Board Recommendation

The Board recommends that shareholders vote in favour of this resolution.

Item 4 - Approval of LTIP grant to Managing Director and Chief Executive Officer

In accordance with ASX Listing Rule 10.14, which provides that a listed company must not permit a Director to acquire equity securities under an employee incentive scheme unless it obtains the approval of its shareholders, shareholder approval is sought for the proposed grant of 250,645 Performance Rights to the Managing Director and Chief Executive Officer, Mr Graeme Whickman, under the Company's Long Term Incentive Equity Plan (**LTIP**) and on the terms set out below.

Details of proposed grant

The proposed grant of Performance Rights to the Managing Director and Chief Executive Officer will provide his maximum incentive opportunity under the LTIP for FY26–FY28 (**FY26-28 LTIP**). The proposed grant is intended to align the Managing Director and Chief Executive Officer's interests with the interests of shareholders and encourage the achievement of the Company's performance goals and the growth of the Company's business.

The Performance Rights to be granted are zero price Performance Rights to receive fully paid ordinary Shares in the Company upon vesting. On the condition that, and to the extent that, certain criteria (**Performance Targets**), which are described below) are satisfied in respect of the period from 1 July 2025 to 30 June 2028 (the **Performance Period**), the Performance Rights will vest. Vesting will be determined following the end of the Performance Period. If any Performance Rights vest, the Managing Director and Chief Executive Officer will be entitled to "exercise" them (i.e. to convert them into Shares in the Company).

Performance Rights are not tradeable and do not carry any voting or dividend rights prior to vesting.

A summary of the material terms of the LTIP, including the key terms of the proposed grant and the Rules, are set out below. A summary of the operation of the LTIP is also set out in the Remuneration Report which is on pages 30-49 of the 2025 Annual Report.

Subject to shareholder approval, the Managing Director and Chief Executive Officer will be granted the number of Performance Rights (rounded to the nearest whole number), calculated by applying the formula:

$TFR \times 150\% / VWAP$, where:

- TFR is the Total Fixed Remuneration of the Managing Director and Chief Executive Officer to be received in FY26 (the Managing Director and Chief Executive Officer's TFR is set out below in the "Additional Information" section.)
- VWAP is the volume weighted average price of the Company's Shares traded on ASX over the ASX market trading days in June 2025 (being the month immediately prior to the commencement of the three year performance period), which is \$7.7799.

To the extent that Performance Rights vest following the end of the Performance Period, the Managing Director and Chief Executive Officer will be entitled to one fully paid ordinary Share in the Company for each Performance Right. Any Performance Rights which do not vest will lapse.

Upon vesting, the Board retains a discretion to make a cash payment in lieu of an allocation of vested Performance Rights.

As the Performance Rights form part of the Managing Director and Chief Executive Officer's remuneration package, they will be granted at no cost to him. No exercise price will be payable by the Managing Director and Chief Executive Officer upon issue of Shares in the Company following exercise of vested Performance Rights. The maximum present-day face value of the Shares which would result if the maximum award were earned by all the Performance Targets being met at maximum, is \$1,950,000. The actual value of any award (vested Performance Rights), if earned over the Performance Period, depends on the Share price at the time of vesting and exercise, which cannot be determined in advance.

The Company uses Performance Rights under the LTIP as an at-risk component of remuneration for the Managing Director and Chief Executive Officer because they create alignment between the Managing Director and Chief Executive Officer's interests and those of shareholders, through creating an incentive to meet the Performance Targets.

The grant of Performance Rights, if approved, will not provide the Managing Director and Chief Executive Officer with the benefits of share ownership (such as dividend and voting rights). (If any Performance Targets vest following the end of the Performance Period and are exercised, the Managing Director and Chief Executive Officer will then own Shares in place of those Performance Rights, with the usual rights attributable to share ownership).

Performance Targets

The Performance Rights are divided into three tranches, each tranche subject to a Performance Target based on a measure.

