Explanatory Statement

This Explanatory Statement has been prepared for the information of Shareholders in relation to the business to be conducted at the Annual General Meeting.

The purpose of this Explanatory Statement is to provide Shareholders with all information known to the Company which is material to a decision on how to vote on the Resolutions in the accompanying Notice of Annual General Meeting.

This Explanatory Statement should be read in conjunction with the Notice of Annual General Meeting. Capitalised terms in this Explanatory Statement are defined in the Glossary or otherwise in the Explanatory Statement.

1. Annual Financial Report

The Corporations Act requires that the annual financial statements, Directors' Report and Auditor's Report of the Company for the year ended 30 June 2025 be tabled at the Meeting. These reports are contained in the 2025 Annual Report which is available on the Company's website, <https://deepyellow.com.au/investor-centre/annual-reports/>.

Shareholders will be given reasonable opportunity to raise questions on these reports and ask questions of the Auditor.

2. Resolution 1: Adoption of Remuneration Report

2.1 Background

Resolution 1 is an ordinary resolution to approve the Remuneration Report. The Remuneration Report is set out in the Directors' Report which forms part of the 2025 Annual Report.

The vote on Resolution 1 is advisory only and does not bind the Board or the Company. Notwithstanding, the Board will take the outcome of the vote into consideration when considering the remuneration policy of the Company going forward. On that basis, the Company encourages all Shareholders to cast their votes on Resolution 1.

2.2 Corporations Act Requirements

Section 250R(2) of Corporations Act requires a listed public company put a resolution to its shareholders that the remuneration report set out in the directors' report for the preceding financial year be adopted. The resolution is advisory only and does not bind the relevant company or its directors.

If 25% or more of votes that are cast on the resolution are voted against the adoption of the remuneration report at two consecutive annual general meetings of a company, its shareholders will be required to vote at the second of those annual general meetings on a resolution (a **Spill Resolution**) that a further meeting be held within 90 days at which all of the offices of director are vacated (other than the office of managing director) and each such office will be put to a vote.

Corporations Act Requirements (continued)

The Remuneration Report for the year ended 30 June 2024 did not receive a vote of 25% or more against its adoption at the Company's 2024 annual general meeting. Accordingly, if 25% or more of the votes cast on Resolution 1 are against adoption of the Remuneration Report, it will not result in a Spill Resolution.

A voting prohibition applies to Resolution on the terms set out in the Notice.

5. Resolutions 4 and 5: Approval of issue of 2025 Loan Shares and provision of Loan to related parties under Loan Share Plan

5.1 Background

The Company operates the Loan Share Plan pursuant to which Eligible Participants (as defined in Schedule 1) may be offered Loan Shares subject to vesting conditions. The purchase price payable by participants for the Loan Shares constitutes a limited recourse loan to the participant, which if required by the Company may be secured against the relevant Loan Shares (**Loan**). The Loan is documented in a Limited Recourse Loan Agreement between the Company and the participant (**Loan Agreement**).

The Board (excluding John Borshoff and Gillian Swaby) considers it highly beneficial to Shareholders for the Company's Executive Directors to receive a portion of their remuneration as Loan Shares under the Loan Share Plan, as this directly aligns their interests with those of Shareholders. Shares under the Loan Share Plan provide for immediate share ownership, linking a significant proportion of rewards for both Executive Directors to ongoing share price performance and returns to Shareholders over the vesting period.

The Company proposes to offer up to 842,476 Loan Shares to Managing Director, John Borshoff, and up to 470,236 Loan Shares to Executive Director, Gillian Swaby, under the Loan Share Plan (**2025 Loan Shares**). John Borshoff and Gillian Swaby are both Directors and provide services to the Company through their related contracting entities.

If Resolutions 4 and 5 are passed, the Company will be able to proceed with the issue of Loan Shares and provision of a Loan to Directors, John Borshoff and Gillian Swaby (or their nominees), respectively.

