For the financial year ended 30 June 2025

CORPORATE GOVERNANCE STATEMENT

1. Governance Framework

The Board of Deep Yellow Limited (**Deep Yellow** or **Company**) has responsibility for corporate governance for the Company and its subsidiaries (the **Group**) and has implemented policies, procedures and systems of control with the intent of providing a strong framework and practical means for ensuring good governance outcomes which meet the expectations of all stakeholders.

This Statement sets out the corporate governance practices adopted by the Board and which were in place during the financial year ended 30 June 2025.

The Company's framework for corporate governance follows the recommendations set by the ASX Recommendations in its publication Corporate Governance Principles and Recommendations 4th Edition (**Recommendations**).

The Company will continue to review its policies to ensure they reflect any changes within the Company, or to accepted principles and good practice. Key governance policies are available on the Company's website at <https://deepyellow.com.au/about-us/corporate-governance/>.

2. Shareholder Communication

The Board is committed to ensuring that there is open and timely communication with all shareholders.

Shareholder Communications and Investor Relations Policy

The Board supports practices that provide effective and clear communications with security holders and allow security holder participation at general meetings. A formal Shareholder Communication and Investor Relations Policy is in place, complying with Recommendation 6.2 of the Recommendations.

In addition to electronic communication via the ASX website, all ASX announcements together with all quarterly reports, Annual Reports and Sustainability Reports are published. These documents are available on request and are posted on the Company website at <https://deepyellow.com.au/investor-centre/asx-announcements/>.

The Company's website complies with Recommendation 6.1 of the Recommendations by providing a comprehensive summary of its projects, its strategy and governance, the Board and management team, its values and commitment to sustainability, corporate, social responsibility, industry and commodity information.

In addition, the website provides shareholders and others the opportunity to receive additional information such as press releases and other materials electronically. Shareholders are able to pose questions on the audit process directly to the independent auditor who attends the Annual General Meeting for that purpose.

Shareholders are advised of the communication options available to them in accordance with the provisions of the Corporations Act. They are encouraged to provide their email addresses in accordance with privacy guidelines to enable timely communication between the Company, the share registry and shareholders complying with Recommendation 6.5 of the Recommendations.

Continuous Disclosure Policies

The Board is committed to the promotion of investor confidence by providing full and timely information to all security holders and market participants about the Group's activities and to comply with the continuous disclosure requirements contained in the Corporations Act 2001 and the ASX Listing Rules. The Board has adopted a Continuous Disclosure Policy, complying with Recommendation 5.1 of the Recommendations and with the ASX Listing Rule Requirements.

A Disclosure Committee comprising the Managing Director/CEO; the Chief Financial Officer and Executive Director has been established.

The Company Secretary ensures that all Board members receive copies of all market announcements promptly after they have been made complying with Recommendation 5.2 of the Recommendations.

Continuous disclosure is discussed at all regular board meetings and on an ongoing basis the Board ensures that all activities are reviewed to assess the need for disclosure to the market. In accordance with ASX Listing Rules, the Company Secretary has been appointed as the Group's disclosure officer.

Directors' Disclosure Obligations

The Board is committed to complying with ASX Listing Rules and best practices particularly with respect to the level and nature of information provided by Directors. Each Director is required to complete a Letter Agreement to satisfy ASX Listing Rule 3.19B and to provide continuous and timely disclosure of all dealings in Company securities in which the Director has a relevant interest in compliance with the Company's Securities Trading Policy. In addition, each Director is required to disclose any actual or potential conflict of interest matters, which the Board deals with appropriately as they are raised.

3. Board of Directors

Role of the Board of Directors

The Board guides and monitors the business and management of the Group on behalf of shareholders by whom they are elected and to whom they are accountable.

In order to fulfil this role, the Board is responsible for the overall corporate governance of the Group including formulating its strategic direction, setting remuneration and monitoring the performance of Directors and Executives. The Board relies on Executives to assist it in approving and monitoring expenditure and ensuring the integrity of internal controls, management information systems, monitoring financial and other reporting.

The Board has adopted a Board Charter, complying with Recommendation 1.1 of the Recommendations, which clarifies the respective roles of the Board and Executives and assists in decision making processes.

Board Processes

The Board agrees in advance a schedule of regular meetings for each calendar year, together with such other meetings as may be necessary. For the 2025 financial year, there were 9 Board meetings held.

