¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

This Corporate Governance Statement sets out key features of our governance framework.

The information in this statement is current as at 26 September 2025 and has been approved by the Board.

2024/2025 AREAS OF GOVERNANCE FOCUS

Despite evolving into a smaller company following the sale of the US Business, the geographic and regulatory complexity of the business remains, and the Board continues to focus on effective corporate governance as a priority.

During the year, the Board provided strategic guidance and effective oversight of management in its implementation of PointsBet's objectives and instilling its values and desired culture.

CORPORATE ACTION

- The Reporting Period was a busy time for the Board in assessing and facilitating several change of control transactions, including the MIXI Scheme of Arrangement and subsequent concurrent takeover offers from MIXI and Betr.
- The Board undertook a thorough and independent assessment of each proposal, engaging external legal and financial advisers as appropriate. The Board remained focused on maximising shareholder value while ensuring transparent, timely, and equitable disclosure to the market.

STRATEGIC GOVERNANCE

- Strategic oversight of PointsBet's strategic opportunities, with overall strategy and key decisions for material transactions being managed through the Board. Sub-committee and reporting structures are in place to ensure appropriate Board oversight, project governance and to monitor key outputs of workstreams.

SUSTAINABILITY

- Continued risk-based identification of environment, social and governance (ESG) priorities, including governance, responsible gambling, data security and privacy, culture and community.
- Oversight of sustainability initiatives to ensure they are adequate to deliver progress against the Group's priorities, with Board participation where appropriate.
- Recognising that the Board, together with management, has a critical role in supporting responsible gambling at PointsBet, ongoing Board education in this area is provided as part of the Board's education and professional development calendar.

CULTURE

- Ongoing oversight of PointsBet's desired culture by leveraging data and analytics provided through a range of resources including our employee culture and engagement surveys and insights platform.

CORPORATE GOVERNANCE STATEMENT

1. THE BOARD

1.1 The Role of the Board

The Board has adopted a Board Charter to outline the manner in which its constitutional powers and responsibilities will be exercised and discharged. The Board Charter includes an overview of:

- the Board's composition;
- the Board's role and responsibilities;
- the relationship and interaction between the Board and management;
- the authority delegated by the Board to management and Board Committees; and
- the Board's process.

The Board's role is to:

- demonstrate leadership and to represent and serve the interests of Shareholders by overseeing and appraising the Company's strategies, policies and performance;
- protect and optimise the Company's performance and build sustainable value for Shareholders in accordance with any duties and obligations imposed on the Board by law and the Company's Constitution and within a framework of prudent and effective controls that enable risk to be assessed and managed;
- set, review and monitor compliance with the Company's values and governance framework (including establishing and observing high ethical standards); and
- ensure Shareholders are kept informed of the Company's performance and major developments affecting its state of affairs.

The Board, together with the Remuneration and Nomination Committee, determines the size and composition of the Board.

A copy of the Board Charter is available in the Governance section of the Company's website <https://investors.pointsbet.com.au/>.

1.2 CEO and Delegation to Management

The Board has authorised the CEO to oversee the day-to-day business and operations, within the limits of specific authorities set out in the delegations approved by the Board.

The CEO has, in turn, approved sub-delegations of authority that apply to management. The CEO is accountable to the Board for the authority that is delegated by the Board.

The Board monitors the decisions and actions of the CEO and the Group's progress on achieving the short, medium and long-term objectives as set by the Board.

1.3 Board Composition and Skill Set

As at 30 June 2025, the Board comprised six (6) independent Non-Executive Directors, one (1) non-independent Non-Executive Director and one (1) Executive Director.

The names of the Directors and their respective qualifications, experience and responsibilities are set out in the Directors' Report within the Annual Report.

Members of the Board have been brought together to provide a blend of qualifications, skills and experience required for managing a company operating in the wagering industry.

CORPORATE GOVERNANCE STATEMENT

The following table sets out the mix of skills and experience the Board considers necessary or desirable and the extent to which they are represented on the current Board:

1.4 Director Independence

All Directors, whether independent or not, are expected to bring an impartial judgement to bear on Board decisions and are subject to the Board's policy regarding management of conflicts of interest, as well as common law and Corporations Act requirements.