If Resolutions 4 and 5 are not passed, the Company will not be able to proceed with the issue of Loan Shares and provision of a Loan to Directors, John Borshoff and Gillian Swaby (or their nominees) and the Company may need to consider alternative means to remunerate and incentivise John Borshoff and Gillian Swaby.

G Swaby	STI	32.5%	\$60,501	\$60,501	52,931
	LTI	95%	Nil	\$365,560	417,305

Mr. Borshoff has an STI opportunity of 80% of the base annual service fee. For FY25, he was awarded a 65% outcome. This results in a value equal to 52% of base annual service fee and is satisfied in cash of up to 25% of base annual service fee and the balance in equity (via the issue of Loan Shares).

Ms. Swaby has an STI opportunity of 50% of base annual service fee. For FY25, she was awarded a 65% outcome. This results in a value equal to 32.5% of base annual service fee and is payable 50% in cash and 50% in equity (via the issue of Loan Shares).

LTIs are payable to Mr. Borshoff and Ms. Swaby 100% in equity (via the issue of Loan Shares).

The number of the Loan Shares to be issued has been determined by dividing the dollar values under the heading “Equity component” by the value of each Loan Share as at 30 June 2025. In relation to the STI component, each Loan Share is valued at \$1.143 and in relation to the LTI component, each Loan Share is valued at \$0.876. The value of each Loan Share was determined using a Black Scholes Model for the STI component and Hybrid Multiple Barrier option pricing model – incorporating a Monte Carlo simulation for the LTI component (see worked example below). This model accords with the AASB2 Share Based Payment standard treatment, whereby the Loan Shares are treated as an in-substance option

Worked Example

The following variables are assumed for this example:

- the Loan amount (“exercise price”) for each Loan Share is \$1.703;
- each Loan Share has an expiry date of 30 June 2032, and it is assumed that the Loan will be repaid (they will be “exercised”) immediately prior to the expiry date;
- the closing price of Shares traded on ASX on 30 June 2025 was \$1.67;
- a risk-free rate of 3.471% has been adopted for STI and LTI purposes for Mr. Borshoff and Ms. Swaby; and
- a volatility factor of 70% has been adopted.

5.5 Estimated Value of 2025 Loan Shares

The value of the Loan Shares has been determined using a Black Scholes Model for the STI component and Hybrid Multiple Barrier option pricing model – incorporating a Monte Carlo simulation for the LTI component (see worked example below). This model accords with the AASB2 Share Based Payment standard treatment, whereby the Loan Shares are treated as an in-substance option.

Worked Example

The following variables are assumed for this example:

- the Loan amount (“exercise price”) for each Loan Share is \$2.005;
- each Loan Share has an expiry date as noted in the table below, and it is assumed that the Loan will be repaid (they will be “exercised”) immediately prior to the expiry date;
- the closing price of Shares traded on ASX on 23 September 2025 was \$2.01;
- a risk-free rate of 3.602% has been adopted for STI and LTI purposes for Mr Borshoff and Ms Swaby; and
- a volatility factor of 70% has been adopted.

The table below sets out the estimated value of the Loan Shares applying the above valuation, as at 23 September 2025 and the potential estimated financial benefit to be received by Mr Borshoff and Ms Swaby, on the assumption all relevant vesting conditions are met.

Director	STI/LTI	Loan Shares	Value per Security	Expiry Date	Total Value
J Borshoff	STI	116,929	\$1.386	23 Sep 2032	\$162,063
	LTI	725,547	\$1.115	23 Sep 2032	\$808,984
G Swaby	STI	52,931	\$1.386	23 Sep 2032	\$73,362
	LTI	417,305	\$1.115	23 Sep 2032	\$465,295

5.6 Corporations Act Requirements – Related Party Financial Benefits

Section 208 of the Corporations Act (set out in Chapter 2E) requires a public company to obtain the approval of its shareholders before providing a financial benefit to a ‘related party’ of the company for the purposes of the Corporations Act (e.g. a director, an entity controlled by a director), unless giving the financial benefit falls within a prescribed exception. Any financial benefit approved by shareholders must be provided within 15 months of the approval.

