CASH OFFER - 360 CAPITAL GROUP (ASX:TGP) FOR \$0.30 PER TGP SECURITY

TT Investments Pty Limited ABN 89 098 158 028 as trustee for TT Investments Trust ABN 16 299 769 401 ("**Bidder**"), has today announced an off-market takeover to acquire all of the stapled securities in 360 Capital Group Limited and 360 Capital Investment Trust (ASX:TGP) ("**TGP Securities**") that it and its controlled entities, TT Investments Pty Limited ABN 89 098 158 028 as trustee for TT Superannuation Fund ABN 78 709 823 744, Pentagon Financial Services Pty Ltd ABN 38 135 307 121 as trustee for the Pentagon Investment Trust ABN 98 276 622 398 and Pentagon Capital Pty Limited ABN 72 106 719 699 ("**Associates**") do not currently own, for \$0.30 per TGP Security ("**Offer Price**") (the "**Offer**").

The Bidder is the largest securityholder of 360 Capital Group and together with its Associates, has a relevant interest in 50.03% of TGP Securities as at 15 September 2025. The Bidder and its Associates are owned and controlled by Mr Tony Pitt, the Executive Chairman of TGP.

The **Offer is not subject to any conditions**, including there being no minimum acceptance condition. The Offer is capable of being accepted immediately once the Offer opens, which is expected to be on 29 September 2025.

The Bidder believes that the Offer provides compelling value to TGP Securityholders as well as the opportunity to realise liquidity and certainty of value for Your TGP Securities at an attractive premium to historical trading prices (adjusting for the recent \$0.40 per TGP Security special distribution paid by TGP on 12 September 2025 ("**Special Distribution**").

Summary of the Offer

The Offer is an all-cash offer of \$0.30 per TGP Security for all of Your TGP Securities, which enables you to receive an attractive premium for Your TGP Securities relative to historical trading levels.

The cash consideration payable under the Offer will be reduced by the amount or value of any Rights to which you or a previous holder of Your TGP Securities receive or become entitled to receive on and from 15 September 2025, the Announcement Date, which the Bidder does not receive in respect of Your TGP Securities.

The Offer Price represents an attractive premium to TGP Securityholders

The cash Offer Price of \$0.30 per TGP Security represents an attractive premium to TGP's historical trading levels, equating to:

- In line with the closing price of TGP Securities of \$0.30 on the last trading day prior to the Announcement Date;
- A 81.8% premium to TGP's undisturbed price, being the closing price of TGP Securities on 14 April 2025 of \$0.165* per TGP Security being the day before TGP commenced its off market buyback at \$0.25* per TGP Security;
- 14.7% premium to TGP's 1-month VWAP to the Announcement Date of \$0.262*;
- 16.8% premium to TGP's 3-month VWAP to the Announcement Date of \$0.257*;
- 21.4% premium to TGP's 6-month VWAP to the Announcement Date of \$0.247*; and
- 24.2% premium to TGP's 12-month VWAP to the Announcement Date of \$0.242*.

Note: Where the asterisk is used * quoted trading prices, NAV's and NTA's per TGP Security are quoted post adjusting for \$0.40 per TGP Security Special Distribution.

Other reasons to accept the Offer

The Offer provides TGP Securityholders with a number of significant benefits and there are a number of other compelling reasons to accept the Offer:

- An attractive premium to TGP's historic trading levels prior to recent capital management initiatives;
- All cash offer allows you the opportunity to realise value for Your TGP Securities with the certainty of cash consideration. If you accept the Offer under the paper or electronic Acceptance Form, you will receive payment of the **Offer Consideration 7 Business Days after acceptance**;
- The Offer is not subject to any conditions. There is no minimum acceptance condition;
- You will not incur any brokerage cost or stamp duty with your acceptance of the Offer if you accept the Offer under the paper or electronic Acceptance Form;
- The Bidder considers that the likelihood of a competing proposal emerging is low given the Bidder's and its Associates' current aggregate Relevant Interests in TGP is above 50% already;
- For some TGP Securityholders (depending on the cost base of their TGP Securities), there may be the potential to offset the capital gain from the recent \$0.40 Special Distribution with potential capital losses by accepting the Offer;
- Provides an opportunity for TGP Securityholders to redeploy their cash proceeds from the Offer into a higher yielding investment given if you retain your TGP Securities, TGP's current FY26 forecast distribution equates to a distribution yield of only 3.3% based on the Offer Price; and
- The Offer removes your exposure to the risks and uncertainties associated with a continued investment in TGP Securities, which are likely to become more illiquid on the ASX.

Rationale for the Bidder to make the Offer and future intentions for the Group post close of the Offer

The Bidder's intentions for TGP post the close of the Offer are set out in Section 6 of the Bidder's Statement.

The Board and management team of 360 Capital has the full support of the Bidder with regards to the Group's strategy of being an investor and fund manager of real estate, investing in both real estate credit and equity.

After close of the Offer, the Bidder intends to conduct the business of TGP as usual and does not intend to seek a change to the composition of the TGP Company Board or the Responsible Entity Board or any of TGP Managed Fund's investment management Boards. It is also not looking to change any members of the 360 Capital management team and is fully supportive of each of the Managed Fund's investment strategy.

Upon the Offer closing, the Bidder will undertake a strategic review of the Group's operating costs of being listed on the ASX and being a public company and will seek to implement a strategy of reducing these costs. As part of the strategic review, the Bidder will also look at the level of co-investment in each of the Managed Funds and may seek to change the capital structure of the Group's investment trust (TGP Trust) to improve returns.

If the Bidder and its Associates increase their aggregate ownership and control in TGP Securities to at least 75%, after the close of the Offer, the Bidder intends to apply to the ASX for TGP to be delisted from the ASX (provided certain conditions are met and it is entitled to do so in accordance with ASX Listing Rules and ASX Guidance). The Bidder believes that TGP would be better placed to operate as an unlisted fund manager given that TGP is incurring all the costs of being listed but is unable to realise the benefits of being listed.

If post close of the Offer, the Bidder and its Associates have a Relevant Interest in 90% or more of the TGP Securities on issue, the Bidder intends to compulsorily acquire the remaining TGP Securities in accordance with the Corporations Act and as part of its strategy to reduce operating costs.

