During FY25 the responsibility for overseeing safety and whistleblowing frameworks were delegated by the Board to the Risk, Safety and Sustainability Committee. The Board had previously addressed these areas directly itself, but determined to delegate them to this Committee in recognition of the increasing attention and time required to undertake this work. In general terms, financial and financial assurance related risks are the responsibility of the Audit Committee and non-financial, safety, environmental and social risks are overseen by the Risk, Safety and Sustainability Committee.

Audit Committee¹

Raelene Murphy (Chair)
Graeme Billings
James Fazzino²
David Robinson
Jennifer Douglas
John Pollaers
David Coolidge

During FY25 Raelene Murphy succeeded Carole Campbell as the Chair of the Committee. (David Coolidge acted as Interim Chair during the period between Ms Campbell's resignation from the Board and Ms Murphy's appointment to the Board).

The Managing Director & CEO and Chief Financial Officer are expected to attend each meeting of the Audit Committee and a standing invitation is issued to the External Auditor and the General Counsel & Company Secretary. The Audit Committee Chair may also request that other senior managers and external advisers attend meetings of the Audit Committee.

All members of the Audit Committee must be financially literate and have familiarity with financial management and the Committee members between them must have the accounting and financial expertise and a sufficient understanding of the industry in which the Group operates to be able to discharge the Audit Committee's mandate effectively.

The Audit Committee's key responsibilities and functions are to review, report to, and where appropriate make recommendations to the Board in relation to:

- improving the credibility and objectivity of financial and other periodic corporate reporting;
- the appropriate selection and application of accounting policies;
- the effectiveness of the external audit function and providing a forum for communication between the Board and the external auditor;
- ensuring the independence of the external auditor; and
- the adequacy and effectiveness of financial risk management and internal financial controls.

The Audit Committee will consider any matters delegated or referred to it by the Board. The Audit Committee may request and/or review special audits or investigations as necessary.

The External Auditor is appointed by the Board, is approved by shareholders and continues to hold office in accordance with the requirements of the Corporations Act. The Audit Committee is responsible for reviewing the terms of appointment of the External Auditor and for making recommendations to the Board regarding the appointment of the External Auditor.

1. This section describes the Committee as at the date of this Statement except where otherwise specified.

2. James Fazzino was appointed to the Committee on 1 August 2025.

The Group has processes to ensure the independence of the External Auditor is maintained, such as the rotation of the external audit personnel and a Non Audit Services Policy, which was reviewed and updated during FY25. This Policy recognises that there may be circumstances where the External Auditor may be required to provide services beyond the traditional statutory audit process. It establishes a process for approval of Non-Audit Services which are provided by the External Auditor, by the Chief Financial Officer and, in respect of higher value Non-Audit Services, by the Chair of the Audit Committee, to ensure that the External Auditor's independence is maintained. The Policy sets out the factors to be considered when determining whether approval ought to be provided. The Policy also requires reporting to the Audit Committee of Non-Audit Services and sets out certain services which are generally prohibited.

During FY25 there were some Non-Audit Services provided to the Group by the External Auditor. These were approved in accordance with the Policy and the Board does not consider that any of them compromised the independence of the External Auditor.

The current External Auditor, KPMG, was appointed at the Annual General Meeting of the Group in 2006. Since then, in accordance with KPMG's own policy, there have been four partners by rotation managing the Group's audit. The current audit partner, Ms Maritza Araneda was appointed to that capacity following the 2021 Audit.

The External Auditor attends the Annual General Meeting and is available to answer shareholders' questions about the conduct of the audit and the preparation and content of the External Auditor's Report.

Risk, Safety and Sustainability Committee¹

David Coolidge (Chair)
Graeme Billings
James Fazzino²
David Robinson
Jennifer Douglas
John Pollaers
Raelene Murphy

During FY25 David Coolidge succeeded Jennifer Douglas as the Chair of the Committee.

By invitation, the Managing Director & CEO, Chief Financial Officer, General Counsel & Company Secretary, Chief People Officer, Chief Risk Officer and Chief Technology Officer attend most of the Risk, Safety and Sustainability Committee's meetings.