The Board considers a Director to be independent where he or she is independent of management and free of any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the exercise of their unfettered and independent judgment.

The Nomination and Remuneration Committee will assess the independence of each Non-Executive Director in light of interests disclosed by them at least annually on a case-by-case basis. Each Non-Executive Director must provide the Board with all relevant information for this purpose.

The Company's Board Charter sets out guidelines and thresholds of materiality to assist in considering the independence of Directors and has adopted a definition of independence that is based on that set out in the ASX Recommendations.

The Board considers that Brett Paton, Peter McCluskey, Anthony Symons, Becky Harris, Kosha Gada and William Grounds are independent of management and free of any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the exercise of their unfettered and independent judgment and is able to fulfil the role of independent Director for the purposes of the ASX Recommendations.

Sam Swanell and Manjit Gombra-Singh are not currently considered by the Board to be independent Directors given:

- in the case of Sam Swanell, his executive position in the Company;
- in the case of Mr Manjit Gombra-Singh, his previous executive position in the Company.

The Board considers that each Director will add significant value given their considerable skills and experience and will bring objective and independent judgement to the Board.

CORPORATE GOVERNANCE STATEMENT

1.5 Non-Executive Director selection

The Board adopts a structured approach to Board selection planning. This process is continuous and the Board regularly evaluates and reviews its selection planning process to ensure the progressive and orderly addition of independence and appropriate skills.

Before a candidate is nominated by the Board, the candidate must confirm that they will have sufficient time to meet their obligations to the Company and that they expect to meet all wagering regulatory approval conditions.

An election of directors is held each year. Any new Non-Executive Director nominated during the year is known as a Director (Elect) and will stand for election by shareholders at the subsequent AGM.

Shareholders are asked to approve the appointment of the Director (Elect) subject to the receipt of all necessary regulatory pre-approvals. Until the receipt of all necessary regulatory pre-approvals, a Director (Elect) may attend all meetings of the Company but will have no entitlement to vote on any resolutions proposed at any meeting of the Board or any committee.

1.6 Background and Regulatory Checks

The Company has appropriate procedures in place to ensure that material information relevant to a decision to elect or re-elect a Non-Executive Director (including whether Directors support the election or re-election), is disclosed in the notice of meeting provided to shareholders.

Non-Executive Director candidates are also invited to address the meeting and provide details of the relevant qualifications, experience and skills they bring to the Board.

As the Company operates in a highly regulated environment and is required to be licensed by gaming regulatory authorities, the Company undertakes comprehensive background checks prior to the appointment of a new Non-Executive Director or senior executive to demonstrate that the individual is suitable to be associated with the wagering and gaming industry.

Non-Executive Directors and certain senior executives are required to be licensed in various jurisdictions.

Background checks include employment, criminal history, bankruptcy and disqualified company director and officer checks. In addition, gaming regulators conduct detailed background investigations on Non-Executive Directors and senior executives, requiring them to disclose historical and current personal and financial information and records and participate in interviews.

The process for applying for gaming licenses is lengthy, complex and time-consuming and there is an ongoing obligation to keep the regulators notified of any material changes, such as a change of address or purchase of new property within the timeframe required by the regulator.

As a result, Non-Executive Directors and certain senior executives are required to provide financial statements and other requested records on regular intervals to the Company's licensing team to ensure ongoing regulatory requirements are fulfilled (which includes the renewal of licences and compliance with conditions of their licences).

1.7 Appointment terms

New Non-Executive Directors receive a letter of appointment and a deed of access and indemnity. The letter of appointment outlines the Company's expectations of Non-Executive Directors with respect to their participation, time commitment and compliance with the Company's policies and regulatory requirements.

Each senior executive enters into a service contract which sets out the material terms of employment, including a description of position and duties, reporting lines, remuneration arrangements and termination rights and entitlements.

Key contract details of those senior executives who are Key Management Personnel (KMPs) are summarised in the Remuneration Report within the Annual Report.