In preparation for the FY26-28 LTIP, the Board conducted a review of the measures and determined that a measure for Return on Capital Employed (ROCE) will be introduced, reflecting the importance of ROCE from a shareholder perspective and aligning the LTIP to the Capital Allocation Framework which has now been formalised and disclosed to shareholders.

Tranche 1 - Performance Target: Relative Total Shareholder Return (rTSR) (40% of opportunity)

The first tranche, which is 40% of the total number of Performance Rights to be granted, is subject to a Performance Target that compares the TSR performance of the Company with the TSR performance of each of the entities in a comparator group over the Performance Period. TSR measures the growth in the price of Shares (modified to account for capital adjustments where appropriate) together with the value of dividends during the Performance Period, assuming that all those dividends were re-invested into new Shares.

rTSR has been chosen by the Board as the measure closely aligns the LTIP component of remuneration with the interests of shareholders. The Board considers that it is the most effective way to measure the Company's shareholder returns relative to the performance of companies that compete with the Company for capital and for employees. The Board retains the discretion to modify the comparator group in certain circumstances.

For any of the Performance Rights in Tranche 1 to vest and become exercisable, the Company's TSR must be equal to or greater than the median TSR performance of the comparator group over the three year Performance Period. This means that the percentile relative ranking achieved by the Company (rTSR) over the relevant Performance Period is equal to or greater than the 50% of other entities in the comparator group.

The comparator group is those stocks comprised in the ASX 300 Consumer Discretionary Index, of which the Company forms part.

In addition, the Company's absolute TSR must equal or exceed zero over the Performance Period for any Performance Rights to vest. That means that if the Company's absolute TSR over the Performance Period is negative, no Performance Rights in Tranche 1 will vest, even if the Company performs equal to or better than the comparator group).

Subject to the Company's absolute TSR being equal to, or more than, zero, the proportion of the Performance Rights in Tranche 1 which vest and become exercisable following the end of the Performance Period, if any, will be determined by reference to the relative percentile TSR ranking achieved by the Company over the Performance Period in the comparator group as follows:

Relative TSR performance ranking	% of Performance Rights in Tranche 1 which vest
TSR negative or rTSR below 50th percentile	Nil
TSR positive and rTSR at 50th percentile	50%
TSR positive and rTSR between 50th and 75th percentile	Straight line vesting from 50% to 100%
TSR positive and rTSR at 75th percentile or above	100%

Tranche 2 - Performance Target: growth in Earnings Per Share before Amortisation (40% of opportunity)

The second tranche, which is 40% of the total number of Performance Rights to be granted, is subject to a Performance Target which is the cumulative annual growth rate (Compound Annual Growth Rate or **CAGR**) in Earnings Per Share before Amortisation (**EPSA**) over the Performance Period.

Growth in EPSA has been chosen by the Board because the measure closely aligns the LTIP component of remuneration with the interests of shareholders by providing an incentive to increase the earnings of the Group. This, in turn, is expected to improve the likely returns to shareholders and/or the value of Shares.

EPSA growth is based on FY25 Underlying Basic Earnings Per Share, including all business units within the Group¹, adjusted to exclude one-off significant items which are accounted for in accordance with Group policy and separately disclosed in the accounts and to take account of Shares bought back by the Company's under its on market share buyback during FY25 (**EPSA baseline**)². Accordingly, the baseline EPSA used to measure this Tranche is higher than the reported Underlying Basic Earnings Per Share for FY25. The EPSA baseline for this Performance Target has been set at 85.6 cents per share.

Acquisitions made within the three-year year Performance Period will not be included in the EPSA growth measurement calculation and the EPSA baseline will be recalculated for any divestitures within the Performance Period.

For any of the Performance Rights in Tranche 2 to vest and become exercisable, the Company's EPSA growth rate (CAGR) over the Performance Period must meet or exceed the target growth rates set out below.