The Risk, Safety and Sustainability Committee's primary roles and responsibilities are to review, report to, and make recommendations to the Board in relation to:

- the risk appetite for the Group;
- the adequacy and effectiveness of the Group's risk strategy and risk framework (for both financial and non-financial risks) and supporting policies and processes to identify and manage the Group's risks;
- the adequacy and effectiveness of the Group's compliance management framework and supporting policies and processes to ensure compliance with the Group's legal and regulatory obligations including its Code of Conduct, Speak Up (Whistleblower) Policy and Anti-Bribery and Corruption Policy;
- the Group's Environmental Social & Governance ("ESG") and sustainability strategy and plan; and
- the Group's cybersecurity and Information Technology ("IT") strategy and plan.

Additionally, during the year, the following area was delegated by the Board to the Risk, Safety and Sustainability Committee:

- the Group's policies and frameworks in relation to workplace safety, health and wellbeing.

In respect of risk management, the Risk, Safety and Sustainability Committee works to develop the Group's risk strategy and appetite, reviews the Group's risk management framework annually, evaluating the approach to business continuity and disaster recovery, reviewing risk disclosures, considering internal controls for management of business risks, considering environmental and social risks and how the Group manages these and monitoring the risk culture of the Group. The Risk, Safety and Sustainability Committee also oversees the Group's compliance frameworks and insurance program.

1. This section describes the Committee as at the date of this Statement except where otherwise specified.

2. James Fazzino was appointed to the Committee on 1 August 2025.

Remuneration, People and Culture Committee¹

Jennifer Douglas (Chair)
Graeme Billings
James Fazzino²
David Robinson
John Pollaers
David Coolidge
Raelene Murphy

During FY25 Jennifer Douglas succeeded David Robinson as the Chair of the Committee.

By invitation, the Managing Director & CEO, Chief People Officer and the General Counsel & Company Secretary attend most of the Remuneration, People and Culture Committee's meetings (although they are respectively absent for any discussions which relate to their own remuneration or performance).

In accordance with its Charter, the primary responsibilities of the Remuneration, People and Culture Committee in respect of remuneration include to review and recommend to the Board on remuneration and incentive policies and practices regarding the level and form of remuneration of the Managing Director & CEO and senior management. This includes participation in the Group's incentive plans.

The Remuneration, People and Culture Committee oversees, reviews and makes recommendations to the Board in respect of, the Group's remuneration and superannuation policies and framework, incentive and equity plans and offers and awards under them.

The Remuneration, People and Culture Committee also reviews and recommends to the Board arrangements for Non-Executive Director fees, any appointment of a remuneration consultant and the annual remuneration report. It reviews and facilitates shareholder and stakeholder engagement in relation to the Group's remuneration policies and practices.

The responsibilities of the Remuneration, People and Culture Committee in respect of People and Culture include overseeing the Group's people strategies and policies related to recruitment, retention, termination, industrial relations, flexible working, growth and development, equal opportunity, diversity and inclusion and non-discrimination, reviewing the Group's culture and employee engagement results and action plans and overseeing senior leadership talent and succession plans and processes for the identification, promotion and retention of talent.

The Remuneration, People and Culture Committee also oversees the Group's diversity and inclusion strategies and objectives, including recommending to the Board measurable objectives for achieving gender diversity.

The Remuneration Report included in the Group's 2025 Directors' Report includes further details on the Group's remuneration policy and its relationship to performance.

Nomination Committee¹

Graeme Billings (Chair)
James Fazzino²
David Robinson
Jennifer Douglas
John Pollaers
David Coolidge
Raelene Murphy

By invitation, the Managing Director & CEO and the General Counsel & Company Secretary attend most of the Nomination Committee's meetings.

The responsibilities of the Committee are to assist the Board to develop and regularly review its Board Skills Matrix, to monitor the size and composition of the Board and, review the criteria for nomination as a Director, make recommendations to the Board regarding the process for reviewing the performance of the Board, its Committees and individual Directors, review Board succession plans, ensure sufficient processes are in place to support Director education and skills maintenance, review succession of the Managing Director & CEO and identify and recommend to the Board candidates for the position of Managing Director & CEO where required.