A standardised agenda for the meetings has been adopted to ensure certain information is addressed consistently and other items which are relevant to reporting deadlines and or regular review are scheduled when and as appropriate. The agenda is reviewed and approved by the Chairman with the involvement of the Managing Director/Chief Executive Officer.

Evaluation of Senior Executive Performance

The Managing Director/Chief Executive Officer meets with the senior executives and undertakes a formal review of performance on an annual basis. The Company's Board, with assistance from the Nomination and Remuneration Committee, review and approve the performance of the Company's executive Directors and Chief Financial Officer. An evaluation of the performance of the Group's executive Directors, Chief Financial Officer and other senior executives has been carried out during the year in accordance with this process, complying with Recommendation 1.7 of the Recommendations.

Board Composition

The Constitution of the Company requires a minimum number of three Directors. There is no requirement for any shareholding qualification.

The membership of the Board, its activities and composition is subject to periodic review. The criteria for determining the identification and appointment of a suitable candidate for the Board includes the quality of the individual, background of experience and achievement, compatibility with other Board members, credibility within the scope of activities of the Group, intellectual ability to contribute to Board duties and responsibilities and consideration of the objectives of the Diversity Policy. In complying with recommendations of the Recommendations, the Board is mindful to ensure that it is comprised of individuals with skills to provide appropriate stewardship to the Group as it moves from an advanced stage explorer to a developer.

The background of each Director is set out in the Directors' Report contained in the 2025 Annual Report.

Skills and Experience

A skills matrix developed by the Board provides the basis for the ongoing review of Board composition. The skills matrix lists key skills for the organisation in its present stage. Skill sets currently on the Company's Board include technical, financial, managerial, corporate, and commercial.

Key skill sets identified as being appropriate by the Board include:

- mining and exploration;
- accounting/auditing and corporate finance;
- uranium industry knowledge;
- strategic planning;
- capital markets and financing;
- governance and risk management; and
- environmental and health and safety.

The Board is presently comprised of six members, four Non-Executive and two Executive:

Mr Chris Salisbury	Non-Executive Chairman *	Ms Victoria Jackson	Non-Executive Director *
Mr John Borshoff	Managing Director	Mr Greg Meyerowitz	Non-Executive Director *
Ms Gillian Swaby	Executive Director	Mr Tim Lindley	Non-Executive Director *

* Indicates Independent Director.

The Company is committed to continuing to review the Board's composition to ensure relevance to its stage of development.

Board qualifications are summarised in the table below:

Name	Qualifications	Length of Service
Mr Chris Salisbury	B.Eng, FAICD	4.3 years
Mr John Borshoff	BSc, FAusIMM, FAICD	9 years
Ms Gillian Swaby	BBus FCIS FAICD MAusIMM	20 years (i)
Mr Greg Meyerowitz	BCom, MAICD, FCA(ANZ), FFINSIA, MCA(SA)	3.8 years
Mrs Victoria Jackson	BSc Geology, GAICD, Dip Cartography	2.8 years
Mr Tim Lindley	MCom, BA, GAICD	2.3 years

(i) *Non-Executive to 2016.*

Independence of Directors

In considering whether or not a Director is independent, the Board has regard to the independence criteria set out in the ASX Corporate Governance Council's Recommendations.

Directors are expected to bring independent views and judgement to the Board's deliberations. Four of the six Directors are considered by the Board to be independent and, as such, the Company complies with Recommendation 2.4 of the Recommendations, which recommends that a majority of Board members should be independent.

As at the date of this report and at all times during the financial year, the Chairman was considered to be independent, and therefore the Group has complied with Recommendation 2.5 of the Recommendations.

Roles of Chairman and Managing Director/Chief Executive Officer

The roles of Chairman and Managing Director/Chief Executive Officer are exercised by separate individuals and, accordingly, the Group complies with Recommendation 2.5 of the Recommendations.

Role of the Company Secretary

The Company Secretary is appointed by, and accountable to, the Board, through the Chairman on all matters to do with the proper functioning of the Board. The Company Secretary acts as secretary on all Committees of the Board.

Each Director is able to communicate directly with the Company Secretary on all matters relating to the functioning of the Board.

Nomination Committee

The Board has established a Nomination and Remuneration Committee and complies with Recommendation 2.1 of the Recommendations which recommends having a separate Nomination Committee.

Retirement, Re-election and Appointment of New Directors

The constitution of the Company notes that Directors cannot hold office for a period longer than three years without submitting themselves for re-election at the next Annual General Meeting (**AGM**). One third of the Directors (other than the Managing Director) must retire by rotation at each AGM together with any new Directors appointed by the Board during the period since the last general meeting. Retiring Directors are eligible to stand for re-election.

