Explanatory Statement

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. Annual Report

Shareholders will be offered the opportunity to discuss the Annual Report at the Meeting. The Company will not provide a hard copy of the Annual Report to Shareholders unless specifically requested to do so. The Annual Report is available on its website at www.echoiq.ai.

There is no requirement for Shareholders to approve the Annual Report. However, the Chair will allow a reasonable opportunity for Shareholders to ask questions or make comments about the Annual Report and the management of the Company. Shareholders will also be given an opportunity to ask the auditor questions as permitted by the Corporations Act.

2. Resolution 1 – Adoption of Remuneration Report

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

The vote on Resolution 1 is advisory only and does not bind the Company or its directors. However, the Board will actively consider the outcome of the vote and comments made by Shareholders on the Remuneration Report when reviewing the Company's future remuneration policies and practices.

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

3. Resolution 2 – Re-Election of Director – Steven Formica

3.1 General

The Constitution sets out the requirements for determining which Directors are to retire by rotation at an annual general meeting. ASX Listing Rule 14.4 provides that a director must not continue to hold office without re-election past the third annual general meeting following the director's appointment, or 3 years, whichever is longer.

Steven Formica who has served as a Director since 2 July 2018 and was last re-elected by Shareholders on 28 November 2022, and is the longest serving Director subject to retirement, retires by rotation and seeks re-election.

3.2 Qualifications and other material directorships

3.3 Mr Formica brings to the Company practical management and business development experience. He has been a successful businessman and operations manager for over 30 years in a number of privately held business ventures including manufacturing, construction, landscape contracting, property development, and integrated wholesale and retail businesses.

More recently he has been a successful investor and non-executive director in mineral resource companies. Mr Formica is currently Non-Executive Chairman of Ragnar Metals Ltd (ASX: RAG), Kaiser Reef Limited (ASX:KAU) and Albion Resources Ltd (ASX: ALB) and a Non-Executive Director of Bindi Metals Limited (ASX: BIM) and Great Northern Minerals Limited (ASX:GNM).

3.4 Independence

Mr Formica is not considered to be an independent director given he has been a substantial holder within the last three years.

3.5 Board recommendation

The Board supports the election of Steven Formica and recommends that Shareholders vote in favour of Resolution 2. The Board considers that the experience, expertise and skills of Steven Formica assist the Board in fulfilling its responsibilities and will continue to assist the Company in achieving growth and delivering value to Shareholders

4. Resolution 3 – Approval of 10% Placement Capacity

4.1 General

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12-month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

Under Listing Rule 7.1A, however, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%.

An "eligible entity" means an entity which is not included in the S&P/ASX300 Index and which has a market capitalisation of \$300 million or less at the date of the Meeting. The Company is an eligible entity for these purposes as at the Disclosure Date (645,787,710 Shares at a Share price of \$0.21 being a market capitalisation of \$135,615,419.10).

Resolution 3 seeks Shareholder approval by way of special resolution for the Company to have the additional 10% capacity provided for in Listing Rule 7.1A to issue equity securities without Shareholder approval (**Additional Issuance Capacity**).

If Resolution 3 is not passed, the Company will not be able to access the Additional Issuance Capacity and will remain subject to the 15% limit on issuing equity securities without Shareholder approval set out in Listing Rule 7.1.

The Board considers it is in the Company's best interests to have the opportunity to take advantage of the flexibility to issue additional securities provided under ASX Listing Rule 7.1A. As at the date of this Notice, no decision has been made by the Board to undertake any issue of securities under the Additional Issuance Capacity if Shareholders approve Resolution 3. The Board unanimously recommend that Shareholders vote in favour of Resolution 3.

The information below provides more background on ASX Listing Rule 7.1A and the disclosure required by ASX Listing Rule 7.3A.

4.2 Description of ASX Listing Rule 7.1A

(a) Securities which may be issued under the Additional Issuance Capacity

Under the Additional Issuance Capacity, the Company must issue Equity Securities belonging to an existing quoted class of the Company's Equity Securities. As at the date of this Notice, the Company has on issue one class of quoted Equity Securities, being fully paid ordinary shares (ASX Code: **EQ**).

(b) Minimum issue price

Equity Securities issued under the Additional Issuance Capacity must be issued for cash consideration only. The issue price of each Equity Security issued under the Additional Issuance Capacity must be no less than 75% of the volume weighted average price for the securities in that class, calculated over the 15 ASX trading days on which trades of securities in that class were recorded immediately before:

- (i) the date on which the price at which the securities are to be issued is agreed by the Company and the recipient of the securities; or
- (ii) if the securities are not issued within 10 ASX trading days of the date in paragraph (i) above, the date on which the securities are issued.

The Company will disclose this information when Equity Securities are issued under the Additional Issuance Capacity.

(c) Period for which approval will be valid

Shareholder approval of the Additional Issuance Capacity will be valid for the period commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) the date that is 12 months after the date of this Meeting; or
- (ii) the time and date of the Company's next annual general meeting;
- (iii) if the Company receives Shareholder approval for a proposed transaction under ASX Listing Rule 11.1.2 (significant change to the nature or scale of activities) or ASX Listing Rule 11.2 (disposal of main undertaking), the time and date of that approval.

(Additional Issuance Period).