The proportion of the Performance Rights in Tranche 2 which vest and become exercisable following the end of the Performance Period, if any, will be determined by reference to whether the Company's EPSA growth rate meets the following targets:

EPSA growth (from EPSA baseline)	% of Performance Rights in Tranche 2 which vest
EPSA compound annual growth rate (CAGR) below target of 4%	Nil
EPSA CAGR at target of 4%	50%
EPSA CAGR between 4% and maximum 8%	Straight line vesting from 50% to 100%
EPSA CAGR at maximum of 8% or above	100%

Tranche 3 - Performance Target: Return on Capital Employed (20% of opportunity)

The third tranche, which is 20% of the total number of Performance Rights to be granted, is subject to a Performance Target measured on the total Return on Capital Employed (**ROCE**) achieved by the Group over the Performance Period. Capital Employed is calculated as Net Assets + Net Debt. ROCE is defined as Underlying EBIT/Capital Employed and is calculated at the end of each financial year, represented as a percentage. For the purpose of assessing performance against the Tranche 3 target, ROCE will be measured as an overall percentage return at the end of the three year Performance Period.

For the FY26-FY28 LTIP, ROCE has replaced the "non-ICE revenue" target previously used. During FY24 the Group met its 2025 "non-ICE revenue" target of 75% and accordingly, the Board has determined that, in light of that achievement, it is appropriate to replace that LTIP measure for the future. ROCE has been chosen by the Board because it closely aligns the LTIP component of remuneration with the interests of shareholders, by providing an incentive to ensure that the investments made by the Group provide an appropriate level of financial return to the Group and its shareholders. During FY25 the Board approved a new capital management framework, which confirmed the target level of ROCE would be more than or equal to 15%.

The ROCE achieved by the Group overall during FY25 was 13.1%, which was below this target. This result was largely due to the performance of the APG business within the 4WD Accessories and Trailing Division. The Lighting, Power and Electrical and Powertrain and Undercar Divisions performed above the 15% target.

1. 74.3 cents per share, reported in the 'Results for Announcement to the Market' in the Appendix 4E which the Company announced to ASX on 13 August 2025
2. To avoid doubt, the impairment of APG in the FY25 full year results does not impact on this measure because "underlying" EPSA is used.

For any of the Performance Rights in Tranche 3 to vest and become exercisable, the Company's ROCE over the Performance Period must meet or exceed the target levels set out below. These targets have been established taking into account the Amotiv FY30 Strategy and the resulting financial output from the execution of the strategic initiatives (including Amotiv Unified) that underpin this plan. The impairment of the APG business in FY25 has been excluded for target setting purposes, with management to receive no benefit from this impairment. This results in a FY25 baseline ROCE of 15.3%.

The proportion of the Performance Rights in Tranche 3 which vest and become exercisable following the end of the Performance Period, if any, will be determined by reference to whether the Company's ROCE meets the following targets:

ROCE	% of Performance Rights in Tranche 3 which vest
Below target of 17.2%	Nil
At target of 17.2%	50%
Between 17.2% and 18.1%	Straight line vesting from 50% to 100%
At maximum of 18.1% or above	100%

Other information relating to the Long Term Incentive Plan

Board discretions

The Board may exercise its discretion to waive or amend any vesting condition if it determines that the original vesting condition is no longer appropriate or applicable, provided that the interests of the Managing Director and Chief Executive Officer are not, in the opinion of the Board, materially prejudiced or advantaged relative to the position reasonably anticipated at the time of the grant. The Board may also, in its absolute discretion apply an adjustment (upwards or downwards) to the number of Performance Rights that vest. It may have regard to various considerations in exercising this discretion. These include the personal performance and/or conduct of the Managing Director and Chief Executive Officer, the performance of the Group and any other factor which the Board reasonably determines is appropriate to take into account.

Exercise of vested Performance Rights

The Managing Director and Chief Executive Officer will be able to defer exercise (conversion into Shares) of any Performance Rights that vest for a period of up to 12 years from the date of grant (**Expiry Date**), subject to complying with the Company's Securities Trading Policy. If the Performance Rights are not exercised by the end of the Expiry Date, any vested but unexercised Performance Rights will automatically be exercised into Shares on that date.

