¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

ASX Corporate Governance Council Principles and Recommendations 4th edition

This Corporate Governance Statement was approved by the Dexu Asset Management Limited Board ("Board") on 13 August 2025.

The Dexu Platform (the Platform) has implemented a corporate governance framework that applies to all funds including Dexu Convenience Retail REIT ("DXC") and Dexu Industria REIT ("DXI") ("the funds"). Dexu Asset Management Limited ("DXAM") acts as Responsible Entity for the Managed Investment Schemes of both DXC and DXI.

These funds benefit from leveraging Dexu's funds and property and asset management expertise to drive growth and performance.

Dexu (and the Board of DXAM) believe that good corporate governance supports:

- A culture of ethical behaviour resulting in an organisation that acts with integrity
- Improved decision-making processes
- Better controls and risk management
- Improved relationships with stakeholders
- Accountability and transparency

The framework adopted by Dexu meets the requirements of the ASX Corporate Governance Principles and Recommendations Fourth Edition ("ASX Principles") and addresses additional aspects of governance which Dexu (and the Board of DXAM) consider important.

The framework, as summarised in the Statement, has been designed to ensure that the funds meet ongoing statutory obligations, and the DXAM Board discharges its responsibilities to all stakeholders and acts with compliance and integrity.

Our commitment and Fund overview

Dexu Industria REIT ("Fund") is comprised of the following four trusts and one company (including their various subsidiary trusts and companies):

- Industria Trust No. 1
- Industria Trust No. 2
- Industria Trust No. 3
- Industria Trust No. 4
- Industria Company No. 1 Ltd ("IC1")

Security holders in the Fund hold a unit or share of each of the above entities that are stapled together, such that an individual unit or share in one of the above entities may not be transferred or dealt with without the others. The Fund is listed on the Australian Securities Exchange ("ASX") under code DXI.

DXAM is the Responsible Entity of each of the four trusts. The boards of DXAM and IC1 co-operate to ensure that the interests of the Fund are aligned, and therefore, have adopted the same practices and processes. For simplicity, in this Corporate Governance Statement, all reference to DXAM, Responsible Entity, Board or Fund should be read as including and referring also to IC1 and its board of Directors and governance practices, wherever the context permits and unless otherwise stated.

DXAM is committed to achieving and demonstrating the highest standards of governance. The Fund's Corporate Governance Statement ("Statement") has been prepared in accordance with the ASX Principles, and any departure from these ASX Principles are stated below.

This Statement outlines the main corporate governance practices in place throughout the financial year from 1 July 2024 to 30 June 2025 ("Reporting Period") and incorporates the requirements of market regulators, adopted codes and charters, documented policies and procedures and guidance from industry best practice.

As DXAM and the Manager do not employ staff directly, the necessary management and resources for the operation of the Fund for the Reporting Period were provided by Dexu. For this reason, staff are governed by Dexu policies. To assist stakeholders in accessing key documents outlining DXI's approach to corporate governance, the policies, charters and codes referred to in this Statement are available on the Dexu website at www.dexu.com/corporate-governance and the Fund's website at www.dexu.com/industria.

This information is updated throughout the year, as policies and procedures are reviewed.

1.1 Board responsibilities

The framework adopted by Dexus ensures accountability and a balance of authority by defining the respective roles and responsibilities of the Board and Executive Management, including delegated authority (as outlined in the Charter for the Board and the Executive Committee).

The Board is responsible for the overall management and governance of the Fund. The Board is governed by DXAM and the Fund's Constitutions, the Compliance Plan, the Corporations Act 2001 (Cth), ASX Listing Rules, its Australian Financial Services Licence and all applicable laws.

The Board has expressly reserved its powers in relation to certain matters and has delegated its powers in relation to other matters to management which enables the Board to maintain a focus on strategic guidance while exercising effective oversight. The Board has delegated the day-to-day management of the Fund to the Executive Committee and Senior Executives, including the Fund Manager, all of whom are required to work within authority limits and delegations set out in the Operating Limits or otherwise by way of decisions and determinations of the Board. These delegations are reviewed on a regular basis.

The Board has adopted a Charter that details the functions and responsibilities of the Board. The Board's Charter is available at www.dexus.com/industria.