1.8 Induction and ongoing professional development opportunities

New Non-Executive Directors joining the Board participate in an induction program (which includes meeting with the Chair and senior executives) and are provided with the Director's Handbook. Given the geographic diversity of the Board and Group operations, induction for US based Non-Executive Directors include specific sessions targeted to Australian corporate governance.

CORPORATE GOVERNANCE STATEMENT

Recognising the importance of providing continuing education, Non-Executive Directors can take part in a range of training and continuing education programs. The Board periodically reviews whether there is a need for existing directors to undertake professional development to maintain the skills and knowledge needed to perform their role as directors effectively.

Non-Executive Directors also receive regular business briefings at Board meetings on each area of the Company's business, in particular regarding performance, key issues, risks and strategies for growth in the United States.

In addition, Non-Executive Directors have unfettered access to members of the Executive Leadership Team (ELT) and are encouraged to meet with the ELT to further their knowledge and understanding of the Company's businesses.

Non-Executive Directors are also encouraged and given the opportunity to broaden their knowledge of the business by visiting offices in different locations.

1.9 Access to information and independent advice

Directors are entitled to the following:

- Unrestricted access to employees and records, subject to law.
- Independent professional advice at the Company's expense, where reasonable and necessary to fulfil their duties and subject to prior consultation with the Chairman, and for the Chairman, with the Chair of the Audit Committee.

1.10 The role of the Company Secretary

The Company Secretary is accountable directly to the Board, through the Chairman, for the proper functioning of the Board and facilitating the Company's corporate governance processes.

Each Director is entitled to access the advice and services of the Company Secretary. In accordance with the Company's Constitution, the appointment or removal of the Company Secretary is a matter for the Board as a whole.

Details of the Company Secretary are set out in the Director's Report within the Annual Report.

2. BOARD COMMITTEES

The Board may from time to time establish committees to streamline the discharge of its responsibilities. The permanent standing committees of the Board are the Audit, Risk and Compliance Committee and the Remuneration and Nomination Committee and the Disclosure Committee.

The Board may also delegate specific functions to ad hoc committees on an "as needs" basis. Directors are entitled to attend Board Committee meetings and receive Board Committee papers, and the Chair of each Board Committee will report back on committee meetings at Board meetings.

A copy of each Committee Charter is available in the Governance section of the Company's website at <https://investors.pointsbet.com.au/>

2.1 Audit, Risk and Compliance Committee

The Audit, Risk and Compliance Committee comprises four members, all of whom are Non-Executive Directors, and it is chaired by an independent Director who is not the chair of the Board.

The Audit, Risk and Compliance Committee comprises a majority of independent Directors.

All members of the Audit Committee are financially literate, and the committee possesses sufficient financial expertise and knowledge of the industry in which the Group operates.

Members of the Group's external audit firm and Internal Audit and Risk teams attend committee meetings by invitation, together with relevant senior executives.

The Audit, Risk and Compliance Committee assists the Board in discharging its duties in relation to oversight of financial risk management of the Group, the integrity of the Group's financial reporting, effectiveness of the Group's systems of risk management and internal controls, the independence, objectivity and competence of the external and internal auditors, and compliance with legal and regulatory obligations.

The Audit, Risk and Compliance Committee Charter includes a more detailed description of the duties and responsibilities of the committee.

CORPORATE GOVERNANCE STATEMENT

- the appointment and re-election of Directors, with the objective of having a Board of a size and composition conducive to making appropriate decisions, with the benefit of a variety of perspectives and skills and in the best interests of the Company as a whole.

The Committee also assists and advises the Board on remuneration policies and practices for the Board, the Group CEO, senior executives and other persons whose activities, individually or collectively, materially affect the operations of the Company. The Committee also provides recommendations regarding remuneration-related reporting in the Company's financial statements and remuneration reports.

Non-Committee members, including members of management, may attend meetings of the Committee at the invitation of the Committee Chair.

3. PERFORMANCE EVALUATION AND REMUNERATION

3.1 Board performance evaluation process

The Board (with assistance, where necessary or appropriate, from external consultants) regularly carries out a review of the performance of the Board, its committees, and each Director. A Board review was undertaken internally during the Reporting Period.