The Nomination Committee's role includes assisting the Board to identify qualified individuals for nomination to the Board in accordance with Attachment 2 to its Charter. That Attachment sets out the policy and procedure for selection and appointment of new Directors. During FY25 this policy and procedure was implemented by the Nomination Committee in respect of the appointment of Ms Murphy as an additional Non-Executive Director.

During FY25 the Nomination Committee also oversaw the review and update of the Board Skills Matrix (which can be found in the section Composition and Skills of the Board of this Statement).

1. This section describes the Committee as at the date of this Statement except where otherwise specified.

2. James Fazzino was appointed to the Committee on 1 August 2025.

Performance Evaluation and Remuneration

Performance evaluation

The Nomination Committee's role includes evaluating the performance of the Board, its Committees and individual Directors. This is done through an annual assessment - often internal, and periodically through an independent evaluation by an external consultant. Directors provide written feedback in relation to the performance of the Board, its Committees, and individual Directors and feedback is reported by the Chair of the Nomination Committee (in the case of an internal evaluation) or an external consultant (in the case of an external evaluation) to the Board following the assessment. The most recent external assessment was undertaken in late FY23. Given the changes in the composition of the Board during FY25 it was not considered the appropriate time to undertake another external assessment; however the Board intends to commission another external assessment at an appropriate time in the future.

No individual Director or executive is involved in deciding his or her own remuneration.

Senior Executives are also subject to an annual performance review in which performance is measured against agreed business objectives.

For the 2025 financial year, whilst conducting a remuneration review, the performance of the Managing Director & CEO was considered by the Board against achievement by the Business Units and the Managing Director & CEO of agreed objectives.

Whilst conducting a remuneration review in June 2025, the performance of the Group's Senior Executives during the 2025 financial year was reviewed by the Managing Director & CEO and by the Remuneration, People and Culture Committee.

More detail on the criteria against which the performance of the Managing Director & CEO and other executives are assessed is set out in the 2025 Remuneration Report which is included in the 2025 Directors' Report.

Director and Executive remuneration

Details of the policies and practices of the Group relating to remuneration of Non-Executive Directors and executive Directors and Senior Executives is set out in the 2025 Remuneration Report¹.

Remuneration levels are competitively set to attract and retain appropriately qualified and experienced personnel, in the case of both Non-Executive Directors as well as Executive Directors and Senior Executives. Performance, duties and responsibilities, market comparison and independent bench-marking are all considered as part of the remuneration review process.

Non-Executive Director remuneration is structured so that Non-Executive Directors do not receive any remuneration that is linked to the Group's performance, nor do they receive any retirement or termination benefits (other than superannuation in relation to those Non-Executive Directors for whom the Group makes statutory superannuation contributions).

Whilst the Board has not set any minimum shareholding requirement for Directors, it encourages Directors to own Amotiv Shares. Non-Executive Directors may participate in the Non-Executive Director Fee Sacrifice Plan, intended to assist Non-Executive Directors to acquire Amotiv Shares by regular deduction of payments from their fees. Under that Plan, an independent custodian acquires Amotiv Shares on a quarterly, uninformed basis, which are allocated to Directors under this Plan. The share ownership of the Directors as at 30 June 2025 is set out above in the Directors' interests and benefits section of this Statement.

The Group has in place a Short Term Incentive Plan and a Long Term Incentive Plan which are applicable to Executives but not Directors. These Plans are designed to appropriately balance the twin imperatives of short term performance outcomes and long term performance and shareholder value. Both are overlaid with strategic, sustainability objectives and are regularly reviewed to ensure alignment with shareholder interests and corporate governance principles. Further details of the Plans are set out in the 2025 Remuneration Report¹. In the case of both plans, the Rules provide the Board with wide discretion in relation to decisions about securities, targets and awards under the Plans. These include the discretion to reduce or extinguish (through lapse or forfeiture) securities (whether or not vested) to which a participant is entitled, where the participant has acted fraudulently, dishonestly, engaged in gross misconduct or an act which has brought the Company into disrepute, has breached duties or owes money to the Company, is convicted of an offence or where vesting is not justified in certain circumstances.