The Board's responsibilities include (but are not limited to):

- Approving (in consultation with Management) the strategy of the Funds for which it acts as Responsible Entity
- Approving the funding strategy and borrowing limits of the Funds for which it acts as Responsible Entity
- Providing leadership to, and challenging Management while overseeing the implementation of the Funds' strategy
- Approving periodic market guidance and ensuring the Funds make timely and balanced disclosures to the market of all material information
- Approving the financial statements and ensuring appropriate financial controls are in place to support the integrity of accounting and reporting systems
- Approving significant acquisitions, divestments, capital expenditure and developments of the Funds for which it acts as Responsible Entity
- Approving the Compliance Management Framework and Risk Management Framework (including Risk Appetite Statement)
- Overseeing compliance with regulatory requirements and Dexus's Code of Conduct including Management's approach to address conduct that is materially inconsistent with Dexus's values and Code of Conduct
- Appointing the Chair of the Board
- Approving the appointment of the Company Secretaries

Non-Executive Directors are entitled to take independent advice at the cost of Dexus in relation to their role as members of the Board.

1.2 The role of the Chair and appointment processes for Directors

The role and responsibility of the Chair includes leading the Board, facilitating the effective contribution of all Directors, and promoting constructive and respectful relations between Directors, and between the Board and Management. The Chair is also responsible for promoting the interests of the Fund to investors and regulators. The Chair agrees the agenda of all Board meetings including the time allocated to each agenda item.

The Board of DXAM and IC1 comprises four Non-Executive Directors (including the Chair) and one Executive Director.

The Board of IC1 has determined that all Directors will stand for election by investors. If a nominated Director fails to receive a majority vote, that Director will cease to be appointed to the Board of IC1.

DXI investors are provided all material information relevant to a decision on whether to elect or re-elect a Director. The Director seeking re-election will, at the AGM, speak to their intentions and provide further background information and confirmation that they have maintained independence and will continue to devote the appropriate time to fulfil their responsibilities.

Non-Executive Directors will hold office for three years following their first appointment (or, if appointed by the Board between Annual General Meetings, from the date of the Annual General Meeting after the initial appointment). Where a Director seeks to extend their appointment past the initial three-year period, and the Board is in agreement, re-election will be sought at the next AGM.

At the time of appointment, each Non-Executive Director is required to sign a letter of appointment which sets out the terms and conditions of appointment. The letter outlines the term of office, requirements for independence, role and responsibilities.

Executive Directors, Senior Executives and other members of the Executive Committee are also required to enter into an employment agreement setting out their terms of employment.

Background checks of newly appointed Non-Executive Directors are conducted and include:

- National Police Check
- ASIC Banned and Disqualified Register check
- ASIC Authorised Representative search
- ASIC Enforceable Undertaking Register search
- APRA Disqualified Register check
- Directorships check
- AML/CTF Global Official Lists check (sanctions list)
- Public Records check
- Academic Qualification check
- Employment History check
- Bankruptcy Record check

The process for selecting and appointing new Directors to the Board can be found at www.dexus.com/corporate-governance.

1.3 Company Secretaries

Company Secretaries play an important role in supporting the effectiveness of the Board and Board Committees. Company Secretaries are appointed by the Board and are responsible for ensuring the smooth running of the Board and Board Committees and that governance matters are appropriately addressed. They are accountable to the Board, through the Chair, Dexus's Group CEO & Managing Director and the Chair of the Audit, Risk & Compliance Committee (ARCC) on all matters relating to the proper functioning of the Board and the ARCC. A Company Secretary attends all meetings. All Directors have direct access to the Company Secretaries for guidance and assistance.

In addition to being a Company Secretary, the Head of Governance is also responsible for the development and oversight of governance and company secretarial arrangements across the Dexus Platform, ensuring that Dexus continues to meet legislative requirements, industry best practice and the Board's governance expectations.

1.4 Executive Committee responsibilities

The Dexus Board has appointed an Executive Committee, led by the Group CEO & Managing Director, responsible for setting Dexus's purpose, values and strategy and achieving Dexus's goals and objectives, including the prudent financial and risk management of the Dexus Platform. The Executive Committee generally meets weekly.

At the date of this statement, the members of the Executive Committee are:

- Group Chief Executive Officer & Managing Director (Committee Chair)
- Chief Financial Officer
- Chief Investment Officer
- Chief Operating Officer
- Chief People Officer
- Executive General Manager, Fund Capital & Product Development
- Executive General Manager, Funds Management
- Executive General Manager, Growth Markets
- Executive General Manager, Industrial
- Executive General Manager, Office
- Executive General Manager, Retail

1.5 Diversity

Dexus supports a diverse and inclusive workplace and has created a culture that is flexible and adaptive to the changing needs of its industry. Dexus is committed to diversity and inclusion principles. Where professional intermediaries are used to identify or assess candidates, they are made aware of Dexus's commitment to diversity and inclusion.

