¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

One of the key components of the process is the range of skills, expertise, experience, background, and competencies required to enhance Board diversity and performance. Aspen respects and values diversity, and the benefit of its integration throughout Aspen, which is also expected to enrich Aspen's perspective, improve corporate performance, increase security holder value, and enhance the probability of achievement of the Company's objectives Aspen values a diverse and inclusive workforce which reflects the broader community. Aspen recognises the advantages of having a mix of relevant business and professional experience, as well as the benefits of having cultural, ethnic and gender diversity. A Diversity and Inclusion Policy has been established and is available on Aspen's website at: https://aspengroup.com.au/investor-centre/environmental-social-corporate-governance/. (b and c) Due to the size of the Board and the business, and the nature of Aspen's operations, the diversity and inclusion policy does not currently incorporate specific measurable objectives or method of reviewing process towards those objectives. Aspen adopts a nomination process for Directors and a recruitment and selection process for employees designed to promote diversity. The Board is therefore of the view that the current policy and procedures are fair and free of any discrimination in terms of an individual's employment. Aspen Group is a relevant employer and has lodged its annual public report with the Workplace Gender Equality Agency (WGEA). As a measurement of gender diversity, the proportion of women employees in the consolidated entity as at 30 June 2025 are as follows: Women on the Board: 20% Women in senior executive roles: 0% Women in management position: 37% Women in the organisation: 57%

1.6	A listed entity should: (a) have and disclose a process for periodically evaluating the performance of the board, its committees, and individual directors; and (b) disclose for each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.	Complies	<u>AGL Board</u> (a) In accordance with the Board Charter, the Board ensures that there is an effective on-going performance evaluation process in place for Directors. On an annual basis, the Board must adopt a review process, overseen by the Chair. The process is conducted in a confidential manner by the Chair, which involves a peer evaluation assessing each individual Director's performance and competence, contribution to the Board, and feedback on enhancing performance via questionnaires. The Chair's performance is also evaluated during the process. Directors are encouraged during this process to raise any matter, either positive or negative, which they believe will contribute to the on-going effectiveness of the Board. (b) The Board conducted an internal performance review of the Board, its Audit, Risk and Compliance Committee, and Directors. The performance review process was then conducted, and the Chairman held individual discussions with each Director. <u>RE Board</u> This recommendation is not applicable to the RE.
1.7	A listed entity should: (a) have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and (b) disclose for each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.	Complies	<u>AGL Board</u> (a) All employees, including senior executives, participate in a review process which assesses individual performance against predetermined objectives. The process evaluates the individual's contribution to the organisation, gains feedback on enhancing performance and insight into future career aspirations. The outcomes of the review are used as a basis for determining appropriate remuneration packages and the most efficient organisational structure. (b) Performance evaluations were conducted for all senior executives during the 2025 financial year. A more detailed description of the performance reviews is contained in the 2025 Annual Report. Outcomes of the performance reviews are communicated to the Board. <u>RE Board</u> This recommendation is not applicable to the RE.

	(a) have a nomination committee which: 1. has at least three members, a majority of whom are independent directors; and 2. is chaired by an independent director, and disclose 3. the charter of the committee; 4. the members of the committee; and 5. as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings: <u>OR</u> (b) if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.		The Board considers that Aspen is neither of a size nor complexity to have a separate Nomination Committee. The responsibility for monitoring succession and nominating new directors is currently a function reserved for the Board as a whole. The Board identifies suitable candidates to fill vacancies as they arise with consideration to the optimal mix of skills, experience and diversity. The Board's selection process is outlined in the Board Charter, which is available on Aspen's website at: https://aspengroup.com.au/investor-centre/environmental-social-corporate-governance/. <u>RE Board</u> This recommendation is not applicable to the RE.

PRINCIPLE 3 – ACT ETHICALLY AND RESPONSIBLY

3.1	A listed entity should articulate and disclose its values.	Complies	<u>AGL Board</u> The Company's Code of Conduct establishes a clear set of values. <u>RE Board</u> For the purpose of acting as RE, Evolution has adopted Aspen's Code of Conduct.
3.2	A listed entity should: (a) have and disclose a code of conduct for its directors, senior executives and employees; and (b) disclose that code or a summary of it.	Complies	<u>AGL Board</u> (a) The Board has adopted the Code of Conduct to promote ethical and responsible decision making by Directors, management and employees. All Directors and employees are expected to act with the utmost integrity and objectivity, striving at all times to enhance the reputation and performance of Aspen. All Directors and employees who are members of a professional body are required to comply with their respective bodies' ethical standards. The Code of Conduct must be read and agreed at the commencement of employment as part of the employee induction process. It is an important reference document that outlines the behavioural expectations that Aspen has of its Directors and employees. The Code is not intended to be exhaustive and cannot anticipate every situation which may morally or ethically face the employee or Aspen. However, it is intended to provide a framework for common sense and sound judgement. Compliance with the Code is an obligation owed by all employees to each other and to Aspen, breach of which will result in disciplinary action or dismissal.