There are risks of not accepting the Offer, including that:

- TGP's Security price may fall if the Offer lapses;
- There may be a reduction in liquidity in TGP Securities if the Bidder further increases its interest in TGP Securities, thereby reducing the free float of TGP Securities;
- If you do not accept the Offer, you risk remaining or becoming a minority TGP Securityholder in TGP which is controlled by the Bidder and its Associates;
- If you retain your TGP Securities, TGP is reliant on third party capital to grow its Managed Funds to a scale where the Fund Manager is profitable. There is no guarantee of this occurring and therefore no guarantee of distributions in the future;
- If you retain your TGP Securities, based on the Offer Price, TGP's FY26 forecast distribution of 1.0cps¹ equates to a distribution yield of only 3.3% p.a.; and
- As referred to above, if the Bidder and its Associates own or control at least 75% of TGP Securities after close of the Offer, the Bidder intends to apply for TGP to be delisted from the ASX. Refer to Section 6 (Bidder's Intentions) of the Bidder's Statement which will be released to the ASX today.

¹ According to TGP's FY25 Results Presentation released on the ASX on 25 August 2025.

Next steps

To accept the Offer once the Offer is open, please follow the instructions set out in Section 10.4 of the Bidder's Statement and on the Bidders Statement's accompanying paper or electronic Acceptance Form.

Alternatively, the Bidder has appointed Morgans Financial Limited (ABN 49 010 69 726, AFSL 235410) to act as its broker to acquire TGP Securities on the ASX during normal trading hours during the bid period. The Bidder can now acquire TGP Securities on the ASX at or below the Offer Price during the bid period (in accordance with the Corporations Act and ASIC Market Integrity Rules). Participants will receive payment on a T+2 basis (being two Business Days after the date of the relevant transaction).

1. Why you should ACCEPT the Offer

The Offer provides significant benefits to you as a TGP Securityholder. The key reasons why you should accept the Offer are as follows:

Number	Reason why you should ACCEPT the Offer
1	The Offer delivers an attractive premium to TGP's historical trading levels
2	All cash Offer allows you the opportunity to realise value for Your TGP Securities with the certainty of cash consideration. Payment of the Offer Consideration will be 7 Business Days after valid acceptance under the paper or electronic Acceptance Form. If you sell your TGP Securities on ASX, payment will be on T+2 basis.
3	The Offer is not subject to any conditions. There is no minimum acceptance condition.
4	The Bidder considers that the likelihood of a competing proposal emerging is low given that the Bidder and its Associates already own in aggregate greater than 50% of the TGP Securities and can exercise majority control.
5	Acceptance of the Offer removes your exposure to the risks and uncertainties associated with a continued investment in TGP Securities.
6	TGP's Security price may fall if the Offer lapses.
7	There may be a reduction in liquidity in TGP Securities if the Bidder further increases its interest in TGP, thereby reducing the free float of TGP Securities.
8	TGP is reliant on third party capital to grow its Managed Funds to a scale where the Fund Manager is profitable. There is no guarantee of this occurring and therefore no guarantee of distributions in the future.
9	If the Bidder and its Associates own or control at least 75% of TGP Securities after close of the Offer, the Bidder intends to apply for TGP to be delisted from ASX, subject to the satisfaction of certain conditions and safeguards imposed by ASX. Refer to Section 6 for the Bidder's intentions post the close of the Offer.
10	You will not incur any brokerage cost or stamp duty with your acceptance of the Offer where you accept the Offer under the paper or electronic Acceptance Form.
11	For some TGP Securityholders (depending on the cost base of their TGP Securities), there may be the potential to offset the capital gain from the recent \$0.40 Special Distribution with potential capital losses by accepting the Offer.

Further details on each of these reasons for why you should accept the Offer are set out below in Section 1 of this Bidder's Statement.

1.1 The Offer delivers an attractive premium to TGP's historical trading levels

Taking into account the recent \$0.40 Special Distribution, the Offer represents an attractive premium to TGP's trading levels as at the 'Undisturbed Date', being the date prior to the buyback commencing on 14 April 2025 and is materially above where TGP has traded at over the past 18 months prior to the Special Distribution and capital management initiatives, as demonstrated in the chart below.

TGP trading performance relative to Offer Price

The Offer Price represents a:

- In line with the closing price of TGP Securities of \$0.30 on the last trading day prior to the Announcement Date;
- A 81.8% premium to TGP's undisturbed price, being the closing price of TGP Securities on 14 April 2025 of \$0.165* per TGP Security being the day before TGP commenced its off market buyback at \$0.25* per TGP Security;
- 14.7% premium to TGP's 1-month VWAP to the Announcement Date of \$0.262*;
- 16.8% premium to TGP's 3-month VWAP to the Announcement Date of \$0.257*;
- 21.4% premium to TGP's 6-month VWAP to the Announcement Date of \$0.247*;
- 24.2% premium to TGP's 12-month VWAP to the Announcement Date of \$0.242*.

Note: Where the asterisk is used * quoted trading prices, NAV's and NTA's per TGP Security are quoted post adjusting for \$0.40 per TGP Security Special Distribution.

Offer Price premium against TGP trading prices

Acceptance of the Offer provides an opportunity for TGP Securityholders to redeploy their cash proceeds from the Offer into a higher yielding investment because if you retain your TGP Securities, TGP's current FY26 forecast distribution equates to a distribution yield of only 3.3% based on the Offer Price.

1.2 All cash Offer allows you the opportunity to realise value for Your TGP Securities with the certainty of cash consideration

The Bidder is offering you 100% cash consideration for Your TGP Securities providing you with an opportunity to obtain liquidity for Your TGP Securities and to realise certain value for Your TGP Securities. If you accept the Offer (which is unconditional), you will:

- Be paid \$0.30 cash for each of Your TGP Securities;
- Receive that value without undertaking any additional transactions or incurring any brokerage (where you accept the Offer under the paper or electronic Acceptance Form); and
- Receive your cash payment of the Offer Consideration 7 Business Days after the date that you accept the Offer (where acceptance is under the paper or electronic Acceptance Form), provided you have submitted all necessary transfer documents with your acceptance.