Dexus is committed to building a culturally inclusive workplace and continues to monitor the diversity of its workforce across a range of factors including cultural background, country of origin, sexual orientation, gender identity and age.

Diversity targets are approved by the Dexus Board annually. Progress against targets is regularly reported to the Executive Committee and Dexus's Board People and Remuneration Committee.

Dexus publishes annual statistics on the diversity profile of its Board and senior management, including a breakdown of the type and seniority of roles performed by women. This information is available at www.dexus.com/corporate-governance.

Dexus acknowledges and fulfils its obligations under relevant employment legislation including the Workplace Gender Equality Act 2012 (WGEA).

Dexus lodged its 2025 WGEA report containing its most recent Gender Equality Indicators and a copy is available on Dexus's website at www.dexus.com.

Dexus has set a gender diversity target that at least 33% of Non-Executive Directorships are to be held by women and a 40:40:20 target (40% male, 40% female, 20% any gender) for senior and executive management by 30 June 2027.

As at the date of this statement, women on the Board of DXAM and IC1 represented 75% of Non-Executive Directors and 38% of Senior and Executive Management roles across Dexus. Women comprise 57% of Dexus's overall workforce.

Dexus is mindful that the percentage of women in senior and executive management roles has not met the target and continues to put in place initiatives to increase female representation at these levels of the organisation. Dexus remains committed to advancing gender equality and to working to achieve the 40:40:20 target at senior and executive management levels. Dexus's definition of 'Senior Management' is disclosed in its Diversity Target which is available at www.dexus.com/corporate-governance.

To support our progress and contribution in driving gender equality within Dexus and across the industry as a whole, Dexus is a member of the Champions of Change Coalition. The Coalition's current focus is on collectively driving gender equality in the property industry. This has resulted in members implementing initiatives to increase the number of women in leadership roles and to close the gender pay gap.

Dexus's Future Leaders in Property program provides high school girls with exposure to the property industry to encourage subject selection and education pathways to build the future pipeline of female talent into the industry. The program provides students with a unique opportunity to hear from female leaders in property and learn more about careers through our assets and development pipeline.

Flexibility at Dexus provides every employee with the opportunity to have a say in when, how, or where their work is performed. Dexus supports and encourages flexible work practices to improve personal wellbeing and employee engagement, improve team performance and motivation, maximise productivity, retain talent, and encourage an organisational culture of diversity and inclusion.

Dexus's Inclusion and Diversity Policy is available at www.dexus.com/corporate-governance.

1.6 Performance of the Board

The Dexus Board Nomination and Governance Committee oversees the DXAM Board performance evaluation program. The evaluation process looks at the performance of the Board and ARCC. Individual Director performance is also evaluated. Where feedback is sought on the performance of the Chair of the Board, results will be provided to the Chair of the Dexus Board. When appropriate, an independent advisor is retained to conduct the evaluation. Any areas for improvement identified in the performance evaluation process are agreed by the Dexus Board Nomination and Governance Committee which oversees the implementation of process enhancements.

In 2025, the Board appointed an independent advisor to undertake the Board performance evaluation. The results were formally presented by the independent advisor to the Chair of the Board and the Non-Executive Directors.

The Board continues to perform its role and responsibilities in accordance with the Board Charter.

Dexus also has a process for evaluating the performance of the Group CEO & Managing Director and its other Senior Executives which will be disclosed in Dexus's Remuneration Report. For a description of the performance evaluation process, please refer to the Dexus Remuneration Report which is contained in the 2025 Dexus Annual Report which is available at www.dexus.com/dxs.

2.1 Dexus corporate governance structure

The Board has established an Audit, Risk & Compliance Committee ("ARCC") to assist in discharging its responsibilities.

As part of the Dexus Platform, Dexus's Board Nomination and Governance Committee, Board People and Remuneration Committee and Board Sustainability Committee also assist the Board in discharging its responsibilities.

Board and ARCC membership and responsibilities are reviewed regularly to ensure maximum effectiveness. The Charters for the Board and ARCC are reviewed at least annually.