The Board's aim is to establish and oversee the Incentive Plans so that the targets and award outcomes align with shareholder expectations and reflect shareholders' experience as investors in Amotiv. The Board has adopted a set of Guidelines for its exercise of discretion under the Plans which reflects these aims. These Guidelines were reviewed by the Remuneration, People and Culture Committee during FY25.

The Rules for these Plans were substantially reviewed and updated for current market practice for the FY25 year. There is one set of Rules which govern the Plans and the Group's employee share purchase (salary sacrifice) plans. They include provisions that prohibit participants entering into transactions (whether through the use of derivatives or otherwise) which limit the economic risk associated with holding a security under the Plans. The Rules also prohibit participants from dealing in unvested securities issued under the Plans unless the Board determines otherwise or the dealing is required by law.

Risk Management and Internal Controls

Risk management framework

In brief, the Group's risk management framework is designed to ensure alignment between the Group's strategy and the decisions made, supporting the Group to manage risk in accordance with the risk appetite set by the Board. The risk management framework was reviewed during the year.

During FY25 the Risk, Safety and Sustainability Committee oversaw the Group's risk management frameworks. During the year, the Board expanded the scope of work of the Risk, Safety and Sustainability Committee to include overseeing health, safety and wellbeing (HSW) risk (hence that Committee is now known as the Risk, Safety and Sustainability Committee). This decision recognises the increasing volume of Board work which is attributable to HSW, and its importance.

When considered appropriate, if it is possible and practicable to transfer a particular risk through the purchase of insurance, the Group carries insurance which the Board considers is sufficient for the size and nature of the Group's businesses. The Group's portfolio of insurance is annually reviewed by the Board, with the advice of the appointed broker. As a result of this review during FY25, the scope of product recall coverage was expanded and there was a focus on aligning policies across the various international jurisdictions in which the Group operates.

The way in which risk is governed, the maturity of risk management and the material business risks of the Group are discussed in the Group's 2025 Operating and Financial Review¹.

During FY25, in addition to other risk review work, an external assurance review was undertaken in relation to the Group's product risk and the Board approved the adoption of a safety culture framework.

Decisions on financial risk management, and especially the strategies applied to currency risk management, are overseen by the Audit Committee and are operationally managed by the Group Financial Risk Management Committee, chaired by the Chief Financial Officer, in accordance with policies, procedures and limits. During FY25, the Audit Committee reviewed the financial management policies and management established an Investment Committee (comprising the Managing Director & CEO, the Chief Financial Officer and the Chief Strategy and Sustainability Officer). This body will formalise the process for reviewing capital expenditure decisions within the Group and will operate consistently with the Board's delegated authorities.

Across the Group, focus remains on Business Units maintaining and testing their IT disaster recovery plans. Where no formal plans are in place, there are alternative backup and recovery processes in place for key systems which are regularly tested.

Internal assurance

The Group does not currently have an internal audit function. During FY25, the Risk, Safety and Sustainability Committee determined that adequate risk assurance activities occurred across the Group, or were planned, such that no internal audit function was considered necessary. Nevertheless the internal Risk function evaluates and continually oversees risk management and internal control processes across the Group, under the oversight of the Risk, Safety and Sustainability Committee.

Additionally, the Board has determined that an internal audit function, called Business Risk Assurance, will be established during FY26, overseen by the Chief Risk Officer. This function will be largely outsourced and will undertake independent assurance activities approved by the Audit Committee.

The Audit Committee will continue to oversee the Group's integrated assurance approach, including the Business Risk Assurance function which is to be established. The Committee takes a risk-based approach and will continue to adopt first, second and third (independent) line assurance activities across the Group.

Environmental and social sustainability risks

The Group has long-term exposure to environmental and social sustainability risks, particularly those associated with internal combustion engines. The Group's long term exposure includes areas related to physical and transitional climate risks. The Group also focuses on health, safety and wellbeing risks and invests heavily in managing these risks. More detail on these risks is provided in the Group's 2025 Operating and Financial Review¹.

The Group continues to take steps to address identified environmental, social and governance related risks. These risks, together with how the Group manages them are detailed in the Group's 2025 Sustainability Review².

