<sup>1</sup> "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

<sup>2</sup> Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

<sup>3</sup> Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

The Board has in place corporate governance practices that it considers to be the most appropriate for the Company and its controlled entities (together referred to as the 'Group' in this statement). The Board continues to review its governance framework and practices to ensure they meet the interests of stakeholders. This statement describes the main corporate governance practices in place during the financial year ended 27 June 2025.

The Board maintains a set of policies to assist in the discharge of its corporate governance responsibilities, including:

- Corporate Governance Charter, including Board and Committee Charters;
- Code of Conduct;
- Compliance Policy;
- Continuous Disclosure Policy;
- Remuneration Policy;
- Appointment of Directors Policy;
- Diversity Policy;
- Trading Policy;
- Whistleblower Policy;
- Anti-Bribery & Corruption Policy;
- Policy Regarding Modern Slavery Practices; and
- Sustainability Policy.

Copies of the above policies are available from the Company (on request) or may be downloaded from its website at [www.rfg.com.au](http://www.rfg.com.au) (navigate to the Governance Section via the Shareholder Centre tab of the website menu). The Company's Remuneration Policy is specified in the Remuneration Report forming part of the Company's Annual Financial Report for the financial year ended 27 June 2025.

#### **Principle 1: Lay Solid Foundations for Management and Oversight:**

The Directors are responsible to shareholders for promoting and managing the performance of the Group in both the short and longer term. Their focus is to enhance the interests of security holders, having appropriate regard to the interests of other key stakeholders, including franchise partners, and to ensure the Group is properly managed.

The responsibilities of the Board are more particularly described in the Board's Charter and include:

- Charting strategy and setting financial targets for the Group;
- Monitoring the implementation and execution of strategy and performance against financial targets;
- Appointing and overseeing the performance of senior executive management;
- Taking a leadership role in connection with the culture and values of the Group; and
- Taking and fulfilling an effective leadership role in relation to the Group.

The Board has reserved to itself, in addition to those matters reserved to it by law, the following matters and all power and authority in relation to those matters:

- Composition of the Board itself (including appointment and retirement or removal of Directors);
- Periodic evaluation of the Board, its committees and individual Directors;
- Oversight of the Group, including its control, accountability systems and appetite for risk;
- Appointing and removing the Chief Executive Officer (whether holding that title or one analogous thereto);
- Ratifying the appointment and, where appropriate, removal of the Chief Financial Officer and Company Secretary;
- Reviewing and overseeing the operation of systems of risk management and internal compliance and control, codes of ethics and conduct, and legal and regulatory compliance;
- Input into and final approval of management's development of corporate strategy and performance objectives;
- Monitoring senior executive management's performance and implementation of strategy, and ensuring appropriate resources are available;
- Approving and monitoring the progress of major capital expenditure, capital management, acquisitions and divestitures;
- Approving and monitoring financial and other reporting;
- Approving the Group's remuneration framework;
- Performance of investment and treasury functions;
- Monitoring industry developments relevant to the Group and its business;
- Developing suitable key indicators of financial performance for the Group and its business;
- The overall corporate governance of the Group, including strategic direction, establishing goals for management and monitoring the achievement of these goals; and
- The oversight of Committees.

The Company maintains a rigorous recruitment process in respect to the appointment of potential new Directors or senior executives, having regard to the nature of the role, and the skillset and experience sought by the Company. This process includes reference and background checks, scope for criminal history checks in respect to potential Board nominees and, where it is considered that the role demands it, senior executives.

Non-executive Directors are issued with formal letters of appointment governing their roles and responsibilities. Senior executives are issued with formal agreements setting out the terms of their employment.

Security holders are provided all material information in the Board's possession relevant to a decision on whether or not to elect or re-elect a Director. This information is provided in the Notice of Meeting for the relevant general meeting (ordinarily the Company's Annual General Meeting) at which non-executive Director election or re-election is to occur.

The Board has delegated specific responsibilities to certain Board Committees which act, subject to the terms of their respective charters, in an advisory capacity, subject to the oversight of the Board.

Day to day management of the Group's affairs and the implementation of corporate strategy and policy initiatives are formally delegated by the Board to RFG's senior executive officers, supported by the senior leadership team. RFG's Chief Executive Officer, Mr Matthew Marshall, was the Company's senior executive officer throughout FY25.