Each Board (and ARCC) meeting considers improvements to reporting or processes that would benefit the Board or ARCC, as well as any items that require immediate reference to the regulator (where applicable).

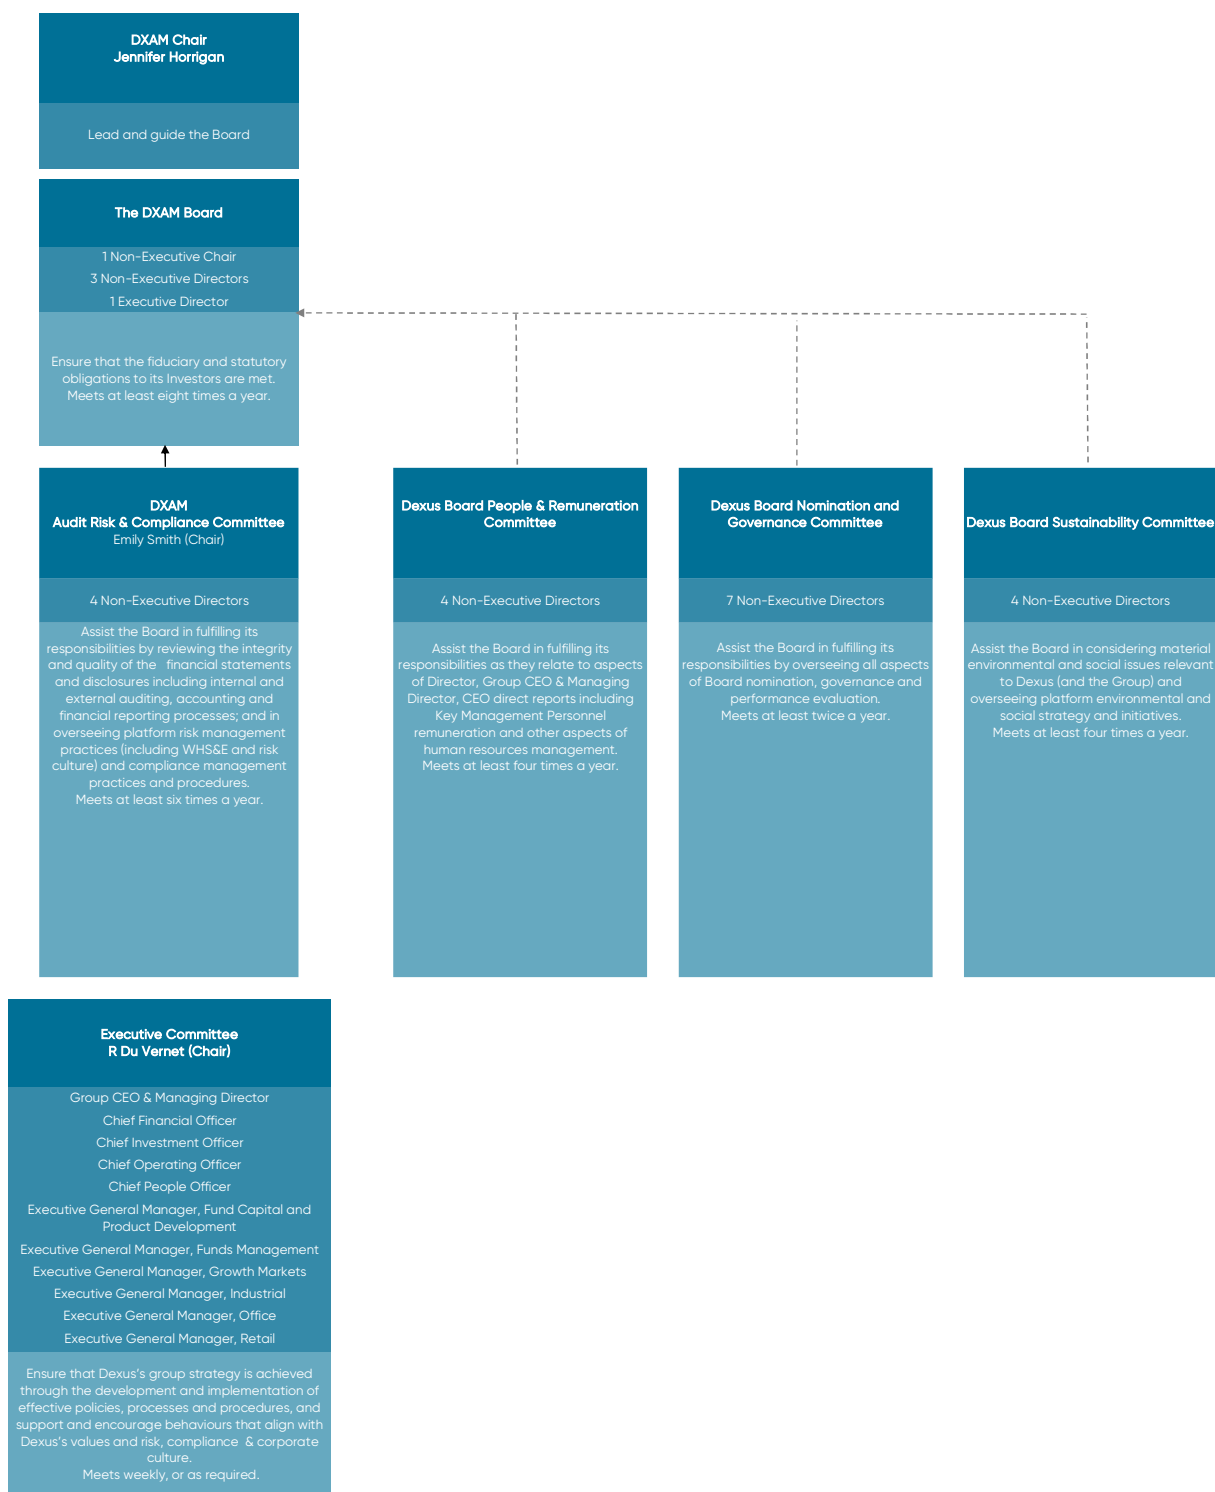

The Dexus Board Nomination and Governance Committee oversees all aspects of:

- Board renewal
- Board and Board Committee performance evaluation
- Board Committee membership
- Director nominations

The Dexus Board Nomination and Governance Committee will meet at least twice a year and its Charter can be found at www.dexus.com/corporate-governance

2.1 Dexus corporate governance structure (continued)

The Board and ARCC are supported by Executive Committee as set below.

2.2 Board matrix

The Dexus Board Nomination and Governance Committee is responsible for reviewing the size, composition, diversity, skill and desired competencies of the Boards and Board Committees (and recommending approval by the Board).

The Dexus Board Nomination and Governance Committee has identified the skills and expertise deemed necessary for the Board to fulfil its obligations. The following table outlines the required skills and expertise that the Board should possess.

The Board has also determined that, along with individual director performance, openness, trust, integrity, teamwork, emotional intelligence and diversity are important attributes of a well-functioning board. These attributes are taken into consideration when selecting new directors and managing director performance.

In determining skills and experience of individual Directors, reference has been made to their employment history, directorship history and educational qualifications. These are assessed against the above criteria and Directors are asked to review the assessment. The Board has reviewed the skills of the current Directors against the skill categories in the table below and determined that the current composition of the Board meets or exceeds the minimum requirements in each category.