(d) **Dilution risks**

If Equity Securities are issued under the Additional Issuance Capacity, there is a risk of economic and voting dilution of existing Shareholders, including the following risks:

- (i) the market price for Equity Securities in the class of securities issued under the Additional Issuance Capacity may be significantly lower on the issue date than on the date of the approval under ASX Listing Rule 7.1A (that is, the date of the Meeting, if Resolution 3 is approved); and
- (ii) the Equity Securities may be issued under the Additional Issuance Capacity at a discount to the market price for those Equity Securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The below table shows the dilution of existing Shareholders on the basis of the market price of Shares and the number of ordinary securities for variable "A" calculated in accordance with the formula in ASX Listing Rule 7.1A.2, as at the Disclosure Date.

The table also shows:

- (i) two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue as at the Disclosure Date. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlement offer or securities issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future general meeting; and
- (ii) two examples of where the issue price of ordinary securities has decreased by 50% and increased by 50% as against the market price as at the Disclosure Date.

Number of Shares on Issue (Variable 'A' in ASX Listing Rule 7.1A.2)*	Dilution			
	Issue Price (per Share)	\$0.105 (50% decrease)	\$0.210 Issue Price	\$0.315 (50% increase)
645,787,710 (Current Variable A)	Shares issued	64,578,771	64,578,771	64,578,771
	Funds Raised	\$6,780,771	\$13,561,542	\$20,342,313
968,681,565 (50% increase)	Shares issued	96,868,156	96,868,156	96,868,156
	Funds Raised	\$10,171,156	\$20,342,313	\$30,513,469
1,291,575,420 (100% increase)	Shares issued	129,157,542	129,157,542	129,157,542
	Funds Raised	\$13,561,542	\$27,123,084	\$40,684,626

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

- As at the Disclosure Date there are 645,787,710 Shares on issue.
- The issue price set out above is the closing price of the Shares on the ASX on the Disclosure Date.
- The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.
- The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
- The issue of Equity Securities under the Additional Issuance Capacity consists only of Shares and the consideration provided for those Shares is cash. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.

6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.

(e) **Purpose of issue under Additional Issuance Capacity**

The Company may issue Equity Securities under the Additional Issuance Capacity to raise cash to fund the following:

- (i) general working capital expenses;
- (ii) activities associated with its current assets;
- (iii) repayment of debt; or
- (iv) the acquisition of new assets and investments (including any expenses associated with such an acquisition).

The Company will comply with the disclosure required by ASX Listing Rule 7.1A.4 on issue of any Equity Securities issued pursuant to the approval sought by Resolution 3.

(f) **Allocation policy under Additional Issuance Capacity**

The Company's allocation policy and the identity of the recipients of Equity Securities issued under the Additional Issuance Capacity will be determined on a case-by-case basis at the time of issue and in the Company's discretion.

No decision has been made in relation to an issue of Equity Securities under the Additional Issuance Capacity, including whether the Company will engage with new investors or existing Shareholders, and if so the identities of any such persons.

However, when determining the allocation policy and the identity of the recipients, the Company will have regard to the following considerations:

- (i) prevailing market conditions;
- (ii) the purpose for the issue of the Equity Securities;
- (iii) the financial situation and solvency of the Company;
- (iv) impacts of the placement on control;
- (v) other methods of raising capital; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

Recipients may include existing Shareholders or new investors, but not persons who are related parties or associates of related parties of the Company.

(g) **Previous approval under ASX Listing Rule 7.1A**

The Company previously obtained approval from its Shareholders pursuant to ASX Listing Rule 7.1A at its annual general meeting held on 12 November 2024 (**Previous Approval**).

Since that date, the Company has issued Equity Securities under Listing Rule 7.1A2 in the 12 months preceding the date of this Annual General Meeting. The Company issued the Placement Shares on 14 May 2025 using the Additional Issuance Capacity pursuant to the Previous Approval. This was the only issue of Equity Securities made using the Additional

Issuance Capacity since the Previous Approval. The Company discloses the following information as required by Listing Rule 7.3A.6:

- (i) The total number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 since the Previous Approval was 56,666,667 Shares. This represented 9.63% of the number of Shares on issue as at the date of the Previous Approval (which was 588,521,043).
- (ii) The Placement Shares were issued to sophisticated and professional investors who participated in the Company's placement undertaken in May 2025. None of the subscribers were a related party of the Company or an associate of any of them, or a party to whom an issue of equity securities requires Shareholder approval under ASX Listing Rule 10.11. None of the allottees was a person whose identity would be deemed to be material in terms of the criteria in s ASX Listing Rules Guidance Note 21 (being members of Key Management Personnel, Company advisers, substantial shareholders, or associates of any of these parties, who were issued a number of shares equal to or greater than 1% of the Company's issued capital at the time.
- (iii) The Placement Shares issued were all fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares.
- (iv) The Placement Shares were issued at an issue price of \$0.30 each, which represented a discount of 13.0% to the latest trading price on 5 May 2025 (being the latest trading day before the trading halt preceding the announcement of the Placement).
- (v) The Company received total cash consideration of \$17,300,000 (before costs of the offer) from the issue of the Placement Shares, which it is using to provide capital for the following purposes:
 - (A) commercialisation of EchoSolv AS and EchoSolv HF in the US, including support of licensing discussions with global medical device and pharmaceutical companies to integrate EIQ's AI diagnostic solution;
 - (B) continued development of the Echo IQ technology);
 - (C) application for FDA approval of EchoSolv-HF, expected in Q4 CY2025; and
 - (D) general working capital and offer costs.

As at the Disclosure Date, approximately \$1,374,236 of this amount has been spent, mainly on the costs of the offer. The remainder of the cash consideration raised remains to be spent.

4.3 Voting exclusion

At the time of dispatching this Notice, the Company is not proposing to make an issue of Equity Securities under the Additional Issuance Capacity, and a voting exclusion statement is therefore not included in this Notice.