Full details of the payment of the Offer Price are set out in Section 10 of this Bidder's Statement.

Alternatively, if you sell your TGP Securities on ASX at or below the Offer Price (rather than accept under the Offer), payment will be on a T+2 basis (after the date of the relevant transaction and will incur brokerage). Refer to Section 9.8 of this Bidder's Statement.

1.3 The Offer is unconditional

The Offer is not subject to any conditions and provides an opportunity for an exit from your investment in TGP Securities. There is no minimum acceptance condition. The Offer is capable of being accepted as soon as the Offer opens.

1.4 The Bidder considers the likelihood of a competing proposal emerging is low

The Bidder considers the likelihood of a competing offer or alternative proposal (that is capable of acceptance) to emerge is low given the Bidder's and its Associates' Relevant Interest in TGP as at 15 September 2025 is already 50.03%, the Bidder has been the largest securityholder in TGP since 2009 and the Bidder and its Associates have never received a formal proposal to sell their TGP Securities.

The Offer is unconditional and is cash. A competing offer or alternative proposal would likely be subject to a number of conditions including being subject to: due diligence; support of the Bidder and or the Bidder and its Associates selling part or all of their 50.03% stake (as at 15 September 2025); a minimum acceptance condition and other prescribed conditions.

Details of the Bidder's and its Associates interests in TGP Securities are set out in Section 4.3. Such a holding would commonly be considered a blocking stake as a potential interloper could never obtain a majority ownership stake in TGP without the Bidder's support.

1.5 The Offer removes your exposure to the risks and uncertainties associated with a continued investment in TGP Securities

The Bidder believes that the cash consideration payable under the Offer represents attractive value for Your TGP Securities. As a TGP Securityholder, you are subject to a number of external and TGP specific risks and uncertainties that could affect the trading price of TGP Securities. If you accept the Offer, you will no longer be exposed to those risks and uncertainties, which include:

- Conditions in the property investment market impacting TGP's co-investment income and value of the underlying real estate funds' performance, including tenant retention and releasing, the property valuation cycle, the availability of funding, and interest rates which can impact the value of TGP's underlying assets;
- The value of TGP's co-investments from fluctuations in the ASX trading prices from general investment market conditions, impacting TGP's funds' cost of capital which may impact the ability to grow the funds over time;
- Risks around general investor appetite for TGP's two ASX listed funds which are both considered micro funds being each sub \$100 million market capitalisation;
- TGP has historically had a high cash balance (of which \$78.8 million has now been distributed to TGP Securityholders on 12 September 2025 under the Special Distribution) and has historically received a large proportion of its revenues from interest income on this cash, especially in the rising interest rate environment. Australia is now in a falling interest rate environment and TGP is unlikely to receive as much interest income from its cash as it has in previous periods and TGP is forecasting lower distributions going forward with FY26 forecast distribution of 1.0cps, being 71.4% lower than the FY25 distribution of 3.5cps. If TGP does not replace this revenue with other revenue streams, such as increasing its fee revenue or investment income from increasing its co-investment in its funds and growing its third-party funds under management, distributions are likely to remain low or maybe suspended;

- TGP now needs to rely more on third-party capital to secure transactions to grow its funds management business which increases the risk of achieving this objective and exposes TGP to greater market fluctuations and investors' appetite at certain times the commercial real estate cycle.
- The market capitalisation of TGP is now sub \$60 million (based on the Offer Price) and is over 50% owned already by the Bidder and its Associates. The liquidity on the ASX and attractiveness of TGP as an investment proposition is likely to diminish where the Bidder and its Associates increase their ownership, which in turn lowers the attractiveness of TGP as an investment on the ASX.
- Equity market volatility which can impact the value of TGP Securities on the ASX.

1.6 TGP's Security price may fall if the Offer lapses

TGP's Security price closed at \$0.30 per TGP Security on the last trading date prior to announcement of the Offer, being 12 September 2025. Given the historic trading levels, TGP Securities may trade below current levels when the Offer lapses.

1.7 There may be a reduction in liquidity in TGP Securities if the Bidder further increases its interest in TGP, thereby reducing the free float of TGP Securities

The Bidder and its Associates as at 15 September 2025 hold approximately 50.03% of the TGP Securities on issue. If the Bidder increases its interest in TGP but is not entitled to proceed to compulsory acquisition in accordance with Part 6A.1 of the Corporations Act, and TGP continues to be listed on the ASX following the Offer (ie. if the Bidder and its Associates do not achieve ownership of at least 75% by the end of the Offer Period) and you continue to hold TGP Securities, there is likely to be reduced liquidity in TGP Securities due to the decrease in the number of TGP Securities available for trading. This may make it difficult for you to sell Your TGP Securities outside the Offer and may have a material adverse effect on their liquidity and market value (i.e. this could cause the trading price of TGP Securities to fall).

1.8 No guarantee of future distributions

TGP is reliant on third party capital to grow its Managed Funds to a scale where the Fund Manager is profitable. For example, in FY25, the Group received \$3.2 million in base management fees and loan establishment fees, however employment costs and business operating costs totalled \$4.9 million, before any costs associated with security-based employment plans or costs incurred by the TGP for expanding 360 Capital Mortgage REIT.

There is no guarantee of TGP growing its Managed Funds to a scale where the Fund Manager is profitable and therefore no guarantee of distributions in the future.

1.9 If you do not accept the Offer you will be a minority TGP Securityholder in an entity controlled by the Bidder and TGP may be delisted from the ASX

The Bidder and its Associates as at 15 September 2025 have a 50.03% ownership in TGP. They may increase this level of ownership in TGP as a result of acceptances under this Offer (or acquisitions on the ASX) but may only get to an ownership level of less than 90% and will not be entitled to compulsorily acquire the remaining TGP Securities.

Those TGP Securityholders who have not accepted the Offer will become minority TGP Securityholders, with lesser influence on TGP.

If the Bidder and its Associates increase their ownership or control to at least 75% of the TGP Securities after close of the Offer, the Bidder intends to cause TGP to apply for removal from the Official List of the ASX. If TGP is removed from the Official List of the ASX, TGP Securities will not be able to be bought or sold on the ASX.