1. The 2025 Operating and Financial Review can be found within the Appendix 4E and Financial Results for FY25, which was lodged with ASX on 13 August 2025 and can be found on ASX and on the Amotiv website.
2. The 2025 Sustainability Review can be found within the Appendix 4E and Financial Results for FY25, which was lodged with ASX on 13 August 2025 and can be found on ASX and on the Amotiv website.

Integrity and Diversity

Integrity, ethical standards and compliance

The Group is committed to practising high standards of business conduct and corporate governance. The Board considers that the Group's reputation for honesty, integrity, excellence and fairness is one of the Group's most important assets.

The Board has adopted and approved a suite of governance policies which support its governance frameworks across the Group.

The Board believes it is important to provide a clear set of values that emphasise a culture of strong corporate governance, responsible business practices and good ethical conduct. To this end, the Group has a Code of Conduct, which sets out the values of the Group and applies to all employees. It includes policies and standards on issues of business ethics and integrity and individual behaviour. The Group also has in place an Anti-Bribery and Corruption Policy which reflects the standards set out in the Code of Conduct. Both the Code of Conduct and the Anti-Bribery and Corruption Policy were reviewed and updated by the Board during FY25.

The Group's Speak Up (Whistleblower) Policy provides a conduit for stakeholders in the Group to alert the Board to any instances of misconduct. This Policy was prepared with the advice of external lawyers and in line with ASIC guidance as to such policies. It was also reviewed by the Board during FY25.

The Group's Ethical Sourcing Code is intended to assist the Group's Business Units to identify and select preferred suppliers that demonstrate a commitment to ethical labour practices, health and safety, non-discrimination, and environmental management. It is currently being reviewed.

The Group has a Continuous Disclosure Policy which is discussed further below. It was substantially reviewed and updated during FY24. The Board has also adopted a Securities Trading Policy (which was substantially reviewed and updated during FY24).

All the above-mentioned policies can be found in the corporate governance section of the Group's website at www.amotiv.com/corporate-governance. During FY25, the Group upgraded and replaced with more effective, global reach, its online compliance training module about its Code of Conduct. The replacement of other modules is in progress, many of which will enhance and reflect the governance policies referred to above. Any material breaches of these governance policies are reported to the Board.

Also during FY25 the Board adopted a new Board Conflicts of Interest Guidelines (to replace the previous Board Code of Conflict - Conflicts of Interest). This document, in conjunction with the processes for reporting of Director's interests in other businesses upon appointment and annually each year, assists the Board to ensure it is aware of, and manages appropriately, any conflict of a Director's personal interests with those of the Company.

Diversity and Inclusion

The Group is committed to being an inclusive workplace that values and promotes diversity and inclusion.

Encouraging and fostering diversity and inclusion enables Amotiv to attract and retain people with the best skills and attributes, and to develop a workforce that is best placed to deliver value to our shareholders, customers and the communities we serve.

The Group's focus on diversity and inclusion is a key enabler of the Group's *Thriving People* strategic pillar. Supporting the attraction and retention of broader people demographics increases the diversity of thought and helps drive the creation of a high performing, highly engaged, diverse workforce across the Group.

The Group's Diversity and Inclusion Strategy is available on the Group's website under "Diversity, Equity and Inclusion". This strategy outlines its commitment to improving diversity and inclusion across the Group and supplements our work environment policies and standards, including as set out in the Amotiv Code of Conduct.

In relation to the Board and executives, the Diversity and Inclusion Policy (Measurable Objectives) sets out the measurable objectives established in line with the Group's organisational context and the industries in which it participates. These are reviewed by the Remuneration, People and Culture Committee each year. A copy of this policy is available on the Amotiv website at www.amotiv.com/corporate-governance.