Management must supply the Board with information in a form, timeframe and quality that will enable the Board to discharge its duties. Management reports to the Board at Board meetings, providing updates on Group performance, initiatives and issues.

The Board generally meets on a monthly basis, or more regularly as the case requires. On an annual basis, the Board sets financial and non-financial performance targets for management and performance is assessed against these performance targets. The Board reviews the performance of the CEO, whilst the CEO is responsible for performance reviews of the senior leadership team.

The Company Secretary is accountable to the Board, through the Chair, on all matters relevant to the proper functioning of the Board. All Directors have direct access to the Company Secretary.

### **Board & Senior Executive Performance**

The performance of the Board, its Committees, the Directors and senior executives is regularly evaluated, including during and in respect of FY25.

Performance of Directors is assessed against a range of factors including the ability of Directors to consistently create shareholder value, to contribute to the development of strategies and risk management, to provide support, guidance and oversight of senior executive management, to listen to the views of fellow Directors and members of management and key third party stakeholders, and to provide the time commitment to ensure the discharge of duties and obligations to the Group.

This assessment is undertaken internally. The Board considers that:

- Given its current size and the circumstances of the Company, it is not necessary that a third party facilitate a more formalised evaluation process; and that
- The size, structure and function of the Board and its Committees had facilitated flexibility and prompt decision making which benefits the Company.

Senior executive performance is assessed against a range of factors including, inter alia, performance against established Group and personal key performance indicators, contribution to the development and execution of strategies, and discharging an effective leadership role within the Group.

### **Diversity**

The Company recognises:

- The competitive advantages able to be derived from the variety of thought, experience and perspective held by a talented and diverse workforce which is aligned to the Company's values and core behaviours;
- The Company's performance is a reflection of the quality, skill and diversity of its workforce;
- Employees are more likely to be engaged where working in a diverse environment which is open and fair to all participants; and, that
- No person should be disadvantaged as a consequence of, inter alia, their gender, age, sexual orientation, cultural background or ethnicity.

The Board is therefore committed to having an appropriate blend of diversity at all levels of employment within the Group. To achieve this objective, the Company has established employment, reward and recognition policies with reference and adherence to relevant provisions of the *Fair Work Act 2009* and the *Equal Opportunity Act 2010*, and adopted the Company's

Diversity Policy on the 31<sup>st</sup> of August 2014 (a copy of which may be located on the Company's website, [www.rfg.com.au](http://www.rfg.com.au)). Appointment or promotion to positions vacant within the Group is based on merit, without regard to, inter alia, the gender, age, sexual orientation, cultural background and/or ethnicity of candidates. 67% of internal promotions over the 2024-2025 WGEA reporting period were female (71% in respect of the 2024-2025 WGEA year).

The Company also maintains an objective that the Board comprise at least 30% female representation, consistent with the voluntary target recommended by the Australian Institute of Company Directors (AICD). During FY25, female representation on the Board was 40%.

The following table shows the proportional representation of women at various levels within the Group:

Gender representation	Women %	Women %
	28 June 2024	27 June 2025
Board representation	40%	40%
Senior executive personnel representation <sup>(1)</sup>	30%	55%
Group representation <sup>(2)</sup>	54%	52%

<sup>(1)</sup> CEO direct reports & business unit heads

<sup>(2)</sup> Excludes corporate store personnel. Where corporate store personnel are included, the FY25 percentage of female employees across the Group increases to 69% (FY24: 74.4%).

## Principle 2: Structure The Board To Be Effective and Add Value

### Board Skills

The Board seeks to ensure that its combination of members provides an appropriate range of experience, expertise, skills and attributes relevant to the Group and its business, to enable it to carry out its obligations and responsibilities. During FY25, the Board was comprised of Directors with a mix of skills and diversity to enable the Board to effectively oversee the Group's operations. These included but were not limited to the following skills:

Financial/Accounting	Leadership & mentorship	Audit & risk
Corporate governance	Corporate turnarounds	Franchising
Treasury, debt & balance sheet management	Business management & development	International experience (including international franchising)
Food business operations	Legal & regulatory matters	Property
Brand & marketing	Retailing	

The Board considers that its current skillset is appropriately aligned to the Company's key risks and business operations. The Board also considers that its skillsets in connection with certain functional proficiencies, such as Information & Technology, are well able to be supplemented by contracting or employing subject matter experts when the need arises.