Further information in relation to the Bidder's Intentions post the close of the Offer, including potential delisting, is set out in Section 6.

1.10 You will not incur any stamp duty with your acceptance of the Offer

You will not pay stamp duty on the disposal of your TGP Securities if you accept the Offer. You will not incur any brokerage cost where you accept the Offer under the paper or electronic Acceptance Form.

See Section 10.9 for more information.

1.11 Potential to offset capital gain

For some TGP Securityholders (depending on the cost base of their TGP Securities), there may be the potential to offset the capital gain from the recent \$0.40 Special Distribution with potential capital losses by accepting the Offer. See Section 8.2 for more information.

However, given the Bidder and its Associates already control TGP such that there will be no change of control as a result of the Offer, and the Bidder's intentions to continue to operate on a business-as-usual basis post the Offer, the Bidder does not expect that outstanding Performance Rights would vest on an accelerated basis.

6. Bidder's intentions in relation to TGP

6.1 Introduction

This Section 6 sets out the Bidder's intentions in relation to the following:

- a. the continuation of the business and operations of TGP;
- b. any major changes to the business or operations of TGP;
- c. the future employment of the present employees of TGP;
- d. any plans to remove the responsible entity of TGP and appoint a new responsible entity; and
- e. any plans to change the corporate governance of TGP's managed funds.

These intentions are based on the publicly available information concerning TGP, its business and the general business environment which is known to the Bidder at the time of preparation of this Bidder's Statement. Final decisions regarding these matters will only be made by the Bidder in light of material information and circumstances at the relevant time including market conditions. Accordingly, the statements set out in this Section are statements of current intention only and may change as new information becomes available or circumstances change, and the statements in this Section should be read in this context.

6.2 General operational

The Bidder has for some time now recognised that the return on capital from its investment in the Group has been sub-optimal with returns from TGP's investing activities being reduced from the losses associated with the funds management activities and the costs and management time of being a public company and listed on the ASX. This has been further highlighted with reduced interest income from the Group's cash and was supportive of the recent Special Distribution.

For example, in FY25, the Group received \$3.2 million in base management fees and loan establishment fees, however employment costs and business operating costs totalled \$4.9 million, before any costs associated with security-based employment plans or costs incurred by the Group for expanding 360 Capital Mortgage REIT.

At the end of the Offer Period, the Bidder intends, to the extent it is able, to conduct a review of TGP's assets and operations on a strategic and financial level to evaluate TGP's performance, profitability, business operations and strategy. This review will not include the Managed Funds of TGP which are separate entities. It is expected that this review will not have a material impact on the operational aspects of TGP and the Bidder does not intend to change the strategy of TGP as part of this review.

The Bidder has been supportive of TGP's stated strategy of being an investor and fund manager of real estate investing in both real estate credit and equity. The Bidder's current intention is to continue the operations and strategy of TGP as it is, maintain the same management team, but will focus on certain areas to improve TGP profitability including, but not limited to the following areas:

- Review corporate costs and simplify certain processes (where possible);

- Expand the third-party capital capability to drive TGP's funds management operations with a targeted strategy of having fee revenue greater than the overall operating costs of TGP;
- Have a target of making the funds management profits cover the operating costs of TGP.

The Bidder has no intention of disrupting the strategy of continuing the managed funds activities and believes that post close of the Offer, the change in ownership composition will have no impact on the operations and strategy of the Managed Funds of TGP.

6.3 Intentions if the Bidder and its Associates have a Relevant Interest in 90% or more of the TGP Securities

This Section 6.3 sets out the Bidder's current intentions if at the end of the Offer Period it and its Associates have a Relevant Interest in 90% or more of all TGP Securities and is entitled to proceed to compulsory acquisition of the remaining TGP Securities under the Corporations Act.

a. Compulsory acquisition

If it becomes entitled to do so under the Corporations Act, the Bidder intends to proceed with compulsory acquisition in accordance with the provisions of Chapter 6A of the Corporations Act. To exercise the compulsory acquisition power following a takeover bid, either during or at the end of the Offer Period, the Bidder and its associates:

- (i) must have Relevant Interests in at least 90% (by number) of the TGP Securities; and
- (ii) must have acquired at least 75% (by number) of the TGP Securities that the Bidder offered to acquire under the bid (whether the acquisition happened under the bid or otherwise).

b. ASX Listing

After conclusion of the compulsory acquisition process, the Bidder intends to procure that TGP be removed from the Official List of the ASX. Pursuant to Listing Rule 17.4, ASX will automatically suspend quotation of TGP Securities 5 business days after it receives a copy of the compulsory acquisition notice sent to the remaining holders of TGP Securities. The ASX would then usually remove TGP from the Official List of ASX at the close of trading on the third business day following the suspension or on a date decided by the ASX pursuant to Listing Rule 17.14.

c. Directors

The Bidder does not intend to seek a change to the composition of the TGP Company Board, the Responsible Entity Board or any of TGP Managed Fund's investment management Boards.

d. Outsource management

The Bidder has no current intention to change any of the 360 Capital team members, or their employment conditions and roles.

The Bidder will undertake a review of the corporate costs and processes and may seek to make changes to certain third-party service providers or outsource some aspects, however, the Bidder does not believe that this will change any of the employee's roles.

The Bidder has no current intention to remove the current responsible entity for TGP Trust.

e. Registered scheme status

If the Bidder is entitled to proceed with compulsory acquisition, the Bidder intends to apply to deregister 360 Capital Investment Trust as a registered managed investment scheme with ASIC following the conclusion of the compulsory acquisition process.

f. Refinancing and capital management

As at 30 June 2025, TGP had no corporate borrowings. The Bidder will review TGP's capital structure and financing and may introduce corporate debt for working capital purposes as part of its review of operations.

As part of the strategic review, the Bidder will also look at the level of co-investment in each of the Managed Funds and may seek to change the capital structure of the Group's investment trust (TGP Trust) to improve returns.