The measurable objectives for achieving diversity and inclusion which were in place for the 2025 financial year, and the Group's progress in achieving them, are set out below:

Objective	Initiatives to achieve the objective
Objective 1	
As a general principle, the recruitment/selection process for Board candidates will:	Objectives incorporated into recruitment/selection processes
<ul style="list-style-type: none"> a. have as a primary focus securing the skills required; and b. ensure that the candidate pool reflects a diversity of backgrounds, knowledge, experience and perspectives and has no undue restrictions for representation. 	
The measurable objective in this process will be (whether or not a recruitment consultant/executive search firm is engaged on a Board candidate search) that the Chair of the Nomination Committee establishes:	
<ul style="list-style-type: none"> i. a confidential listing of all candidates available for possible consideration applying the Board-mandated skills/experience criteria for the particular Board position to be filled – together with a statement of percentage female and/or gender diverse representation in the listing; and ii. a confidential listing of all candidates recommended to the Board for personal interview – together with a statement of percentage female and/or gender diverse representation. 	
This listing is available to be shared with Board members.	
Progress toward the objective: Objective met in respect of the recruitment of two Directors during the year.	
Objective 2	
To facilitate this process, the Board will maintain a skills matrix and profile of existing Board members in order to guide the development of the skills/experience criteria for any Board position to be filled.	Board Skills Matrix maintained
Progress toward the objective: The matrix (which was substantively rewritten and upgraded during FY24) was reviewed during the year.	
Objective 3	
The Board will, having regard to the profile and timing of the appointment and retirement of Directors, endeavour to have a minimum of thirty percent (30%) of female members on the Board.	Objectives incorporated into recruitment/selection processes
Progress toward the objective: Objective substantially achieved.	
33% of Directors were female until 25 June 2024 when an additional male Director, Mr David Coolidge, was appointed, resulting in the proportion of female Board members falling just below the 30% target, to 29% as at the start of FY25.	
With the retirement of Ms Carole Campbell from the Board at the 2025 AGM, there was a temporary reduction in the proportion of female Directors until Ms Raelene Murphy was recruited to replace Ms Campbell, from 1 March 2025.	
Accordingly, as at 30 June 2025, the proportion of female members of the Board was again at 29%, which substantively meets the target 30%.	
The Board has appointed a male Director, Mr James Fazzino, who commences on 1 August 2025, to replace the current Chair, Mr Graeme Billings, who will retire at the 2025 AGM in October 2025. Although this will result in a temporary reduction in the proportion of female Directors on the Board (between 1 August and 24 October 2025), from the 2025 AGM that proportion will revert to the current level of 29%.	
Objective 4	
At the executive level, the recruitment/selection process will:	Objectives incorporated into recruitment/selection processes
<ul style="list-style-type: none"> • have as a primary focus securing the requisite skills and experience required, with fair and merit-based decisions determining candidate selection; and • ensure that the candidate pool reflects a diversity of backgrounds, knowledge, experience and perspectives and has no undue restrictions for representation. 	
A recruitment consultant/executive search firm will not necessarily be engaged for each role. However, where engaged, the recruitment consultant/executive search firm must be instructed to provide the Managing Director & CEO a confidential listing of all candidates recommended by the search firm for consideration for personal interview – together with a statement of percentage female and/or gender diverse representation.	
Progress toward the objective: Objective met in relation to several senior appointments during the year.	

Amotiv is steadfast in ensuring equitable pay for employees. It conducts regular role-based gender pay gap analysis, ensuring it closes any gaps which were found to exist. The Group is a "relevant employer" under the Workplace Gender Equality Act. The Group discloses on its website each year its Gender Equality Indicators and its Employer Statement published under that Act (most recently, in February 2025) in respect of the 2024 calendar year.

The Group encompasses an employee population of some 2,000 people in various jurisdictions around the world. The gender split (to the best of our knowledge, given that we do not require our people to disclose to us their gender) is:

Level	Proportion of males %	Proportion of females %	Proportion of non-binary %
Non-Executive Directors	67.00%	33.00%	0.00%
Board	71.00%	29.00%	0.00%
Senior Executives ¹	80.00%	20.00%	0.00%
Senior Leadership Group ²	77.00%	23.00%	0.00%
All Employees	77.17%	22.67%	0.16%

1. Senior Executives the members of the Amotiv Divisional Leadership Group.

2. Senior Leadership Group comprises the Divisional CEO, finance, operations and people and culture leader of each Business Unit and some Amotiv corporate office leaders.

The Company is a "relevant employer" under the Workplace Gender Equality Act. Its "Gender Equality Indicators" are available on the Amotiv website.