Dividend equivalent award

On exercise of vested Performance Rights into Shares, the Managing Director and Chief Executive Officer may also receive additional Shares, or a cash payment in lieu of an allocation of additional Shares, as a dividend equivalent award in relation to those exercised Performance Rights. The dividend equivalent award is an amount determined by the Company that will be approximately equal to the amount of dividends that would have been payable to the the Managing Director and Chief Executive Officer during the period between vesting and exercise of the vested Performance Rights (**Notional Dividend Amount**).

Trading restrictions

Any dealing in respect of a Performance Right (unvested or vested but unexercised) is prohibited unless the Board determines otherwise or the dealing is required by law.

Any Shares allocated following vesting and exercise of Performance Rights will not be subject to any trading restrictions other than those imposed by the Company's Securities Trading Policy.

Cessation of employment

If the Managing Director and Chief Executive Officer ceases employment with the Company prior to vesting of the Performance Rights, then any continued entitlement he may have to the Performance Rights will depend on the circumstances of the cessation.

Where the Managing Director and Chief Executive Officer's employment is terminated for cause (for example, due to serious or wilful misconduct, negligence or breach of his employment contract, or where he is convicted of an offence punishable by imprisonment or commits an act which brings the Company into disrepute), the Board would determine that all his unvested Performance Rights lapse.

In other circumstances, including death, disability, genuine retirement, redundancy, voluntary resignation or termination by the Company for convenience, unless the Board determines otherwise, consistent with the Plan Rules, the Board may, if it considers appropriate, apply a scaleback of unvested Performance Rights, such that all, or a pro rata number (based on how much of the Performance Period remains at the time of ceasing employment) of, the Managing Director and Chief Executive Officer's unvested Performance Rights would lapse. Any which did not lapse would remain subject to the original Performance Target conditions and terms of offer.

If the Managing Director and Chief Executive Officer ceases employment with the Company and he has vested but unexercised Performance Rights, or the Performance Rights vest in accordance with the treatment outlined above, then the Board may determine, in the case of termination for cause, that his vested but unexercised Performance Rights will lapse; otherwise, the vested but unexercised Performance Rights will be automatically exercised at the time of cessation of employment (if not exercised earlier).

Change of control event

In the event of a takeover bid, scheme of arrangement or other transaction, event or state of affairs that in the Board's opinion is likely to result in a change in control of the Company, the Board has a discretion to determine that some or all of the Performance Rights should lapse, be forfeited, be cancelled for consideration or cease to be subject to restrictions (as applicable). If an actual change of control occurs before the Board has exercised this discretion, a pro rata portion of the Performance Rights equal to the portion of the performance period that has elapsed up to the actual date of the change of control shall immediately vest. Any vested Performance Rights will be automatically exercised and converted into Shares unless the Board determines otherwise.

Clawback

Under the LTIP Rules, the Board may determine that the Managing Director and Chief Executive Officer's entitlement to Performance Rights, to exercise Performance Rights or to Shares, be reduced or extinguished through lapse of forfeiture, or it may require Shares to be transferred or proceeds from their sale repaid, in certain circumstances. These circumstances include fraud, dishonesty, gross misconduct, bringing the Company into disrepute, breach of duty to the Company and conviction of an offence connected with the affairs of the Company. The circumstances also include where Performance Rights have vested or may vest as a result of such conduct and where the entitlement is unjustified having regard to business performance or other factors which the Board reasonably considers appropriate to take into account.

Adjustments to Performance Rights

The Board may make any adjustments it considers appropriate to the terms of a Right to minimise or eliminate any material advantage or disadvantage to Mr Whickman resulting from a corporate action by, or capital reconstruction in relation to, the Company, including but not limited to any return of capital, bonus issue or Performance Rights issue, in each case subject to the ASX Listing Rules.

Other information relating to the proposed grant of Performance Rights to Mr Whickman under the Long Term Incentive Scheme, as required by the ASX Listing Rules, is provided below.