6.4 Intentions if the Bidder has less than 90% of the TGP Securities

This Section 6.4 sets out the Bidder's current intentions if, at the end of the Offer Period, the Bidder and its Associates have a Relevant Interest in less than 90% of the TGP Securities.

a. Active major securityholder

Subject to the Corporations Act, if the Bidder receives acceptances under the Offer (or acquires TGP Securities on ASX during the Offer Period) which brings its (together with its Associates) Relevant Interest to more than 75% of the TGP Securities, it will be in a position to cast the votes required to determine the outcome of a "special resolution" at a meeting of TGP members, subject only to applicable voting exclusions. This would enable the Bidder to pass resolutions, for example, to amend the TGP constitutions.

b. Directors

The Bidder does not intend to seek a change to the composition of the TGP Board or the Responsible Entity Board or any of TGP Managed Fund's investment management Boards.

c. Outsourced management

As part of the review referred to in Section 6.2, the Bidder will review all external service providers.

The Bidder has no current intention to change any of the 360 Capital team members, or their employment conditions and roles.

The Bidder will undertake a review of the corporate costs and processes and may seek to make changes to certain third-party service providers or outsource some aspects, however, the Bidder does not believe that this will change any of the employee's roles.

The Bidder has no current intention to remove the current responsible entity for TGP Trust.

d. ASX delisting

At the end of the Offer Period, if the Bidder and its Associates own or control more than 75% of the TGP Securities but the Bidder is not able to proceed to compulsory acquisition, the Bidder intends to cause TGP to apply for removal from the official list of the ASX where it is entitled to do so in accordance with ASX Listing Rules and ASX guidance.

ASX guidance indicates that, in this instance, it would be likely to approve an application for TGP to be removed from the Official List of the ASX without needing any TGP Securityholder approval if the following conditions are satisfied, among other conditions:

- At the end of the Offer Period, the Bidder owns or controls at least 75% of the TGP Securities and the Offer Period has remained open for at least two weeks after the Bidder and its related bodies corporate attained ownership of control of at least 75% of the TGP Securities;
- Fewer than 150 TGP Securityholders (other than the Bidder and its related bodies corporate) have holdings with a value of at least \$500;
- the Bidder has foreshadowed in this Bidder's Statement that it intended to cause TGP to apply for removal from the Official List if it secured the relevant level of control (as noted above);
- TGP applied for removal from the Official List no later than one month after the close of the Offer; and
- The ASX has also stated it will usually require the following conditions to be satisfied before it will act on a request for removal from the Official List:
 - the responsible entity and company send a letter or email to TGP Securityholders advising them of the nominated time and date at which TGP will be removed from the Official List and that if they wish to sell their TGP Securities on the ASX, they will need to do so before TGP is removed from the Official List, and if they do not, that they will only be able to sell their TGP Securities off-market; and
 - the removal of TGP from the Official List will not take place any earlier than 3 months after that letter or email has been sent to TGP Securityholders, so that they have at least that period to sell their TGP Securities on the ASX, should they wish to do so.

In addition, the Bidder may cause TGP to apply for delisting after the date that is 12 months after the close of the Offer Period.

ASX guidance states that it may approve an application for TGP to be removed from the Official List of the ASX with TGP Securityholder approval, where such removal is sought later than 12 months after the close of the Offer Period. Subject to the ASX's discretion, the Bidder and its associates may be entitled to vote on the resolution approving the removal.

If TGP is removed from the Official List of the ASX, there may be risks related to remaining as a minority shareholder in TGP. These include significantly reduced or non-existent liquidity and the risk of remaining a minority securityholder with only statutory rights under the Corporations Act.

e. General operational and strategic review

The Bidder has no current intention to change any of the 360 Capital team members, or their employment conditions and roles.

The Bidder will undertake a review of the corporate costs and processes and may seek to make changes to certain third-party service providers or outsource some aspects, however, the Bidder does not see that this will change any of the employee's roles.

The Bidder has no current intention to remove the current responsible entity for TGP Trust.

f. Capital management and distributions

As at 30 June 2025, TGP had no corporate borrowings. The Bidder will review TGP's capital structure and financing and may seek to introduce corporate debt for working capital purposes as part of its review of operations.

As part of the strategic review, the Bidder will also look at the level of co-investment in each of the Managed Funds and may seek to change the capital structure of the Group's investment trust (TGP Trust) to improve returns. The Bidder may also determine the level of distributions going forward.

g. Other intentions

The Bidder may seek to acquire further TGP Securities whether in reliance on the "3% creep" exception in item 9 of Section 611 of the Corporations Act (which, in summary, allows a person to increase their Voting Power by 3% every six months) or otherwise. Where it does so it may become entitled to exercise rights of general compulsory acquisition under Part 6A.2 of the Corporations Act. Any acquisition in reliance on the "creep" provisions could not be undertaken until at least 6 months after the Offer opens. The Bidder will make an assessment at the relevant time based on the then current circumstances as to whether or not it will undertake any such further acquisitions of the TGP Securities.

If the 90% threshold for general compulsory acquisition is reached, the Bidder may exercise those rights of compulsory acquisition.

If the Bidder proceeds to acquire the remaining TGP Securities under the general compulsory acquisition provisions of Part 6A.2 of the Corporations Act, the Bidder will apply for termination of official quotation of the TGP Securities on the ASX and arrange for TGP to be removed from the Official List of the ASX.

6.5 Limitations in giving effect to intentions

The ability of the Bidder to implement the intentions set out in Sections 6.2 to 6.4 will be subject to the legal obligation of the directors of TGP to properly discharge their duties as directors of TGP, to have regard to the best interests of TGP and all TGP Securityholders, the requirements of the Corporations Act, the ASX Listing Rules and the TGP constitutions, and any other applicable agreements between related parties. These rules may limit or modify the implementation of the intentions outlined above.

The intentions and statements of future conduct set out in this Section 6 are subject to:

- the legal obligations of the directors on the TGP Board at the time, including any directors who were nominated by the Bidder, to act in good faith in the best interests of TGP Securityholders and for proper purposes and to have regard to the interests of all TGP Securityholders;
- the legal obligations of the Responsible Entity of TGP, to act honestly and in the best interests of TGP Securityholders and for proper purposes, to have regard to the interests of all TGP Securityholders, to give priority to the interests of all TGP Securityholders over those of the responsible entity in the event of a conflict between them and to exercise the degree of care and diligence that a reasonable person would exercise if they were in the responsible entity's position;
- the law (including the Corporations Act) and the ASX Listing Rules, including in relation to conflicts of interest and "related party" transactions given that, if the Bidder and its Associates increase their ownership and control of TGP but do not acquire all of the

TGP Securities, the Bidder and Associates will be treated as related parties of TGP for these purposes;

- the outcome of the reviews referred to in this Section 6; and
- any TGP Securityholder (including minorities) approval(s) required for the implementation of some of the intentions outlined above.