### Board Composition

Historically, the composition of the Board has been determined according to the following principles:

- The Board must comprise members with a broad range of experience, expertise, skills and contacts relevant to the Group and its business;
- There must be at least four Directors;
- The number of Directors may be increased where the Board considers that additional expertise is required in specific areas or when an outstanding candidate is identified;
- The Chairman must be a non-executive Director who is also independent; and
- At least half of the Board must be non-executive Directors, at least two of whom must also be independent.

During 2019 the Board resolved to amend its Charter so that it must be comprised of a minimum three Directors, consistent with the minimum contemplated by the Company's Constitution (currently the Board comprises five Directors).

Mr Peter George was appointment Executive Chairman of the Board on 7 November 2018. Contemporaneous with that appointment the Board resolved to amend its Charter to provide it scope to appoint an Executive Chairman where it considered that appointment was in the best interests of RFG from time to time. Having regard to Mr George's considerable

experience and the then circumstances of the Company, the Board considered Mr George's appointment as Executive Chairman to be in the Company's best interests.

Subsequent to the foregoing, and:

- Having regard to the performance of Mr Marshall who assumed the CEO role effective 1 July 2024, and the support afforded by the Company's strong and experienced management team; and also
- The original intentions, previously communicated to shareholders, of Mr George and the Board at the time of Mr George's original appointment to an executive role;

effective 1 July 2024 Mr George transitioned his role to a more traditional non-executive Chairman role.

### **Directors' Independence**

The Board has adopted specific principles in relation to Directors' independence, which state that, when determining independence, a Director must be non-executive and the Board should consider whether the Director:

- Is a substantial shareholder of the Company or an officer of, or otherwise associated directly with, a substantial shareholder of the Company;
- Is employed, or has previously been employed in an executive capacity, by the Company, and there has not been a period of at least three (3) years between ceasing such employment and serving on the Board;
- Has, within the last three (3) years, been a principal of a professional advisor or a significant consultant to the Group, or an employee significantly associated with the service provided, except in circumstances where the advisor might be considered to be independent, notwithstanding their position as a professional advisor, due to the fact that fees payable by the Group to the advisor's firm represents an insignificant component of its overall revenue;
- Is a significant supplier or customer of the Group, or an officer of or otherwise associated directly or indirectly with a significant supplier or customer of the Group;
- Has a material contractual relationship with the Group other than as a Director;
- Is free from any interest and any business or other relationship, which could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the Group; and
- Has served on the Board for a period which could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the Group.

The Board assesses independence each year when finalising and adopting its annual financial statements. To enable this process, the Directors must provide all information that may be relevant to that assessment.

### **Board Members**

The names, skills and experience of the Directors in office during FY25, and the period in office of each Director, are set out in the Directors' Report forming part of the Company's Annual Financial Report for FY25. At the date of signing the Directors' Report (20 August 2025), the Board comprised three non-executive Directors who are considered independent (Mr David Grant, Ms Kerry Ryan and Ms Jacinta Caithness), one non-executive Director who is not considered independent having regard to his interest in various Donut King franchised businesses (Mr Michael Bulley), and one non-executive Director who is not considered independent given a past executive role (being the Chairman, Mr Peter George).

Non-executive Director Kerry Ryan was appointed to the Board on 27 August 2015. Given her length of service as a Director, the Board has assessed Ms Ryan's independence. The Board considers that the interests of the Company and its shareholders are well served by having a mix of Directors, some with longer tenure and a deep understanding of the Company and its business, and some with a shorter tenure with fresh perspective. The Board is satisfied that Ms Ryan's tenure as a Director has not impacted her independence and that she continues to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Company as a whole and not the interests of an individual security holder or other party.

### **Term of Office**

The Company's Constitution requires that one third (or the nearest number thereto but not less than one third) of the Directors, other than the Managing Director (who may bear that title or any other title determined by the Board), where one is appointed, must retire from office at each Annual General Meeting of the Company. The Director/s who must retire is the Director/s who has been in office longest since last being elected. Director/s retiring by rotation are eligible for re-election.