With the input of Dexus, the Board has adopted a skills matrix to ensure that there is an appropriate mix of skills and experience on its Board and the ARCC to enable the Board to deliver the Responsible Entity's objectives, and to effectively discharge its corporate governance and oversight responsibilities.

The following table sets out the key skills and experience that the Board considers to be most relevant, and which are represented collectively on the Board:

2.4 Board independence

Non-Executive Directors must be free of any business or other relationship that could interfere materially with the exercise of their unfettered and independent judgement.

The Board has determined that each Non-Executive Director is independent as each Non-Executive Director:

- Is not a substantial Security holder of DXS, DXC or DXI, nor otherwise associated with a substantial Security holder of DXS, DXC or DXI
- Is not employed, nor within the last three years has been employed, in an Executive capacity by Dexus
- Has not been within the last three years, a principal or an employee of a material professional adviser or a material consultant to Dexus
- Has not been a material supplier or customer of Dexus, or otherwise associated with a material supplier or customer
- Has no material contractual relationship with Dexus (other than as a Non-Executive Director)
- Has not served on the Board for a period which could, or could reasonably be perceived to interfere materially with the Director's ability to act in the best interests of DXAM
- Is free from any interest and any business or other relationship which could, or could reasonably be perceived to, interfere with the Director's ability to act in the best interests of DXAM
- Is free from family ties or cross-directorships that may compromise Director independence
- Does not receive performance-based remuneration from Dexus nor do they participate in a Dexus employee incentive scheme

The Board regularly assesses the independence of its Directors in light of interests disclosed to it and has determined that each Non-Executive Director has maintained independence throughout the year. The Board continues to review its composition, experience and Director tenure.