The Company has a policy and procedure for the selection and (re)appointment of Directors. If the Board decides to appoint a new member either to complement the existing members or fill a vacancy, it goes through the process of identifying a wide base of potential candidates with appropriate skills and with a view to meeting the objectives of its Diversity Policy.

This process would likely involve the appointment of an independent and experienced recruitment firm and would involve a rigorous process including Director interviews and discussions, site visits and, if necessary, discussions with senior management. The Company also ensures that all appointments to the Board are appropriately referenced checked in addition to individual criminal and bankruptcy checks. It also ensures that all relevant information is provided to security holders for the purpose of deciding on whether or not to elect or re-elect Directors.

The Company has adopted a formal induction process. New Directors appointed to the Board are provided with a detailed appointment letter outlining the Company's expectations and setting out the requirements of the role as well as identifying director interests and potential conflicts. In addition, new Directors are afforded the opportunity to meet the Chairman and members of the Board and senior executive to provide Company background, strategy and financial position. They will receive written material incorporating financial, corporate and operating information in relation to the Company.

Evaluation of Board Performance

The Group has a formal process for the evaluation of the effectiveness, processes and structure of the Board and Committees, and as such complies with Recommendation 1.6 of the Recommendations.

The Board has undertaken an annual review of its performance and the performance of its committees. The formal review involved completion of a questionnaire by all Directors and focused on Board strategy, process, effectiveness, risk management, compliance and structure as well as the effectiveness and contribution made by each Director and the results of the review were discussed at Board level.

Education

All Executives and Directors are encouraged to attend professional education courses relevant to their roles.

Independent Professional Advice and Access to Information

Each Director has the right to access all relevant information in respect to the Group and to make appropriate enquiries of Executives.

Structure of Non-Executive and Executive Directors' Remuneration

The objective of Group remuneration policies, processes and practices is to: attract and retain appropriately qualified and experienced Directors who will add value; result in competitive remuneration benchmarked against peer groups; and adopt reward programmes which are fair and responsible, in accordance with the principles of good corporate governance and which align Director entitlements with shareholder objectives.

The Nomination and Remuneration Committee makes recommendations to the Board on the basis of individual performance, trends in comparative companies and the need for a balance between fixed remuneration and non-cash incentive remuneration.

Remuneration packages for Executive Directors comprise fixed remuneration and may include short term incentives in the form of cash bonuses or long-term incentives through equity plans as per individual contractual agreements. Remuneration packages are reviewed by the Nomination and Remuneration Committee. The process consists of a review of Group, individual performance and relevant comparative remuneration externally and internally.

Non-Executive Director remuneration is a fixed annual amount of Director fees, the total of which is within the amount approved by shareholders. No equity based payments are made to Non-executive Directors.

The Company distinguishes between the remuneration practices for its Non-Executive Directors and the remuneration practices applicable to Executive Directors and these policies and practices are fully disclosed in the Remuneration Report contained in the 2025 Annual Report. The Company therefore complies with Recommendation 8.2 of the Recommendations.

4. Board Committees

The Board has established several committees with separate charters which it relies on to assist with the proper discharge of its duties. The Board has reviewed its committee structures during FY2025 and made changes to committee composition in August 2025.

The Board Committees were also included in the formal Board performance review undertaken in 2025.

Audit and Risk Committee

The Audit and Risk Committee consists of independent three Non-Executive Directors. The Audit and Risk Committee is comprised of a majority of independent directors and therefore complied with Recommendation 4.1 of the Recommendations.

The members of the Audit and Risk Committee during the year were Greg Meyerowitz (Chair), Chris Salisbury and Tim Lindley. The relevant qualifications and details of attendance at Audit and Risk Committee meetings is set out in the Directors' Report contained in the 2025 Annual Report.

The Audit and Risk Committee operated under a Charter which was reviewed in August 2025. The responsibilities of the Committee include evaluation of the adequacy and effectiveness of the Company's risk management framework; identifying material changes to the Company's risk profile and formulating actions and making recommendations to mitigate those risks identified together with the appointment, compensation and oversight of the independent auditor and the review of the published financial reports.

The Audit and Risk Committee operates under a Charter which was last reviewed in August 2025.