### **Senior NED**

The Chairman, Mr Peter George, is responsible for leading the Board, ensuring Directors are properly briefed on all matters relevant to their role and responsibilities, facilitating Board discussions and managing the Board's relationship with the Group's senior executive management.

Contemporaneous with Mr George's original appointment as Executive Chairman in November 2018 (noting he subsequently transitioned to a non-executive chair effective 1 July 2024), the Board formally recognised Mr David Grant as the senior non-executive, independent Director on the Board, to, in the absence of any conflict, lead non-executive Director deliberations undertaken by the Board from time to time.

In accepting these positions, the Chairman and Mr Grant have acknowledged that each will respectively require significant time commitment and have confirmed that other positions will not hinder their effective performance in the roles noted above.

## **Induction**

The induction provided to new Directors enables them to actively participate in Board decision-making as soon as possible. It ensures that they have a full understanding of the Group's financial position, strategies, operations and key risks. It also explains the respective rights, duties, responsibilities and roles of the Board. In order to be able to perform their role effectively, the Nominations & Remuneration Committee periodically reviews whether there is a need, and where considered appropriate provides opportunities, for Directors to undertake professional development to maintain the skills and knowledge necessary to perform their roles as directors effectively.

## **Commitment**

The Board held seventeen (17) meetings during FY25. Save for Ms Ryan, all Directors attended each of the Board's meetings they were entitled to attend (Ms Ryan did not attend two meetings owing to international travel commitments at the time of those meetings). Further details regarding the number of meetings of the Company's Board of Directors and each Board Committee held during the financial year ended 27 June 2025, and the number of eligible meetings attended by each Director, is disclosed in the Company's latest Annual Financial Report.

Non-executive Directors are expected to spend a minimum 20 days a year preparing for and attending Board and Committee meetings and associated activities. The commitments of non-executive Directors are considered by the Nominations & Remuneration Committee prior to the Director's appointment to the Board and are reviewed as part of performance assessments.

Prior to appointment or being submitted for re-election, each non-executive Director is required to specifically acknowledge that they have, and will continue to have, the time available to discharge their responsibilities to the Company.

## **Independent Professional Advice**

Directors have the right, in connection with their duties and responsibilities, to seek independent professional advice at the Group's expense. Prior approval of the Chairman is required, but this approval will not be unreasonably withheld. The advice obtained must be made available to all Board members in due course, where appropriate.

## **Board Committees**

The Board has established a number of standing Committees to assist in the execution of its duties and to allow detailed consideration of complex issues. Standing Committees of the Board as at 27 June 2025 were the Nominations & Remuneration Committee, the Audit & Risk Management Committee and the International Committee, which was established in November 2024.

Each of these Committees had its own written charter setting out its role and responsibilities, composition, structure, membership requirements and the manner in which the committee is to operate.

All matters determined by the Committees are submitted to the Board as recommendations for Board consideration.

The charter of each Committee is included in the Company's Corporate Governance Charter, a copy of which is available on the Company's website at [www.rfg.com.au](http://www.rfg.com.au).

## **Nominations & Remuneration Committee**

The Nominations & Remuneration Committee has been established to, amongst other things, assist the Board and make recommendations to it in relation to the appointment of new Directors and senior executive management. During FY25, the Committee had at least three members, the majority of whom were independent, and was at all times chaired by an independent non-executive Director. During FY25 the Nominations & Remuneration Committee consisted of the following Directors:

- Mr David Grant (Committee Chairman);
- Ms Kerry Ryan; and
- Mr Peter George.

The Nominations & Remuneration Committee held three (3) meetings in FY25, which were attended by all members.

When a new Director is proposed to be appointed, the Committee reviews the range of skills, experience and expertise on the Board, identifies its needs and prepares a short-list of candidates with appropriate skills and experience. Where necessary, advice may be sought from independent search consultants. The Board then appoints the most suitable candidate who must submit themselves to shareholders for election at the first Annual General Meeting following their appointment. The Company provides shareholders with all material information relating to the election or re-election of Directors at the AGM.