			(b) The Code of Conduct is available on Aspen's website at: https://aspengroup.com.au/investor-centre/environmental-social-corporate-governance/. <u>RE Board</u> For the purpose of acting as RE, Evolution has adopted Aspen's Code of Conduct.

A suite of policies and procedures are implemented to ensure that APT's financial reports are true and fair, and prepared in accordance with high standards of integrity. These policies are in relation to the engagement of auditors as well as the review of the financial statements. The ARC receives confirmations from personnel involved in the financial reporting and management of APT. The ARC also receives reports from the external auditors in relation to financial reporting and the compliance plan for APT, which it will then endorse to the RE's Board. In conjunction with AGL, the RE manages the engagement, monitoring and rotation of independent external auditors.

4.3	A listed entity should disclose its process to verify the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor.	Complies	<u>AGL Board</u> The Board reviews all periodic unaudited reports released to the public through a review process that includes senior management requests for verification of provided information. Once satisfied with the content and source of information the Board approves the report for release to the public. <u>RE Board</u> AGL and the RE undertake a thorough process to validate its annual and other corporate reports to ensure they are accurate, factual and balanced. For periodic reports that are not audited or reviewed by an external auditor, a formal verification process is undertaken which includes a sign off process, evidence of source documents, thorough vetting of accuracy by senior management, CEO and for all board matters and disclosures, the approval of senior management is received. A record is kept of this review process, as part of the APT compliance plan.

PRINCIPLE 5 – MAKE TIMELY AND BALANCED DISCLOSURE

5.1	A listed entity should have and disclose a written policy for complying with its continuous disclosure obligations under the Listing Rules;	Complies	<u>AGL Board</u> Aspen has written policies designed to ensure compliance with ASX Listing Rule disclosure requirements and to ensure accountability at a senior executive level for compliance. The Board has adopted a Continuous Disclosure and Communication Policy to ensure that: • All investors have equal and timely access to material information concerning Aspen including its financial position, performance, ownership and governance; • Aspen announcements are factual, presented in a clear and balanced way, are made in a timely manner and do not omit material information; and • Aspen provides security holders with information in accordance with this Policy which includes identifying matters that may have a material effect on the price of Aspen's securities, notifying them to the ASX, posting them on Aspen's website and issuing media releases, all in a timely manner.
-----	---	----------	---

			The Continuous Disclosure and Communication Policy is available on Aspen's website at: https://aspengroup.com.au/investor-centre/environmental-social-corporate-governance/. <u>RE Board</u> The RE has adopted Aspen's Continuous Disclosure and Communication Policy.
5.2	A listed entity should ensure that its board receives copies of all material market announcements promptly after they have been made	Complies	<u>AGL Board</u> All Board members receive copies of the market announcements as soon as they have been released with the ASX. <u>RE Board</u> The RE Board receives copies of the market announcements as soon as they have been released with the ASX.
5.3	A listed entity that gives a new and substantive investor or analyst presentation should release a copy of the presentation materials on the ASX Market Announcements Platform ahead of the presentation.	Complies	<u>AGL Board</u> The Joint CEOs of the Company generally deal with analysts, investors, media and others, taking account of regulatory guidelines including those issued by the ASX on continuous disclosure. The Company issues presentations to the ASX Market Announcement Platform ahead of the presentation. <u>RE Board</u> Investors and analysts are only engaged in conjunction with the Joint CEOs of the Company.

PRINCIPLE 6 – RESPECT THE RIGHTS OF SECURITY HOLDERS

6.1	A listed entity should provide information about itself and its governance to investors via its website.	Complies	<u>AGL Board</u> The Board is committed to open and accessible communication with holders of Aspen's securities. The Board has adopted a Disclosure and Communication Policy as noted above. Aspen's website at https://aspengroup.com.au/investor-centre/ has a Shareholder Information section, including a Corporate Governance subsection where all relevant corporate governance information can be accessed, including Board and Committee Charters and various corporate governance policies. All announcements lodged by Aspen with the ASX are available on Aspen's website. Other information of relevance to investors is also made available on Aspen's website, including annual and half yearly financial reports, distribution history and key dates. The website also contains a link to Aspen's security registry's investor center. <u>RE Board</u>
-----	--	----------	--