Nomination and Remuneration Committee

The Nomination and Remuneration Committee was established to assist the Board by making recommendations on remuneration packages for Executive and Non-Executive Directors, and where appropriate, senior executives. In addition, the Nomination and Remuneration Committee reviews Board composition and appointments and assist with recommendations for proposed long and short-term incentive plans including the appropriate use of performance-based hurdles.

During the financial year, the Nomination and Remuneration Committee composition consisted of three Non-Executive Directors, Chris Salisbury (Chair), Greg Meyerowitz and Victoria Jackson. The Nomination and Remuneration Committee is chaired by an Independent director and was comprised of a majority of Independent Directors and accordingly complied with Recommendation 8.1 of the Recommendations.

The Nomination and Remuneration Committee operated under a Charter which was last reviewed in May 2025.

Sustainability Committee

The Board has a Sustainability Committee to assist the Board in fulfilling its oversight, monitoring and review of health and safety, environmental impact, human rights, community and stakeholder relations and heritage.

The Sustainability Committee composition consists of three Directors. Members of the Committee during the financial year were Victoria Jackson (Chair), Timothy Lindley and Gillian Swaby. The Sustainability Committee was chaired by an experienced Independent Non-Executive Director and has a majority of independent Directors.

The relevant qualifications and details of attendance at Sustainability Committee meetings held during the financial year are set out in the Directors' Report contained in the 2025 Annual Report.

The Sustainability Committee operated under a Charter which was last reviewed in February 2025.

5. Ethical Standards

The Board has adopted a Values Statement which articulates its aspirations and strategic goals and sets out the guiding principles that define how the Company wishes to conduct itself in its relationships with the industry and the communities within which it operates. Therefore, the Group has complied with recommendation 3.1 of the Recommendations. The Values Statement is disclosed on the Company's website at <https://deepyellow.com.au/about-us/our-values/>.

The Board actively promotes ethical and responsible decision making, aiming to maintain the highest standard of ethical behaviour in business and in all its dealings with customers, clients, shareholders, governments, suppliers, employees and the community. As a minimum the Board and employees will:

- act within applicable laws;
- act with fairness and respect;
- encourage co-operation and rational debate with a view to achieving shared goals;
- act with courtesy; and
- foster an environment which encourages diversity in all its forms across the Group.

Code of Conduct

To assist with these aims the Board has adopted a Code of Conduct that applies to Directors, officers, employees, consultants and contractors of the Group and complies with recommendation 3.2 of the Recommendations. This Code sets expectations for conduct in accordance with legal requirements and agreed ethical standards.

In addition to the legal requirements and accepted practices which are addressed in each of the policies adopted by the Company and across the Group, the Board is mindful of its broader stakeholders including the community at large in all the geographical regions in which it operates.

The Company has established a Whistleblower Policy, with the purpose of encouraging all Directors, officers, employees, consultants and contractors to report instances where there is a breach of the Law, the Company's Code of Conduct or any other legal or ethical concerns and complies with recommendation 3.3 of the Recommendations.

Diversity Policy

The Board has implemented a Diversity Policy in line with recommendation 1.5 of the Corporate Governance guidelines. The Group believes that the promotion of diversity on its Boards, in senior management and within the organisation generally is good practice and adds to the strength of the Group.

The Diversity Policy affirms existing employment arrangements which seek to attract and retain people by promoting an environment where employees are treated with fairness and respect and have equal access to opportunities as they arise. Diversity within the workforce includes such factors as religion, race, ethnicity, language, gender, disability and age.

Gender Diversity

The Board set a measurable objective for achieving gender diversity in the composition of its Board at not less than 30% of its Directors being female by no later than 30 June 2026. The Board is pleased to advise it has achieved this measurable objective as at 30 June 2025 and will continue to actively monitor this measurable objective and also seek to improve its female representation in senior management roles.

The following table is a summary of the workforce within Deep Yellow Limited and across the Group and provides a high-level snapshot of the level of gender diversity as at 30 June 2025.

	Male	Female	Total	Proportion Female
Board	4	2	6	33%
Senior Executives ¹	8	7	15	47%
Balance of Personnel	56	41	97	42%
	68	50	118	42%
Australia	48	25	73	34%
Namibia	27	18	45	40%
	75	43	118	36%

¹ The Senior Executives are the individuals at the highest level of organisational management who have the day-to-day responsibilities of managing the Company below the Board.

At 30 June 2025, Deep Yellow Limited had a diverse workforce with operations both in Australia and Africa as detailed above.