Non-Executive Directors confirm on-going independence at each Board meeting and advise the Chair of any matter that could compromise their independence (including the activities of close family and associates). The Chair is independent and not the same person as the Group CEO & Managing Director.

2.5 Induction programs for new Directors

The Induction Program for newly appointed directors is comprehensive and includes familiarisation with structures, policies and legal documents and accounting matters including (but not limited to):

- Outline of the Corporate and Committee structure

The Induction Program is reviewed periodically.

Newly appointed Directors are offered meetings with senior management to gain an understanding of the business, its operations, history, culture and key risks. Directors are expected to be adequately informed in respect of relevant industry and regulatory issues and changes.

2.6 Election and re-election of Non-Executive Directors

To enable DXI investors to make an informed decision in relation to the re-election of a DXAM Non-Executive Director, the following information is made available to DXI investors either on the Dexus website corporate governance page, provided in the Notice of Meeting, or presented by the Non-Executive Director at the AGM.

- Length of service on the IC1 Board
- Confirmation that the Board considers the candidate is determined to be an Independent Director
- Confirmation from the Board that it supports the re-election and the reason

2.7 Meetings

The Board generally meets between February and December, with additional meetings held throughout the year as required. A Board calendar is developed and agreed at least 12 months ahead of the new calendar year. The calendar provides dates of Board and ARCC meetings.

Board meetings are normally held at the registered office of Dexus, although some meetings may be held 'offsite' allowing Directors to visit owned and managed properties. To maximise participation, video conferencing facilities are utilised as required.

Each standard Board meeting includes a Non-Executive Director only session, led by the Chair. Senior management are available to provide clarification or answer questions Directors may have either prior to the Board meeting or may be invited to attend and present at Board meetings.

Board and ARCC papers are provided to Directors electronically at least five business days prior to the meeting.

Any action items identified by the Directors at a Board or ARCC meeting are recorded in the minutes. The Company Secretary ensures that the action items are appropriately addressed, and progress is reported to the Board and ARCC.

Agenda items for Board meetings are set by the Chair in conjunction with the Company Secretary and include (but are not limited to):

- Fund Manager's report
- Minutes of ARCC meetings
- Reports on asset acquisitions, divestments and developments
- Management presentations
- Other business where Directors can raise any topical matters

Directors are expected to attend all scheduled meetings and have access to all Board and ARCC papers and minutes. Apologies are recorded by the Company Secretary.

Minutes of the Board meeting are tabled at a subsequent Board meeting for approval. Attendance records at Board meetings are provided in the Directors' Report of the Fund's Annual Report.

2.8 Access to training and information

Directors receive regular presentations by management and external advisers regarding sector, fund, and industry specific trends. Non-Executive Directors are encouraged to seek additional information from management as necessary.

Director Forums are scheduled bi-annually where external experts present on key matters such as work health and safety, cyber security and regulatory updates Directors are encouraged to suggest topics for presentation.

Non-Executive Directors are encouraged to pursue professional development opportunities to maintain the skills and knowledge needed to perform their role as Director effectively at Dexus's expense.

Should a Non-Executive Director wish to seek independent professional advice that they believe is necessary to discharge their responsibility as a director, the matter is initially referred to the Chair. Where the Chair determines it is appropriate that advice be sought by the Non-Executive Director, Dexus will pay for such advice. To ensure all Directors are equally appraised, the advice will be provided to all members of the Board.

2.9 Membership on other Boards

The Board acknowledges that membership of other boards is beneficial and accordingly supports and encourages its members to hold directorships on other boards including charitable, community and not-for-profit boards.

The Board also acknowledges that concurrent service on multiple boards by DXAM and IC1 Directors may impact their overall performance and ability to devote adequate time to each board/position. The Board recognises that the time required to fulfil each directorship role varies and, has determined that it is not appropriate to set a limit on the total number of directorships held.

Directors will consider the number of directorships they hold to ensure they have sufficient time to attend to the affairs of DXAM and IC1. Should a Director wish to accept directorships in addition to those already held, the matter is referred to the Chair for consideration.

Where the Chair is considering directorships or other commitments, the matter is referred to the Chair of the Dexus Board for consideration.