The review will assess, amongst other things:

- The effectiveness of the Board and each committee in meeting the requirements of their

- Whether the Board and each committee has members with the appropriate mix of skills and experience to properly perform their functions;
- The contribution made by each Director at meetings and in carrying out their responsibilities as Directors generally, including preparing for meetings; and
- Whether the content, format and timeliness of agendas, papers and presentations provided to the Board and each committee are adequate for them to properly perform their functions.

The results and any action plans following the assessment are documented, together with specific performance goals that are agreed by the Board.

Directors are encouraged to raise any issues of concern regarding the performance of any other Director with the Chairman, or if the concern relates to the Chairman, with the Chair of the Audit, Risk and Compliance Committee.

3.2 Senior executive performance evaluation process

Each year the Board sets financial, operational, management and individual targets for the Group CEO. The Group CEO (in consultation with the Board), in turn sets targets for his direct reports.

Performance against these targets is assessed periodically throughout the year and a formal performance evaluation for senior management is completed for the year end.

Further details are set out in the Remuneration Report contained within the Annual Report. Performance evaluations of the Group CEO and his direct reports took place in the 2024/25 financial year in accordance with the processes described above.

3.3 Remuneration

Details of the principles and amounts of remuneration of Directors and senior executives who are KMP are set out in the Remuneration Report contained within the Annual Report, which also includes disclosures on equity-based remuneration provided by the Company.

4. RECOGNISING AND MANAGING RISK

4.1 Risk Oversight

The Board recognises the importance of an effective framework of risk oversight, risk management and internal control for good corporate governance.

CORPORATE GOVERNANCE STATEMENT

As set out in section 2.1 above, the Company has established an Audit, Risk and Compliance Committee which encompasses risk matters.

4.2 Annual Risk Review

The Board is responsible for the oversight and management of risk, including the identification of material business risks on an ongoing basis and will be assisted by the Audit, Risk and Compliance Committees where required.

A review of material business risks has been conducted in the current period, which concluded that controls over risk management processes were adequate and effective.

4.3 Internal audit

Independent and objective assurance with respect to the Company's system of risk management, internal control and governance are provided by the Group Internal Audit function. The function maintains and improves the risk management framework, undertakes audits and other advisory services to assure risk management across the Company and reports to the Audit, Risk and Compliance Committee.

Group Internal Audit is independent of the external auditor. The appointment of the Internal Audit Manager is approved by the Audit, Risk and Compliance Committee. The Internal Audit Manager reports functionally to the Group General Counsel and Company Secretary.

Group Internal Audit adopts a risk-based approach in developing annual internal audit plans to align audit activities to the key risks and control frameworks across the Company.

In addition to internal audit activities conducted by Group Internal Audit, audit, review, oversight and monitoring activities are undertaken across the business to provide a breadth of assurance. The findings from these assurance activities are reported through operational governance structures and to the relevant Board Committee.

4.4 Auditor independence

The Group's policy on auditor independence restricts the types of non-audit services that can be provided by the external auditors. In addition, any non-audit services which are to be provided by the external auditors need to be pre-approved by the Chair of the Audit, Risk and Compliance Committee.

The Audit, Risk and Compliance Committee requires the external auditor to confirm annually that it has complied with all professional regulations. The Group requires the lead external audit partner to rotate every five years.

RSM continues in office as the Company's auditor during the Reporting Period. RSM is engaged on low value assignments additional to their statutory audit duties where RSM's expertise and experience with the Group are important. These services are not recurring. Any future non-audit services are expected to be at lower levels.

4.5 Sustainability risks

The Company has determined there is a level of exposure to economic risk and the impact of economic conditions upon the Company may be either specific, or of a more general nature.

Economic downturns may have an adverse impact on the Company's operating performance as a result of reduced wagering activity. Other factors include general outlook for economic growth and its impact on confidence.

The Group continues to actively monitor and manage all perceived economic risks to the business through monitoring the financial, economic and industry data available to the Company from internal and external sources.