Communication with shareholders

Continuous Disclosure

The Board takes its continuous disclosure obligations very seriously and complies with them. These obligations are considered at every Board meeting and at any other time in the event of material information becoming known to the Board which may have an effect on the price or value of Amotiv Shares. The Board has approved a Continuous Disclosure Policy for compliance with its continuous disclosure obligations which is available on its website. This Policy guides the Directors and senior management throughout the Group about actions necessary to ensure compliance with the continuous disclosure requirements. It establishes a Continuous Disclosure Committee, with processes to support the Company's compliance with its continuous disclosure obligations.

Shareholder Communications

To facilitate effective two-way communication with shareholders and investors, the Group has an investor relations program, led by the Chair, the Managing Director & CEO and the Chief Financial Officer, and informed by an external investor relations consultant. This program includes engagement between Directors and executives with investors and with their representative and proxy firms. In particular, the Chair, Chair of Remuneration, People and Culture Committee and Company Secretary meet regularly with proxy advisory and shareholder representative firms, including prior to the AGM each year. During 2025, these Directors and the Chief People Officer also met with some major investors. These meetings allow the Directors to hear directly about shareholder perspectives.

The Managing Director and CFO present to investors via webinar at the time of each financial results announcement and meet with investors immediately afterwards. They also attend investor engagement events arranged by third parties.

In FY25, the program also included a "trading update and outlook" announced to ASX in April 2025, followed by a presentation by the Managing Director & CEO and the Chief Financial Officer via webcast. Also in April, investors were given the opportunity to tour one of the Group's manufacturing sites in Thailand and to engage with management during that visit. Presentations were also made to investors at the 2024 AGM.

Through the program, the Group disseminates information to shareholders (including ASX announcements, webcasting results presentations and its website). All material information is released to ASX immediately before any presentations are made.

Also, investors are engaged through the following:

1. the Group makes available the Directors' Report within the full year results announcement materials and in the Annual Report which is available to all shareholders by mail or electronically;
2. the Group makes available information relating to the Group, including the Annual Report, the Corporate Governance Statement, results and other major ASX announcements, Board and Committee Charters and governance policies on the Group's website at www.amotiv.com, under "Investor Centre";
3. the Managing Director & CEO and the Chief Financial Officer host a webcast of the Group's financial results half-yearly at which attendance online is open to anyone; these Executives are available during these webcasts to directly engage with the Group's shareholders and investors;
4. the Chair is available to speak with, and may periodically engage with, shareholders, to provide independent third-party feedback to the Board from the investment community;
5. the Group and the Board engages with an investor relations adviser who provides input to external communications feedback gathered from engagement with investment professionals such as fund managers and investment analysts;
6. individual shareholders are given an opportunity to raise questions at general meetings of shareholders, including the Annual General Meeting (which is held both in person and online), before or during the meeting, in person or electronically. The Group encourages full participation of shareholders to engage about the Group's strategy and performance. The Group also invites the external auditor to attend the Annual General Meeting to answer shareholder questions about the conduct of the audit, and the preparation and content of the auditor's report; and
7. there is regular dialogue with institutional investors and any presentation material is contemporaneously made available to all shareholders by announcement to the ASX.

Shareholders who wish to receive and send communications from and to the Group and its share registry electronically can do so by contacting the Company Secretary on companysecretariat@amotiv.com or the share registry, Computershare, at www.investorcentre.com.

Integrity of Corporate Reports

The Managing Director & CEO and Chief Financial Officer provided to the Board, in respect of the Group's half year results for the period ended 31 December 2024 and full year results for the period ended 30 June 2025, declarations that, in their opinion:

- a. the Group's financial records have been properly maintained in accordance with the Corporations Act;
- b. the Group's financial reports present a true and fair view in all material respects of the Group's financial condition and operating results and that they are in accordance with relevant accounting standards and the Corporations Act; and
- c. their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

The Group provides shareholders with the following unaudited periodic reports: Directors' Report, Sustainability Review, Modern Slavery Statement and this Corporate Governance Statement. The Group has an internal review and approval process to verify the integrity of the information disclosed in these reports. In the cases of the Operating and Financial Review (which forms part of the Directors' Report) and the Sustainability Review, the External Auditor reads these and provides any drafting comments (this is not, however, an audit review of those documents). All these documents are prepared by management and reviewed and approved by the Board before being published.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.