New Directors are provided with a letter of appointment setting out the Company's expectations including involvement with Committee work, their responsibilities, remuneration, including superannuation and expenses, requirement to disclose their interests and any matters which affect the Director's independence.

New Directors are also provided with all relevant policies, including the Company's Trading Policy, a copy of the Company's Constitution, organisational chart and details of indemnity and insurance arrangements. An induction program, which covers the operation of the Board and its Committees and financial, strategic, operations and risk management issues, is also provided, to ensure that Directors have significant knowledge about the Group and the industry within which it operates.

New Directors are advised of the time commitment required of them in order to appropriately discharge their responsibilities as a Director of the Company. Directors are required to confirm that they have sufficient time to meet this requirement.

The Committee has an advisory role, consistent with its purpose of assisting the Board in relation to the matters with which it is charged with responsibility, and does not have any power to commit the Board to any recommendation or decision made by it but may, nevertheless, consult independent external expert advisers, as it may consider appropriate, for the proper performance of its function and charge the costs to the Group.

#### **International Committee:**

The International Committee was established in November 2024 to, inter alia, assist the Board and make recommendations to it in connection with the Group's international franchise operations and strategy associated therewith. During FY25 the Committee had two (2) members, each of whom are independent and at all times was chaired by an independent, non-executive Director. During FY25 the International Committee consisted of the following Directors:

- Ms Jacinta Caithness (Committee Chairperson); and
- Ms Kerry Ryan

The Committee has an advisory role, consistent with its purpose of assisting the Board in relation to the matters with which it is charged with responsibility, and does not have any power to commit the Board to any recommendation or decision made by it but may, nevertheless, consult independent external expert advisers, as it may consider appropriate, for the proper performance of its function and charge the costs to the Group.

### **Principle 3: Instil a Culture of Acting Lawfully, Ethically and Responsibly**

#### **Code of Conduct**

The Company has developed a Code of Conduct (the Code) which has been endorsed by the Board and applies to all Directors and employees. The Code is reviewed by the Board and updated as necessary. The Code provides a set of guiding principles to shape behaviour, including articulation of the Group's values:

- Act with Integrity: We always look to do the right thing by our employees, franchise partners, customers, investors, suppliers, our business and the world in which we operate;
- Stand Taller Together: We are passionate about the work we do, the people we partner with, the way we collaborate and what we stand for;
- Make it Easier: We make business accessible and easier for our franchise partners, who we support with our expertise and care. Together, we aim to deliver 'success.made.simple';
- Make it Happen: We embrace innovative ways of working for a brighter tomorrow, creating an unstoppable momentum that delivers results; and
- Own It: We understand what is required of us and are empowered and accountable to move with speed for positive impact.

Our Code reinforces the need for Directors, employees, consultants and all other representatives of the Group to always act in good faith, in the Group's best interests and in accordance with all applicable policies, procedures, laws and regulations relevant to the regions in which the Group operates. The Board is informed of any material breaches of the Code should they occur.

A copy of the Code is available on the Company's website at [www.rfg.com.au](http://www.rfg.com.au).

## **Whistleblower and Anti-Bribery & Corruption Policies:**

The Group is committed to fostering a culture of ethical behaviour, corporate compliance and risk management.

As part of this commitment, the Group has implemented Whistleblower and Anti-Bribery & Corruption Policies that respectively:

- Provide eligible whistleblowers with a process to speak up and feel safe about doing so, together with a mechanism for material incidents reported under the policy to be reported to the Board; and
- Further reinforces the Group's expectations and zero tolerance approach to bribery, corruption, fraud or dishonest conduct.

Copies of the Group's Whistleblower and Anti-Bribery & Corruption Policies are provided on the Company's website ([www.rfq.com.au](http://www.rfq.com.au)). The Board is informed of any material incidents reported under, or material breaches of, these policies (as the case may be). There were no such incidents or breaches during FY25.

## **Trading In Company Securities by Directors, Senior Executive Management & Employees**

The Company has a Trading Policy which regulates dealings by Directors, senior executive management and employees in shares, options and other securities issued by the Company.