7. Funding

7.1 Background

The Offer is not subject to any financing condition.

7.2 Maximum consideration payable

The Offer Price for the acquisition of Your TGP Securities under the Offer will be satisfied wholly by payment in cash (in Australian dollars).

The maximum amount of cash that the Bidder would be required to pay under the Offer if acceptances are received in respect of all the TGP Securities on issue (other than those TGP Securities which the Bidder or its Associates already hold as at 15 September 2025) is \$29,511,262.20 (excluding transaction costs).

This is calculated on the basis of 196,870,874 TGP Securities on issue as at 15 September 2025 less 98,500,000 TGP Securities the Bidder and its Associates hold as at 15 September 2025, at an Offer Price of \$0.30 per TGP Security.

7.3 Sources of cash consideration

The maximum consideration payable by the Bidder under the Offer and any associated transaction costs in respect of the Offer will be funded by the Bidder from existing cash reserves of the Bidder in the bank.

8. Taxation considerations

8.1 Introduction

The following is intended only as a general guide of the principal Australian income tax, goods and services tax (GST) and stamp duty consequences generally applicable to TGP Securityholders who accept the Offer. The comments set out below are also relevant to those TGP Securityholders who do not accept the Offer if the Bidder proceeds to compulsorily acquire their TGP Securities (where the Bidder and its Associates have obtained the requisite 90% threshold under the Corporations Act).

This outline is based upon the Australian law and administrative practice as at the date of this Bidder's Statement. This outline does not otherwise take into account or anticipate changes in the law, whether by way of judicial decision or legislative action, nor does it take into account tax legislation of countries apart from Australia.

The comments set out below are relevant only to those TGP Securityholders who hold their TGP Securities on capital account (e.g. a passive investment with a view of generating income) for tax purposes, and not TGP Securityholders who:

- hold their TGP Securities as revenue assets or as trading stock;
- acquired their TGP Securities pursuant to an employee share, option or rights plan;
- are subject to the taxation of financial arrangement rules in Division 230 of the Income Tax Assessment Act 1997 (Cth) in relation to gains and losses on their TGP Securities;
- are non-residents of Australia who hold their TGP Securities in carrying on a business at or through a permanent establishment in Australia;
- are financial institutions, insurance companies, partnerships, tax exempt organisations, sovereign entities, trusts, superannuation funds or entities subject to the Investment Manager Regime under Subdivision 842-I of the Income Tax Assessment Act 1997 (Cth) in respect of their TGP Securities; or
- are temporary residents or have changed their tax residence while holding TGP Securities.

Each TGP Security comprises of:

- A fully paid unit in 360 Capital Investment Trust (ARSN 104 552 598) (i.e., TGP Trust); and
- A fully paid ordinary share in 360 Capital Group Limited (ACN 113 569 136) (i.e., TGP Company).

A TGP Securityholder who disposes of their TGP Security will need to separately calculate the gain/loss on disposal of their units in TGP Trust and shares in TGP Company. That is, in calculating the gain/loss on disposal of the TGP Securities, each TGP Securityholder will need to apportion the proceeds received under the Offer between the units and shares.

TGP Securityholders who are tax residents of a country other than Australia (whether or not they are also Australian tax residents or are temporary tax residents of Australia) should take into account the tax consequences under the laws of their country of tax residence, as well as

under Australian tax law, and any applicable tax treaty between Australia and that country, of acceptance of the Offer.

This outline does not constitute tax advice. It does not take account of the individual circumstances of a particular TGP Securityholder. It does not purport to be a complete analysis of the potential tax consequences of the Offer and is intended only as a general guide only of the Australian income tax, GST and stamp duty implications. TGP Securityholders should consult their own tax advisor regarding the tax consequences of the Offer in light of current tax laws and their particular circumstances.

8.2 Australian resident securityholders

Where the TGP Securities are held on capital account the disposal of the TGP Securities will generally give rise to Australian capital gains tax (CGT) consequences. The disposal of such TGP Securities by TGP Securityholders who accept the Offer or where TGP Securities are acquired by compulsory acquisition (subject to the Bidder being entitled to under the Corporations Act) will constitute CGT events for Australian CGT purposes.

The time of the CGT event is generally when a binding contract to sell the TGP Securities is entered into.

The CGT implications of a disposal of the TGP Securities will depend on various factors, including:

- the date the TGP Securities were acquired for CGT purposes;
- the nature of the taxpayer (i.e. individual, trust, company, superannuation fund etc);
- the length of time a TGP Securityholder has held their TGP Securities; and
- the cost base (or reduced cost base) of the TGP Securityholder's units in TGP Trust and shares in TGP Company, taking into account any tax deferred distributions received in respect of the units in TGP Trust.

TGP Securityholders will not be entitled to choose indexation of the cost base when calculating any capital gain on disposal of their TGP Securities.

Broadly, individuals, trusts and complying superannuation funds may be entitled to the CGT discount where the Offer exceeds the cost base of the TGP Securities (i.e. there is a capital gain) and the TGP Securities have been held for at least 12 months at the time of the CGT event. For individuals and trusts, the discount percentage applicable to the net capital gain (i.e. the capital gain after the application of any capital losses, if any) is 50% and for complying superannuation funds the discount percentage is 33.33%.

If TGP Securityholders have held their TGP Securities for less than 12 months prior to the date of the CGT event or are a company, the TGP Securityholders will not be eligible to apply the CGT discount. Any capital gain arising from the disposal of their TGP Securities as a result of their acceptance of the Offer will be assessable in full where they do not have capital losses available to offset against the capital gain.