Employees wishing to trade in Dexus securities must obtain written approval from their Executive Committee member and Head of Governance before entering into a transaction.

Directors and employees are permitted to trade Dexus securities only in defined trading windows, provided approval has been granted and only if they are not in possession of inside information.

3.4 Conflicts of interest and related party dealings

Dexus's Conflicts of Interest and Related Party Transactions Policy, Dexus Code of Conduct and other relevant policies address the management of conflicts of interest and related party transactions which may arise including:

- When negotiating leases; where a prospective tenant is interested in more than one property owned by different Dexus clients (including Dexus)
- When executing transactions between Dexus clients (including Dexus)
- When the personal interests of an employee or Director conflict with those of Dexus or its clients

Where a conflict of interest is identified, the conflict must be recorded in the Conflicts of Interest register and appropriate controls must be documented and implemented. The Compliance team will determine the appropriate response by assessing and evaluating the degree of the conflict. The Board receives regular reporting on conflicts and related party transactions.

Where there is an actual, potential or perceived conflict of interest between the personal interests of a Director and the duties the Director owes to Dexus or DXAM, the Director is required to disclose the circumstances to the Chair for determination as to the most appropriate method by which to manage the conflict.

A Director with an actual, potential or perceived conflict in relation to a matter before the Board may be excluded from attending that part of the Board meeting. The Board will consider the matter and determine if the conflicted Director should be in attendance when the Board discusses the matter. The conflicted Director will be recused from voting on the resolution. Where the Board determines that the conflicted Director cannot attend the Board discussion, papers and minutes in relation to the matter will not be provided to the Director.

3.5 Sustainability and responsible investment

The Dexus Board Sustainability Committee oversees the management of environmental and social issues and implementation of initiatives to maintain the Platform's position as a leader in sustainability practices.

The Dexus Board Sustainability Committee meets at least quarterly.

The Dexus Board Sustainability Committee Charter can be found at www.dexus.com/corporate-governance.

Dexus is a signatory to the United Nations Principles of Responsible Investment (PRI) and integrates PRI's 'six principles' within its Responsible Investment Policy, Sustainability Strategy and governance frameworks.

Dexus's Sustainability Strategy is linked with Dexus's strategy, which includes being known for deep local sector expertise, an active management approach and being an investment partner of choice. The strategy prioritises and focuses effort on the issues that are most material to Dexus and drive greater sustainability impact in a targeted and effective way.

The Sustainability Strategy has an aspiration to unlock the potential of real assets to create lasting positive impact and a more sustainable tomorrow. It prioritises three areas for greater focus and investment (Customer Prosperity, Climate Action and Enhancing Communities), while identifying the foundational sustainability activities that will support a social license to operate for Dexus.

More information on the Dexus Sustainability Strategy can be found at www.dexus.com/sustainability.

Dexus manages environmental and social issues across the property life cycle for its direct portfolio, by systematically translating strategy and vision into actions, setting clear targets and integrating these into day-to-day operations.

Dexus complies with the Australian legislated Modern Slavery Act (MSA) and has worked to address human rights and modern slavery across its operations and supply chain. More information about Dexus's approach to modern slavery can be found in the Dexus Modern Slavery Statement, available at www.dexus.com/corporate-governance.

Dexus has continued its focus on addressing climate change and its carbon emissions, and prioritising climate risk management. Delivery against its public commitments on climate, including continued investment in energy efficiency and switching to renewable electricity to power its base building operations, enhances Dexus's sustainability performance and helps support customers and investors on their own sustainability journeys.

Dexus has achieved net zero emissions through its continued investments in energy efficiency, switching to renewable electricity to power its base building operations, and offsetting remaining emissions through certified carbon abatement projects.

In 2025, Dexus continued to deliver against its Reflect Reconciliation Action Plan (RAP), that reinforces Dexus's commitment to promoting acknowledgement, respect, and reconciliation with Australia's First Nations peoples. Dexus's RAP is endorsed by Reconciliation Australia.

The Chief Operating Officer is responsible for overseeing the implementation of the Platform's Sustainability Strategy and sustainability reporting and is a member of the Executive Committee. Other Executive Committee members are also accountable for delivery of relevant activities in the Dexus Sustainability Strategy.

The Executive Committee has overall operational responsibility for addressing economic, environmental and social topics, including climate resilience and climate change impacts, human rights, biodiversity and community investment.