The Trading Policy provides that Restricted Persons, including the Directors and senior executive management, are normally precluded from trading in the Company's securities during Closed Periods. Under the Trading Policy, the Closed Periods are from 1 January until publication of the Company's Half Year Report and the period from 1 July until publication of the Company's full year results. The Trading Policy also imposes an over-riding restriction whereby officers and employees may not trade in the Company's securities whilst in possession of price sensitive information.

Trading in the Company's securities during Closed Periods may be authorised under the Trading Policy where the Restricted Person is in severe financial hardship or there are other exceptional circumstances, provided that the Restricted Person is not in possession of price sensitive information, such trading would not otherwise be contrary to law and such trading does not relate to financial products issued or created over or in respect of the Company's securities. There are also limited situations where trading in the Company's securities is not subject to the Trading Policy (for example, exercising options granted under an employee incentive scheme).

As noted above, a copy of the Trading Policy is available on the Company's website ([www.rfq.com.au](http://www.rfq.com.au)).

## **Principle 4: Safeguard the Integrity of Corporate Reports**

### **Audit & Risk Management Committee**

The Board has established an Audit & Risk Management Committee to provide additional assurance regarding the quality and reliability of financial information and to advise on the establishment and maintenance of a framework of internal control and appropriate ethical standards for the management of the Company. During FY25, the Audit & Risk Management Committee consisted of the following Directors:

- Mr David Grant (Committee Chairman);
- Ms Kerry Ryan; and
- Mr Peter George.

The Committee's membership during FY25 was comprised of non-executive Directors, the majority of whom were independent (Mr George is not considered independent given his prior executive role), and the Committee was chaired by the Company's senior non-executive Director, Mr David Grant.

Details of the above Directors' qualifications and attendance at Audit & Risk Management Committee meetings are set out in the Directors' Report forming part of the Company's latest Annual Financial Report.

The Audit & Risk Management Committee has a formal charter, a copy of which is available on the Company's website at [www.rfq.com.au](http://www.rfq.com.au). The Committee charter requires that Committee meetings are convened at least four (4) times each year. The Audit & Risk Management Committee held six (6) meetings during FY25. All Committee members attended each of these meetings.

In fulfilling its responsibilities, the Audit & Risk Management Committee:

- Receives regular reports from management and the external auditor;
- Meets with the external auditor at least twice a year, or more frequently if necessary;

- Reviews any significant disagreements between the external auditor and management, irrespective of whether they have been resolved; and
- Meets separately with the external auditor at least twice a year without the presence of management.

The Audit & Risk Management Committee has authority, within the scope of its responsibilities, to seek any information it requires from any employee or external party.

The Audit & Risk Management Committee reports to, and makes recommendations to, the Board in relation to each of its functions.

## **Financial & Periodic Reports**

In respect of FY25 each of the Chief Executive Officer and Chief Financial Officer stated in writing to the Board that:

- The Group's financial reports are complete and present a true and fair view, in all material respects, of the financial condition and operational results of the Group and are in accordance with the relevant Accounting Standards; and that
- The above statement is founded on a sound system of risk management and internal compliance and control which implements the policies adopted by the Board and is operating effectively.

The Chief Executive Officer and Chief Financial Officer also stated in writing to the Board that the consolidated entity disclosure statement included in the Company's FY25 Annual Report pursuant to s295(3A) of the Corporations Act 2001 (Cth) is true and correct.

Periodic corporate reports which are not subject to audit or review undergo extensive internal review and verification to ensure they are materially accurate, balanced and provide investors with appropriate information.

## **External Auditor**

The Company's and Audit & Risk Management Committee's policy is to appoint an external auditor which clearly demonstrates quality and independence. The performance of the external auditor is reviewed annually. KPMG was appointed as the external auditor in 2020 following approval by shareholders.

An analysis of fees paid to the external auditor, including a break-down of fees for non-audit services, is provided in the notes to the financial statements in the Company's latest Annual Financial Report. It is the policy of the external auditor to provide an annual declaration of its independence to the Audit & Risk Management Committee. The auditor's annual declaration of independence is disclosed in the Company's Annual Financial Report.

The external auditor is requested to attend the Company's Annual General Meeting and be available to answer shareholder questions about the conduct of the audit and the preparation and content of the audit report.

## **Principle 5: Make Timely & Balanced Disclosure**

The Company has an established policy for timely disclosure of material information concerning RFG. This policy includes internal reporting procedures to ensure that any required market announcements are reported in a timely manner.