For further information relating to the Company's exposure to various financial risks, with explanations as to how this impacts the Company please refer to the Notes to the Consolidated Financial Statements: Risk section.

However, the Company seeks to adhere to the following general principles with respect to the preparation and verification of its corporate reporting:

CORPORATE GOVERNANCE STATEMENT

- the external auditor audits or reviews the Group's full and half-yearly financial reports, respectively, in accordance with auditing standards ahead of release to the market.

The CEO and CFO also provide the Board with written declarations in relation to half year and full year financial statements as described in section 4.7 of this Corporate Governance Statement.

Finally, the Board has established a Management Disclosure Committee comprising of the CEO, CFO and the Group General Counsel and Company Secretary to which it has delegated responsibility for overseeing the process for ensuring all ASX announcements are factual, do not omit material information and are expressed in a clear and objective manner that allows investors to assess the impact of the information when making investment decisions.

4.7 MD and CFO certification of financial statements

The Managing Director and Group Chief Financial Officer provide a statement to the Board and Audit, Risk and Compliance Committee in advance of seeking approval of any financial report to the effect that the Company's risk management and internal compliance and control systems are operating efficiently and effectively in all material respects.

In accordance with the above, the Board has received a written assurance that the declaration provided under section 295A Corporations Act is based on a sound system of internal control and risk management, which is operating effectively in all respects in relation to material business risks and financial reporting.

Access to executive and operational management is provided at these events. Additionally, separate one-on-one and/or small group meetings are provided when requested and in compliance with governance parameters set by the Company. Therefore all discussions with analysts and investors are conducted by or with the prior approval of the CEO, or CFO and are limited to an explanation of previously published material and general discussion of non-price sensitive information, including relevant industry insights. Any new and substantive investor or analyst presentations are released to ASX in advance of the presentation.

Unless authorised by the CEO or CFO, meetings with analysts will not be held between the end of the half-year or full-year and the date on which those results are announced. Any meetings during this period are strategic in nature only, with no financial questions specific to the pending result addressed.

Shareholders are encouraged to attend the Company's Annual General Meeting and to ask questions of Directors. The notice of meeting includes a process to enable shareholders to submit questions to the Board and the Company's auditor prior to the meeting.

CORPORATE GOVERNANCE STATEMENT

The Company provides its investors the option to receive communications from, and send communications to, the Company and the share registry electronically.

6. DIVERSITY

The Company recognises its legal and ethical obligations and is committed to promoting and achieving broader diversity across the Company as part of its sustainability strategy.

The Group's workforce is made up of individuals with diverse skills, values, background and experiences and employs more than 302 people around the world.

The Company's Diversity Policy is disclosed on the Company's website and sets out its objectives and reporting practices regarding diversity.

The Remuneration and Nominations Committee continues to review and report to the Board on the Company's diversity profile with a view to setting meaningful targets for the advancement of diversity within the Company.

The Board's review process has been specifically focused on Board's gender diversity. The Board has adopted a measurable objective of maintaining not less than 30% of Directors of each gender. As at 30 June 2025, 2 of the 7 Non-Executive Directors (29%) are female. While this objective is important to the Board, the skills pool applicable to online sports betting and iGaming governance (especially with regards to the additional licensure and probity obligations), means the Board will always weight this objective against the available talent pool for the required skill set.

In addition, the following diversity-related measurable objective supporting gender diversity has been endorsed by the Board for FY2024/25:

- Increase the number of women in the 'Leadership Group'¹, comprising the Board, Executive Roles² and Senior Management Roles³.

The following information is provided about the proportion of women across the Group as at 30 June 2025:

Item	Men	Women
Total employees	237	65
%	78.5%	21.5%
Employees in Senior Management Roles	20	6
%	76.9%	23.1%
Board Members	6	2
%	75%	25%

The percentage of women has increased over the prior Reporting Period, and the Company achieved its FY25 measurable objective as the number of women in the Leadership Group increased marginally compared to the prior Reporting Period.

However, the Board acknowledges that the Company at its current stage of development does not presently demonstrate best practice in terms of diversity of the Board and Management team. This is a focus area for improvement over the next 12 months and beyond.