Diversity Objectives

The Board regularly reviews the Board, and Board Committee Charters to ensure they reflect the objectives of the Diversity Policy.

The Group is continually reviewing its practices and diversity is a consideration of all recruitment.

The Group has a Remuneration and Nomination Committee which encourages rewards to be transparent.

6. Financial Reporting

Financial Reporting

The Board relies on Executives to monitor the internal controls. Financial performance is monitored on a regular basis by the Managing Director/Chief Executive Officer who reports to the Board at the scheduled Board Meetings.

Managing Director/Chief Executive Officer and Chief Financial Officer Confirmations

In accordance with Recommendation 4.2 of the Recommendations, Australian Accounting Standards and the Corporations Act 2001 the Board requires that the Managing Director/Chief Executive Officer and Chief Financial Officer provide a written statement in respect to all annual, interim and other statutory financial reports of the Group. In addition, the Board requires assurance from the Managing Director/Chief Executive Officer and Chief Financial Officer that the declaration is founded upon a sound system of risk management and internal controls, and that the system operates effectively in all material respects.

7. Securities Dealings

There is no requirement for Directors to hold Company securities.

Securities Trading Policy

The Board is committed to ensuring that all Directors and employees comply with their legal obligations as well as conducting their business in a transparent and ethical manner. All Directors and personnel (including their immediate family or any entity for which they control investment decisions), must ensure that any trading in securities issued by the Company is undertaken within the framework set out in the Securities Trading Policy.

The Securities Trading Policy does not prevent Directors or personnel (including their immediate family or any entity for which they control investment decisions) from participating in any share plan or share offers established or made by the Company. However, Directors and personnel are prevented from trading in the securities once acquired if the individual is in possession of price sensitive information not generally available to all security holders.

Additional restrictions are placed on trading by Directors and senior executives together with other relevant personnel as determined by the Board from time to time (**Restricted Persons**).

In addition to the overriding prohibition against dealing in the Company's securities when a person is in possession of inside information, Restricted Persons and their associated parties are at all times prohibited from dealing in the Company's securities during prescribed 'blackout' periods. The Company has nominated blackout periods to run from the end of the financial quarter up to the day after the release date of the quarterly report. The Company may nominate additional periods where it is considering matters which might otherwise require disclosure to the market but for ASX Listing Rule 3.1A. Restricted Persons must also obtain written consent from the Chairman or Managing Director/Chief Executive Officer prior to trading in the Company's securities.

The Securities Trading Policy also includes a clause prohibiting Directors and Executives and others to whom the policy applies from entering into transactions or arrangements which limit the economic risk of participating in unvested entitlements under any equity-based remuneration scheme. The Securities Trading Policy is available on the Company's website at <https://deeperyellow.com.au/about-us/corporate-governance/>.

8. Risk Management

Adoption of Risk Management Policies

The Company has an Audit and Risk Committee during the financial year which is comprised of a majority of independent Directors and therefore complied with Recommendation 7.1 of the Recommendations.

The members of the Audit and Risk Committee during the year were Greg Meyerowitz (Chair), Chris Salisbury and Tim Lindley. The relevant qualifications and details of attendance at Audit and Risk Committee meetings is set out in the Directors' Report contained in the 2025 Annual Report.

The Audit and Risk Committee operated under a Charter which was reviewed in August 2025. The Committee assists the Board with its oversight of risk.

The responsibility for identifying and managing risks has been delegated to the Managing Director/Chief Executive Officer and the senior executive team.

The Group's Risk Strategy incorporating a Risk Framework and Risk Management Policy is reviewed bi-annually. The Board is responsible for supervising the Risk Strategy which, together with management's framework and a number of specific policies, enable risk to be assessed and managed.

The Company's Risk Management Policy is disclosed on the Company's website at <https://deepyellow.com.au/about-us/corporate-governance/>.

The Company does not believe it is of a size that warrants an internal audit function, however the Board and Management maintain the required level of assurance through a sound system of internal controls which is monitored by senior executives and the Board.

Risk Management and Internal Control System

The Managing Director/Chief Executive Officer, with the assistance of senior management as required, has responsibility for identifying, assessing, treating and monitoring risks and reporting to the Audit and Risk Committee and the Board on risk management.

In order to implement the Risk Management Policy, it was considered important to establish a Risk Management Strategy and an internal control regime in order to:

- assist the Group to achieve its strategic objectives;
- ensure the accuracy and integrity of external reporting; and
- safeguard the assets and interests of the Group and its stakeholders.