The Company Secretary has been nominated as the person responsible for communication with the ASX. This role includes co-ordinating information disclosure to the ASX, and to analysts, brokers, shareholders, the media and the public, following confirmation from the ASX that such information has been released by it. Copies of all material market announcements are also promptly provided to the Directors after they have been made.

Information disclosed to the ASX is posted on the Group's corporate website ([www.rfg.com.au](http://www.rfg.com.au)) following release to the market by the ASX. When analysts are briefed following half year and full year results announcements, the material used in the presentations is released to the ASX prior to the commencement of the briefing. This information is also posted on the Group's corporate website ([www.rfg.com.au](http://www.rfg.com.au)).

The Company's Continuous Disclosure Policy is periodically reviewed to ensure its ongoing relevance and appropriateness. A copy of the policy is available on the Company's website ([www.rfg.com.au](http://www.rfg.com.au)).

## **Principle 6: Respect the Rights of Security Holders**

The Group aims to keep shareholders informed of the Group's performance and all major developments in an ongoing manner. Information is communicated to shareholders through:

- The Annual Report and financial reports or presentations, including the Annual Financial Report, the Preliminary Final Report (where published), and the Half-Year Financial Report, which are published on the ASX corporate announcements platform and the Group's corporate website ([www.rfg.com.au](http://www.rfg.com.au)). A copy of the Annual Report is distributed to shareholders where nominated;

- The Annual General Meeting, and any other formally convened Company meetings;
- Communications issued to shareholders and or the Market in connection with corporate events and actions, financial results or operational outcomes; and
- All other information released to the ASX, which is subsequently posted to the Group's corporate website ([www.rfg.com.au](http://www.rfg.com.au)).

As well, the Group's corporate website ([www.rfg.com.au](http://www.rfg.com.au)) provides information about the Company and its governance, including but not limited to, information about the Company's Board and senior management, key policies and Company documents, copies of announcements to the market and recent news, an FAQ, and links to the Company's registry. Each of the Company's Brand Systems and coffee business also maintain independent websites providing further information in connection with each. Links to these websites are provided on the Company's corporate website.

Shareholders are given the option to receive and give communications to the Company and its registry electronically. Shareholders are also invited to submit written questions to the Company's auditor or management prior to the Company's Annual General Meeting and are afforded a reasonable opportunity for questions and discussion on agenda items during the Company's Annual General Meeting.

Since 2019, it has been the Company's practice that all resolutions put to a meeting of security holders are decided by a poll, rather than by a show of hands. This practice was observed during the Company's most recent Annual General Meeting held 28 November 2024.

### **Principle 7: Recognise & Manage Risk**

The Board, through the Audit & Risk Management Committee, is responsible for ensuring the adequacy of the Group's risk management and compliance framework and system of internal controls.

The Group maintains a risk management framework which promotes risk identification, evaluation, treatment and ongoing monitoring and reporting which is considered along with the key risks relevant to the Company's business having regard to the risk appetite set by the Board.

The Group does not have a formal internal audit function. Instead, and based on risks identified, the Chief Executive Officer and Chief Financial Officer, and other senior executive management, with the assistance of external specialists where required, are responsible for ensuring risks are appropriately managed. This includes ensuring related controls and mitigations are in place and are operating effectively. The senior executive management are also responsible for ensuring suitable risk information is reported to the Audit & Risk Management Committee and Board. During Board and senior executive meetings throughout the year, risks that could prevent the Group from achieving its objectives are reviewed, identified and, where possible, mitigated.

Additionally, a formal risk assessment process is part of proposed major capital expenditures, significant business initiatives or transactions, such as new business acquisitions.

### **Environmental & Social Risks:**

RFG recognises that the long-term interests of all stakeholders in its business are best served by charting a sustainable future focused on creating positive outcomes for its people, customers, communities and environment. The Company is committed to building upon the important steps previously taken to implement a sustainability framework that fosters these outcomes, meeting business needs whilst being mindful of the Group's impact on the communities and environments in which it operates.