If the Offer is less than a TGP Securityholder's reduced cost base in the TGP Securities, the TGP Securityholder will generate a capital loss which may be available to utilise against other current year capital gains or be carried forward to future income years.

TGP Securityholders as at the Special Distribution record date of Friday, 29 August 2025 and who received the Special Distribution of \$0.40 per TGP Security held, comprising approximately \$0.19, grossed-up discounted capital gain and approximately \$0.21 distribution of capital will have a reduction in the cost base in respect of the units held in TGP Trust. TGP Securityholders are advised to seek their own tax advice on the effect of the Special Distribution. The capital gain is an estimate only and the final taxable amount will be provided when TGP Securityholders tax statements are issued in August 2026.

8.3 Non-resident securityholders

For an TGP Securityholder who:

- is not, and has not been, a resident of Australia for Australian tax purposes;
- holds their TGP Securities on capital account; and
- does not hold their TGP Securities in carrying on a business at or through a permanent establishment in Australia,

The TGP Securityholder is not subject to CGT in Australia on the disposal of their TGP Securities unless the units in TGP Trust or shares in TGP Company constitute “indirect Australian real property interests” by satisfying both of the following:

- a) The TGP Securityholder (together with their associates) owned at least 10% of the TGP Securities either at the time they are disposed of as a result of the acceptance of the Offer or for any 12 month period during the 24 months before the TGP Securityholder disposed of their TGP Securities (in which case, the TGP Securityholders’ interest would be a “Non-portfolio interest”); and
- b) At the time of disposal of the TGP Securities, “taxable Australian real property” assets (which includes real property and mining, quarrying or prospecting rights if the minerals, petroleum or quarry materials are located in Australia) comprise more than 50% of the market value of the assets owned directly or indirectly by the TGP Trust or TGP Company (as relevant).

TGP Securityholders who are non-residents of Australia for tax purposes should seek independent advice as to the tax implications of acceptance of the Offer, including the potential application of any of the above items and whether any relief is available under a relevant double tax treaty.

8.4 Foreign resident CGT withholding obligations

Australia’s foreign resident CGT withholding tax regime applies to transactions involving the acquisition of certain indirect interests in Australian real property from relevant foreign residents.

A ‘relevant foreign resident’ for these purposes is any TGP Securityholder who:

- a) the Bidder knows or reasonably believes their TGP Securities to constitute “indirect Australian real property interests” (see Section 8.3); and
- b) the Bidder:
 - i. knows is a foreign resident for Australian tax purposes; or
 - ii. reasonably believes is a foreign resident for Australian tax purposes;

- iii. does not reasonably believe is an Australian resident, and either has an address outside Australia or the Bidder is authorised to provide a financial benefit relating to the transaction to a place outside Australia; or
- iv. is aware that the TGP Securityholder has a connection outside Australia of a kind specified in the tax regulations.

The relevant withholding tax rate is 12.5% of the Offer Price.

Where the Bidder is required to withhold under these provisions:

- the amount withheld from the Offer Price is remitted to the ATO;
- the TGP Securityholder will only receive the net proceeds and will be taken to receive the full Offer Price for the purposes of this Offer such that the Bidder will be discharged of any liability to pay that amount of the Offer Price to the TGP Securityholder.

Based on the information as at the date of the Bidder's Statement, the Bidder does not anticipate having to withhold any amount under these provisions. However, the Bidder may seek a declaration as to Australian tax residency or that the TGP Securities are not "indirect Australian real property interests" from certain TGP Securityholders to ensure that an amount is not required to be withheld and remitted to the ATO.

TGP Securityholders who have an amount withheld should generally be entitled to a credit for the amount withheld upon lodging an Australian income tax return.

8.5 Stamp duty

If you accept the Offer or Your TGP Securities are compulsorily acquired, you will not be required to pay any stamp duty in respect of the disposal of Your TGP Securities under the Offer.

8.6 GST

Holders of TGP Securities should not be liable to pay any GST in respect of a disposal of those TGP Securities

The disposal and acquisition of units and shares are "financial supplies" for GST purposes. If TGP Securityholders who are registered for GST incur any costs which include GST (such as advisor fees) relating to their participation in the Offer, they may only be entitled to input tax credits for such costs in certain circumstances and should seek specific advice.

8.7 Obtain your own taxation advice

Do not rely on the comments or the statements contained in this Bidder's Statement as advice about your own affairs. The taxation laws are complex and there could be implications in addition to those generally described in this Bidder's Statement.

Accordingly, consult your own tax advisers for advice applicable to your individual needs and circumstances. To the extent permitted by law, none of the Bidder nor its Associates accepts any responsibility for tax implications for individual TGP Securityholders.

The Bidder is not a registered tax agent under the Tax Agent Services Act 2009 (Cth) and cannot provide tax advice to specific TGP Securityholders. TGP Securityholders should obtain their own tax advice that has regard to their own personal circumstances from a registered tax agent on the consequences of accepting the Offer.

Announcement to ASX of the Offer

TT Investments

TT Investments Pty Limited
as trustee for TT Investment Trust

For immediate release to market

15 September 2025

CASH OFFER - 360 CAPITAL GROUP (ASX:TGP) FOR \$0.30 PER TGP SECURITY

TT Investments Pty Limited ABN 89 098 158 028 as trustee for TT Investments Trust ABN 16 299 769 401 ("**Bidder**"), has today announced an off-market takeover to acquire all of the stapled securities in 360 Capital Group Limited and 360 Capital Investment Trust (ASX:TGP) ("**TGP Securities**") that it and its controlled entities, TT Investments Pty Limited ABN 89 098 158 028 as trustee for TT Superannuation Fund ABN 78 709 823 744, Pentagon Financial Services Pty Ltd ABN 38 135 307 121 as trustee for the Pentagon Investment Trust ABN 98 276 622 398 and Pentagon Capital Pty Limited ABN 72 106 719 699 ("**Associates**") do not currently own, for \$0.30 per TGP Security ("**Offer Price**") (the "**Offer**").

The Bidder is the largest securityholder of 360 Capital Group and together with its Associates, has a relevant interest in 50.03% of TGP Securities as at 15 September 2025. The Bidder and its Associates are owned and controlled by Mr Tony Pitt, the Executive Chairman of TGP. The Offer is not subject to any conditions, including there being no minimum acceptance condition. The Offer is capable of being accepted immediately once the Offer opens, which is expected to be on 29 September 2025.

