MONADELPHOUS CONTRACTS UPDATE

Engineering company Monadelphous Group Limited (ASX: MND) ("Monadelphous" or "the Company") today announced the award of new construction contracts in the resources sector valued at approximately \$220 million in aggregate.

The Company has secured a major multidisciplinary construction contract with BHP associated with the Jimblebar Train Loadout Replacement Project, located near Newman in the Pilbara region of Western Australia. The vertically integrated scope includes earthworks and civils performed by Melchor, the Company's civil business, structural, mechanical, piping, electrical and instrumentation works, as well as offsite fabrication and procurement provided by Inteforge, the Company's fabrication business. Work under the contract is expected to be completed in late 2027.

Monadelphous has also been awarded a contract for the construction of Fortescue's North Star Junction Battery Energy Storage System (BESS) supporting Fortescue's commitment to decarbonising its Pilbara operations. The work, which is located 140 kilometres south of Port Hedland, Western Australia, is expected to be completed in the first half of 2026.