Risk Management Strategy

The Risk Management Strategy is designed to identify and assess possible sources of harm and to take steps to decrease or prevent that harm from occurring.

The Risk Management Strategy incorporates procedures and processes which provide evidence of a commitment to the management of risk by avoiding, sharing, transferring, reducing (mitigating) or accepting/retaining the risk.

To manage and assess risk, the Group has adopted and 'tailored to fit' a Risk Management Plan and a Risk Management Framework as outlined in the Australian Standard Guidelines for Risk Management AS ISO31000:2018.

Material Business Risks

There are inherent risks associated with the exploration for and development of minerals, compounded by an uncertain economic environment which can impact the Company's ability to deliver its strategic objectives. The Group faces the usual risks encountered by companies engaged in exploration and evaluation activities and the development of mining operations. The material risks for the Group are set out in the Operating and Financial Review of the Directors' Report included in the 2025 Annual Report.

The Risk Management Policy requires that senior management report to the Managing Director/Chief Executive Officer as to the effectiveness of the risk management and internal control systems and that regular reports thereon be provided to the Board.

Continuous Improvement

The Risk Management Plan continues to evolve and will develop with the growth of the Group's activities in the following risk areas: Financial; Corporate; Legal; Information Technology; Safety; Management; Human Resources; Political; and Environmental/Social.

Economic, Environmental and Social Sustainability Risks

The Company is focused on the discovery and exploitation of uranium (U_3O_8) and operates in diverse physical environments in Namibia. As a result, there is potential for material exposure to economic, environmental and social sustainability risks.

The Company is exposed to economic risks of a type typical for an entity engaged in the mineral exploration industry. All business and economic risks are managed by the Managing Director/Chief Executive Officer with the support of the executive team and the Audit and Risk Committee where appropriate. The Company's financial budgeting, operational and strategic planning together with internal controls, appropriate for a company of its size, assist the Board and executive in monitoring exposure in this area.

The Company uses a Supplier Code of Conduct and third-party due diligence checklist to monitor its commercial relationships and has adopted an Environmental Policy, a Human Rights Policy and a Community Relations Policy, to assist with monitoring environmental and social sustainability risks. The Company is committed to respecting Human Rights throughout the countries in which it operates and to ensuring that sound environmental management and safety practices are carried out in its exploration activities. Significant resources have been focussed on establishing and maintaining a culture of best practice.

As a uranium explorer/developer, additional responsibilities require the implementation of a Radiation Management Plan as part of the management of Occupational Health and Safety. The Group uses expert consultants to review its activities and to assist in maintaining a best practice approach to the issues surrounding radiation management.

The Company's annual Sustainability Report provides the opportunity to communicate the intent, processes and frameworks the Company believes are important to properly embed ESG principles in the organisation and provide an annual summary of the progress and importance the Group attaches to the impact it has on the communities in which it operates.

The Global Reporting Initiative (**GRI**) Universal and Mining Sector Standards are applied in the Company's sustainability reporting. Reporting in accordance with those Standards enables Deep Yellow to provide a comprehensive picture of its most significant impact on the economy, environment and people, including human rights, and how it manages these impacts. This allows information users to make informed assessments and decisions about the Company's impacts and contribution to sustainable development. As the Company matures in its activities, data collection and reporting will continue to expand.

A Sustainability Report for the year ended 30 June 2025 will be published and available on the Company's website. Copies of prior year reports are also available on the website.

Anti-bribery and Anti-corruption

Bribery and corruption have a serious impact on the social, economic and political environment of many countries. The effects of bribery and corruption impact both individuals and businesses in the world's poorest countries. Deep Yellow is committed to the fight against bribery and corruption and expects all of its employees and representatives to comply with both the letter and spirit of the laws that govern Deep Yellow's operations in Australia and overseas.

The Company has adopted an Anti-bribery and Anti-corruption Policy in compliance with recommendation 3.4 of the Recommendations. The Policy provides an overview of requirements arising from Foreign Bribery Laws and the various laws prohibiting fraudulent and corrupt behaviour generally. This Policy together with the associated procedures provide a common-sense manual to enable Deep Yellow employees and representatives to understand and comply with their obligations under these laws.

The Company is committed to ensuring that its corporate culture, in all its offices and operations worldwide, discourages fraudulent and corrupt conduct.

The Company's Anti-bribery and Anti-corruption Policy can be found on its website under Corporate Governance.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