The proposed issue of 2025 Loan Shares, and the provision of corresponding Loans, to John Borshoff and Gillian Swaby (or their nominees) under Resolutions 4 and 5 would constitute the giving of a financial benefit for the purposes of section 208 of the Corporations Act.

Section 211 of the Corporations Act provides that shareholder approval is not required to give a financial benefit to a related party of a company in circumstances where the benefit constitutes remuneration which would be reasonable given the company's and the related party's circumstances.

The Directors (other than John Borshoff and Gillian Swaby) are of the view that, given the 2025 Loan Shares will be subject to performance and/or service conditions under the Loan Share Plan, and their determination will be reasonable and in line with commercial fees ordinary accruing and forming part of a remuneration package, the reasonable remuneration exception under section 211 of the Corporations Act applies. Therefore, Shareholder approval under section 208 of the Corporations Act will not be sought.

5.7 Listing Rule Requirements

Listing Rule 10.14 requires an entity to obtain the approval of its shareholders before issuing or agreeing to issue Equity Securities (including Shares) under an employee incentive scheme (e.g. the Loan Share Plan) to a 'related party' of the Company for the purposes of the Listing Rules, subject to certain specific exceptions in Listing Rule 10.16.

None of the exceptions apply to the proposed issue of the 2025 Loan Shares under Resolutions 4 and 5. Accordingly, Shareholder approval under Listing Rule 10.14 is required.

Approval pursuant to Listing Rule 7.1 is not required for the issue of the 2025 Loan Shares to the Directors, as approval is being obtained under Listing Rule 10.14. Accordingly, the issue of these 2025 Loan Shares will not be included in the calculation of the Company's 15% issuing capacity under Listing Rule 7.1.

5.9 Directors’ Recommendation

(a) Resolution 4

The Board (excluding John Borshoff and Gillian Swaby) considers that the issue of 2025 Loan Shares and provision of the corresponding Loan to John Borshoff (or his nominee) is appropriate, reasonable, and in the best interest of the Company and its Shareholders. The 2025 Loan Shares provide a strong link between the reward for executive performance and Company performance, both short and long-term.

The 2025 Loan Shares are subject to vesting conditions which may give rise to their compulsory divestiture should the conditions not be met.

Mr Borshoff has declined to make a recommendation about Resolution 4 as he has a material personal interest in the outcome of the Resolution. ASIC considers that it is good practice for directors to avoid making a recommendation for resolutions about each other's remuneration as there may be a conflict of interest. Whilst Ms Swaby does not have a material personal interest in the outcome of Resolution 4, given it is proposed that she also be issued with 2025 Loan Shares under Resolution 5, she has declined to make a recommendation about Resolution 4 in line with the ASIC guidance.

(b) Resolution 5

The Board (excluding Gillian Swaby and John Borshoff) considers that the issue of 2025 Loan Shares and provision of the corresponding Loan to Gillian Swaby (or her nominee) is appropriate, reasonable, and in the best interest of the Company and its Shareholders. The 2025 Loan Shares provide a strong link between the reward for executive performance and Company performance, both short and long-term. The 2025 Loan Shares are subject to vesting conditions which may give rise to their compulsory divestiture should the conditions not be met.

Ms Swaby has declined to make a recommendation about Resolution 5 as she has a material personal interest in the outcome of the Resolution. Whilst Mr Borshoff does not have a material personal interest in the outcome of Resolution 5, given it is proposed that he also be issued with 2025 Loan Shares under Resolution 4, he has declined to make a recommendation about Resolution 5 in line with the ASIC guidance referred to in Section 5.9(a) above.