			The RE monitors the AGL website periodically for all governance, reporting and other communications published relating to APT and has jointly adopted various policies relevant which are published on Aspen's website.
6.2	A listed entity should have an investor relations program that facilitates effective two-way communication with investors.	Complies	<u>AGL Board</u> Aspen has an investor relations program which includes: • issuing regular written security holder communications such as the Interim Report and Annual Report, which address Aspen's strategy and performance, • webcasting or making available on Aspen's website audio recordings of events such as results presentations; • an option to receive communications directly from Aspen's share registry; • maintaining a Shareholder Information section on Aspen's website; • engaging in a program of scheduled interactions with institutional investors, analysts, and other stakeholders; and • promoting two-way interaction with security holders, by supporting security holder participation in the AGM. <u>RE Board</u> The RE monitors AGL's security holder engagement program for matters relating to APT. The RE is a member of the Australian Financial Complaints Authority, an independent dispute resolution scheme, which is available to investors in the event that any complaints cannot be satisfactorily resolved by the RE in line with the Continuous Disclosure and Communications Policy.
6.3	A listed entity should disclose how it facilitates and encourages participation at meetings of security holders.	Complies	Security holders are encouraged to attend and participate in Aspen's AGM which is usually held in October or November each year. An explanatory memorandum on the resolutions proposed is provided with the Notice of Meeting. Security holders unable to attend the AGM are able to lodge a proxy in accordance with the Corporations Act 2001. Security holders can submit enquiries regarding Aspen, Directors or complaints, via the website or email homemail@aspengroup.com.au. The external auditor attends the AGM to answer questions about the conduct of the audit and the preparation and contents of the Auditors Report.
6.4	A listed entity should ensure that all substantive resolutions at a meeting of security holders are decided by a poll rather than by a show of hands	Complies	At any General Meeting any substantive resolutions are decided by way of a poll.

6.5	A listed entity should give security holders the option to receive communications from, and send communications to, the entity and its security registry electronically.	Complies	Aspen uses Automic Registry Services Ltd ("Automic") to administer the security holder register. Security holders are encouraged to create an online account via their website http://www.automicgroup.com.au .

PRINCIPLE 7 – RECOGNISE AND MANAGE RISK

7.1	The board of a listed entity should: (a) have a committee or committees to oversee risk, each of which: (1) has at least three members, a majority of whom are independent directors; and (2) is chaired by an independent director, and disclose (3) the charter of the committee; (4) the members of the committee; and (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; OR (b) if it does not have a risk committee or committees that satisfy (a) above, disclose that fact and the processes it employs for overseeing the entity's risk management framework.	Complies	<u>AGL Board</u> Aspen has established policies for the oversight and management of material business risks and discloses a summary of those policies. The ARCC assists the Board to establish and review Aspen's policies on risk oversight and management and satisfying itself that management has developed and implemented a sound system of risk management and internal control. The Board has adopted a Risk Management Policy designed to: • identify, assess, monitor and manage risk; and • identify material changes to Aspen's risk profile. Management has instituted a structure that identifies and addresses risks that could have a material impact on its business. This structure includes Aspen executives working with the Compliance Manager. Risks are identified and analysed for each area, and suitable reporting is created to address the risks. Risk register is reviewed every six months. It is also a Board function to identify risks in its consideration of strategic matters and feed such information into the Risk Management structure. (a) 1. The ARCC is appointed by the Board. During FY25, it comprised of three members and all of them are non-executive independent Directors. 2. The ARCC is chaired by an independent Director. 3. Aspen's Risk Management Policy and Procedures is available on Aspen's website at: https://aspengroup.com.au/investor-centre/environmental-social-corporate-governance/. 4. The members of the Committee, their qualifications and experience is included in the Director's Report of the Annual Report. 5. The number of meetings held by the Committee are detailed in the Directors Report of the Annual Report.
-----	---	----------	--