The Company is exposed to a range of risks associated with operating within the retail and coffee industries, including environmental and social risks. For instance, the Group relies upon suppliers and food products sourced from agricultural products such as milk, flour, coffee and other raw ingredients. Adverse weather and climatic conditions including floods, bushfires, droughts and storms caused or contributed to by climate change may impact on the Group's ability to source these products if supply chain processes are impacted. There is also potential scope for physical impacts to RFG's outlet network, including from flood inundation or destruction from bushfires. The Group is also exposed to modern slavery risks through its operations and supply chain.

During FY23 the Company established its Environmental, Social & Governance (ESG) framework to provide a clear 'north star' for the future development of sustainability initiatives. This framework contemplates a commitment to 'Inspiring Towards a Healthy and Prosperous Planet and People' and is underpinned by five key pillars:

- Environmental protection and resource conservation;
- Responsible sourcing and care for our supply chain;
- Excellence in well-being across all of our people;
- Healthier customers, healthier communities; and
- Ensuring a prosperous RFG.

This framework has informed a number of activities, including engagement of a leading climate change consultancy to help RFG establish and thereafter refine the Group's carbon footprint to inform future steps as part of the Group's ESG strategies, the adoption of the Group's Sustainable Packaging Policy, the Group's procurement of SEDEX membership and the redesign of its approach to supply partner onboarding and management, and proactive steps to improve the certification standards of green coffee beans used in the Group's coffee roasting business. In terms of this last initiative, 95% of the Group's FY25 domestic green coffee bean requirements were satisfied by certified coffee, making it one of the largest buyers of certified coffee in Australia. The Company is motivated to grow this percentage in future periods.

A summary of the Company's material business risks (including ESG related risks) and how they are managed is set out in the Company's FY25 Annual Financial Report. Further information relating to the Company's management of ESG related matters, including sustainability initiatives, is also provided in the Company's most recent Sustainability Report and Modern Slavery Statement, each of which are available on the Company's website at [www.rfg.com.au](http://www.rfg.com.au).

## **Principle 8: Remunerate Fairly & Responsibly**

### **Remuneration Committee**

The Nominations & Remuneration Committee has been established to, amongst other things, assist the Board and make recommendations to it in relation to remuneration and issues relevant to remuneration policies and practices, including those for senior executive and non-executive Directors. The Nominations & Remuneration Committee consists of the following members, two of whom (including the Committee Chairman) are independent:

- Mr David Grant (Committee Chairman);
- Ms Kerry Ryan; and
- Mr Peter George.

The Committee met three (3) times during FY25. All Committee members attended each of these meetings.

Further information on Directors' and executives' remuneration, including principles used to determine remuneration, is set out in the Directors' Report under the heading "Remuneration Report" in the Company's latest Annual Financial Report.

### **Structure of Remuneration**

Details of the nature and amount of each element of remuneration for Directors and senior executive management of the Group are set out in the "Remuneration Report" section of the Directors' Report in the Company's latest Annual Financial Report.

Remuneration for executive Directors and senior executive management is appropriately structured for each based on the duties allocated to them, the size of the Group's business and the industry in which the Group operates.

Service contracts outline the components of compensation paid to executives, but do not prescribe how compensation levels are modified year to year. Compensation levels are reviewed each year and may take into account cost-of-living changes, any change in the scope of the role performed by the executive and any changes required to meet the principles of the Remuneration Policy (detailed in the Remuneration Report referred to above).

Equity-based remuneration in the form of Performance Rights may be provided. Participants in equity-based remuneration programs established by the Company may not enter into any arrangement for the purpose of hedging, or otherwise affecting their economic exposure to, their rights thereunder.

Fees and payments to non-executive Directors reflect the demands which are made on, and the responsibilities of, the Directors. Non-executive Directors' fees and payments are reviewed annually by the Board. Non-executive Director remuneration takes the form of set fees plus superannuation entitlements, however, may comprise other benefits or rewards in certain circumstances.

The maximum aggregate amount of fees that can be paid to non-executive Directors is subject to approval by shareholders at the Annual General Meeting of the Company. The maximum amount which has been approved by the Company's shareholders for payment to non-executive Directors is \$1,100,000. Fees for non-executive Directors are not linked to the performance of the Group. However, to align Directors' interests with shareholder interests, the Directors are encouraged to hold shares in the Company and in all cases do so.