The Bidder believes that the Offer provides compelling value to TGP Securityholders as well as the opportunity to realise liquidity and certainty of value for Your TGP Securities at an attractive premium to historical trading prices (adjusting for the recent \$0.40 per TGP Security special distribution paid by TGP on 12 September 2025 ("**Special Distribution**").

Summary of the Offer

The Offer is an all-cash offer of \$0.30 per TGP Security for all of Your TGP Securities, which enables you to receive an attractive premium for Your TGP Securities relative to historical trading levels.

The cash consideration payable under the Offer will be reduced by the amount or value of any Rights to which you or a previous holder of Your TGP Securities receive or become entitled to receive on and from 15 September 2025, the Announcement Date, which the Bidder does not receive in respect of Your TGP Securities.

The Offer Price represents an attractive premium to TGP Securityholders

The cash Offer Price of \$0.30 per TGP Security represents an attractive premium to TGP's historical trading levels, equating to:

- In line with the closing price of TGP Securities of \$0.30 on the last trading day prior to the Announcement Date;
- A 81.8% premium to TGP's undisturbed price, being the closing price of TGP Securities on 14 April 2025 of \$0.165* per TGP Security being the day before TGP commenced its off market buyback at \$0.25* per TGP Security;
- 14.7% premium to TGP's 1-month VWAP to the Announcement Date of \$0.262*;
- 16.8% premium to TGP's 3-month VWAP to the Announcement Date of \$0.257*;
- 21.4% premium to TGP's 6-month VWAP to the Announcement Date of \$0.247*; and
- 24.2% premium to TGP's 12-month VWAP to the Announcement Date of \$0.242*.

Note: Where the asterisk is used * quoted trading prices, NAV's and NTA's per TGP Security are quoted post adjusting for \$0.40 per TGP Security Special Distribution.

Other reasons to accept the Offer

The Offer provides TGP Securityholders with a number of significant benefits and there are a number of other compelling reasons to accept the Offer:

- An attractive premium to TGP's historic trading levels prior to recent capital management initiatives;
- All cash offer allows you the opportunity to realise value for Your TGP Securities with the certainty of cash consideration. If you accept the Offer under the paper or electronic Acceptance Form, you will receive payment of the Offer Consideration 7 Business Days after acceptance;
- The Offer is not subject to any conditions. There is no minimum acceptance condition;
- You will not incur any brokerage cost or stamp duty with your acceptance of the Offer if you accept the Offer under the paper or electronic Acceptance Form;
- The Bidder considers that the likelihood of a competing proposal emerging is low given the Bidder's and its Associates' current aggregate Relevant Interests in TGP is above 50% already;
- For some TGP Securityholders (depending on the cost base of their TGP Securities), there may be the potential to offset the capital gain from the recent \$0.40 Special Distribution with potential capital losses by accepting the Offer;
- Provides an opportunity for TGP Securityholders to redeploy their cash proceeds from the Offer into a higher yielding investment given if you retain your TGP Securities, TGP's current FY26 forecast distribution equates to a distribution yield of only 3.3% based on the Offer Price; and
- The Offer removes your exposure to the risks and uncertainties associated with a continued investment in TGP Securities, which are likely to become more illiquid on the ASX.

Rationale for the Bidder to make the Offer and future intentions for the Group post close of the Offer

The Bidder's intentions for TGP post the close of the Offer are set out in Section 6 of the Bidder's Statement.

The Board and management team of 360 Capital has the full support of the Bidder with regards to the Group's strategy of being an investor and fund manager of real estate, investing in both real estate credit and equity.

After close of the Offer, the Bidder intends to conduct the business of TGP as usual and does not intend to seek a change to the composition of the TGP Company Board or the Responsible Entity Board or any of TGP Managed Fund's investment management Boards. It is also not looking to change any members of the 360 Capital management team and is fully supportive of each of the Managed Fund's investment strategy.

Upon the Offer closing, the Bidder will undertake a strategic review of the Group's operating costs of being listed on the ASX and being a public company and will seek to implement a strategy of reducing these costs. As part of the strategic review, the Bidder will also look at the level of co-investment in each of the Managed Funds and may seek to change the capital structure of the Group's investment trust (TGP Trust) to improve returns.

If the Bidder and its Associates increase their aggregate ownership and control in TGP Securities to at least 75%, after the close of the Offer, the Bidder intends to apply to the ASX for TGP to be delisted from the ASX (provided certain conditions are met and it is entitled to do so in accordance with ASX Listing Rules and ASX Guidance). The Bidder believes that TGP would be better placed to operate as an unlisted fund manager given that TGP is incurring all the costs of being listed but is unable to realise the benefits of being listed.

If post close of the Offer, the Bidder and its Associates have a Relevant Interest in 90% or more of the TGP Securities on issue, the Bidder intends to compulsorily acquire the remaining TGP Securities in accordance with the Corporations Act and as part of its strategy to reduce operating costs.

There are risks of not accepting the Offer, including that:

- TGP's Security price may fall if the Offer lapses;
- There may be a reduction in liquidity in TGP Securities if the Bidder further increases its interest in TGP Securities, thereby reducing the free float of TGP Securities;
- If you do not accept the Offer, you risk remaining or becoming a minority TGP Securityholder in TGP which is controlled by the Bidder and its Associates;
- If you retain your TGP Securities, TGP is reliant on third party capital to grow its Managed Funds to a scale where the Fund Manager is profitable. There is no guarantee of this occurring and therefore no guarantee of distributions in the future;
- If you retain your TGP Securities, based on the Offer Price, TGP's FY26 forecast distribution of 1.0cps² equates to a distribution yield of only 3.3% p.a.; and
- As referred to above, if the Bidder and its Associates own or control at least 75% of TGP Securities after close of the Offer, the Bidder intends to apply for TGP to be delisted from the ASX. Refer to Section 6 (Bidder's Intentions) of the Bidder's Statement which will be released to the ASX today.

² According to TGP's FY25 Results Presentation released on the ASX on 25 August 2025.