			<u>RE Board</u> The ARC assists the Board to maintain a comprehensive risk management program comprising a risk management framework, (inclusive of a risk appetite statement and risk register), and a Business Continuity / Disaster Recovery Plan. The ARC also assists the Board in satisfying itself that the RE has established policies for the oversight and management of material business risks and discloses a summary of those policies. 1. The ARC comprises of three members consisting of a majority of independent members, with only one being a non-executive director (instead of all members being non-executive directors as recommended by the ASX Principles). 2. The ARC is chaired by an independent member that is not a director (instead of an independent director as recommended by the ASX Principles). 3. The Board has not disclosed the ARC Charter, members qualification or number of meetings available (instead of disclosing as recommended by the ASX Principles). The ARC was established during this financial year, and as such the ARC Charter and processes are subject to further refinement. The Board (comprising majority of independent members) maintains responsibility for setting the overall risk appetite of the RE and its risk management framework. Risk Management is a standing agenda item for the RE's board meetings and is subject to an annual review. A Risk Review Committee comprising of Evolution senior management meets quarterly to review and monitor risks and consider the RE's risk appetite, in accordance with a Risk Review Committee charter in place.
7.2	The board or a committee of the board should: (a) review the entity's risk management framework at least annually to satisfy itself that it continues to be sound and that the entity is operating with due regard to the risk appetite set by the board; and (b) disclose, in relation to each reporting period, whether such a review has taken place.	Complies	<u>AGL Board</u> (a) The Board constantly monitors the operational and financial aspects of Aspen's activities, and, through the ARCC, the Board considers the recommendations and advice of external auditors and other external advisers on the operational and financial risks that face Aspen. The ARCC and the Board ensures that recommendations made by the external auditors and other external advisers are investigated and, where considered necessary, appropriate action is taken to ensure that Aspen has an appropriate internal control environment in place to manage the key risks identified. In addition, executives investigate ways of enhancing existing risk management strategies, including appropriate segregation of duties and the employment and training of suitably qualified and experienced employees. Management is required to report to the Board annually that Aspen has a sound risk management system in place and that those systems are operating efficiently and effectively in all material respects. The Board is required to disclose that management has reported the effectiveness of Aspen's management of its material business risks. (b) During the 2025 financial year, a review of Aspen's risk management framework was conducted by management and discussed by the Board and ARCC.

			<u>RE Board</u> The RE values the importance of robust Governance, Risk and Compliance management systems and maintains a current risk register as part of the risk management program. The systems supporting the business have been designed to ensure the risks are managed within the boundaries of Evolution's Risk Appetite Statement and consistent with Evolution's core values. The RE has a risk management framework in place and it is reviewed at least annually by the ARC and the Board to confirm that it continues to be sound and is operating with due regard to the risk appetite set. The Risk Management Framework has been designed in accordance with RG259 and ISO31000:2018. A Risk Review Committee comprising Evolution executives meets quarterly to review and monitor risks and consider the RE's risk appetite, in accordance with a Risk Review Committee charter. The declarations under section 295A of the Act provide assurance regarding a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks. The RE also receives appropriate declarations from service providers involved in financial reporting.
7.3	A listed entity should disclose: (a) if it has an internal audit function, how the function is structured and what role it performs; OR (b) if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its governance, risk management and internal control processes.	Complies	<u>AGL Board</u> The ARCC assesses the need for an internal audit function. At present the Board considers that Aspen is not of a size nor complexity to justify having a dedicated internal audit resource and that the roles of the existing Management and Committees are presently sufficient to provide control over business functions. During the 2025 financial year an internal audit was undertaken to review the integrity of data flowing to and from the property assets and to ensure, among other objectives, key financial and administrative policies are understood and being adhered to and that there are adequate controls over and attention to key financial tasks. <u>RE Board</u> At present the RE Board does not consider that Evolution is at the size or complexity to justify having a separate internal audit function. The ARC and the management team periodically considers the RE's systems and processes and where systems or processes are considered to require improvement, these are developed.
7.4	A listed entity should disclose whether it has any material exposure to environmental or social risks and, if it does, how it manages or intends to manage those risks.	Complies	Aspen's operations are not subject to any significant environmental regulations under either Commonwealth or State legislation. AGL's Board believes that Aspen has adequate systems in place for management of its environmental requirements and is not aware of any breach of those environmental requirements as they apply to Aspen. Notwithstanding the above, AGL has an ESG program in place as detailed in the 2025 Annual Report.

PRINCIPLE 8 – REMUNERATE FAIRLY AND RESPONSIBLY

8.1	The board of a listed entity should: (a) have a remuneration committee which: (1) has at least three members, a majority of whom are independent directors; and (2) is chaired by an independent director, and disclose: (3) the charter of the committee; (4) the members of the committee; and (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; OR (b) if it does not have a remuneration committee, disclose that fact and the processes it employs for setting the level and composition of remuneration for directors and senior executives and ensuring that such remuneration is appropriate and not excessive.	Does not comply in full	<u>AGL Board</u> The Board considered that Aspen is neither of a size nor complexity to have a separate Remuneration Committee. Remuneration matters are being considered by the Board as a whole. Information regarding Aspen's remuneration framework for Directors and executives is set out in the Annual Report.
