Principle 1: Lay solid foundations for management	and oversight	t
Recommendation 1.1 A listed entity should have and disclose a board charter setting out: (a) the respective roles and responsibilities of its board and management; and (b) those matters expressly reserved to the board and those delegated to management.	Yes	The Company has adopted a Code of Conduct policy which discloses the roles and responsibilities of the Board and senior management. Under the policy, the Board is responsible for the overall operation and stewardship of the Company (and any future subsidiaries), including charting the direction, strategies and financial objectives for the Company (and any future subsidiaries), monitoring the implementation of those policies, strategies and financial objectives, and monitoring compliance with regulatory requirements and ethical standards. The Code of Conduct is available on the Company's website.
Recommendation 1.2 A listed entity should: (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.	Yes	The Company conducts background checks of candidates for new Director positions prior to their appointment or nomination for election by Shareholders, including checks as to good character, experience, education, qualifications, criminal history and bankruptcy. The Company includes in its notices of meeting a brief biography of each Director who stands for election or re-election.
Recommendation 1.3 Companies should have a written agreement with each director and senior executive setting out the terms of their appointment.	Yes	All directors have in place a formal letter of appointment including a director's interest agreement with respect to disclosure of security interests.

If the entity was in the S&P/ASX 300 Index at the commencement of the reporting period, the measurable objective for achieving gender diversity 		Given the small size of the Company and the changes to the Board during the year, the Board has yet to consider a diversity policy and determine measurable objectives for increasing gender diversity. All personnel are employed/and or promoted on their merits. At an appropriate time in the future when the Company is of sufficient size and scale, the Board will adopt a Diversity Policy and determine appropriate measurable objectives for achieving gender diversity. Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

See notes 4 and 5 below for further instructions on how to complete this form.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.