Additional information provided in accordance with the ASX Listing Rules

The Board has reviewed Mr Whickman's remuneration for FY26. Taking into account the prior year increase and the FY25 performance of the Company the Board has determined that his fixed remuneration will not increase for FY26.

Accordingly, the Managing Director and Chief Executive Officer's total remuneration package for FY26 remains as follows:

Managing Director & Chief Executive Officer Remuneration FY25

Fixed Remuneration (including superannuation) (TFR)	\$1,300,000
Short term incentive maximum opportunity	100% of TFR, being \$1,300,000
Long term incentive maximum opportunity	150% of TFR, being \$1,950,000

- The Managing Director and Chief Executive Officer is the only Director entitled to participate in and receive Performance Rights under the LTIP.
- There is no loan scheme in relation to the grant of Performance Rights, Restricted Shares or allocation of Shares on vesting and exercise of Performance Rights or as the dividend equivalent award.
- The Managing Director and Chief Executive Officer falls within the category of persons in ASX Listing 10.14.1 because he is a Director of the Company.
- The Managing Director and Chief Executive Officer was granted:
 - 30,134 Performance Rights in FY19 in respect of the FY19-21 LTIP, which lapsed due to the Performance Targets not being met.
 - 58,686 Performance Rights in FY20 in respect of the FY20-22 LTIP, which partially vested due to the Performance Targets being partially met: 40,728 vested and 17,958 lapsed.
 - 53,198 Performance Rights in FY21 in respect of the FY21-23 LTIP, which lapsed due to the Performance Targets not being met.
 - 51,653 Performance Rights in FY22 in respect of the FY22-24 LTIP, which partially vested due to the Performance Targets being partially met: 40,258 vested (of which 25%, being 10,065, if exercised, are subjected to a holding lock by restricting trading until the price of the Company's Shares was determined by the Board to have consistently reached \$10.40) and 11,395 lapsed. Further information in relation to this outcome can be found in the Remuneration Report which was lodged with ASX with the Appendix 4E and Financial Results of the Company on 14 August 2024;
 - 92,336 Performance Rights in FY23 in respect of the FY23-25 LTIP, which lapsed due to the Performance Targets not being met;
 - 104,662 Performance Rights in FY24 under the FY24-26 LTIP (in relation to which the Performance Period has not yet ended); and
 - 182,664 Performance Rights in FY25 under the FY25-27 LTIP (in relation to which the Performance Period has not yet ended).

The Performance Rights were issued at no cost to the Managing Director and Chief Executive Officer and no amount is payable on vesting or exercise of the Performance Rights.
- If the resolution in item 4 is approved by shareholders, the Performance Rights will be granted shortly following the AGM (and, in any event, no later than 12 months after the Meeting or any adjournment of the Meeting).

Am I eligible to vote at the AGM?

For the purposes of voting at the AGM, the Directors have determined that persons holding shares in Amotiv Limited registered as at 7:00pm (AEDT) on Wednesday, 22 October 2025 will be treated as shareholders of the Company.

How do I vote during the AGM?

Voting on all items of business will be conducted on a poll. Shareholders may vote:

- live and in person at the AGM;
- live and online during the AGM using the online platform;
- in advance of the AGM, by appointing a proxy and directing your proxy how to vote; or
- by appointing a proxy, attorney or shareholder representative before the AGM to vote at the AGM on your behalf.

The Chair of the AGM will open the poll at the beginning of the Meeting and the poll will remain open until the Chair of the AGM announces that the poll is closed.

How do I appoint a proxy?

A shareholder entitled to attend and vote is entitled to appoint up to two proxies. A proxy need not be a shareholder and may be either an individual or a body corporate.

If a shareholder is a corporation, it can vote at the AGM by appointing an individual person to act as its corporate representative or by appointing a proxy to vote on its behalf. A shareholder that is a body corporate, or a proxy who is a body corporate, will need to ensure that it appoints an individual as its corporate representative to exercise its powers at the AGM and provide satisfactory evidence of the appointment of its corporate representative prior to commencement of the AGM.

Where a shareholder wishes to appoint two proxies, they can do so online at www.investorvote.com.au or by copying their hard copy proxy form and submitting both together. A shareholder appointing two proxies may specify the proportion or number of votes each proxy is appointed to exercise. If a shareholder appoints two proxies but fails to specify the proportion or number of votes that each may exercise, each proxy appointed may exercise half the shareholder's votes. Fractions of votes are to be disregarded. If your proxy chooses to vote, they must vote in accordance with your directions.

Subject to the voting restrictions set out in the Voting Exclusions on page 5, if you do not direct your proxy to vote by marking the relevant box on the proxy form, your proxy may vote as they choose on that item of business.

If your proxy does not attend the AGM or does not vote as directed, the Chair of the Meeting will become your proxy by default and must vote in accordance with any directions given (subject to applicable voting restrictions).

Appointing the Chair as proxy

If you intend to appoint the Chair of the AGM as your proxy, you can direct him how to vote on Items 3 and 4 by marking the relevant boxes on the proxy form. However, if the Chair of the AGM is your proxy (or becomes your proxy by default) and you do not mark any of the boxes opposite Items 3 and 4 by completing and submitting the proxy form you will be deemed to have expressly authorised the Chair of the AGM to vote as he decides even though Items 3 and 4 are in connection with KMP remuneration.

The Chair of the AGM intends to vote all available proxies in accordance with the Board recommendations set out in the Explanatory Notes accompanying this Notice of Meeting.

Appointing an attorney

A shareholder entitled to attend and vote may appoint an attorney to act on his or her behalf at the AGM. An attorney may, but need not, be a shareholder of the Company.

An attorney may not vote at the AGM unless the instrument appointing the attorney, and the authority under which the instrument is signed or a certified copy of the authority, are received by the Company in the same manner, and by the same time, as outlined above for proxy forms (unless it has previously been given to the Company).

Lodgment of proxy forms

To be valid, the proxy form, and any authority under which the form is signed, must be received by the Company or the Company's Share Registry by 11:00am (AEDT) on Wednesday, 22 October 2025. You can submit your proxy form online or by completing and returning the form included in your mail pack.

How do I ask questions before the AGM?

Shareholders are invited to submit written questions ahead of the AGM relating to the items of business of the AGM, including questions for the Company's Auditor, KPMG. Written questions for the Company's Auditor must relate to the content of the Auditor's report or the conduct of the audit of the Financial Report. The Auditor is not obliged to provide written answers.

Written questions must be received by the Company no later than 5:00pm (AEDT) on Friday, 17 October 2025. Please note that individual responses will not be sent to shareholders.

How do I ask questions at the AGM?

Amotiv welcomes your feedback. Shareholders as a whole will have a reasonable opportunity to ask questions and make comments on the items of business during the AGM, including an opportunity to ask questions of the Company's Auditor, KPMG.

Shareholders participating in the AGM online will have the opportunity to ask questions in writing and verbally. If you attend the AGM online and wish to ask a question verbally, the platform will provide you with a phone number to dial on the day. Please note this phone line is accessible for questions and comments by shareholders only. You will not be able to cast your votes via phone. The AGM Online Meeting Guide provides further details on asking questions.

The Chair of the AGM will endeavour to address as many of the more frequently raised relevant questions as possible during the AGM. However, there may not be sufficient time available at the AGM to address all the questions raised.

What if there are technical difficulties?

Technical difficulties may arise during the AGM. The Chair of the AGM has discretion as to whether and how the AGM should proceed if a technical difficulty arises. In exercising this discretion, the Chair of the AGM will have regard to the number of shareholders impacted and the extent to which participation in the business of the AGM is affected.

Where considered appropriate, the Chair of the AGM may continue to hold the AGM and transact business, including conducting a poll and voting in accordance with valid proxy instructions.

For this reason, shareholders are encouraged to vote in advance of the AGM by lodging a directed proxy by 11:00am (AEDT) on Wednesday, 22 October 2025, even if they plan to attend the AGM in person or online.
